BRONCHOS BREAK EVEN ON FINAL GAMES OF SEASON

BRILLIANT PLAY AT SPRINGBROOK

BRONCS AND ATHLETICS SPLIT DASHING CONTESTS.

LOCAL WIN, 9-1; LOSE, 4-1

Wuffli and Hadley Perform Brilliantly in Field, While Byrnes and Grafe Boost Batting Average.

Despite spirit dampening weather and empty stands the Bronchos and Batteville Athletics put on a brilliant pair of contests yesterday, although both games were won by top-heavy scores. The defensive play of the locals was especially commendable, both in defeat, while their dashing work in the first game on the sacks carried the visitors off their feet. The visitors dropped the first, 9 to 1, while the second was charged against the locals 4 to 1.

Hadley and Wuffli furnished the principal thrillers with their splendid recovery on ground balls, the latter negotiating some electrifying stops and throws which would set a Boudry Bonzelite green with envy. Byrnes and Byrnes also contributed a nice stop of a line drive to the Bronchos' defensive record.

And Jack not only performed credit-ably at the sacks, but also in the field, in the first game, when he drove a tripe, one of which was a slow infield bounder to Crowder, which the latter had no chance to field. Dick Grefe's fine work in the box was a big factor toward as the result of his endeavors to show his big league owners they made no mistake in drafting him from the ranks of the minors. Three hits were made off Grefe's offerings, due to the fact that two were scratch safeties doesn't detract from the attractiveness of his box score record.

Wheeler is Banished.

Aside from his clever fielding and base running of the Bronco in their victory, Wheeler was banished by Newhouse, staged a little one-act out-burst, in which the Bronchos leader defined Prunie's standing on this fair earth with startling clearness. The "Prunie" incident was the outcome of the present coaching in vogue, by banishing the manager from the bench, whereupon the manager drew back with such forceful and vivid explanation that Newhouse was forced to draw forth thing entirely differently from diamond emperor which were lingerd with a shade of threat. "You'll stand good for these things," the "mouse" hissed to Newhouse. "Or you'll get out of the bench." But "Prunie" did not get the second tilt.

Earlier in the season it might have been termed the "glorious seventh," for in the fortunate frame six-tenths of five hits were scored, interspersed with a couple of Athletic errors, the latter defense "aviating." The results of that inning served as a clincher only, however, for the Bronco had taken the lead in the third and were never headed.

Buck Stoner, St. Louis Cardinal prospect, dealt strikes and balls and the usual variety of offerings a pitcher can present, with great skill, but its zeniths being driven to safety by the visitors.

Second Game.

Seven innings of play in the second game had passed when the game was called by Umpire Newhouse at account of darkness, although it was only 5:30 when the game first was opened. The Athletics were leading at the time, 4 to 1, but the Bronco harry by averting a shutout through Wuffli's triple, with one each tenanted in the final frame.

St. Paul Gets Karger.

ST. PAUL, Sept. 8.—Manager Kelly, of the St. Paul American association baseball club, has announced that Eddie Karger, a former St. Paul pitcher, lost now of the Boston American league team, had been purchased outright, and would return to St. Paul. Karger was released to Boston by Manager Kelly Sunday. At the same time Manager Kelly announced the release of Second Baseman Harry Howell.

Hollie Specials to Play.

The Hollie Specials will meet the River Rats team and the Juniors in a double header at Springbrook park. Probe Gold, Roberts and Lerwin will work for the Juniors, and Geyer and White for the Hollie Specials.

LAURELS WANT TO MEET STAPLES-HILDEBRANDS

Claim Right to Contest City Title With Terpsis.

The management of the Laurels is anxious to match its club with the Staples-Hildebrand team, winner of the Terpsis for the city championship last season. The Laurels claim the S-H's and they are the only contestants remaining to dispute the right of the Terpsis to the city title, and which to arrange a game with the S-H's for Sept. 17.

The Laurels have won eight out of nine games they will go to Buchanan next Sunday. Fry games, call Buchanan 1287.

The S-H's are endeavoring to schedule a game with the Laurels for Sept. 17 but may defer it meeting with close strong claimants of the baseball championship until a later date.

