MICHIGAN STATE HURLER SUBDUES IRISH BATS FOR 3 TO 2 WIN

WINNING TALLY IS SCORED ON DISPUTED PLAY

Double Killing Ruled Improperly Executed Pait Hurls Well.

The Tribune's Special Service.

EAST LANSING, Mich., May 3.—Fisher, Michigan State hurler, held Notre Dame's Fighting Irish baseball nine to five hits, enabling his team to triumph, 3 to 2, in a close pitcher's duel here to-day.

Lefty Pait, Irish twirler, yielded only seven singles to the locals.

The run which beat Notre Dame came in the fourth frining when a double play which would have retired the side was ruled improperly executed. With Barnard on third and Griffin on first, and one out, Crail rolled to Askew, Irish second baseman. Palermo, shortstop, came across second, received the ball from Askew and apparently completed the double play, getting Crail at first, but it was ruled he had passed second before the ball came to his hand, and meantime, Barnard had crossed home, which proved to be the winning run.

The Michigan Staters garnered their other two runs in the second frame. Sachs on base when Askew kicked his grounder. Barnard advanced him on a sacrifice hit. Sachs went to third on Pero's single and scored on Griffin's infield hit. Pero, who had reached second on a fielder's choice, Notre Dame double play failed. Notre Dame secured its runs on Askew's wall. Palermo's triple and Tetlow's single.

SPORT SLANTS

At the outset, anyway, it looks like a left-handed season in the major leagues.

For the first abbreviated, storm-swept week of the campaign witnessed brilliant pitching performances by Robert Moses Grove of the Athletics, Harry French of the Pirates, Will Sill Hallahan of the Cardinals, Lester Sweetlan of the Phillies, Watson Clark of the Brooklyn Robins, Earl Whitehill of the Tigers and Bill Walker of the Giants—all tossing curves and high hard ones from the port side.

Few teams have ever captured pennants without at least one good left-hander and most of the contenders are well equipped with lefties. Of course, there are exceptions. Take a look at the best in Grove and Walberg. Grove is a good bet to lead the twirlers of both leagues in all-around performances this year.

The Giants depend on three southpaws, Hubbell, Walker and Frustt, to keep them in the race. Elliott and Clark are Brooklyn portside aces. Winterbill is the mainstay of the Tigers. Lefty Stewart sound heavily upon French and Petty.

The Yankees have Zachary, Wells and Pennock for left-handed mound chores but Pennock is about through and Zachary, despite an exceptional year in 1929, cannot toil regularly. The Yankees, if they go anywhere in the race this year, must get right-handed contributions from Pipgras, Hoyt and Shocker. . . .

Southern Methodist university rapidly is strolling along the path that leads to a conspicuous place in the national collegiate spotlight.

The Mustangs take on Notre Dame and the Navy this year in two of the most spectacular gridirons in sectional engagements and Ray Morrison, the S. M. U. gridiron mentor, is a central figure in the mid-summer coaching school to be conducted at Dallas, July 1-14.

Flacking Morrison in the assembly of experts engaged for the summer sessions are Howard Jones, Southern California; Glenn Thistlethwaite, Illinois and Ward Lambert, who labored Purdue's Big Ten basketball champions last winter.

The Carmen Basile circus picked a bad spot to tip its hand—Oakland, California, just across the bay from San Francisco and in the center of an area that is at "fight-for" so any we can think of offhand.

Lefty Stewart, Detroit century has been "fading" by experts, going back to the palmy days of Jim Griffith and Tris Speaker. The critical row around the ringside has been the best of Stewart's alibis and it is that it required no microscopic eye to detect the breakaway in the Carmen-Chevalier affair.

Everything was all right in Oakland, it seems, until the Negro Chevalier started throwing earnest punches to the Carmen jaw.

Then Referee Jack Dempsey, a Tribe intimate of the lists, 15-hatted Basilling Bill, double-crossed George Carpentier and beat the Orchid man to a frame for the light-heavyweight championship instead of carrying out the original agreement to take it on the chin. . . .

Alone of the eight pilots involved in major league managerial shifts since last year, Bill Carrigan of the Boston Red Sox quit of his own accord. Jack Hendricks, former Cincinnati plus, was in a receptive mood for a new job. He made a strong bid for the presidency of the Long Island league but lost out and is now with the Jersey City minor league baseball outfit.

Donie Bush, Dan Howley and Bill McKechnie still are pilots but in different surroundings. Bush and Howley changed leagues, Lena Blackburne, ex-White Sox manager, went to the Browns as a coach. Death checked the career of Miller Huggins and Bill Killefer, who had served two-month stints as president were sufficient, windwards in favor of McKechnie. . . .

Baseball's first week of major league play featured the finest brand of pitching we have seen, too, in the school in a blue moon. In the shutouts, three in each circuit, were recorded in as many days.

