TO SIGN MORRISSEY

SOUTH BEND WILL GET FORMER GRAND RAPIDS STAR.

NEW PLAYERS ENGAGED

Local Management Lands Large Number at Men for Next Summer's Pennant Chasers—Said to be Gold Ones.

John Morrissey, former captain and manager of the Grand Rapids aggregation, will be a member of the South Bend team when the season opens. He will be signed in a short time and will report for practice with the local when the call is issued. The deal for Morrissey has been pending for some time, but is now just about clinched and the player will be seen with the locals, as a result in a measure of the [illegible] or Billy Gilbert, formerly of the New York Giants to the Newark Federal league club. Morrissey was signed by the Newark club to play second base, but Gilbert will be used in that position, so there will be no need of Morrissey.

The second baseman did not have a chance to distinguish himself last year having broken a leg in a game against the Chicago Americans at Grand Rapids, but he will be all right by the time the season opens and will be certainly useful to the local club. It is said he will be used on second base.

Among other players signed so far are Johnson, the star catcher, whom Manager Grant picked up at Frankfort, and who is said to be a wonder; Third Baseman N. P. Craigshank, who was a member of the Brooklyn team, but was unable to play last year on account of illness, and George Ryan, a pitcher, who was with the Greenville, Mich., and who is touted to be a star.

Hiner, the shortstop, who was signed by Grant at Paris, Ill., is only 21 years old, but weighs 175 pounds. He is a good fielder and a good hitter, and is a fast runner and a good thrower. A. Fisher, a southpaw twirler from Martinsville, Ind., who played with independent teams during the last two years, will be here also. He has accepted his contract and is a site footer with a curved speed. Nolan is another pitcher who has been signed by with Shaffer, where Carl Comisky, the new first baseman, was also found, John Kendall, of Urbana, Ill., has been signed also.

Trouble is anticipated in signing the old men who are wanted, and among them, Tieman is expected to play in the outfield.

THREE I LEAGUE MEETING.

Circuit Question One Problem That Confronts Magnates.

Chicago, Jan. 15.—The "Three" I" league will hold its annual meeting here to-day at the Sherman house. Matters of vital importance to that organization will be settled. A city to fill the place of Davenport will be selected and the vote on the proposition will be close. Peoria, Springfield and Bloomington want Danville in the league, and Cedar Rapids, Dubuque and Rock Island are favoring Clinton, Ia.

Decatur, Ill., will have the deciding vote, and it is claimed that Decatur will be found allied with the southeastern towns of the circuit and will vote to give the franchise to Danville. The street railways of Danville are behind the movement to land the franchise and it is said that they will be enabled to have the same kind of backing.

The same towns favoring Danville for a place in the league want Edward Holland, of Bloomington, retained as president of the league. Holland's service said to be lined up for James T. Hayes, of Davenport. Decatur is on the fence and whichever way its vote goes will determine the presidency.

The schedule for the league is outlined, a schedule committee will be appointed to draw up the programme of games for 1907. "The "Three I" magnates are expected to pass a rule placing a salary limit for each club at $1,600 a month.

DEAL A MIX-UP.

Herrmann Refuses to Take Chances on Utility Man's Playing.

From appearances the Chicago National League club will have to fork over some real coin of the realm for Pitcher "Chief" Fraser. That owner, according to President Herrmann, of the Cincinnati club, will be given to the Cubs in exchange for Harry Gessler, the utility man, but for such coin.

Mr. Herrmann claims that President Murphy of the Cubs, was trying to golf-brick him by offering Gessler for Fraser, as Gessler is said to have announced his positive intention of quitting the game if he is traded away and Herrmann is trying to work off the golf brick on Harry Herrmann, as he claimed yesterday that the first intimation he ever had of Gessler quitting the game was contained in dispatches from Cincinnati.

