CLUB HAS PROBLEM

BIG SQUAD STILL INTACT AND OPENING NEXT WEEK.

RELEASES COMING SOON

Possibility That Manager Grant Will Begin Elimination Work at End of Week—Will Try to Pick Again.

The South Bend Athletic association, controlling the destinies of the local Central league team, has a problem on its hands. The association is figuring that the season will start a week from Thursday and that the team still consists of the original large number of veterans and youngsters who are competing for places, all of whom are provided for out of the coffers, while there does not seem to be chance to cut down the roster any. While in single instances there are places which are practically without doubt as to the man to fill them, the team on the whole is not selected, and Manager Grant still has the task of eliminating the men not wanted and retaining those who will be of use to the club this year.

The manager of the club says he has figured out just about whom the manager will choose in separating the wheat and tares, but as he will not give out his ideas of the final make-up it is impossible to tell how near he will be to the truth. And anyway the final make-up will not be selected solely by Manager Grant, who so far as known, has not indicated his preference in any one place.

Releases Soon.

There is a chance now that the first releases will come along toward the end of the week, for the men, while not having taken part in any games yet, have shown in the practice that they have chances in some department of serious ability, and the manager is able now to judge of the qualifications of the candidates in some measure.

If it doesn't rain or snow or the thermometer doesn't register any nearer the zero mark, or if the Northwestern do not take up with Diamond, and the gates go better than the birds and the college lads will be played this afternoon. Of course, there was no game yesterday. The leaguers got out early in the afternoon and warmed up as though they would play and were just reporting when the rain started. They went to the collegians and start the game when a large snow flake descended and lit upon the nose of Richard Cooley. Overcome with astonishment the third baseman looked cross-eyed at the snow-shaped crystal, but in a minute several more floated down, while one of these cold April showers began about the same time and a high wind from the northwest sprang up coincidently, the combination of unfavorable elements forcing a halt all proceedings as the ball players hiked to the gymnasium.

Rain Spoils Game.

The men were getting nicely warmed up for the game and a fast practice was being held. The infielders were burning them around so swiftly that a comer in competition would think it was hot to the rain. The pitchers were putting good heat on the catcher's mitt and the outfielders were grabbing of the high and long ones in spite of a rather glowering sky. Manager Grant expected his men to suit up the varsity team, but of course, Mr. Weather cut in and spoiled the game so soon.

Play To-morrow at Springbrook.

It has been arranged to have the Central league team, which yesterday played at Springbrook park, so that the citizens will have a better chance to get a line on the team. If the contest yesterday had come off the chance would have been better than if it had played in town, but the students were favored to-day and instead to-morrow's game will be the first on the home path.

The officers held their weekly meeting last night. Several subjects were discussed, among the sale of cigars at the grounds this summer. The plan to sell only local made cigars was favored.

D. F. Wiedenhaupt, of Bluffton, Ind., was in the city to-day looking for some players in case the local clubs wants to dispose of any. The Bluffton team is one of the Northern Indiana organizations in the state and efforts are being made to strengthen it. The deal was arranged with Mr. Wiedenhaupt since the club does not yet know which of the men will be at liberty.

ROCKY ROAD FOR HUFF.

New Manager of Pilgrims Said to Draw Big Salary.

Chicago, April 16.—George A. Huff, newly selected manager of the Boston Americans, has a pretty rocky road to travel," is the opinion of most baseball fans. The Boston team was so uncertainty before "Chick" Stahl's tragic suicide. Since then it is demoralized.

GEORGE A HUFF.

The thought of a hoodoo hanging over a club is not likely to strengthen a winning spirit among the players.

Bright spots for Huff are the facts that Collins and Criger are back in shape, and he has full authority under his contract. Owner Taylor cannot mix in this pate it up to the new manager.

Huff is said to be one of the highest salaried managers in baseball. He has been athletic director at the University of Michigan 12 years, and has been a big success.