The Phillies, hardest hitting club in either league, collected four runs in their first three games.

And the despised Red Sox beat Hoyt and Pennock of the Yankees in a doubleheader on the same day. Something the Bostons haven't done since the original Sox of Paul Revere. . . .

the Boston Red Sox, who fell victims to the Warriors' bat clubs to-day by a 6 to 5 score. Cleveland scored four runs in the last two innings to annex its fifth straight victory.

A last-inning rally by the Sox, in which two runs were scored, was spoiled when Regan started a double play by driving into Burnett's hands at third. The fielding and winnings runs were on base at the time.

Burnett led the Indian attack with two doubles and a single.

BRUINS CARDED FOR 3 BATTLES DURING WEEK

LaPorte, Goshen, Huntington Central Foes; Maroons Have Two Tilts.

Coach Elmer H. Bugbham's diamond protégés battle pounding the proverbial chicks before they hatch, but they can't help feeling that they are the class of the eastern division, since in the 1, 2, 3, 4, 5 C.

The Bears will have a chance to reinforce their convictions this week when they play the LaPorte Giants at LaPorte Tuesday and the Goshen Red Sox at School field here Friday. As a good week-end fill-out the Bruins tackle the Vikings at Huntington, Ind., in a return game Saturday.

Meanwhile the Mishawaka Maroons oppose Michigan City on their home grounds Tuesday and LaPorte on Friday. Since Mishawaka and Central are tied for the N. I. H. S. C. leadership, the results of the games of one of these games will bear great significance as to the winner of this section.

Bruins Rest in Sight.

The Bruins, despite the loss of Chuck Borowski, hard-hitting left fielder, are the best line in sight, and there is no doubting it. They lambasted Mishawaka 41 to 2 in a practice tilt three weeks ago. Mishawaka, however, is a team of a different class, the latter by a 20-0 count. That it was over the Bulldogs 6 to 5 last Thursday; thus Mishawaka's easy win over Goshen spells another victory for Central next Friday.

In their first conference victory the Bruins shaded Michigan City, 4 to 2; yet the Red Devils were able to beat LaPorte, supposedly second best to Central, 4 to 1, last Friday. Which goes to show, in fact, that the Bruins should not encounter much trouble in the remainder of the schedule. Of course, conjectative scores sometimes lead to conclusions that are all "wet," but, win or lose, the Bruins, by their consistent hitting and their fine staff of hurlers, now appear headed for another title. All this, moreover, in spite of the fact that only three varsity players returned on the team at the beginning of the season.

The Bears' tilt with Huntington was set back from last Saturday. Huntington had, up to a, in the locale opener at School field.

Two Indianapolis dirt track drivers, Frank Swigart and Mack Hillman, have entered their autos. Ted Hartley, popular Roanoke speedster will compete, as will Red Marley of South Bend.

AMATEUR BALL LOOP TO START SLATE MAY 10

Mayor Hinkle Invited to Opening Contests; Season Card Announced.

With the entire season schedule made up and approved and the four teams entered working daily to get into trim, the South Bend Industrial Baseball league is all set to start its revival of amateur baseball in the city with a bang on May 10 at the Singer and Lincoln diamonds.

Paul Cadner, secretary-treasurer, announced Saturday that invitations had been sent to Mayor W. H. Hinkle and Clarence Rudd, president of the board of safety, to attend the opening games of competition in the league, which was formed early in the season also. The season is divided into two divisions, the first ending on June 28 and the second starting on July 12.

One thing your instrument board can't tell you—

How Good Are Your Brakes?

Your instrument board shows the condition of many things on your car—but there is nothing to show whether your brakes are safe.

There is only one way to make sure of quick-stop, dependable brakes. Have them inspected every 30 days by our factory trained men.

They use modern mechanical equipment to test and adjust your brakes with scientific accuracy. When relining is needed, we install only the highest grade of lining, selected to give the best performance and durability on your car.

With each brake adjustment we issue a certificate showing to the foot the stopping ability of your car. The Bendix-Cowdrey is the only brake tester that accurately predicts in advance the actual stopping distance of your car.

Economical... YES!

...as proved by many companies using Pontiacs for business

Although the Pontiac Big Six gives you the performance advantages of a 60-horsepower engine and the comfort advantages of big, roomy, substantially built bodies by Fisher—it is one of the most economical cars you can possibly own!

Scores of leading business houses have standardized on Pontiac for this reason. And typical of their experience is this statement from one firm operating forty-four:

"From the standpoint of cost of operation, our experience with the Pontiac Six is that its cost per mile is less than that of any other make or type of car we have ever used. This includes all gasoline, oil, tires, insurance and depreciation."

Buying a Pontiac Big Six means the enjoyment of big car performance at small car cost. You save when you buy—while you are driving—and when you are ready to trade.
