TO TRAIN AT WABASH

SOUTH BEND PLAYERS TO PRACTICE WITH COLLEGIANS.

ARRANGEMENTS BEING MADE

Baseball Team to Put in One Solid Week With Students at Crawfordsville, Ind.—Deal to be Closed Next Week.

The South Bend Central league team will probably train at Crawfordsville, Ind., instead of in South Bend and at Notre Dame as was originally proposed. Arrangements are now pending between Manager Grant and the Athletic association of Wabash college, which is located at Crawfordsville by which South Bend is to practice with the college team and coach the Students and at the same time enjoy the benefits of the gymnasium. The plan is to have the South Bend players report at Crawfordsville on Monday, April 4 and remain there until Sunday, April 10. During the week of April 11, the Greens will play exhibition games probably with some American association team. Manager Grant received the proposal of the Wabash athletic association Monday morning and will consult with the board of directors of the local association before closing the deal. It is expected that the final arrangements will be made next week.

FLASHES FROM THE DIAMOND.

Ban Johnson Thinks Outlaw League Willing to Make Peace.

Ban Johnson, president of the American baseball league has announced that he believes the outlaw coast league is willing to join the National association. Johnson stated that he had heard from James Hart, of Chicago, who is now on the coast, and from Hart's letter the coast people are ready to listen to the committee.

The Western league will hold a session in Chicago to-day. The league attempted to meet about two weeks ago at Lincoln, Neb., but George Tebeau got out an injunction stopping the meeting until his rights had been settled in the courts of Kansas.

Charles Dexter, formerly of the Chicago Nationals, will take the management of Charles Tebeau's Louisville team. Herman Long has been chosen to lead the Toledo team, also of the American association, and the latest report from Louisville is that the team captain of the Chicago Nationals is about to sign as manager of the Kansas City team of the American association. Probably outside of Captain Anson, no man has more pull than Long on the diamond that Anson first played upon in the city of Chicago, who pitched great ball for the Racine team in the Wisconsin-Illinois Independent league last year, has just signed a contract with Manager Watkins to play with the Louisville team this year. Mr. Smith is a brother-in-law to Jack Brennan, one of the well known South Bend bowlers.

"Lefty" Davis will probably start with a team in either the American association or Southern league this season. Davis left the Chicago Americans in 1902. Davis has an engagement for 1904 in the minor leagues.

"Doc" Hildebrand, the noted Princeton, pitcher and catcher, has not decided not to play professional ball this year, it is reported. It was reported Ban Johnson had secured the signatures of both Hildebrand and his brother. Hildebrand did not quite fancy being a professional.

Iona, Queen of Chicago Snow Path, Captures Only One Heat.

Dr. F. B. Carson's Dessie March again endeared herself to the patrons of the Chicago snow path, yesterday afternoon. The sport of the afternoon was of a high quality, there being close finished and plenty of good contests between heats. In the third race a dispute arose over the score of Joe Dever after the first heat had been decided. The result was the withdrawal of Joe Dever in the fourth heat. The latter however, gave the race to the latter.

GRIFFITH EXPECTS TO LAND AMERICAN LEAGUE PENNANT.

New York, Jan. 28.—Captain Griffith of the Boston American league team is confident that his Highlanders will capture the pennant this year. The clever twirler has surrounded himself with a great staff of players and has one of the strongest infields playing in the league. Speaking of his team during its coming season, said Griffith, "We are prepared to put up a great fight and will be in on the finish."

The Philadelphian by his words. Even his enemies admit that he has made progressive and loaded repeatedly on O'Brien's stomach with vicious lefts. It was only the gong that saved O'Brien from being knocked out.

In the sixth round honors were about even, both men having received several hard blows. In the seventh round the fight left both men worn and shape.

For three years the two fighters have been endeavoring to arrange a battle in order to decide who was entitled to the middle-weight championship. Ryan claimed that he had defeated the champion in his last fight, the present match, was arranged in Chicago two weeks ago.

The men agreed to meet here in a contest for the $5,000 purse, which equally and under the laws governing boxing in Philadelphia no decision can be struck.

The Change in German Letters.

There is an interesting conflict in Germany between black-letter characters and the Roman alphabet. It is costly to keep two distinct kinds of type, hence the infirmity of German typography. The strain of reading "Gothic" print also contributes to the myopia prevalent in Germany. Yet, though science is manifestly gaining ground, a spirit of so-called patriotism, long fostered by Bismarck, maintains the archaic form.