SOX GET A BUMP.

Detroit Wins From the Champs—Other Doings of Majors.

The White Sox ran up against the old hoodoo yesterday and lost the opening game of the season to the Detroit Tigers. The score was 3 to 2. Siever pitching for Detroit and Owen for Chicago. The Athletics defeated the Boston Americans in the ninth inning, 3 to 2, through Danny Hoffman working for the Philadelphia and Cy Young for Boston. Washington continue defeating the Highlanders 3 to 2. The Senators were strong with the club and batted Keefe out of the box, Clarkson succeeding him. Patten pitched for Washington.

The Boston Nationals hits were weak and they lost the Phillies 4 to 3. Adams did most of the work for the New Yorkers, and Dougherty worked for the Quakers. John Galvin, who won from St. Louis, stung Mellinger, being free with his hits and Pittsburg won from the Cincinnati. Beaten into the second game from Brooklyn, winning 3 to 2, Pfeffer was the winner and Barker the loser.

BALTIMORE SUES BROOKLYN.

Discussion Hinges on Club's Withdrawal From National League.

New York, April 16.—The suit of the Baltimore Baseball club against the Brooklyn National League club for $25,000 will come up in the Brooklyn court. It came up on the Brooklyn clubs application for an injunction to restrain the Baltimore club from prosecuting the suit in the Hudson county circuit court. The injunction was argued before Vice Chancellor Stevens last night. Mr. Wall on behalf of the Brooklyn club for an adjournment.

Affidavits were read by Mr. Wall to support his contention that, when the Baltimore club withdrew from the Brooklyn league, it was induced to do so by threats of Edward Griffith and William H. Edwards that it would be useless to resist this. The injunction application will be argued before Vice Chancellor Stevens next Monday.

"BUCK" SHANNON IN TOILS.

Former Babe Arrested While in Springfield.

Springfield, O., April 15.—"Buck" Shannon, a member of the Minneapolis baseball club, was arrested here on a charge of malicious destruction of property, and spent the night in the station house. "Buck" was formerly with the Babes as catcher, and when he struck the town his old friends treated him royally with the consequence that he got in the jug. He was not very happy and had trouble to straighten out.

In the complaint he started out to call on a lady acquaintance. He got his numbers mixed and stopped at the wrong house, but he didn't know it. Instead of the lady appearing he found himself in the presence of a bald-head. He got out of the house in a hurry and the police were called in and the patrol wagon did the rest.

SCHRIVER NOT TO PLAY.

Stogie Catcher Out—Reeves and Gose Inveigled.

Wheeling, W. Va., April 16.—It can be stated against definitely that "Pop" Schriver, who managed the Stogies for the past two years, will not be playing behind the bat in Wheeling this year. Just when Schriver will be in shape of him cannot be stated, as the management will not even admit that he is not to play in Wheeling. He was to have reported here Saturday for a conference, and it is estimated that his failure to appear is a big disappointment, and it became unnecessary for him to see the club owners personally.

Manager Teddy Foley visited his official up yesterday and Infielders Reeves and Gose were inveigled here. Both are young players of promise, but neither is fast enough to hold a place on the Stogie team this year.

WILL SEE STOGIE OPENING.

President Carson to Attend Season Inauguration.

An elaborate opening is being prepared for the inauguration of the season of 1907 in Wheeling. President Carson, head of the Central league, announces that he will be on hand to witness the opening contest between Wheeling and Dayton. An invitation has been extended to Richard Guy, sporting editor of the Pittsburg Gazette, sporting editor of a Pittsburg paper to attend the opening, and invitations to various prominent in baseball circles will be issued soon. In fact the opening of the season promises to be one to be remembered by all lovers of the national game in Wheeling.

MYERS BUYS PITCHER.

Dick Carroll's Balking to be Referred to Parent.

Canton, O., April 16.—Manager Myers, of the Cadets, has been informed of the release of Pitcher Marquard, of Indianapolis. Marquard is a southpaw and has the distinction of being a southpaw.