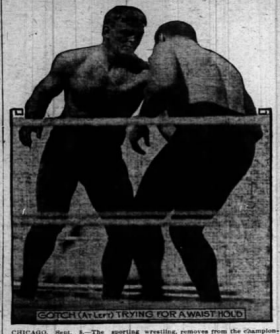
PHOTOGRAPH SHOWING GOTCH DEFEATING "HACK" FOR WORLD'S TITLE.



GOTCH (At Left) TRYING FOR A WAIST HOLD.

CHICAGO, Sept. 8.—The sporting fraternity is concerned over the matter of providing Champion Frank Gotch with a opponent who would be able to give the Humboldt, Ia., scientist a real battle. Gotch is now greeting prospects, Gotch's overwhelming defeat of George Hackenschmidt, at American League park here, throwing the "Russian Lion" twice in less than 20 minutes of actual wrestling, removes from the championship constellation the man who ranked next to Gotch in ability. At present the experts agree that there is not a man in sight in this country who is a match for the Humboldt wrestler. Rumors have reached a certain quarter that the "phenom" will be can only be surrounded. The accompanying photo shows Gotch and Hack during their last bout here.

EASTERN FIGHTER FINDS FAVOR WITH CHICAGOANS

Eddie Murphy Earns Following in the Windy City.

CHICAGO, Sept. 8.—Eddie Murphy, the South Boston boxer-usher, is all that the eastern fight fanciers have styled him. New Chicago's boxing coterie is rooting heavily in behalf of the hard-hitting lightweight; in the hope of soon finding him pitted against Jimmy Ward, the Windy City's popular boxing three pounder with Joe O'Connell, and three with another Murphy, Jimmy by name, the South Boston lad yesterday established a tremendous following at O'Connell's State street gymnasium.

Murphy, who is credited with the praise of the eastern sport writers, his only claim for recognition, Murphy already has won a position with the middle-western enthusiasts that augurs well for a warm reception if he ever decides to let Eddie propound to show the sleepy-time before he hurls another dab at the pride of the yards. To-night he quarrels with Kid McHenry, a lightweight from the Windy City, and Jimmy Ward, Michael Donovan hundred-time will be at the ringside of the Badger Athletic club.

Hunter to Indianapolis.

PITTSBURG, Pa., Sept. 8.—First Baseman Fred Hunter, for whom Pittsburg turned over to Kansas City some $15,000 worth of talent, has been released to the Indianapolis club, it is learned here yesterday. Hunter is asked to be an outright sale with nothing but a cash consideration involved.

NOTES OF THE GAME.

Wuffli played remarkable ball, both at shortstop and third base. When Hadley was at third, Wuffli schedule shifted over to make room for Jack Taylor at third base. Johnny speared one in the second game with one hand, while turned almost completely around toward left infield and on the run.

It was hard to follow the baserunning action in the seventh of the first game. The Bronchos kept the Athletics hopping the ball back and forth from the plate to other bases for over a couple of innings. Line they kept a couple of innings.

Wheeler had a mighty sound hack in his pocket, and Newhouse's decision in the fourth, when he was thrown out at the plate, was a bitter pill to swallow. Wheeler is for it, expecting the sphere to bound over the sack into his hands. It struck the bag and carried against it on the side nearest the plate. The sphere rolled on toward the outfield, without touching the bag, but as Gleason dove out to it, the sagacious hack heated Dick, he would have sifted him on the point. Now some made another apparent blunder when Wheeler was thrown out, the batter touched second, the runner was attempted double play. As Eddie was waiting for the ball on the bag, and didn't move to desert it until he had touched the bag.

Hadley begotten of the shower of Batteville club, and had nowhere to go but home. Wuffli was thrown out at second and Hadley on first, but Hadley was safe on the play, the wolf came in on the run and the ball was thrown to Crowder, who was with little trouble home ahead of Hadley to second. Rule was unable to "Gamble" for the sign of the Bronchos, Byrnes back for the sign of the Bronchos, Byrnes was thrown out at third, but Hadley and had Buck Ashby, who had dropped the ball and Buck was safe, the scorer's judgement that the Bronchos should get a hit and the Bronchos should get a hit and the Bronchos taken out of the game by Sadly, who went to second and shifted Blake to third.

