GREENS ARE HOME

TWENTY-TWO "BALL DAYS" FOR THIS CITY.

SOUTH BEND MEETS DAYTON

"Doggie" Miller and His Veterans Begin Four Game Series With Locals at Springbrook Park—Contests Called at 3 O'clock.

Continued from Third Page.

pours or rain and threatening weather, the number of paid admissions during the week days was from 150 to 300. If the weather was favorable the attendance would be much larger.

The Sunday and Decoration day games were not as well patronized as was expected as rains and cold weather interfered in every case. The paid admissions on Sundays have been from 1,000 to 2,400, but not one Sunday has been a bright day, and for the first or known until a few minutes before the game was called that a game would be played. Last Sunday the crowd promised to be the largest of the season. Fort Wayne was advertised and excursions came in from every directing. Fort Wayne sent 125, Wabash, Peru and other surrounding cities sent large numbers, but rain came down in torrents and a game was not played. All the teams of the Central league have now visited Marion.

From a careful survey of the eight teams in a non-up which will hold in first place. No team has a pinch on the flag. The teams are all strong. Some have had misfortunate which cost many games while others have been fortunate and won many games by mere luck.

Marion was in the Western association two years ago with Indianapolis, Louisville, Columbus, Toledo, Grand Rapids and other large cities. At that time the quality of ball was considered nearly as good as that of the major leagues. The quality of ball Marion this season is fastest and better than the Western association and is just as good as any major league could possibly furnish.

—M. R. EDMISTON.

SATURDAY'S SPORTING EVENTS.

Condensed News of Turf, Baseball and Athletics.

Sporting events of Saturday resulted as follows:

Turf—McChesney, E. E. Smathers' $24,000 purchase, "made good" by winning the $18,000 Harlem National handicap in Chicago at a mile and three-sixteenth. Gregor K. was second and Harsin third. Nineteen heavies ran. Smathers won $75,000 on bets he had made in the winter books, and his friends, who had bet on the horse, also won a considerable amount. Jockey Charles Gray, who rode the horse perfectly all the way, was given $2,000 by Smathers.

Irish Lad won the Broadway stakes at Gravesend, N. Y., at a mile and a sixteenth for 3-year-olds, and it was announced immediately that the horses would surely start in the American derby.

Found won the feature at St. Louis, the Club Members' handicap, at a mile and a quarter, beating the favorite, Little Boots.

Ben Brush won the feature at Latonia, the Cincinnati Hotel handicap, Sir Simon finishing second.

Baseball—National league: New York climbed into first place by defeating Chicago in Chicago by the score of 7 to 4. Other results were, Pittsburg, 4, Boston, 5; Brooklyn, 4; St. Louis, 1.

American league: Boston defeated Chicago for the third straight time, 10 to 2. Other results were, Philadelphia, 3; Detroit 2. Washington, 18; St. Louis, 8; Cleveland, 5; New York, 4.

Princeton defeated Yale by the score of 16 to 6 at Princeton, N. J., before a crowd of 7,000.

Athletics—Lewis institute won the big intercepregiatory meet in Chicago, scoring 37 points. Pontiac, Ill., was second, with 31 and Hyde Park third, with 18. William Hogenson of Lewis defeated Walter Eckersall of Hyde Park in both the dashes. New western interscholastic records were set for the 100 yard dash, 10 seconds flat, and in the 120-yard hurdles by Walter Shaffer, of North Division high school. Hendricks, of South Bend, got third place in the pole vault.

The Detroit Athletic club won the championship of the Central association of the Amateur Athletic union in the games held in Detroit by scoring 34 points to 32 for Milwaukee Athletic club. Chicago Y. M. C. A. was third, with 31. A heavy rain made good marks impossible.

Golf—Mrs. Edward A. Manice of the Baltusrol Golf club retained her title as woman champion of the Women's Metropolitan Golf association, by defeating Miss F. Louise Vanderbeck in the finals of the tourney.

SAID OF THE GREENS.

Marion Leader Expresses Opinion on Saturday's Game.

"It all started when Grant, who was the first man up, and who had two strikes on him, sent a safety out into left field," says the Marion Leader in telling the story of Friday's Marion-Green's game. "While Tieman was batting Grant stole second. Then the staff was all off. Men attempted to sacrifice but the Marion lads wouldn't have it that way, and threw the ball here and there in the endeavor to shut off runners, but, alas! that field inning had come, and try as they would the home team could not make putouts. When the air ship which was carrying the Marion team returned to earth and the crowd, which had been sent to the clouds, came to, there it was, get together and counted up to nine, and found that the visitors had scored just four, while they had only two to their credit.

"Anderson, who plays center field for the South Bend team, has a way of hunting and beating them out that is not at all pleasing.

"Tieman was the man who did the work, and his exhibition of pitching was not up to par at that. The hits were all that could be secured by the Marion lads.

"Tieman did seem the board on the rubber. He put rather wild towards the last of the game, but it came when it did no harm.

CENTRAL LEAGUE DIAMOND.

President Bennett Finds Bad Place in Schedule.

