NEWS OF MISHAWAKA

MASONIC TEMPLE PRACTICALLY ASSURED IN THIS CITY.

GENERAL SOCIETY EVENTS

Dr. W. F. Ward Receives Relics From Far East—Homing Pigeons in Long Flight—Rev. B. P. Hewitt Delivers Farewell Sermon.

BUREAU OF THE TRIBUNE, No. 110 S. MAIN ST. THE. 54. MISHAWAKA, IND., JULY 13.

The Mishawaka Masonic Temple association, which is composed of the representative citizens of Mishawaka, intend to erect a temple which promises to be an ornament to the city and one of the finest buildings in northern Indiana.

The directors of the temple association met Saturday evening in the office of Drs. C. W. Hick and John Horough. President Hick presided. The newly elected board of directors, composed of Mayor M. W. Mix, W. H. Hosford, H. C. Cole, Dr. C. W. Hick, William Anderson, Dr. John Borough, A. McMichael, William Tupper, W. E. Roe, Charles Hedrick and William Robinson, were present with two exceptions. The new board organized and elected the following officers: W. H. Hosford, president; Dr. John Borough, vice-president; Charles Endlich, treasurer, and J. A. McMichael, secretary.

The directors discussed the new temple project at length and carefully and considered the unsolicited offer of the Dodge block at Main and Second streets and the vacant lot north adjoining Mayor M. W. Mix for the Dodge estate for a consideration, it is understood, of $10,000. The directors favored the purchase on the terms offered. It is understood that nothing will be done at present with the block in which are located the postoffice, the Dodge club, the Clark & Whitson hats and the rooms leased to Miss Dell Mashaum. But on the vacant lot adjoining the block on North Main street a building will be erected, two or three stories high, to be so constructed at a cost of between $50,000 and $15,000. It will be an artistic building of brick, with stone front, and is to be modern in every particular. Two architects, Freyvogeth & Maurer and C. A. Bresler, of South Bend, submitted detailed plans for the new structure, which were carefully considered at the meeting. No contract was made with any architect.

From what can be learned the first floor will be occupied by two, large store rooms suitable for almost any business, the remaining floors will be occupied by series of rooms for office purposes, etc., and on the top floor will be the lodge room, possibly sixty feet in size, the ante room, property rooms, reception room, lavatory and kitchen.

It is said that a first class firm desires to operate an up-to-date cafe in this city and already is looking forward to leasing one of the rooms on the first floor. Besides serving first class meals, a lunch counter on the European plan is to be a feature. Owing to the fact that a large number of sleeping rooms are now in the Dodge block, and will be occupied in the new block in the new and old structures it desired, the plans can be so arranged as to give splendid hotel facilities, a much needed at present in this city.

At present everything is favorable to the scheme and the men back of the enterprise assure success. The association now owns a splendid building site on South Mill street, which will in all probability be sold.

Of a Social Nature.

The W. O. W. circle dance and social Saturday evening in W. O. W. hall was well attended and was a success.

Levi Hime was 72 years old Saturday and in celebration of the anniversary Mr. and Mrs. Hime pleasantly entertained a party of South Bend young people at their home, 113 East Grove street. Cards was a feature of the evening and dainty refreshments were served.

Miss Ellen Roggerman was the genial hostess at a party Saturday evening at her home, 309 East Lawrence street. Games and music were included in a late hour. Choice light refreshments were served.

The Society of the Hall in the Grove met Saturday afternoon with Mrs. J. Gershart, on East Second street in special session. Much business was transacted, after which refreshments were served.

The social given by the ladies of St. Joseph's parish on the lawn of Louis VanDinter, on South Spring street, Friday evening was a success financially and socially. The $40 realized will go toward the school building fund.

The Jolly Interurban Girls returned Saturday evening from a 10 days' camp at Barren lake, somewhat browned by the outing. They report a splendid time and were the guests of honor in a pushing party while at the lake. The party was composed of the Misses Bertha, Emma, Elizabeth and Matilda Schmidt and Hulda Hetherington, of Mishawaka; Addie Lowe, of Dunlap; Georgia Fier and Lulu Morrison, of Elkhart.

The Tuesdayers held a very pleasant social Saturday evening at the home of Mr. and Mrs. A. L. Gray on West Third street. The attendance was large.

Mrs. John Mann will entertain the L. O. T. M. at her home, 211 East Eighth street, tomorrow afternoon.

In St. Hedwig church Sunday the matrimonial bans of Mrs. Bessie DeVoss and Gust Van de Walle were published. The matrimonial bans of Joseph Rodwood and Miss Cecelia Paul were published in St. Joseph's church Sunday. They will be married July 16.

A Friend in the Orient.

Dr. W. F. Ward, of this city, has a friend in the far east, a Hollander named John C. Dalvis Hauer, a native of the Vanden Boschas, of Mishawaka and South Bend, and who has been in Mishawaka. Mr. Hauer has written Dr. Ward a letter with two very rare relics in the way of the head of a rhinoceros bird and a large size umbrella bird, which he also sent. He is on a hunting expedition in the Island of Sumatra, living East Indian. They were shipped by an express route covering 15,000 miles and were received in good condition.

The head of the rhinoceros bird has a curved bill 12 inches in length, very much resembling horn. On the crown is a horn similar to a rhinoceros, also of bone resembling horn. The bird and crown are a delicate shade of pink and yellow in color. This species of bird, sometimes known as the rhinoceros bird, is found in the Island of Sumatra and relishes to be in pairs and also warns the animal of danger by a shrill scream. The head of the umbrella bird is similar in many respects to that of the bird with the rhinoceros bird, but has an ivory crown six inches long and about three inches wide shaped like an umbrella. Both birds of prey are large. Dr. Ward prizes the relics very highly and will have them suitably mounted and have them placed among his already large collection of oddities.

Rev. B. P. Hewitt's Farewell.

Rev. B. P. Hewitt delivered his farewell sermon to a large congregation at the Baptist church Sunday morning, selecting as his theme, "Paul's Farewell to the Ephesian Elders." Mr. Hewitt thanked the congregation for the kindness and courtesy shown during years' pastorate and the many kindnesses to his wife in her illness. He complimented the church on its growth and prosperity and on the advancement in the past few years.

When Mr. Hewitt came to Mishawaka the church was in debt. He leaves it with money in the treasury. During his pastorate here of five years and eight months he has united in marriage 18 couples, baptized 75, buried 18, received 70 people and taken into the church by letter and experience 84. Mr. Hewitt will leave in a few days for Chicago to accept a position with the Chicago Standard, a Baptist publication. His territory will be in Illinois. Mr. Hewitt has many friends in the city both among the clergy and laity who regret to see him leave. No successor has been selected.

The following is a list of the birds, the time of arrival: Good, 1:28:47; Cupess, 1:30:06; Van den Hoek, 1:40:19; Blettlinger, 1:56:07; Coppess, 1:56:34; Van den Hoek, 4:14:07; Clement, 4:38:46; Van Den Hoek, 4:42:36.
