STUBBORN ECZEMA CASES YIELD TO POSLAM

Called "Greatest Skin Remedy in Europe or America."

"Poslam did for my wife, who is spending the winter abroad, what no doctor could do. Half the lar entirely cured her of the most disfiguring form of eczema, which had spread over her face. Fourteen days after the first application her face was fair, smooth and without a spot or blemish! We look upon it as nothing short of a miracle. We have tried many things, but never ever found either in Europe or America and we have tried celebrated specialists, all sorts of cures and many patent 'remedies.' This statement, coming from a well known merchant, Cort, Conn., is but one of the thousands of similar expressions regarding the actual accomplishments of poslam in the eradication of every form of skin disease, such as eczema, salt rheum, itch, psoriasis, shingles, etc., besides the minor skin affections (such as pimples, blackheads, red noses, sores, fever blisters), in which results are seen so rapidly.

Poslam is on sale in 50-cent boxes and $1 jars at all druggists' particularly in Chicago at Kuhn & Co. A free sample may be obtained by a postal or plain wrapper, by writing to the Emergency Laboratories, 32 West 25th street, New York city.

EMPLOY INSPECTOR TO EXAMINE HIGH SCHOOL

W. B. Ittner, Engineer of St. Louis, Mo., Will Look Over Building.

To inspect the South Bend High school on West Colfax avenue, to ascertain if there is any danger on account of cracks which have appeared in the building from time to time, William B. Ittner, an architect of St. Louis, Mo., has been employed by the board of school trustees. Mr. Ittner is a graduate of Harvard and has written on school architecture in the country. He holds the position of official architect for the school city of St. Louis.

The inspector will arrive the latter part of this week and will make a thorough examination of the building. A short time ago, a large stone fell from the cornice of the building and some apprehension was expressed as to the safety of the building. John Oliver, one of the contractors, said he did not believe the building is in any way unsafe but said the board believed it is the better plan to have the building inspected by a competent engineer and allay any fears of the public.

MUCH DAMAGE DONE BY WIND AND RAIN

Telegraph and Telephone Lines Put Out of Commission.

Several hundred telephones were put out of commission and telegraph wires were almost made useless for a time this morning, following a severe storm. Accompanied by a high wind and an electrical storm, rain dealed to the south in sheets for a considerable period. The storm marked the heaviest summer rain experienced during the season.

Telegraph wires out of South Bend were practically out of commission for several hours as a result of the storm. Wires leading from the Western Union office in the Postal company had a wire open to Chicago. Before noon, however, service had been restored on at least one wire of each company. Much trouble was caused largely by ground wires.

Telephone service in the city was seriously crippled. From 100 to 400 telephones were reported out of commission. Telephone company men were kept busy locating the cause of the trouble.

The wind attained a high velocity and damage was wrought in all parts of the city. No serious damage is reported, the damage being confined chiefly to fruit trees and various movable articles. Hundreds of peaches were stripped of apples, which were blown off the trees. Many were also blown off by the strong winds. Almost too late to directly benefit growing crops, other than garden truck.

STATION AGENT SHORT LARGE SUM IN MONTH

Northern Indiana Employe Admits Embezzling $299.06.

John McClary, ticket agent for the Northern Indiana railway in the station at Elkhart was arrested by South Bend police officers for embezzling funds of the company. The young man, who is only 18 years of age, is said to have stolen $299.06 of the company's money. He admits that he transferred the money, according to his own admission.

McClary was placed under arrest Sunday, but released to-day when his father came to South Bend and made good the shortage. The father lives in Michigan.

Complaint in the case was made by F. H. Cutshall, general manager of the railway, but it will probably be withdrawn as a result of the settlement.

POSTPONE LARCENY CASES

Three Charges of Theft Filed in the City Court.

Three larceny cases, one of grand larceny, were called before Judge O. A. Parkinson in the city court to-day. They were continued to permit investigation. JUSTICE WRIGHT IS BURIED AT RIVERVIEW

Funeral Service is Conducted by the Knights Templar.