Fraser is a promising outstanding probable will simmer down to a cash sale by Cincinnati, whereby it will take the regulation $1,000 for the coal-off pitcher. There is a rule in the National League that prohibits the payment of a waiver claim to a player if one take the man on payment of $1,000. Herrmann said he wanted Gessler to sell to the Columbus club. If Gessler really intends to retire Herrmann couldn't dispose of his services.

NEW OUT-LAW A PIPE DREAM.

Alleged Owners Dodge's Innocence of Organization.

Wilkes-Barre, Pa., Jan. 15.—The story that Wilkes-Barre and Scranton are to be members of an outlaw league comprising also Reading, Lancaster, Williamport, Pittsburg, Elmira, N. Y., and Youngstown, O., is classed by baseball men here as a dream.

Mr. Dodge, who it is stated, is to be manager of the Wilkes-Barre outlaw team, declares he knows nothing about it, and that Wilkes-Barre and Scranton will each be in the New York State league next season. He is not responsible for either city to support two teams.

Manager Abel Lenotte, President A. J. Lynch and Secretary Fred Goeringer, of the Scranton club, say that any such proposition would not be entertained here, and that neither Scranton nor Wilkes-Barre will be in an outlaw league.

It is also stated that Reading will be represented in the Atlantic league, arrangements having already been secured there by Manager Ramsey. While Manager Whitman will play independent ball in the grounds which he controls.

Other baseball men also declare that there is not the slightest foundation for believing that either Wilkes-Barre or Scranton will enter an outlaw league, or that even in either city will support an outlaw team.

CALLAHAN MAY COACH.

Said That Chicago Ball Player Will Train Varsity Nine.

It is now said to be certain that "Jimmy" Callahan, former White Sox player, and owner of the Logan Squares, a semi-professional team of Chicago, will coach the Notre Dame varsity nine this spring. Callahan is now at the college, where arrangements are being made to secure his services in the capacity of coach. Formal announcement of his engagement may be made to-morrow, though no one in the varsity could be induced to talk about the matter last night.

The former league player was at Notre Dame some time ago visiting a friend at the college, and it is rumored that he was so much taken with the place and the boys that he then made up his mind, if possible, to come back up to that time. He returned to Chicago, but yesterday came back to Notre Dame and has been closeted with the athletic authorities.

Practice for the baseball squad will be begun formally Monday of the varsity, the call for candidates having been issued by Captain Walsh of last year's team. Only a few men have been in little doubt that the squad will contain a number of likely players, besides the members of the team of last year. Several men of ability are said to be on the ground, and it is the city for the varsity nine this year. Details of Manager Dugdale's decisions will be out to-day also.

TAYLOR SIGNS STAR BATTERY.

Lew Criger on Two Year Contract—Cy Young is Lost.

Elkhart, Ind., Jan. 15.—President Jack Taylor, of the Boston American league team, has signed Lew Criger, the clever catcher of his team, for two years. Taylor was in the city en route east and had a long and pleasant talk with Criger. The catcher was offered for sale time last season because of a mysterious injury to his spine, but worked toward the close of the year and showed a return of his old form. He will not take his jump to agree with Taylor.

Cleveland, O., Jan. 15.—John I. Taylor, president of the Boston American club, arrived in Cleveland at 3 o'clock to-day and went out in the country to see Cy Young and talk to him. Taylor, the veteran pitcher, over signing up for the season. It did not take the two long to get together and terms were soon agreed upon, Young did not let his right the contract as soon as it reaches him.

LOOKS GOOD TO QUAKERS.

English Bantamweight Gives O'Toole All He Wants.

Darkey Haley, champion of England, who made his first appearance in this country at Philadelphia on Saturday night, has all the earmarks of a good one, says a Quaker city writer. Remembering Pat Reading, local enthusiasts were sceptical, but when they saw him go to work on Jimmy O'Toole, the Chicago bantamweight, they changed their tune. Haley is a long years removed from a laborer, and has the pride of Pete Richmond had a job in front of him. They have a lot of fancy moves of the ring rounds, and at the finish there was little to choose between the boxers. The referee called it a draw at the close of the bout, which will be early in September, a good-season series of games will be played for the benefit of the Philadelphia Athletic Association.

