CENTRAL LEAGUE MEETING CLOSES

CENTRAL MOGULS CLOSE SESSION

SCHEDULE ADOPTED AND PLANS ARE SQUELCHED.

WILL GE GIVEN RELEASE

Eddie Wheeler Upon Payment of Just Debts Will Be Released, Says Annis—Wheeling Management is in Difficulty.

The schedule for the coming season was selected, the $75 guarantee rule was downed, and it was voted not to pool the mileage for the coming season at a session of Central league magnates yesterday extending from 10.30 until 1:30 o'clock, with an intermission of 15 minutes at 1:15 o'clock. The schedule matter was not touched until nearly 12 o'clock, and after an hour of warm discussion that of J. W. Adams, of this city, was selected. It will be released in the evening papers, Feb. 18, a week from Saturday.

The season opens April 26 and closes Sept. 10. Each club has 10 Sundays at home and abroad and each Sundays in every other city before the final series. South Bend will have two Sundays at home and abroad with Fort Wayne, our rival June 18, and Fort Wayne, Sunday, June 18, and Dayton, Sunday, June 25, separates the Billikens, games on our own lot. Varnell's warriors journeying to this city June 11 and Sept. 3.

Only two open dates were arranged, also, Sunday, June 11, at home, and Fort Wayne, Dayton, Evansville, and Terre Haute players will be able to loll around the motel lobbies Aug. 1, while the second vacation of the Grand Rapids, Dayton and Springfield players will have to sec for Aug. 6, six days later. No team has over 16 games at home or abroad at a stretch, although a number of the other schedules considered furnished trips and stays at home of 20 days. The schedule committee, Messrs. Annis, Fleischer, Carter, and any and all holiday dates may be changed to suit clubs involved.

No Pooling of Mileage.

Pooling of the mileage will not be one of the rules of the league this season, Dr. F. H. Carson knocking too plain in a discussion of the proposition to make it a deadlock. The mileage was pooled last year, and the vote was evenly divided on this occasion necessitating President Carson's cast of the casting vote. Owner Bert Annis, who would lose by the pooling of the mileage of his rival, Manager Harry Packer, of Grand Rapids, whose club will have the greatest mileage of the eight teams, voted against President Carson, thinking that some mistake had occurred in the tally of the secret ballot, and when the vote still stood a tie, he threw his vote in the balance for the non-voters.

Plan Fails.

The $75 guarantee plan, whereby $75 would be paid straight to each visiting club, without the gate receipts divided, was thrown down and trampled on by the magnates, President Frank U. Zaiyock, of the Zanesville club, and was only saved from a shut-out by his own vote, the seven other clubs shying violently from the proposition.

Wheeler Will Be Released.

Eddie Wheeler will be given his release for $41.66, which he claims is due him, as assigned by the interested parties, Owner Bert Annis claims Wheeler ever drew his salary by $400 last season, and that he will be compelled to pay that before he will be tendered the free agency slip. In addition to the $41.66 claimed by Wheeler will have to pay $17.66, his expenses to Chicago at the first Central league meeting. Mr. Annis stated he is no Windy city as a representative of the Wheeling club, but he admitted that Eddie worked for his own interests only, and consequently Annis, justly, add the odd dollars to Eddie's debt.

According to the signed agreement Wheeler or L. D. Smith can pay up the debt by Feb. 22, and Annis will give Wheeler his release, as a result of his payment of his debt to the local owner.

It was reported yesterday that Wheeler had already secured his release by purchase, and had signed a three year's contract with L. D. Smith, of Terre Haute, thereby becoming one-third owner of the club. The contract was signed at the meeting of the magnates Monday night.

Protest Sale of Players.

Wheeling magnates will not find it clear sailing with the addition of seven McKeesport, O.-P. league players by purchase to the Ringle roster, President George Moreland, of the Ohio-Pennsylvania, having protested the sale of the players to the Ringle club, Secretary Farrell informing the Wheeling management that the protest has been filed, and the matter will come up before the National commission.

What the outcome of the complaint of the O.-P. president will be will not be known for some time. W. W. Irwin, of the Wheeling club, who represents Wheeling interests at the Central meeting, said yesterday:

"Moreland, president of the McKeesport club, has been a strong friend of the O.-P. league for several years, and I think he has the right to dispose of these men if he wishes to do so. He is a sportsman and I believe he will not attempt to stop the deal to the Ringle fairly and squarely. He is called 'Square' Moreland by those who know him."

Wanted First Sacker Silvestri.

