SOUTH BEND PLAYS SNAPPY BALL; WINS

DEFEATS ZANESVILLE IN OPENING CONTEST, 5 TO 3.

SMITH GIVEN SUPPORT

In Fourth Inning Great Starts Trouble With Single, Paving the Way as Four Runs—Errors Prove Costly.

The Tribune's Special Service.

ZANESVILLE, O., July 7.—With Smith having the better support, South Bend defeated Zanesville in the first game of the series yesterday by a score of 5 to 3. Walker was hit hard for nine singles and South Bend scored on bunched hits and errors.

South Bend started the fireworks in the third inning when Grant led off with a single to right. Smith ascertfong him to second and the little leader went to third on Craven's out. Houts dropped Coffey's fly, allowing Grant to score, Coffey getting life at first. Koehler and Shehan singled, scoring Coffey, and Hayworth hit safely bringing Koehler across the rubber for another count. Then Sheehan came home on Kurtz's swat to centre and Foy fanned.

In the seventh South Bend scored another run when Smith singled and stolen second. Houts hit safely and Smith scored. Coffey was out when Thomas heaved Sheehan's grounder wildly to first.

First blood came for Zanesville in the fifth. Swarthing tripled and scored on Thomas' single. Miller was passed and Thomas stolen second. Foy scored on Nadeau's three bagger to center. Lloyd followed with another triple, bringing Nadeau home. Fast fielding by Grant and Koehler retired the side.

STUDEBAKER CARS ENTERED.

Three Machines Will Represent South Bend Firm.

Formal entry has recently been made of a team of three Studebaker model "E" 30 h. p. touring cars, in the fifth annual reliability touring contest for the Glidden trophy. The team will be under the direction of Frank Yerger, of the Studebaker branch in Philadelphia and will be entered from the Rochester Automobile club.

This is the first appearance of a Studebaker car in the Glidden event and as this car is especially adapted for long distance reliability, they hope to make a good showing.

In addition to the Studebaker team of three cars, the Studebakers have entered a press car as a non-contestant. The chassis of this car is the one used in the chassis which made such a phenomenal trip last winter carrying Gen. Grant's message from New York to Fort Leavenworth. The chassis was recently overhauled at the factory and finding it in such an excellent condition, it was decided to enter it in the Glidden tour.

Reports indicate that this year's tour will be rather a trying event, but it cannot present the difficulties and trying conditions encountered in the successfully overcome by the Studebaker Army Dispatch car last winter. This second long trip will doubtless be watched closely by many who followed with interest the progress of the Studebaker Army Dispatch car.

MIKE BROSIUS IS RELEASED.

Central League Pitcher is Canned by Fort Wayne.

Mike Brosius, one of the classiest twirlers in the Central league last season, has been an utter failure so far this season and after having been tried out by both Terre Haute and Fort Wayne, was given the can by Fort Wayne before the team left for Evansville.

Brosius' sahry wing is on the bummer this season and although he has been under the care of an osteopath for some time has derived but little benefit from the treatment. He got his start among the fast semi-pro teams of Indiana and Ohio. Brosius has had his release left immediately for his home where he will probably work with some of his former team mates again.

KALAMAZOO BIDS FOR MATCH.

Michigan Wants Stanley Ketchel-Billy Papke Battle.

KALAMAZOO, Mich., July 7.—There is a movement on foot to secure Stanley Ketchel, the Michigan giant, and "Billy" Papke, the "Illinois thunderbolt" for a fight to be held here during the grand circuit harness race meeting that will be held August 3 to 7.

All arrangements and correspondence so far has been carried on by the Kalamazoo Athletic club, and if the efforts to promote the match are successful the fight probably will be held Thursday night, Aug. 6, at Riverview park.

The ring will be placed in front of the grandstand and elevated about four feet from the ground. It is expected that fully 8,000 people can be accommodated and will be able to see the match satisfactorily.

ATTELL POSTS HIS FORFEIT.

May Soon Bind Match With Battling Nelson.

NEW YORK, July 7.—Abe Attell, the bantamweight champion, is just ready to fight Battling Nelson, the lightweight champion, for his title. Attell yesterday posted $1,000 to bind a match with Nelson for a stakes of $5,000. He insists upon the side bet and that the weight be 133 pounds at the ringside. Nelson wants 133 at 3 p. m. Date name all the other conditions.

The bantam champion suggests that the fight be held before Jim Griffith's club in California, but will be willing to go anywhere else, if better inducements are offered.

