The Grimities no longer cause terror to the teams on the circuit and yesterday the Greens made them bite the dust for the third consecutive time. In baseball language the "tail wind drivers" were not to it and they drew a row of nine ciphers while the locals totched up Pitcher Myers for eight singles and worked him for five passes, which with the pretty base running resulted in four runs.

A week ago, a fan who would have dared expect three in a row from the team which was then at the head of the league, would have been jeered, but now it is not to much to expect four straight. The Greens have a faster fielding and a more powerful hitting club than the visitors and in every department of the game, except one-poorly ball—South Bend can give Jack Grim's men a big handicap.

Smith Was Effective.

Yesterday's game was in many instances a remarkable contest. Both pitchers were at their best, but little Smith had all the best of the argument and pitched the-game of his life. His work was so far above par that Marion was for the first time this year defeated by a left hander. To show the effectiveness of his work it is only necessary to sum up his record for the afternoon. Only two men, Letcher and Herbert secured hits and only eight men got to first base, one getting a life on an error by Grant. When in the hole with men on third and without one man out Smith was just as strong and his work was the first man fanned in.

Marion's only two chances to score were cut short by the beautiful fielding of Anderson and Cogswell and by the steady work of Greenhow at short and Spangler at first.

Greens Land on Myers.

Two hits in the first inning yielding nothing for the Greens, but a single by Spangler, his two stolen bases and McGrew's error on Grant's grounder, gave Allen a run. Until the fifth the score remained 1 to 0, but in that inning after two men were out Grant came over the plate with the second tally. He had reached first on "Teddy" McGrew's error, and was sacrificed to second by Tieman. Smith's fly out to center sent him to third and Coffey's single to center scored him. Myers was next in the sixth and after Cogswell had fanned, Greenhow drew a "free pass" Greenhow and Spangler are the former second on Grant's tap to short which caused the retirement of Spangler. A base on balls to Smith was responsible for the fourth score in the seventh. The little man went to third on Coffey's base and scored on Anderson's sacrifice. The official score was as follows:

MARION—	2	2	0	0	2	4							

Eight in a row will look good. The fans are now in their seventh heaven.

"Cappy" Grosschup accepted nine chances yesterday.

Cogswell picked another low fly off the grass yesterday.

Fine business Spangler continues to save his team mates from the error column.

Marion runs are with over the result of the present series. They can't understand the scores.

The ladies day will be on Tuesday and Friday now. They were put in last Sunday yesterday.

"As the Dayton Journal predicted early in the season, the South Bend Greens are treading up the ladder."

Hubbard is a promising young lad as an umpire. He is strict on the players and there is seldom a game in which he does not send some kicker to the bench and in many cases a fine is attached for "back talk."

If South Bend and Dayton win their games to-day the Greens will lead the old soldiers in the fight for fourth place by only one point. This peculiar fact is brought about by the difference in the number of games played by the two teams.

Other Central League Games.

At Fort Wayne.

The most exciting and most exciting game of the season was played at Fort Wayne yesterday, in which Fort Wayne defeated Grand Rapids by a score of 1 to 0. The contest lasted 14 innings. It was a pitcher's battle from the start and the fielding of both teams was sensational. Curtis did not allow a hit until the 11th inning and was hit safely in the last of the 14th with a hit. GRAND RAPIDS TO-MORROW.

Wolverines Will Play Four Games With South Bend Greens.

Grand Rapids, the fastest fielding team in the league will open a four game series with the Greens to-morrow and an exhibition of superb baseball is looked forward to with much pleasure by the fans of South Bend.

Grand Rapids has played only one game in South Bend, the contest taking place May 21 and resulting in a victory for the "Furniture Makers." On the present trip the Wolverines defeated Terre Haute three out of four games, broke even in four games at Evansville and yesterday played a 14 to 0 contest against the Grand Rapids team in the Journal-News, of Evansville, says: "The games thus far played here between Evansville and Grand Rapids have been first-class. The total runs made by the two teams in three contests are nine. If that is not a good record then it is not to be had in the game of baseball. The scores here: Evansville 8, Grand Rapids 0; Evansville 1, Grand Rapids 5—ten innings; Evansville 1, Grand Rapids 4. The furniture workers put up about as fine a fielding game as any club in the league. The pitching staff is effective—at least all of the men who have appeared here in the box have shown up well."

The Fort Wayne News says: "The men in the grand stand saw that Grand Rapids plays the fastest game of any club that has been here this year."

Dan Dauiels, a pitcher and outfielder last year for South Bend has been signed by Wheeling. Calloway has been released by the "Stogies."

The four umpires now in the league are Conn, Moriarty, Hubbard and Sheridan. They are all giving satisfaction. Kelley came here from Dayton and was recommended by Mautner, of Fort Wayne.

President Haldeman, of Marion states that he has spoken to Fort Wayne has done her worst and from now on will take a slight shower. His opinion, no doubt, is based on the recent poor showing of the "Old Workers." He speaks in high terms of the condition of the league and predicts that it will close the season in good shape.

Scott imagines he is top fast for the Central league, but the opinion of the fans in the different cities differs with him. He has defeated only five clubs in games in which Terre Haute was present.

"That South Bend bunch is certainly a fast team, I thought," says the Wheeling Telegraph.

MUCH MONEY ON DERBY.

Betting Is More Widespread Than on Any Other Turf Event.

They say the American Derby is now so heavy that bookmakers are forced to lay the prices of Kentucky horses. The three markets of future books estimate that more money has already been wagered on the Derby than on any other horse race in the history of the turf.

There was a run last night on Judge Hinsen, the colt owned by "Rocky Charley" Hilsen. The wagers were not large, but they were numerous, and before the "Tinsel" club was through with the bookmakers the odds had been cut from 3 to 6 to 1.

Following is the list of principal starters in the Derby, with the odds quoted to-day:

Alvin to Scotland.

Scotland, according to the latest returns, is not a dumping ground for aliens. Only 1,031 per cent out-of-a population of 4,472,103 are aliens. The number of English-born persons south of the Tweed, if transferred to London, would be hardly noticed. They would take a slight shock. His colonies, no doubt, is based on the recent poor showing of the "Old Workers." He speaks in high terms of the condition of the league and predicts that it will close the season in good shape.

Scott imagines he is top fast for the Central league, but the opinion of the fans in the different cities differs with him. He has defeated only five clubs in games in which Terre Haute was present.
