Kept His Word.

"I was up in Northern New York at a hotel for two weeks last summer," said a Philadelphia man, "and of all the inconvenient, barren sites I ever saw for a hotel that took the cake. The meals were poor, the beds worse and as for service, you had mostly to wait upon yourself. Being asked if such a place had been ready to go I said to the landlord:

"Does this thing pay you?

"Not a cent!

To-night, To-night.

The greatest month underwear sale ever held in South Bend is now on at the New York store.

An Epicure's Chance.

The possible menu of civilization is so limited that the epicure may be pardoned if he sometimes sighs for another dish to tempt his palate. Worse than try celestial cookery, if he can command an enterprising chef with some approach to original genius he might even make history. The Western world is waiting to be introduced to a European edition of the Gyrrhaethonian fritter or the Pekinese fish and pineapple—Tailor.

Maintain Paupers in Cottages.

The plan of maintaining the children of the poor—or such as may be in the poorhouse or "national"—in cottages and homes of that character, is holding a very general adoption in England, no less than 138 "unions" now maintaining the children away from the pauperizing effects of poorhouse association. The county of London paid out 72 cents a head of its population for the half year on poor account.

Four Good Habits.

There are four good habits—punctuality, accuracy, steadiness, and dispatch. Without the first of these time is wasted; without the second, mistakes do most harm to our own credit and interest, and that of others, may be committed; without the third nothing can be well done; and without the fourth opportunities of great advantage are lost, which it is impossible to recall.—Exchange.

Russell Anderson is Remembered.

Russell Anderson was remembered with a beautiful gold mounted cane in honor of his birthday anniversary at the city hall Friday evening by a party of gentlemen friends. An appropriate speech was served in the office of Mayor E. J. Hagerty.

Ceramic—Germanic.

A caller saw the word Ceramic and said it Germanic because he was a stranger to the first, had studied in Germany and was only half thinking when he noticed the word.—Earl M. Pratt.

Begin the Day Composedly.

Don't wake up worrying. Banish care from your mind. You have no idea what an important effect the first waking thoughts of your mind exert upon your body during the day.

The Coming of the King.

He will come unto us as the rain, He will come unto us as the showers, Morn there were three all double, Not to be sent by night and noon.

"He shall in angels—as in many, He shall in angels—as in many, He shall come unto us as the rain, "Proved and we the people," are they still.

"Lo! the King, lo! lo! he is nigh, Lo! the King, lo! lo! he is nigh, Hosanna! Hosanna! Hosanna!
