NEW RECORD MADE BY WILLIE HAUPT

AMERICAN DRIVER SET MARK IN SPIN AT SAVANNAH.

BIG COURSE IS COVERED

During Autoist Travels Stretches at Rate of Ninety Miles an Hour, Making Entire Trip of 25 Miles in 21:06.

SAVANNAH, Ga., Nov. 24.—Although the 14 foreign cars in the grand prize race to be run here Thursday are still the favorites over their six American rivals, the honors of the final practice spins over the 25 mile course went to one of the American entrants, and the automobile enthusiasts who are anxious for an American victory over the flower of the foreign makes have grown decidedly more hopeful.

Willie Haupt, a young American driver, who began his racing career not more than two years ago and who has amazed some of the older men at the wheel by his seemingly reckless speeding around the turns, made one round of the course yesterday at an average speed of approximately 71 miles an hour, and in the process he caught the lap at 21:06. To gain this average over a course which has banked turns and 24 flat curves, it was necessary for the young driver of the Chadwick car to attain a speed of 90 miles an hour in the straight stretches.

Haupt reported after the race that because of excessive oil on the course at one into his car spun along on two wheels for 40 feet or more. On his a time from one of the rear wheels. His speed was so great that when the car was brought to a stop and the mechanics sent back, no trace of the tire could be found. It had been ripped off into the dense undergrowth, ailing the Ferguson avenue stretch could be found.

Lewis Strang, a member of the Renault French team, made three laps of the course in remarkably fast time, the first lap being made in 21:18, 21:24 and the third in 21:41. This meant an average speed of about 69 miles an hour.

Foreign vs. American Cars.

The speed attained by the foreign and American drivers in the preliminary practice runs gave considerable story of a new American record for road racing on Thursday. In the Vanderbilt cup they our Robertson's winning time was 64.3 miles an hour. In the Grand Prix the record was 61.42 miles an hour. In 1905 it was 62.88, and in 1904 the best average was 59.6 miles. In the Grand Prix race of the Automobile club of France the average speed of the winner in 1906 was 62.5 miles an hour, in 1907 it was 59.9 for the winner, and in 1908 the winner's mark was 69 miles an hour. Szisz, who won the Grand Prix in 1906, Nazzaro, who was the same classic in 1907, and Hemery, who ran second to Szisz in the Grand Prix of 1906, are all entering in the race to be run here on Thursday.

The "baby cars," entered in the international legal car race, to be run in conjunction with Thursday's race for the American Grand Prize, made their on the course yesterday and succeeded in getting new marks for the perfect rectangle which comprises the short 14 mile course. This course, which is part of the larger grand circuit, has two sharp turns and one left-handed, Sarman, the driver who has smashed up two cars and one mechanician and who had to go it alone in many of his trial spins thereon, yesterday made the 14 mile Blitz in 10:18, or an average of between 17 and 18 miles an hour.

The best average the promoters of the race have dared to hope for for the three Blitz 280 miles is 45 miles an hour. J. Cameron, driving a Lancia, made the circuit of the short course in 10:18, (to second) best time of the day for light cars.

More than 7,000 persons crowded the grand stands to witness the last of the practice runs for the big race, and the interest taken in the event here is intense.

BOTH CONFIDENT OF VICTORY.

Hayes Ready to Meet Italian Runner in Great Race.

The Tribune's Special Service.

NEW YORK, Nov. 24.—Madison Square Garden will probably hold a big crowd tomorrow evening when John J. Hayes, winner of the Olympic Marathon, at London last summer, again meets Pietri Dorando, the stout hearted little Italian runner who was half carried and half pushed across the tape in front of the American and was afterward disqualified owing to this assistance. Both men are confident Hayes stands chance for practically a re-running of this most famous of long distance races. It is stipulated that the full Marathon distance—26 miles and 385 yards—be run.

Managers of both men declare that they are in good condition for the grilling contest. Dorando is under the management of Pat Powers and Harry

PLUCKY JIMMY BUTLER REFUSES $10,000 OFFER TO PLEASE MOTHER

Dawn near Lexington, Ky., so as for the best ride available to go to France for the Grand Prix, which is the greatest race for first place on the French turf. Butler was selected. Mr. Winn wired at Cleis representative and offered Jimmy $10,000 per year for a three-year contract, but the boy refused, saying he wished to be with his mother and wanted to stay in America for the sake of his mother.

Politics should be debat Hayes, he will stay some time in America and meet all comers. Hundreds of Italian-American admirers of Dorando will be on hand to cheer the little Italian to stand. Hayes has been training for the race at the Pastime Athletic club and has had the assistance of George Cannon, the well-known bicycle rider.

SQUAD HAS LIGHT PRACTICE.

Scrimmage is Held With Both Teams Scoring Evenly.

The Notre Dame varsity and second, clashed in a 15 minute scrimmage yesterday afternoon the score at the end of which was 5 to 5. The second played a kicking game almost entirely.

Coach Place was not pleased with the showing of his men, although the work was fairly good. When the scrimmage was concluded the squad was sent through a falling on the ball drill, each man being given a chance to bring ball up with a bad "Charley Horse." This injury will keep him out of the Marquette game Thursday. Hamilton, the star quarter back, will be in the game Thursday.

Tuesday's practice will be the final one for the Marquette game. The squad leaves for Chicago tomorrow morning and will proceed to Milwaukee in the evening. Coach Place to-day gave out the following lineup which will probably be the one used against Marquette: Ben, left end; Keller, left tackle; Lynch, left guard; Mertes, center; Edwards, right guard; Dolan, right tackle; Matthews or Maloney, right end; Hamilton, quarter back; Kanaley, left half; Roe, right half; Vaughn, full back.

FORWARD PASS IS PERFECTED.

Coach Romine Chases High School Players Through Drill.

With two more afternoons or practice before the Goshen game, Coach Romine, yesterday afternoon, chased the High school squad through the most rigid practice of the season. The perfection of the forward pass was the main object of the practice, and if the weather conditions permit, the game Thursday will be a good exhibition of the forward pass. Several new plays were tried which were the special drills, kept the boys busy till after dark.

A large meeting of the High school football team was held in the assembly hall yesterday afternoon to prepare for the game with Goshen. Coach Romine was present and practiced, which with pulls given by the boys, showed the effect of which that will prevail. About two special cars will carry a crowd to the Goshen game Thursday afternoon. The Goshen rooters will occupy the north side lines.

BLACKBURN WINS EASY BOUT.

Defeats Mike Donovan in Six Rounds at Pittsburg.

PITTSBURG, Pa., Nov. 24.—Before the new National Sporting club of Pittsburg last night Jack Blackburn, the colored lightweight of Philadelphia, outpointed Mike Donovan, of Rochester, N. Y., most decidedly in six rounds.

Donovan made a decidedly bad showing against his dark opponent, Blackburn, the latter hitting at both near and clever, because the latter tried to block entirely with the ...

The long reach of Blackburn and his fast foot work seemed to bewilder Donovan, who was both fat and slow, and after the first round the white man was unable to hit the mark.

The first was from the lightweight class, by a score of 15 to 1 and the second was a knockout, Dean of the Keio university, which was defeated by a score of 4 to 0.

There was a great attendance at the games and much enthusiasm was displayed.

Neil Meets Owen Moran.
