

BOY LEADERSHIP COURSE TO CLOSE

25 Men From U. S. and Canada Study Under Hoyer at N. D.

On Thursday of the week 25 men from various parts of the United States and Canada will complete the special boy leadership course now in progress under the direction of Prof. Raymond Hoyer, head of the boy guidance department at the University of North Dakota. The summer term of the course is the summer term with the boy life bureau of the University of North Dakota.

Among the men are John Hoyer, U. S. Consul and Chairman of the U. S. Boy Leadership Bureau, and W. F. Miller, U. S. Consul and Chairman of the Canadian Boy Leadership Bureau. Other men are: John Hoyer, U. S. Consul and Chairman of the U. S. Boy Leadership Bureau, and W. F. Miller, U. S. Consul and Chairman of the Canadian Boy Leadership Bureau.

TALK STRESSES BALANCED LIFE

News of a balance between mental, spiritual and physical life was stressed Friday evening by Dr. Charles J. Kuntz, President of the University of North Dakota, in his address before the annual convention of the American Association of Christian Workers, held at the University of North Dakota.

Dr. Kuntz, in his address, stressed the importance of a balanced life, one in which the mental, spiritual and physical are in harmony. He said that the modern man is often out of balance, and that the only way to achieve a balanced life is by the study of the Bible and the practice of its precepts.

MANY SOCIETIES GOING TO LAKE

West Side Organizations Will Spend Day in Recreation.

Several groups and outings will be held today by west side organizations, whose activities have become almost entirely suspended during the hot summer months. Many of the societies will seek cooling lake breezes, while some will be busy in the woods.

REFRESHMENTS from the tiny gas flame that freezes

A REVELATION awaits you in the amazing possibilities of Electrotherm, the GAS Refrigerator. In the preparation and preservation of perishable foods. In the ready freezing compartment any one of a hundred tempting delicacies may be quickly chilled for serving—portables, sandwiches, soups, trays, sherbets, salads, etc., and ice cubes—plain or colored—in endless supply!

Leftovers may be used attractively. In the frosty snow-white food compartment fruits, salad greens, and even pastries require a richer, more palatable flavor. The Gas Refrigerator does all these things—does them silently—for only a few cents a day. It freezes with a tiny gas flame and a mere trickle of water. Light it, forget it! There's not a single moving part—nothing to wear out or cause noise. You'll never know the joy of perfect refrigeration until you install a Gas Refrigerator. Why postpone? It's install on a small down payment, the balance on easy terms, payable monthly. Just think—a LIFETIME of trouble-free refrigeration service starts the day you install—