Dr. Carson, in discussing the complaint of the O.-P. head, said that the league can stop any deal in the league if it thinks it necessary to protect the interests of the organization by completing the transaction itself, and disposing of the property obtained thereby in any way the board sees fit. Dr. Carson said that the O.-P. deal through will be a keen disappointment to the Wheeling management. First Baseman Silvestri, who is said to be a crackerjack, and was included in the transferred by purchase of the seven players, has been in the minds of Wheeling management for some time. They were certain they had him several seasons ago, but he slipped away, and it appears that he will not be with them this time. Enough his addition to the Ringle squad seemed certain several days ago.

Gotch Defeats Beale.

By Associated Press.

DES MOINES, Ia., Feb. 8.—Frank Gotch last night defeated Fred Beale, of Wisconsin, in two straight falls. Both falls were won on a crotch hold and headlock in 26 and nine minutes, respectively.

SOME OF THE THINGS GLEANED AT CENTRAL LEAGUE SESSION

Eddie Wheeler broke into the limelight yesterday afternoon when the meeting just closed by ignoring in the only three deals consummated before the final session of the Central magnate adjourned yesterday. His latest transaction was the sale of Sandy Murray, second sacker, to Dr. Harley Parker, of Grand Rapids, for the sum of $400, one Vet utility man was brought from Vancouver, of the Northwestern league. Bob had been sold by Dayton to Vancouver, but he refused to go and Dayton had to secure another through Jake Heilbroner, ex-major league scout. Dragan can play infield and outfield positions equally well and is no slouch in either territory. The third deal was the sale of Ed Kocher to Fred Bassman, Mr. Carson. Thus Wheeler got a white elephant off his hands in exchange for a man who he has been after for over a month. Wheeler is one of many of the base ball men in the city during the league session who have been kept busy and taken to mean that Wheeler will look down the second sack, as he has a third sacker in Barwell. Wheeler played over 16 games at second with Dayton last year, and he claims he can be relied on everything during his stay in the city, and he receives each afternoon during the absence of Ben Kocher excited admiration among the fans.

Although the $75 rule was lost in the shuffle, it was thought by the managers expressed themselves favorably towards it during and previous to the meeting. L. D. Smith was reported to be in favor of the idea by Terre Haute, and Dr. Harley Parker, of Grand Rapids, and Dr. Harley Parker in interviews said that the plan looked good to them. The latter believed that it would be an incentive for the club owners and managers to work for attendance at home, as they would see all the resulting increase in gate receipts would be to their benefit entirely. The standard of the league would be raised he said. This was also the view of Bert Annis and Dr. Carson, but the magnates were not to experiment with the new idea.

—

When asked yesterday prior to the first session of the day whether he anticipated any trouble with the way President Carson would rule, he said:

"No. No trouble at all. We never have trouble in this league. Do you know, in the past six years we have had but a total fine of $75 against the league and that was caused by Grand Rapids. Why, last year, we had a Fort Wayne club, two owners, Arnold and Brotherton, both going to the wall." Dr. Carson tells an interesting story of his short cut when he makes a visit to Fort Wayne, the home of the wall seven clubs in the organization, but he has kept abr of Grand Rapids since Brotherton's time.

The final test for an aspirant for heavyweight boxing honors, which is to be made with Jack Johnson, the hardest task of injuring a game base ball at Zanesville, President C. U. Shryock tells the tale, which brings on the training of an eastern would-be pugilist who, in a moment of weakness was forced to allow himself to be kicked in the face by a mule, which hurtled him out of a whit, then he had to undergo a sledge hammer taxing upon his skull, which he claimed to take the Johnson, and succeeded successfully, but the last and final thing is the attempted arbitration of a ball game in Zanesville, which means, if the home team is losing, taking one's life in one's hands.

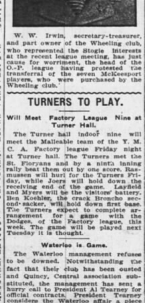
W. W. IRWIN FEARS LOSS OF PLAYERS



W. W. Irwin, secretary-treasurer, and part owner of the Wheeling club, who represented the Ringle interests at the recent league meeting, has been cause for worriment, the head of the Ohio-Pennsylvania league having protested the sale of the seven McKeesport players, who were purchased by the Wheeling club.

TURNERS TO PLAY.

Will Meet Factory League Nine at Turner Hall.

The Turner ball indoor nine will meet the Mishawaka team of the T. M. C. A. Factory league Friday night at Turner hall. The Turners met the St. Florians and by a ninty inning rally beat them by one score. Ramsmeier will hurl for the Turners Friday, while Joerg will be found behind the receiving end of the game. Layfield will pitch for the Mishawaka team. Joerg, the crack Brunche second-sacker, will hold down first base. The Turners expect to complete arrangement for a game with the Mishawaka team in the factory league, this week. The game will be played next Tuesday it is thought.