Dick Carroll, who is on the Canton list, wants to break away and play semi-professional ball with a Saginaw team. Manager Myers has ordered Carroll to report to-day and unless he does so, will be referred to Secretary Farrell, of the National commission. The result of this will either be Dickie's release or a fine and suspension. The league with a fine and suspension.

RITTER AND O'NEILL GO.

McKean Releases Brace of Collegians—Two Gardeners Left.

Dayton, O., April 16.—The second batch of releases was handed out yesterday when Outfielder Ritter and O'Neil were given honorable discharges. Ritter is a Dickinson, Mich., product. With their release the Veterans have only two regular outfielders—Bracker and Dockey.

It is thought that Ward Bailey will have a chance to shine in the outfield, Richardson going to first, Ashlan will also be worked in the outfield in coming games.

MILLERS BEAT BABES.

Springfield Loses to Minneapolis in Close, 4 to 4.

Springfield, O., April 16.—Before a crowd of shivering fans Minneapolis won from the local leaguers by good luck in the seventh and eighth innings. Score:

Minneapolis	1	0	0	0	0	2	1	0	0	4
Springfield	0	0	1	0	0	0	2	1	0	4

Batteries—Ford, Hilroy, Manion, Thomas, and Shannon; Mayer and Chambers, Corns, Breitenstein and Kelly.

Paige Leaves the Squad.

George Paige, of the Denver club of the Western league, who has been training with the South Bend club at Notre Dame, has gone to Burlington, Ia., to join his club.

Moffit Wins a Game.

Elmer Moffit, late in South Bend playing, pitched and won a game from the Altoona Tri-State league team the other day. Tiernan scored 4 runs in the former outlaws club.

OPEN FIFTH SEASON

AMERICAN ASSOCIATION TEAMS BEGIN TO-MORROW.

EACH CLUB IS STRONGER

Indications Point to Columbus, Toledo, Louisville and Kansas City as First Division Class in Bunch.

Louisville, Ky., April 16.—To-morrow the American association will start its fifth season. It looks as if better teams would represent all the cities. With field leaders of big league experience in the positions, and teams made up of the best of young talent mixed with veterans, there is in the American association. The force that are supporting the clubs. Teams are looking to realize bids, and this is one of the reasons for the increased attendance, which is expected to reach high water mark the coming season.

Comparisons of the different teams are useless just now, because nearly a single team is complete at this time. However, those who are interested can hardly resist the temptation to speculate along the line of perhaps guessing at selection of first division clubs around the circuit. Indications point to three teams, which would be Columbus, Toledo, Louisville, and Kansas City. Nevertheless it is agreed that by the time the first game is called Minneapolis will be in the race, and that this will demand consideration among the leaders.

All reports indicate Indianapolis has been strengthened, and Milwaukee is likely to be strong. Kansas City has been in the cellar for four years, called the Cowboys, but it looks as if the team, under the leadership of Manager Johnson, who has striking on a number of major league players, will make that team dangerous in the championship race.

GLORIFIER WINS CARTER.

Feature of Aqueduct Opening Goes to McCormick's Horse.

New York, April 16.—Glorifier, J. H. McCormick's big chestnut horse, fresh from a successful winter campaign at New Orleans and second choice in the betting at 4 to 5, won the $15,000 Carter handicap at Aqueduct to-day, defeating Broncho Charlie and a half. Irish Hugo was third. De Mund, the favorite, finished fourth, and Oxford, also heavily played, followed closely on his heels. The time, 1:34 flat, tied the record by Jockey Mountain.

Byers to Compete for World's Title.

Pittsburg, Pa., April 16.—R. M. Byers, of this city, amateur golf champion of America, will sail for Europe April 27, where he will take part in the world's championship contest, to be played over St. Andrews course, Scotland, May 21 to 25.

Billings Will Sell His Girling.