BARRY MEETS FLYNN TO-NIGHT

Fighters Will Mask Up for Twenty Round Battle.

DENVER, Col., July 6.—Jim Barry, of Chicago, and Jim Flynn, the Pueblo Bronco, will fight 20 rounds at the Coliseum here tomorrow night. Promoter A. C. Ackerman, who has been in Denver for several weeks, has arranged to accommodate a large crowd of convention visitors, seats having been arranged for 8,000. The winner of the fight will meet Al Kaufman before Jim Jeffries' Vernon, Cal., club, next month.

FLEMING BOY MAKES RECORD.

Green Trotter is Driven Mile in 2:07 1-4.

PEORIA, Ill., July 7.—Records went by the board at yesterday's Peoria races. Fleming Boy, driven by Dean, negotiated the mile in the third heat of the 2:12 trotting in 2:07 1-4, a world's record for green trotters, and the fastest trotting mile of the year.

Fleming Boy won the race, taking the first and third heats easily and finishing fourth in the second.

Player Dies from Injuries.

WILKESBARRE, Pa., July 7.—Harry Cole, of Berwick, a player on the Hoban baseball team, who was knocked senseless by a pitched ball at Sahnyder, Pa., on June 28, in a hospital here yesterday. He was brought here last night for treatment. He never rallied and never regained consciousness. A fast inshoot thrown by Pitcher Howard Shannon, of the Dodge team, struck Cole above the left ear and fractured his skull.

WHY IS IT

That the man who knocks the team the hardest— Always reads the Bulletin board instead of going out to the park when the team plays at home?

YANKEE ATHLETES PRACTICING HARD

MEN FOR OLYMPIC GAMES ARE IN GOOD CONDITION.

Events Scheduled for the Week in Sporting Worlds are Varied and Many—Auto Endurance Run.

NEW YORK, July 7.—The American athletes are hard at practice in England for the forthcoming Olympic games which begin next week. Reports that have been received here say that as a whole the men are in good shape.

The principal athletic meet of the week in the United States will be the Amateur Athletic Union junior championships for the Metropolitan district which will take place next Sunday at Travers Island.

The pastimers have some interesting contests arranged for the week. The Knickerbocker Yacht club will give Gravesend bay in the run to Cape May and return for the Lipton cup will finish early in the week. The New York Yacht club will hold a regatta on the sound next Saturday.

Friday and Saturday in Huntington bay the yachts will race for the place the most important of the motor boat races of the week. These races will be for the purpose of selecting three defenders of the British international cup which was won last year by the Dixie.

Starting from Buffalo next Thursday morning between 50 and 60 automobiles will begin the long endurance run for the Glidden and Hower trophies. The run will cover 1,049 miles and is scheduled to end at Saratoga July 21.

The forty automobile race will be the race for the Grand Prix which will take place over the Dieppe, France course July 7. Twenty-four cars are entered, among them being one American machine, the Teroman car, which recently won the Briarcliffe race. The course is 496 miles.

The Olympic games will be the south-ern championships to be played at Atlanta, beginning Monday, and the Delaware state championships, and the Illinois state championships, which will be contested next Saturday at Wilmington and Chicago, respectively.

Footballs New Yorker.

A New Yorker diving in the Passaic river to recover a diamond pin, which he found, had a mussel close its shell on his fingers. On reaching the mud bank he found it contained a pearl worth $1,000.

The Tribune prints the news.

FEW YOUNGSTERS STAND MAJOR PACE

BIG LEAGUES TOO FAST FOR YOUNG PLAYERS.

RECRUITS HAVE FAILED

Scouts Report that But Small Number of Men in Minor Company This Season are Worthy of Trial —Pitchers Needed.

BOSTON, Mass., July 7.—"Where have the phenomenal flows I hear talk Tim Murnane. During March and early April the two leagues were crowded full of wonderful young ball players. The reliable old players were booked for the brush. "We must have fast men," was the cry of the fan. Time has shown the veteran to be the most valuable asset a ball club can control. Speed doesn't amount to much unless the player has all the other essentials that go to make up the winning combination.

Looking over the two major leagues one is actually surprised at the failure of the young recruits to make good. About the only ones showing good form are those who have been in the major leagues before and went back to the minors to get more experience.