President Bennett has found a bad place in the Central league schedule which he will overcome with the consent of the two clubs most directly interested. On June 12, 13, 14 and 15 Wheeling plays at South Bend, while Grand Rapids plays at Terre Haute. On the following four days, June 16, 17, 18 and 19, Wheeling is scheduled at home with Terre Haute. Then the next four days, June 20, 21, 22 and 23, Wheeling is due in Evansville, while Terre Haute is at home with Dayton. According to the schedule, Wheeling and Terre Haute are called upon to travel hundreds of miles just to play four games and then come back in double back. The expense is too great for games and Bennett says he will order the Wheeling games transferred to Terre Haute.

Calhoun was released by Evansville because he was not in condition. Pierce was said to have fallen from the wagon wagon and was not giving satisfaction. Wheeling is reported to be capable of pitching splendid ball.

Bissell has joined the Evansville team to replace Calhoun. He is an eastern outfielder.

MINOR TEAMS PLAY BALL.

South Bend Reserves Defeat Laporte Club at Later City.

The South Bend Reserves defeated the Laporte baseball team at Laporte yesterday by a score of 7 to 5.

The Tippecanoes came from the Washington team at Springbrook park yesterday by a score of 16 to 5.

A picked team from Notre Dame defeated Carroll Hall at Notre Dame yesterday by a score of 7 to 4.

The Bisbell office team easily defeated the Oliver office team at Springbrook park Saturday afternoon by a score of 12 to 5. The contest was called in the seventh inning because of rain.

Carroll Hall fell on the South Bend High School with a vengeance at Notre Dame Saturday afternoon for the 13 defeats sustained early in the season and won by the score of 7 to 4. Rain interfered with the play just when South Bend began hitting the ball.

STANDING OF THE CLUBS.

American League.

	Won.	Lost.	Pct.
Boston	25	12	.676
Philadelphia	24	17	.585
St. Louis	21	16	.568
Cleveland	19	17	.528
Chicago	20	18	.526
Detroit	18	21	.462
New York	16	22	.421
Washington	11	28	.282

National League.

	Won.	Lost.	Pct.
New York	26	12	.684
Chicago	20	16	.556
Pittsburg	20	17	.541
Brooklyn	23	21	.523
Cincinnati	18	23	.439
Boston	17	23	.425
Philadelphia	12	26	.316

YESTERDAY'S RESULTS.

National League.

Philadelphia, 3; Cincinnati, 1. 10 innings.
St. Louis, 4-4; Brooklyn, 2-6.

American Association.

Toledo, 3; Minneapolis, 2.
St. Paul, 1; Columbus, 2. 7 innings.
Louisville, 6; Milwaukee, 3.

Three I League.

Cedar Rapids, 4; Joliet, 2.
Bloomington, 12; Davenport, 4.
Rockford, 2; Decatur, 1.
Dubuque, 8; Rock Island, 4.

Danger of Gas Poisoning.

The modern method of mixing coal gas with "water gas" greatly increases the amount of carbon monoxid in the gas supplied for illumination. Hence an alarming increase in the number of cases of carbon monoxid poisoning has recently been noticed.

January and May.

There was singular felicity (we may it call it chill fate?) in a wedding which took place this week in a country village. John Midwinter married May Flowers. Their wedding day was the coldest we have had this year.—London Express.

Growth of United States.

Since 1790 the area of the United States has increased from 827,844 to 3,618,770 square miles, the number of counties has increased from 307 to 3,097, and the total population has increased from 3,929,214 to 76,303,387, or nineteenfold.

Too Coy.

If the automobiles would only see fit to pay their attention to power wagons and sprinkling carts they might be forgiven. But their modest coyness keeps them aloof from anything more weighty than a motorcycle or a horseless driven by a lady.—Ohio State Journal.

Value of Different Environments.

Edmund Clarence Stedman delivers himself thus of the value of environment in a member: "We New Englanders are the specimens of humanity—when we are transplanted."—New York Times.

Small Boy Follows the Hounds.

One of the most regular riders with the South Berks foxhounds is a small boy, who bestrides a black donkey bareback.

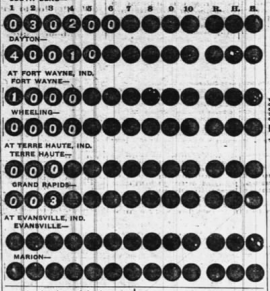
Pa Explains.

Little Willie—"Say, pa, what is an assignee?"

Pa—"An assignee, my son, is a man who has the deed and gives himself away."

When it the individual who can remain silent on any subject.

THE SCORES IN TO-DAY'S CENTRAL LEAGUE GAMES



Immigration and Armies.

From the number of soldiers now comprised in the standing army of the United States to the immigration statistics for the last fiscal year seems a fair cry, so unconcerted might the two sets of figures appear. Yet that there is a connection between the two consumes there can be no doubt.

Since the reduction in the army to the minimum size authorized by law, 25,000, the ratio of soldiers to the population is one to every thirteen hundred inhabitants, which is a smaller ratio than that of any other large country on the globe.