Fred Burgess, a would-be prize fighter, living with his mother on the east side, attempted to commit suicide last evening about 8 o'clock in the manner described above on West Washington street.

Burgess, although young in years, has a public record, having been arrested for plain drunk several times and for fighting on the street. He is the son of a well-to-do family, he had been married and had some trouble with his mother. About 8 o'clock he entered the O'Neil saloon and called for a glass of beer. He took a small bottle, which he had in his pocket and pouring the contents, which was carbolic acid, into the beer he raised the glass to his mouth and was about to drink it when Mr. O'Neil reached over the bar and knocked the glass from his hands.

The police were notified and Burgess was taken to the city jail. He appeared in court this morning and pleaded guilty to a charge of drunkenness and was fined $10 and costs, amounting to $15.

Tonopah, Nev., April 16.—Mike Schreck last night knocked out John Wille in the 19th round of what was scheduled for a 20-round go. The fight was hard and fast from the first round but at no time did Schreck seem to be in danger. He was cool and aggressive from the start. Wille staggered at intervals during the fight and again back strong, but was unable to land forcibly on Schreck. Wille made frequent rushes but was always stopped by Schreck, who found his opponent's jaw time and chances. The 19th round was a succession of hammer like blows from Schreck Schreck finished strong.

COMPLAIN OF CONTRACTORS

Property Owners Take Exceptions to Alleged High Handed Methods.

Property owners who have brick walks which the board of public works have ordered replaced with cement are complaining to the city clerk and members of the board on the contention that contractors are endeavoring to take advantage of the situation and make their profits. They claim that contractors are trying to coerce them into having the walks done at once, or be charged that cement has asserted the city will be a big penalty if it is necessary for the municipality to pay for the improvements.

One complainant said to-day that a contractor asked him $45 for the installation of a walk for which he was asked a price in the year, the board of public works ordered the work done and paid for by the city who let it at standard prices and will be let by contract to the lowest bidder. The improvements on a competitive bidding basis, and the property owner is entitled to the same as other improvements, but no additional expense will be incurred. The board is investigating the alleged action, and if it is found that the work is being handed work to contractors, the guilty party or parties will be reached from the board of public works.

ISN'T A MAN EASY?

SHOT IN OWN HOME

MYSTERY IN TRAGEDY NEAR FORT WAYNE.

DR. L. P. RAWLES IS VICTIM

August Bonfort Sends Four Bullets Into Body of His Former Physician and Then Turns Revolver on Himself.

Fort Wayne, Ind., April 16.—Dr. Lyman R. Rawles was shot four times at the door of his home last night by August Bonfort, of Hunterstown, Ind. He is believed to be fatally hurt. Rawles was seated at the supper table with his wife when he heard a knock at the door. His wife answered and met a wild looking man. She called to her husband, and when the latter appeared Bonfort fired at him, hitting him in the arm. Rawles then hastily turned to close the door and Bonfort emptied three more barrels at him one bullet hitting him in the right side of the back, one in the left side of the back, and the next went through his right arm. Dr. Rawles then ran and fell into the hall. Dr. Harlan and Dr. Creelman was called, and the patient was brought to the Lutheran hospital in this city in a special car.

The news was telephoned to this city and Albert Dreis left with a special car for the scene of the tragedy. He also blowed at the home of J. E. Rosenner Hunterstown. He was brought to this city in a serious condition.

Bonfort had been acting strangely for some time, according to Dr. Rawles. Bonfort told his wife yesterday that he thought he was getting lost.

Dr. Rawles was intern at the Indianapolis city hospital and came to this city a year ago, and was married last November to Miss Frances Chapman, a teacher there. He is 33 years old and well liked by all.

Dr. Rawles was operated on the operating table at the hospital the surgeon believed he would live, but the doctors say they are doubtful of the result.

Then they benefited the smokers, for it certainly is a benefit to have a good cigar to smoke and they will give him more satisfaction than the cigars have before.