Waterloo is Game.

The Waterloo aggregation refuse to be downed. Notwithstanding the fact that they ship has been treated and Quincy, Central association submitted the management has sent a hurry call to President Al Tearney for official contracts. President Tearney considers the Waterloo affair a piece of history and promptly squashed the "home back" baseball men by writing them that Waterloo is in the Three I league; hence, no contracts.

Packey Too Fast for Keyes.

PITTSBURG, Pa., Feb. 8.—Packey McFarland, of Chicago, and Bert Keyes, of New York, furnished a clever exhibition of boxing at the Union club's show the other night. There wasn't much execution done, but on points McFarland had the call, his gloves being by far the more clever.

ALVA HOLT TOUTED AS A PROMISING YOUNGSTER

Ball Players and Fans Consider Him Player of Class.

Alva Holt, the young man who was given a try-out last spring with the South Bend club, and later was transferred to Grand Rapids, is a grand ball player according to Joe Haldy, existing manager, and now leader of the Zanesville Athletics.

Holt came to South Bend last year, green, lots of nerve, though, and awkward. The other players jushed him, and made life generally miserable for him. He hopped around like third bag in fine style, nevertheless, players and fans say who saw him in action, he played in several exhibition games, and when the regular season was started, Mr. Smith thinks Holt is one of the most promising players he has in his garden at Zanesville.

The Bronc manager has never seen him in the infield, but Haldy is authority for the statement that he is some shortstop. Speaking of the young player, Haldy said:

"Holt was the cause of the great disappointment to me. One reason why he was so green, he was forced to promote he became accustomed to fielding the ball when he could-n't judge the hops, bounces and spins, and consequently was unable to field worth a cent.

"He was in the early part of the season that Holt discovered this obstacle in his path, and he overcame it, when he joined the Grand Rapids club there can no longer be any opening for him, and he was placed in the outfield. For a time he was a fine outfielder, perhaps the best in all the league. Holt does not gather in a fly ball with the greatest possible grace, but he surely can glom the pill when it soars in his direction. Holt is a fast runner, he is a fine hitter, he can throw with both hands, although his greatest speed is obtainable with the right wing. Alva has a powerful sunny side while, too.

Holt is one of the 14 players turned over to the Zanesville club, the Grand Rapids club was purchased by Dr. Harley Parker from Bert Annis.

Volley Ball Games to Begin.

The busy and business men's clubs of the association will meet at 8:15 o'clock Friday night in the first of a series of volley ball games. A schedule has been arranged for a series of games in the next five months. The office men are organizing, and are expected to carry off high honors. The Square boys are said to be in good shape, and will call capers in the three "grin" classes.

DECLARES AGAINST SALOON

C. G. Conn's Newspaper at Elkhart Begins Fight.

The Tribune's Special Service.

ELKHART, Ind., Feb. 8.—The Truth, C. G. Conn's newspaper, has come out in an open fight against saloon domination over political and municipal affairs. The position of the publication in the coming local option campaign is stated in the following editorial signed by C. G. Conn:

"Truth is deeply interested in what is known as the saloon domination of the present status of the local option law and to put an end to saloon domination over the affairs and future of our beautiful little city. No unprejudiced person can deny that there is either one or more saloons conducting a traffic that robs women and children against their rights to the full enjoyment of the earnings of those on whom they are dependent, and which is slowly and surely destroying the integrity of the home, the foundation stone of a nation, which is upheld and maintained. There is no reasonable argument, no palatable excuse, no sane apology for upholding a traffic that robs the present and future happiness of the present and future hopes of our boys and girls.

"Think of the misery that he is spared of the untold mental and physical afflictions brought on the human race by the curse of the alcoholic drink traffic. Think of the many homes that have come under your eyes where, vation where strong, manly men have gone down in drunkard's graves, and where helpless, innocent women and children have been left to battle with the moral weakness of those who pay tribute salooms. The only excuse any man can make for drinking liquor is that it momentarily exhilarates and causes one to forget that he is enjoying himself. The object of calling the attention of the public to the evil of or and drinking men, beside families and winners of bread and butter for the support of wives and children, shall again be deprived of a part of the earnings of the wage earner.

"Every right minded voter should cast his ballot against this proposition, and every person, man or woman, interested in the welfare of this city, especially the mothers, should be ready to work hard, vote hard, pray faithfully and zealously for the defeat of the saloon liquor traffic. That is what Truth will do."