When one remembers this, one is prepared for the immigration—1,057,520 more than last year. The number of immigrants for the year ending in June, given by the commissioner of immigration, was 795,738. And that does not take in the arrivals from Mexico or Canada. Italy furnishes the greater percentage, while Austro-Hungary comes in second. Russia also forms a chief source of immigration.

The Venom of Snakes.

The venom of snake contains only intracellular bodies, which alone would not be virulently poisonous; but the normal blood serum of snakes (like animals) contains the substance which, by conjoint action with the intracellular bodies of the venom, cause the deadly poisoning.

Heaven Forbid!

"We shouldn't whine," said the theatrical king, "about the decadence of the stage, but we should realize what dangers we have escaped. Just suppose the dramatic hacks should get tired dramatizing historical novels and should start to work and begin the novelization of Shakespeare's plays!"

French Mothers Organize.

Paris has recently organized a Union of French Mothers on lines similar to the childhoods' clubs and mothers' congresses so popular in the United States. Laws for the protection of mothers and their rights are to be among the aims of the union.

The News of Waterloo.

Leopold de Rothschild has spoiled the tradition that his grandfather got news of the victory of Waterloo in a highly romantic manner. He received the news from a sea captain in his employ, who brought a newspaper to him from Brussels.

The Power of Radium.

Berquerel has shown that radium emits cathode rays moving at a velocity of over 120,000 miles per second. A particle traveling with this velocity and starting from the earth would reach the moon in two seconds.

Strenuous Men Needed.

Lord Methuen declared recently that the type of clergyman needed in South Africa was to be found doing his work at the Oxford Mission in the East End of London, with his shirt sleeves tucked up.

South Bend's leading newspaper is The Tribune.

Afflicted Animals.

Dogs more than any other domesticated animals suffer from rheumatism. When affecting the muscles of the chest and forearm it is well known as "kennel lameness," or "chest founder." At another time it resembles lumbago in the lumbar subject. I have known many a fat brute to have a leg, or the whole body, so affected as to render the victim unable to move. Cures, not permanent, have been made with doses of salicylic acid. Horses are great sufferers. The causes of the disease in them are thought to be the same as in man. There is no cure. Hacquers remember poor Fairy. Mr. Rose's speedy mare, who, unable to rise from her bed of straw, was pried up with fence rails in order to make ready for her afternoon's race. She would come on the track in a most pitiable condition, all drawn up, stiff, cramped, too racked with pain to start a gallop, but after crawling around the course a few times would limber up and beat anything pitted against her.—New York Press.

Bibles Bound in Tin.

In Uganda rais are some of the worst opponents to their work which missionaries have to contend against. The Bibles sent out by the Church Missionary Society to the natives are promptly eaten by the Uganda rats, which overrun the country in enormous swarms and devour any book they come across. Bibles going to Uganda are now bound in tin, which preserves them from being destroyed by vermin.

Queen's Two Hundred Rings.

Queen Christina of Spain has no fewer than 200 rings of a royal kind. She makes a point of wearing them all in turn, changing the rings on her fingers every time she changes her dress, which she does four or five times a day.

Waste Willing Workers.

"I should like a whole congregation of prize fighters, I could do far more with them than with stock-in, conceited people," said Gen. Booth, alluding to the conversion of a professional pugilist during his recent American tour.

Important Part.

"I trust," said the ward boss, "that we will be able to roll up a handsome majority for you."

"I don't care whether it's handsome or not," replied the candidate, "just so it's a majority."

Possibilities.

A Minnesota man has grafted a to mato plant on a potato plant, and with some further development probably hopes to produce a vine that will grow vegetable soup.—Louisville Courier-Journal.

Decimal Fractions.

Decimal fractions were invented by a German, Johann Mueller of Nuremberg, in the year 1464.

Indians are occasionally troubled with red snais.

Do your cooking with gas.

South Bend's Exclusive Agents —FOR— "H. & H." Corsets

THE ECONOMY.

H. & H. Corsets conform in every way to the graceful outlines of the figure. They have a style and elegance that has made them famous. With all their points of excellence they are nevertheless popular priced. All the new styles are shown here.

48c and 98c

Pattern Making.

We have in our employ the well known mill wright and pattern maker, Mr. John Field, who is a master of his business in pattern making, and with a well equipped shop we are able to turn out work on short notice and guarantee satisfactory results.

HABERLE & GRAHAM, Machinists.

The Tyfold Collar

The picture shows how the collar is cut out on each side to allow for adjusting a neck tie without springing the collar open. The collar comes close together in front, it keeps the tie in place and you don't see the cut-out part. Besides the tie is retained just over the button, which is also kept out of sight. Your summer comfort will be increased if you wear one, and you'll thank us for the style. Dealers sell them.

Cluett Brand, 25c each
Arrow Brand, 15c each

Cluett, Peabody & Co.

Druggists sell the best remedy for sore throat and kindred ailments. It is Tarbell's diphtheria cure. Ask for it.

BECAUSE

We are having a little run in Men's Suits, don't run away with the idea that we are reducing the variety. We are only making room for a still larger stock that's coming—$12.00, $15.00 and $18.00 Suits, broken lines and sizes—special offer

$10.