With the full ritualistic service of South Bend Commandery, No. 13, Knights Templar, the funeral of William B. Wright, prominent in the city and member of the St. Joseph county bar, was held at the Riverview cemetery yesterday. Dr. Leland Stanford. The body was laid to rest in Riverview cemetery. The service was entirely in charge of the Knights Templar, both the ritualistic and burial service. The body was escorted to the cemetery by a large delegation of Masons and members of several other fraternal societies. Mr. Wright being identified with the Knights Templar, was buried under order in addition to a number of benefit fraternities. Dr. Henry Webb Johnson, of the First Presbyterian church, and Rev. H. B. Hostetler, of the First Methodist church, officiated at the grave in the cemetery.

The high esteem in which Justice Wright was held by those who knew him was expressed in the beautiful floral tributes which were placed on the casket. Hundreds of telegrams were received not only from friends in the city, but from many parts of the country where Mr. Wright had only a casual acquaintance. Telegrams were received that received from a couple in Michigan, where Justice Wright married a few months ago.

The pall bearers at palbearers were Samuel R. Thomas, Judge Frank Bryan, A. W. Byers, John Beyrer, O. A. Clark and County Treasurer Marshal Hughes. Music was furnished by a quartet composed of Mr. Hughes, Charles Kimmell, L. C. Wagner and Dr. Frank Hager. The funeral was attended by representative of a number of lodges of which Justice Wright was a member. A delegation from South Bend Tent, No. 211, Tribe of Ben Hur, participated in the funeral escort.

MAY GO TO PRISON FOR SPELL OF INTOXICATION

Think Ryan May Serve Long Sentence for Ordinary "Jag."

Timothy Ryan, 824 North St. Louis street, was drunk Saturday night and he admitted it when arraigned to-day before Judge O. A. Parkinson in the city court. Under ordinary circumstances the offense would mean nothing more serious than a $10 fine, but with Ryan, it means he will probably spend from 1 to 14 years in prison at Michigan City prison.

Ryan was given a sentence before Judge Walter A. Funk in the circuit court some time ago of from two to 14 years in the state prison for stealing from I. A. Sibley's hardware store, South Michigan street. He was also disfranchised for one year by the court. On his promise to reform and keep out of trouble, the prosecutor dropped the case against Ryan in the first complaint since his appearance in circuit court and this morning he was bound to the higher court for investigation. As the prisoner is a ward of the court, authorities say he will be sent to the penitentiary.

Warns County Clerk.

J. F. Davis, of 146 South Central avenue, Chicago, has written County Clerk F. P. Christoph and warned him not to issue a marriage license to his son, Lawrence, who is only 16 years old. The boy is said to have gone to Chicago for a license to wed Peter Godecki, of Chicago.

Complaint in Court.

Barney Stoltz filed suit in circuit court to-day against Charles S. Barnes to collect judgment of $178 on two promissory notes. The paper is said to be about two years old.

SouthBend

South Bend, with a population close to 60,000, is the largest of northern Indiana and the manufacturing, commercial and transportation center of northern Indiana and northern Michigan. The capital of St. Joseph county, it is situated on a bend of the Indiana river and has miles of the finest residence streets in the country. It has manufactures made in the world. It has much to attract as a place of residence, manufacturing and general business.

South Bend's transportation facilities are unsurpassed. Four railroads and an electric interurban line from adjoining cities which mean much to the manufacturer seeking new room and quick transportation. Its nearness to the lake cities, Chicago and Michigan City, gives it a great advantage in the matter of distribution and advantages which meet up with those of any other manufacturing city. Its manufacturing interests offer many very valuable opportunities to prospective manufacturers. Its population is made up of people from practically every part of the civilized world, a fact which makes for a cosmopolitan community. In addition to these the city seems blessed with a wonderful water supply.

Some striking information about South Bend's water supply is given by Dr. Leland Stanford, president of South Bend Commercial club, who says: "South Bend has the largest in the world artificial sand filtration plant. It has a capacity of 20,000,000 gallons a day. Its water supply comes from 1,000 driven wells, 1,000 feet in depth, 1,000 feet apart, in the sand and gravel beds of the Kankakee and Elkhart rivers, which are 1,000 feet apart. Its water is 1,000 feet from the nearest sewer, and 1,000 feet from the nearest barn. Its water is free from bacteria, bacteria beds, bacteria and sand filtration, and is free from sediment, color, odor and taste. It is free from bacteria, sediment, color, odor and taste. It is free from bacteria, bacteria beds, bacteria and sand filtration, and is free from