PEACE IS IN SIGHT FOR HONDURANS

DAVILLA AND BONILLA AGREE TO ARMISTICE.

As Result of Action War in Central America May Soon Come to an End.

By Associated Press.

WASHINGTON, Feb. 8.—President Davila, of Honduras, and Gen. Bonilla, his revolutionary opponent, have agreed to an armistice. This information was received by the state department to-day in telegrams from Tegucigalpa and Puerto Cortez.

This puts into effect the armistice between President Davila and his revolutionary opponent, Bonilla. The revolutionists have the sole victory in the negotiations inaugurated by the United States government. President Davila agreed to a condition to the acceptance of the armistice proposal, Gen. Manuel Bonilla demanded that he be permitted to occupy Puerto Cortez, which the government forces evacuated one week ago, when it became apparent that the revolutionists proposed to attack the port.

After communicating with the state department at Washington, Commander Slavis, of the cruiser Tacoma, notified Gen. Chrisman that the national forces would withdraw and do not attack the port, and the Tacoma and Red Fien, Chrisman that the national forces would withdraw and do not attack the port, and the Tacoma and Red Fien, Chrisman that the American and British blue jackets who have patrolled the place since its occupation, were returned to the Tacoma and the Brilliant. The Tacoma and Brilliant are now at the Tacoma will now be tugged in current.

Gen. Bonilla, who is expected to reach Puerto Cortez from Colina tonight, and Manuel Rivera, minister general of the provisional government, who left Tegucigalpa yesterday, President Davila will be represented by Gen. Maximo B. Rosales, a former vice president of the republic, and Dr. Burchona, former Honduran minister to Guatemala.

The Coffey and Kennelly cribbage club defeats dthe Bredennis club last night at cribbage, at the Bredennis place, 44 to 36. This makes a game apiece for the cribbage experts, and the rubber will be played off next Tuesday night at the Bredennis place.

S.S.S.
CURES BLOOD POISON

A great many so-called remedies for Contagious Blood Poison are composed almost entirely of strong mineral ingredients. They seem to be compounded with the idea that one potent, irritant antiseptic—provided the stomach and delicate portions of the system can withstand the effects of the strong treatment. These concoctions are intended to kill the poison in the system. In this article we want to tell you of S.S.S., a purely vegetable remedy for Contagious Blood Poison, a medicine that not only cures the disease, but one which from the first dose has a fine tonic effect upon the stomach and the entire system. Nor does S.S.S. attempt to kill the germs within the system, but cures by REMOVING them from the blood—which is absolutely the only way to cure the disease.

It does not require any argument to establish the fact that a blood disease can be cured only by a blood purifier; every one will admit the truthfulness of this statement. The question of most importance therefore is, what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S.S.S., and offer as proof the fact that for more than forty years it has been sold under this claim and the demand for it has steadily increased, and we have thousands of testimonials from cured patients from all parts of the country.

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood, until it becomes a thorough systemic poison. Its first symptom is usually a tiny sore or pimple, but it rapidly spreads, and in a short while the entire body gives evidence of the poison in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored splotches appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the ravages of the poison, must be built up before health can be restored. *S.S.S. CURES CONTAGIOUS BLOOD POISON BY PURIFYING THE BLOOD.* It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect as well as lasting cure. S.S.S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral of any kind enters into the composition of this great medicine. S.S.S. is perfectly safe for any one to take, and instead of upsetting the stomach as mineral medicines do, it tones up this important member and makes digestion easy. Thousands have cured themselves of Contagious Blood Poison by the use of S.S.S., and if you will write and request it we will send you, without charge, a Home Treatment Book, which will give you all necessary information for curing yourself at your own home. We will also give you free any special medical advice you ask for. S.S.S. cures by making pure, healthy blood—Nature's real remedy.

S.S.S. CURED HIM.

I was afflicted with a horrible blood disease, which was in its worst form. Sores appeared all over my body. These soon broke out into ulcers, and I was so lame in the ankle that I could not walk. The doctors convinced me that the disease had got a firm hold on my system, and I was given up to die. I was cured, however, by S.S.S. I then tried a few bottles as a precaution, but they did not match the great work of the first bottle. The first bottle cured me, and I have improved, and was delighted with the result. The large red splotches on my body disappeared, the sores smaller, and began to show signs of healing. I regained my lost weight, and my friends noticed that I looked greatly improved. My wife soon noticed my improvement, and my skin became as a piece of glass. M. L. MEYERS