In the Darkey league will be Norport, (K.) Cincinnati, Miamisburg, Hamilton, Middletown and one city team, which will be made up of the Hosmer boys with Jack Hosmer, Clarksville, Greensburg, Rushville, Shelbyville and Richmond.

FRANCIS LIKES GRAND RAPIDS.

Third Baseman Signs Contract—Arnold Will Attend Meeting.

Grand Rapids, Mich., Jan. 15.—In a telegram Phil Arnold declares that he will be present at the league meeting and may make some trades of the Rapids team. Frank the star third baseman, who signed a contract from South Bend, has not reported to the country, which has caused the Grand Rapids fans to wake up. Francis is making arrangements to come out with the team again. Arnold is making arrangements for the season and before the opening of the regular season will have a team that will be able to cope with the best teams of the American association.

English Fighter is After Attell.

New York, Jan. 15.—Freddie Robson, new claimant of the championship of England among the feather-weights, has returned to this country after declaring Freddie Weldon out of the ring and is out with the statement that he wants a chance at Abe Attell or the winner of the Attell-Harper fight. Robson is a clever boxer and a hard lightweight, is stationed South in Philadelphia.

Coghlan to Coach Cornell.

Ithaca, N. Y., Jan. 15.—Jack Coghlan was last night selected by the Cornell athletic council as head track coach, succeeding Glenn S. Warner, who has gone to Carlisle. Coghlan played with the Louisville and Washington teams, and later was with the Pennsylvania league.

Michigan Wants to Leave.

Ann Arbor, Mich., Jan. 15.—The students' council decides will hold a meeting to-night and will probably make a proposition to the faculty in order of control to have Michigan pull out of the conference and join the east.

$6,000 for McGovern Benefit.

New York, Jan. 15.—More than $6,000 has so far been subscribed to the fund which is being raised for Terry McGovern, who is now confined in a sanitorium.

ASKS BRICK TO ACT

CENTRAL LABOR UNION PETITIONS CONGRESSMAN.

Wants His Support on Panama Canal and Chinese Exclusion Bills—Officers Elected.

The Central Labor union met in regular session Monday evening at Washington hall, President of the organization, presided over the meeting which was fairly well attended. The session being the first in five weeks there was an accumulation of work, but it was disposed of with dispatch.

Delegates were admitted from the Carpenters' and Electrical Workers' unions. A call of the roll of organizations showed but five idle men and a gratifying increase in membership.

Many communications were presented and referred to the proper committees. Among them was one calling attention to the organization of the Carpenters' and Woodworkers' international, to be effective within two years.

Action was taken looking to the publication of a pocket pamphlet containing a list of union-labeled goods with the names of merchants keeping them in stock, with a view to distributing the pamphlets among members of the unions.

A motion was adopted asking Congressman Crumpacker to lay before him a bill authorizing the secretary of commerce and labor to investigate the industrial, social, moral, educational and physical condition of woman and child workers in the United States, which is now before congress.

Congressman Crumpacker was also asked to lend his support to the Panama canal bill, which provides for the employment of Chinese, Japanese and all other Asiatic coolie labor within the Panama canal zone, and to the Chinese exclusion bill, which provides for an investigation into the policy of the canal commission in regard to the coolie labor; and that support and vote be given in favor of the Chinese exclusion bill, providing that the Chinese excluded be include Japanese and Koreans and other undesirable Asiatics.

Reports of officers and committees were presented, showing the Central body to be in an exceptionally fine condition financially and in other ways. The annual election of officers resulted as follows: James Weaver, president; W. W. Hahn, vice-president; James A. Perry, recording secretary; D. H. Edelbert, financial secretary; J. W. Peters, corresponding secretary; A. C. Stooke, trustee; James Palmateer, sergeant-at-arms. The officers were duly installed by James Stoke, of the Carpenters' and Joiners.

