WON BY SONS OF ELI

HARVARD LOSES TO YALE

Greatest Boat Race of the Century Decided on the Thames—Oarsmen Were Overcome and Required Assistance—Sporting.

New London, Conn., June 27.—Rowing within 10 seconds of record time, the Yale 'varsity crew yesterday lowered the colors of the fastest eight that Harvard has yet produced. Yale won by four boat lengths. Yale's time was 20:20; Harvard's, 20:23. In the four-oared race the colors of Harvard were bore to the front. The Cambridge four won by two and one-half lengths.

In the freshman race Yale's crew led over the last mile until within a few feet of the finish, where the Harvard crew by a magnificent spurt jumped their shell up even with the blue. The judges were compelled to decide that the race was a draw.

Over 25,000 people saw the Elis row to victory in the big 'varsity race. But while the crowd was great it was the presence of President Roosevelt which made the crowd unique in the history of Yale and Harvard races. The president saw the finish of all three races from aboard the Dolphin, which was anchored just above the finish line. At 6:09 the pistol was fired and the two big shells leaped away from their stake-boats.

Harvard Gets Best Start.

Harvard got the best of the start and in 10 strokes had the nose of her shell a quarter of a length ahead of the blues' boat. The crimsons' eight had the best water over the first quarter-mile and her men made all out of it that they possibly could.

Harvard started at 36 strokes to the minute, Yale at 32. By the end of the first half-mile Harvard had dropped her stroke to 34, while Yale still held hers at 32. At the half-mile flag the boats were almost even. The watches on the referee's boat recorded Yale's time for this half-mile at 2:29½, Harvard at 2:29¾. Yale had cut down Harvard's lead while rowing from two to four less strokes to the minute.

Over the next half mile the race was a desperate struggle between two powerful crews. The boats zigzagged for a minute and a half and then the blue shell began to creep ahead. Yale reached the first mile in 5:04, two seconds before Harvard. The Elis were two-thirds of a length ahead. Yale had dropped her stroke to 31 per minute and Harvard had let hers down to 32.

McGraw Reels in Seat.

The blue shell finished the mile and a half in 7:37, Harvard in 7:39½. At the two-mile flag Yale was leading Harvard by four seconds. Yale's time was 10:11; Harvard's 10:15.

The Harvard coxswain made a bad mess of his steering, taking his eight almost squarely into the flag post, so that the oars banged against it and the boat lost the benefit of two or three seconds. McGraw, of Harvard was reeling in his seat and Jackson again and again dashed water in his face. Suddenly the flag dropped for Yale. The blues' time was 20:20, just 10 seconds slower than the record made by the famous Yale crew of 1888.

Harvard's time was 20:33, which gave to Yale the victory by four good boat lengths. Just as the finish flag fell and Yale's men stopped rowing Daly, No. 2, in the Yale boat, dropped limp over the side of the shell. It looked as though he would fall overboard before Coffin at No. 3 could throw water on him and revive him. He finally got into his seat and rowed over to the launch with the rest of the men. Harvard's oarsmen were all literally pumped out at the finish.

Captain of Harvard Crew.

New London, Conn., June 27.—William James, jr., of Cambridge, was to-day elected captain of Harvard 'varsity crew. He rowed bow this year and is a 1903 man. He is a son of Prof. William James, physciologist of Harvard.

Famous Paintings for America.

Henry Walters, the Croesus of Baltimore, has purchased one of the most remarkable art collections ever bought by an American. By the payment of a round $1,000,000 he has become the possessor of what is known as the Marcello collection, in Rome. Knee-Deep in Kansas.

Mr. Eugene F. Ware, the new commissioner of pensions, who over the name of "Ironquill" long ago established his reputation as a wit and writer of verse, has been much interested for years in the condition of roads in his adopted state of Kansas.

Recently Mr. R. W. Richardson, secretary of the National Good Roads Association, who is preparing to take a Good Roads Construction train across the continent, said to Mr. Ware:

"HHow do the farmers in Kansas stand on the road question?"

"Up to their knees," was the reply.—Philadelphia Saturday Evening Post.

Every man who is long on vanity is short on common sense.

HON. M. H. HERBERT, NEWLY APPOINTED AMBASSADOR AND HIS BRIDE.

It is probable that the Hon. Michael H. Herbert, the newly appointed British ambassador to Washington, will not present his credentials before late summer or early autumn. His beautiful American wife was formerly Miss Leila Wilson. She married the ambassador in 1888 after meeting him in Europe. Mr. Herbert holds a distinguished record for diplomatic service. He resigns his position as secretary to the British embassy at Paris to take his latest and more important office. He has also been secretary to the legations at Washington, The Hague and Rome. While in Washington Mr. Herbert was very popular.