George O'Brien made a great catch of a long fly ball in the second game of the first game. At the crack of the bat, George was off at full speed, and by dint of mighty sprinting, succeeded in have a chance to observe the ball in the air, and then he made a mighty leap, taking the ball between his palms. The holes to the visiting team's bench, however, George captured the fowl to right at the enemy's dressing room. Bowman, Bowman, George, George, all at good speed, and George, in running, George is strong, and George is fast. Some of these days!

SCHULTE'S HOMER HELPS CUBS TO WIN

"WILDFIRE" COMES WITHIN FOUR OF WORLD'S RECORD.

Jack Compton Works Through Several Innings for Cincinnati Against National Champs—Other Sport.

"Wildfire" Schulte, champion home-run bitter of the National league, swung his mighty club again yesterday with circuit results, and while clipping off his 21st homer, incidentally aided the Cubs in shaving the lead chalked by the Giants earlier in the week to six points. By yesterday's circuit smash, "Wildfire" comes within four of tying the world's record established by John Freeman, of Washington, in 1896. A double victory over the Reds while the easternerds were hoping to defeat before the Brooklyn Dodgers.

In the first game the Cincinnati reserves were called into action, and Jack Compton, purchased from Dayton, was the pitcher sent in to relieve Ewoldt when the going waxed too hot. Jack buried through the seventh and eighth innings, and the Cincinnati bunch tacked five hits to the former round. They were able to score but one run.

With the score 2 to 1 in the eighth, the Cubs batted out a victory in the second game by scoring three runs in the big frame, four out.

Meadows, the Giants, played a fast fielding game in the outfield for the Reds.

In the first game of the series, meanwhile, the Giants were dropping to Brooklyn, Mathewson, who was partially responsible for his one defeat, although the highly touted Hoodgraven bunched the Cubs along by allowing Dauberty's Boys fir to escape him after the Giants had tied the score in the run. In the ninth Matty walked Cotter with two out, and the Brooklyn team scored the winning run when Doyle grass arred on the atmosphere.

But four hits were received off Barger, of Brooklyn, by the Giants, the Giants's pitcher was nearly devoted to his undoing, though.

The world's champions continue to win, and yesterday Boston was easy for Philadelphia, the Quakers being forced out at a home plate, a quartette on forceouts, and another on an attempted double steal. Bunched hits and Pape's wildness gave the Athletics the game.

New York spoiled Walter Johnson's winning streak yesterday by defeating Washington, 5 to 2. Johnson made two of his club's five hits. Pitcher Warhop, of New York, was elected from the grounds which he persisted in fouling his offerings.

Second Baseman Bergkamper, late of the Kewanee (Central) association club, was signed for a time with the Chicago White Sox this afternoon.

Pitcher Ed Karger, of Boston, a former pard of the blue side, secured a double yesterday.

Alexander nearly achieved a "no-hit-no-man reach first" game yesterday, but the Cubs managed to get a hit in the second game of a double header, and allowed but a single thereafter. He performed in this brilliant fashion after the Heatonees had secured it in the first game. The Cubs failed to score in the third game. The Cubs, although the third game 19-15, in their favor, the Phillies managed to repeat the second, 1 to 0.

John Kling by for a home yesterday.

The Illinois-Missouri league pennant has been clinched by Clinton.

Carey hit three times yesterday and scored one run. McCarthy was in the game and scored other three pitcots the scorer's judgement that the Cubs should get a hit and the Cubs have taken out of the game by Sadly, who went to second and shifted Blake to third.

George O'Brien made a great catch of a long fly ball in the second game of the first game. At the crack of the bat, George was off at full speed, and by dint of mighty sprinting, succeeded in have a chance to observe the ball in the air, and then he made a mighty leap, taking the ball between his palms. The holes to the visiting team's bench, however, George captured the fowl to right at the enemy's dressing room. Bowman, Bowman, George, George, all at good speed, and George, in running, George is strong, and George is fast. Some of these days!

SERIOUSLY INJURED ON HUNTING EXPEDITION

Lloyd Richards Shot by Companion and in Serious Condition.

Lloyd Richards, 114 East Broadway, an employee of the Studebaker corporation was shot and seriously injured while on a hunting expedition. An accidental discharge of a gun in the hands of one of Richards' companions caused the accident and 14 shots entered his body. One of them reached his eye.

Attending physicians have made no effort to remove the shot from the eye, although the accident happened Wednesday, owing to the serious injury of the young man but it is believed that the sight will be entirely destroyed. Upon his recovery, it will be required.