Tom O'Brien, the clever Cleveland scout, returned to Cleveland a few days ago after touring the country and said that he saw less than six men whom he considered worthy of a trial. This is true of all scouts. Considering a small army of half-baked youngsters is a losing game and will be cut out hereafter by most of the clubs, and little will prove a blessing for the smaller clubs, as it will help to keep salaries down.

There hasn't been a time in 10 years where heady pitching is telling as it is to-day. The batsmen have found a way to meet the spitball, in fact they have a way of knowing when a spitter or a ball can be made to take by the pitcher, with the exception of the outcurve, and in this way they have the batsmen on the defensive. I saw the Chicago team in Philadelphia a short time ago between Philadelphia and Boston, with McGuillan and Tom McCarthy pitching and that closed the strikeout business for the day. As the score was close both men worked hard and the batters knew that a hit or two was sure to be fatal, and it showed that the day for strikeouts was on the decline.

SouthBend

South Bend, population approaching 60,000, is the seat of St. Joseph county, Indiana and the capital of St. Joseph county, is situated on the St. Joseph river, one of the most picturesque inland streams in the world, six miles south of the Indiana-Michigan line. It is regarded as one of the cleanest, best paved and healthiest cities in America.

It has eight steam railroads, five street railways, electric interurban systems in adjacent territory, and is one of the best points for manufacturing, general business and residence in the United States. South is 90 miles east of Chicago and within a day's ride of New York city. Many factories seeking a location should consider the advantages offered by South Bend. Not advantages, but opportunity is a factor. With scores of prospective manufacturers considering the question of a location, South Bend is one of the civilized world. South Bend is one of the best manufacturing cities in America. It is a strong city for good labor to boost the name of South Bend. Here are a few of the leading industries of South Bend:

The leader is a business society.

The best place to live in.

The kindergarten system.

The best school system.

Beautiful outlying parks.

A government building.

The best paved streets.

A $100,000 court house.

Two well equipped hospitals.

The best water works system.

The world's largest car wheel.

The largest vehicle plant in the world.

Three miles of paved streets.

The world's largest sewing machine case factory.

The largest vehicle plant in the world.

The largest wood turning plant in the world.

Extensive gas and electric lighting plants.

Unrivaled facilities as a manufacturing city.

Over 100 fraternal and benevolent societies.

One of the largest watch factories in America.

Unrivaled qualifications as a place of residence.

One of the largest underwear mills in America.

Largest concrete block machine factory in America.

A business amounting to about $50,000,000 annually.

The largest exclusively men's underwear mills in America.

American District Telegraph company operating.

Western Union and Postal Telegraph companies — Western Union and Postal.

The largest Christian association and boys' home.

The largest pulley box factory in Indiana.

Two of the best hotels in Indiana.

The Oliver Hotel, one of the finest examples of all rags with pure oxygen water.

Young Women's Christian Association and Y. M. C. A. buildings and work.

The largest kitchen cabinet factory in Indiana and one of the largest in the world.

Two of the best equipped theatres and seating 2,2 Young Women's Christian association.

Unlimited opportunities for profitable employment for bright and energetic men and women.

Capacity of the bandstand theatre in the west, of 1,000, 1,200 and 1,500 seating capacity.

Twelve church organizations, many with church edifices of striking architectural appearance.

Population of about 200,000 reached by electric railway service of which South Bend is the center.

Unlimited home site and profitable opportunities for the investment of capital in good manufacturing and other enterprises.

A paid fire department of 12 companies with 2 hook and ladder companies, 2 hose companies, 2 steam fire engines, 2 fire department, and 300 fire hydrants.

Two of the best equipped hospitals, one of the best equipped public library in Indiana, being one of the finest and most beautiful in the state.

Many large factories in metal, athletic, literary and dramatic objects, several in the world, and many others which have varied and extensive distribution.

Fourteen public and a number of parochial schools, one of the finest in Indiana, the world-famed St. Mary's academy for girls, and the Notre Dame university.

Eight railroads, Lake Shore & Michigan Southern, Grand Trunk Western, Michigan Central, Pere Marquette, Chicago, Indiana & Southern, Wabash, and Chicago, Indiana & Louisville.

The business and residence section of South Bend is served by three steam railways, the Chicago, Lake Shore & Eastern, the Michigan Central, the Pere Marquette, Chicago, Indiana & Southern, Wabash, Grand Trunk Western, Chicago, Indiana & Louisville, and Michigan Central, and by three passenger stations with a daily capacity of 100 passenger trains