A motion that $25 be appropriated to the legislative and legislative fund of the Indiana Federation of Labor prevailed.

The chair announced the following standing committees:

Organization—A. E. Kramer, John F. McClellan, G. H. Jackson.

Organization—J. W. Peters, D. H. Edelbert, James Blake.

Grievance—W. E. Snyder, Harry Kramer, A. C. Stooke.

Grievance—J. W. Peters, A. H. Kramer, James Palmateer.

Labor—W. E. Snyder, W. W. Hahn and Daniel H. Edelbert.

Mr. Snyder was given the privilege of the floor. He stated he had in mind the publishing of a labor paper and desired an expression of the Central relative to the proposition. He stated that he was financially in its phase, but no definite conclusion was reached.

STATE IN SECOND PLACE.

Indiana Ranks High in Field of Glass Industry.

Washington, Jan. 15.—A report issued by the census bureau on the manufacture of glass and clay products in the United States for 1905 shows that 31 states are represented in the production of glass, with 14.9 per cent of the total value of products; Indiana was second with 18.5 per cent; Ohio, third, with 11.3; New Jersey, fourth, with 8.3 and Illinois, fifth with 7.1.

The remaining 16 states combined had products valued at only 20.2 per cent of the total.

Bottles and jars manufactured to the value of $15,631,662, were the most important products of the glass industry. Of this class beer, soda and mineral water bottles were manufactured to a value of $7,327,767; pickle, olive, sauce and drug ware valued at $2,626,504, and liquor bottles and flasks valued at $1,555,915. Second in importance was blown glass, with a value of $21,916,115. Tableware was the most important of this class, and was produced to the value of $4,487,[illegible]; lamp chimneys produced to the value of $2,[illegible].

The imports of glass amounted to $[illegible], of which the largest item was $1,216,441 for plate glass, the value of exports amounted to $2,352,[illegible].

In the manufacture of clay products 1,[illegible] establishments are reported, with a total capital of $230,862,977, employing 114,449 wage earners, with $[illegible] in wages, consumed materials valued at $[illegible] and manufactured products to the value of $135,352,[illegible].

The value of clay wares exported in 1905 was $1,378,124. Of this amount pottery exports constituted $791,739 and sanitary ware $[illegible].

The manufacture of clay products, brick and tile, imported and entered for consumption was $11,641,411. Sweden, New Jersey and Illinois produced 35.2 per cent of the total value of clay products, Ohio was second with a total of $[illegible] or 19 per cent of the total for the entire country.

STILL LOOK FOR LEVISTON

Young Man Wanted for Forgery Leaves City Suddenly.

James Leviston, the complaining witness in the case of banko steering against Earl Grubb and Hugh Wilson, is badly wanted by the police. The $10 which it is alleged Grubb and Wilson secured from Leviston was only part of the amount Leviston is alleged to have secured upon two forged checks cashed by Steve Kopernik, a west end saloon keeper. Kopernik claims that Leviston presented a check to him for $15 bearing the name of George M. Montgomery, and that he cashed the same after in the day Leviston returned with another check bearing the same name. This check was also cashed. Mr. Kopernik became suspicious after Leviston had left the saloon and found by using the telephone that both checks were forgeries.

Yesterday morning Leviston again endeavored to pass another check on Mr. Kopernik. The wise Mr. Kopernik refused to cash the check and taking hold of Leviston, started to take him to the police station. It is alleged that Leviston managed to get as South Main street with Mr. Kopernik and when in front of the Goodfellow saloon he broke away.

The matter was reported to the police department. Leviston was attached as the Vandalia depot, but Leviston could not be found.

Has Typhoid Fever.

Thomas W. Bowen was removed from the city hospital to St. Joseph's hospital in the city ambulance. He is ill with typhoid fever.