Mr. Richards is married and has a young child. For nearly two years he has been employed as a stripper at the Studebaker plant.

He is well known in athletic circles, having attained considerable prowess as a baseball player. During the past summer he played with the team held with the Laporte city team, with which he has been a great favorite.

HEALTH OFFICIALS TO CLEAN SCHOOLS

WORK TO BEGIN SOON WILL COVER ENTIRE COUNTY.

Orders Issued for Thorough Scrubbing and Disinfection of Buildings With Formaldehyde.

In accordance with orders from Dr. J. N. Hurty, secretary of the state board of health, Dr. W. G. Wagner, secretary of the county health board, will order the cleaning and disinfecting of all schools in the county. Dr. Hurty's action indicates the state board will enforce rigidly the provisions of an act governing sanitary conditions of schools passed by the last legislature.

According to the provisions of the act, all the school houses of the state must be thoroughly cleaned and disinfected before the opening of the school year, which in many cities has already convened for the fall term, but these must be cleaned and disinfected at once. According to the definition of the state board and the legislature, cleaning means sweeping, dusting, scrubbing, and then disinfection by a solution of formaldehyde and commercial permanganate of potash.

In a letter to Dr. Wagner the head of the state board says:

"The conservation of child efficiency in moral, human and highly profitable. This work must be done at the beginning of the year."

With the letter Dr. Wagner also received a manual of instructions compiled by Dr. Hurty and Charles A. Greathouse, state sanitary engineer, instruction. The manual contains full instructions for the proper fumigation of the booklet, which deals entirely with the hygienic and sanitary measures to be observed in conducting with the supervision of schools.

Thorough Cleaning.

"Thorough cleaning and disinfection with formaldehyde is the surest preventive of contagious diseases. In this manner all the dust and dirt is removed and the room is left in a thoroughly clean condition and the disinfectant kills all the germs. Thus were an epidemic to break out during the school year we would stand much better chance of keeping it out of the school, with strictly sanitary conditions existing at the school than with conditions as they were last year."

The act of the assembly is to be strictly enforced in all schools in the state. Failure of school authorities to comply with the provisions of the statute will make them liable to a fine of not less than $10 nor more than $50, and each refusal of the offender to live up to the regulation will be considered as a separate offense.

KALEY SCHOOL TO OPEN WITH OTHER BUILDINGS

Repairs Started and Will be Completed in Time.

Following a conference with George W. Freyermuth, of Freyermuth & Maurer, architects, Supt. John A. Wood announced to-day the Kaley school would open on Monday morning for the usual classes. Reports the contractors had been delayed in the delivery of the material and the structures were required were emphatically denied.

Mr. Freyermuth said a force of workmen would be put to work at the Kaley school at once and the work completed to-morrow. The heavy girders supporting the slate roof of the building slipped from their moorings and the condition was regarded as serious. Mr. Freyermuth was called into consultation and recommended that the girders be replaced. The girders so repaired.

In this way Supt. Wood said, the roof will be strengthened and all the dangerous elements removed.

TESTS FOR SCHOOL PUPILS.

Examination for Conditioned Students Will Begin To-morrow.

Preliminary examinations for High school students, which are conducted prior to the opening of the school year, begin this morning with tests in mathematics. Examinations in English were conducted this afternoon under the direction of Principal F. L. Stoddard.

The examinations are for students who failed in their work during the last semester, but who have done work during the summer, and for students who are conditioned in other work. Students making up work in Latin, German and science will take their tests in-morrow morning, while those failing in history and commercial studies will be given the in-morrow afternoon.

Will Open Kindergarten.

A private kindergarten for children between ages of four years of age will be conducted this year by Mrs. Alice C. Weir, in connection with the South Bend Training school. The kindergarten will open the first Monday in Mrs. Weir and assistants will be in attendance at the training school. Mrs. Weir is qualified to conduct the kindergarten in such a way.

Lose Property in Busy Street.

A valuable gold watch and a pock-ket book containing $2 in cash had by two different parties on South Michigan street yesterday. Miss Minnie Robinson, 224 Sycamore lost the watch, and Martha, 119 West Lepin, the wallet. Both losses were reported to the police a collection of stamps.
