"Memorial Day" is Next Subject

The essays on the "Care of the Baby" were very well written indeed and surely if the mothers themselves are not familiar with the proper means of caring for the child the younger brothers and sisters are. If they help their mothers with the little household tasks at times she will be able to give baby all the care and attention he needs helping in the Better Babies movement.

The subject for next week's essays will be "Memorial Day." The day will be observed the last of the month with the usual impressive ceremonies at the cemeteries.

The names of the prize winners and the essays taking the first three prizes are as follows:

First Prize, \$1.00 Cash—Petra Beck, Laurel school.
Second Prize, Two Tickets to the Orpheum—Maude Zimmerman, Perley school.

Third Prize, Four Tickets to the Auditorium—Cleo Hoover, Franklin school.

Fourth Prize, Four Tickets to the Lasalle—Esther Hosler, Perley school.

Fifth Prize, Two Tickets to the Auditorium—John Lochmandy, Laurel school.

Sixth Prize, Two Tickets to the Lasalle—Oscar Johnson, Colfax school.

Honorable Mention—Dorothy Haselbeck, Colfax school; Leoti Baker, Dorothy McFall, Leora Smith, Christy Tilotta, Alice Kubiak, Max Yaffe, Irene Barr, Della Cleghorn, Mildred Herzog, Irene Damp, Esther Hosler, John Dorschner, Perley school; Louise Piechocka, Bertha DeHert, Margaret Pelson, Helen Wendel, Anna Rosendorf, Ellen Kovach, Mary Nowicka, Helen Krusz, Ralph Laskoske, Katherine Kreskai, Laurel school; Mildred Seese, Gugli-mina Benigni, Mildred Miller, Jeanette Eichler, Frances Archambault, Marie Wagner, Arthella Smith, Howard Smith, Richard Calloway, Mildred Geyer, Leona Luethjohann, Joan M. Buzek, Franklin school.

FIRST PRIZE.

By Petra Beck, Laurel School.

A small baby should be bathed every day. Its clothes should be clean, full and warm. But not too warm because it would be too warm for the baby. Its dress ought to be wide, so its lungs will have room to expand. If he has tight clothes he cannot breathe freely.

The babies nap is very important to the child or baby. It will not hurt him if you wash him before he sleeps. Have his bed in a corner not under the window, because it is in the draft and he will catch cold or get sick. Open the windows wide so he will have the fresh air which can do him no harm. You will find that he always sleeps soundly and it is better for him.

Fresh air is always good and healthy for a child. If the baby has a fever, he should be kept in a room with fresh air when the weather is warm. Even when it is cold the baby can go out for about five or ten minutes, if not more.

Milk is the principle food for the baby. We should see that he has nourishing food. Some babies who take bottle milk like sugar in it. My mother used to tell me that with some sugar in it and my little sister liked it very well. Keep baby's bottles very clean for no mother wants her baby to carry germs, I am sure.

When a child or baby grows to be a girl or boy they always like clean teeth. But sometimes it is too late. If this baby's sister or mother will clean the baby's teeth when he is small, then when he is bigger he will be thankful for their kindness. You can take a piece of cloth in some warm water and wash his gums. Wash his teeth up and down and in and out when he is older. When he is a year or two years old you can buy a soft tooth brush for the baby.

All these and many more things are needed to make "Better Babies" and will help South Bend a good deal if every one does his or her part.

SECOND PRIZE.

By Maude Zimmerman, Perley School.

If you want a healthy baby you first must keep it clean. Give it a bath every day. Keep its clothes clean. It should have proper clothing. See that the baby's clothes are on right so it won't make them cry.

Let the baby have plenty of fresh air. Have something over its cab or cradle to protect it. The baby should sleep at regular times and have fresh air day and night.

You should not kiss the baby on the mouth. You ought not kiss it at all.

You should see that the baby's milk is pure. The milk should be heated and cooled before giving it to the baby. Do not feed it too much or too often.

See the doctor. Do not let the things your neighbors tell you. Do not give it anything syrup or a pacifier, but mother's care when he cries. You should not pick it up every time it cries.

Try to prevent the baby from taking cold. Do not let the baby's hands or feet get cold. Do not let it go days or a day without a drink. Turn the baby's head from side to side once in awhile, so it may grow properly. Do not rock the baby too much in the cradle. Do not let it look over its head and don't let it look in a mirror or look at the lights.

THIRD PRIZE.

By Cleo Hoover, Franklin School.

A baby should be given very good care and should have a bath every day, so as to keep the pores clean, you should take the baby and put it in a tub and set it out on the porch so as to give the baby fresh air. Babies should have very clean milk and the mother should nurse it till it is 10 months old, then give it nice clean milk.

When the baby gets just one tooth you should wash it with a little soft cloth and keep it clean.

The baby should take a bath, then after its bath you should put all clean things on it, so as to keep the

tend the lecture at the high school.

We have a number of new victrola records. A number of them are especially suited to primary grades.

The Coquillard ball team went to Leeper park Wednesday to play Elder, but the boys from the latter school did not show up.

The kindergarten has some large wooden blocks. They have built a house large enough for the children to go in.

KALEY SCHOOL

Helen Downe, John Mail and Ethel Levy, Editors.

GENERAL NOTES.

Tuesday afternoon Miss Adelberger, the departmental teacher and members of the 8-B and 8-A classes were entertained by a very interesting debate.

The question was: "Resolved, that the south was justified in refusing the ballot to the Negro."

The affirmative debaters were: John Mull, Mary Preger and Robert Appleman. The negative were: Rachel Appleman, Helen Drowne and Lewis Collip. The teams were selected from the 8-A class.

Miss Barry and Miss Hamilton, teachers of English and history, coached the debate. Miss Walker and Miss Rice of Kaley and Miss Elizabeth Beyrer of the high school acted as judges. Mrs. Harvey Appleman was the only patron visitor.

The debate was held in the auditorium of Kaley school and was conducted after the plan of formal debates of any debating society.

The debaters elevated their points from the periodical literature at the public library.

The honors were close, the decision, however, being given in favor of the negative for superior arguments, although the affirmative carried more points for delivery.

Out of a possible score of 800 points the affirmative won 799, the negative 806.

Miss Ney, Miss Shirk and Miss Phelps were the supervisors who visited Kaley this week.

GRADE THREE-A.

Vera Pastor left this grade Tuesday to attend the Hungarian school.

GRADE FOUR-A.

So far the boys and girls each have one point in attendance.