MOST METERS FAST

THIS IS WHAT CITY SEALER WILLETT SAYS.

Tests Made for Councilmen at Night—Seventeen Out of Twenty-five Wrong—Pressure.

City Sealer John T. Willett is busy testing gas meters. Monday evening after the council meeting he gave the city fathers a practical demonstration of the work. There was a disagreeable odor in the room in the basement of the city hall where the apparatus is installed, and, as each time a meter was connected with the apparatus, the odor became more pronounced, the test did not increase in pleasure as the night wore on.

"I have now completed my 25th test," said the city sealer as he chalked up a meter and assigned it to a pile of those that had been tested. "Seventeen out of twenty-five have to be condemned as he tightened the coupling for a new test and connected the hose to allow the odor to escape from the meter into an alley. "Seven of the meters have been found in the first one of the 25 that I tested to be slow," he asserted. "Seven were found to be all right and the other 17 were fast, some of them as high as eight per cent.

"Eight meters were still waiting to be tested when I started in this evening. The odor and fled from the room. The order book of the city sealed showed that there are 25 meters are waiting to be called for. When he calls for a meter, he is given a receipt and a check is chalked at the gas office, which he has proved and found to be correct and intends to place at the one meter. The old meter is not returned unless the meter is found to be fast. If the meter is found to be all right, the party requesting the test is required to pay a fee of $5 cents. If the meter is found to be fast, a written order giving the gas company a certain number of days in which to make the meter assigned for presentation at the gas office, which must show the correction.

"The meters are tested by air and under a hydrostatic pressure. The test requires about 10 minutes to a meter. The pressure is kept at the same standard of from 12 to 14. An ounce pressure is considered very good. The pressure gauge shows a general average of 14 ounces. I commenced work at 4½ at noon and at 5 o'clock in the evening, after which it gradually returns to the three-inch notch. A needle traces the pressure on a card, which is placed in a revolving cylinder and gives the pressure at every minute of the day. The needle stood at three inches last night.

CROSS FROM JERUSALEM

Class and Teacher Honored at St. James' Church.

Beautiful crosses are presented at Christmas time and at Easter at St. James' Episcopal church to the class of the Sunday school making the largest contributions for the building fund at these times. The award for the Christmas contribution has just been made and the cross presented to Miss Maiden's class by Miss Lillian Brewbaker.

The cross is most beautiful, having been blessed by the rector, Rev. Francis M. Bostil, at Jerusalem during his recent visit. The class will be photographed, the photograph and the cross being shipped to Father Bostil, who has asked that a copy be sent to each of the boys. They were blessed at Jerusalem on the anniversary of the boys' class. Christ. The crosses make very highly prized souvenirs.

It has been the custom of the class receiving the token to bestow it upon the member it thinks most worthy of a recipient. The class gave the cross this year to its teacher.

CANNOT LOCATE HUFF.

Chief of Police Looks for Man Who Swindled Niles Sports.

The South Bend police force have been asked to locate Frank Huff, who claimed to have shortened hotel in this city as his residence, and who is alleged to have swindled several of the prominent sports of Niles, Mich., out of money. Chief McWhinney has been ordered to locate Huff and finds that no man by Frank Huff has been at the Oliver hotel. He has been unable to find anyone in the city knowing Frank Huff, and it is now presumed that Huff's home is in Chicago and that he simply gave the Niles sports an South Bend to lead the Niles men on.

Must Pay Subscription.

St. Louis, Mo., Jan. 15.—A verdict was rendered by Judge Kilbourne in the Clayton circuit court yesterday in favor of Henry Ziegenhein, former mayor of St. Louis, who was sued by the Louisiana Purchase Exposition company for his $5,000 subscription, must pay the $5,000 and $1,173 interest. The suit was lost several months ago and was taken under advisement.

Removed in Ambulance.

Mrs. R. W. Miller was removed from 514 South Lincoln avenue to 646 Lincoln avenue yesterday. The city ambulance was used.
