PLAYERS BLOWING IN

BETTS, BREENS, O'BRIEN AND MORSE FIRST TO ARRIVE.

BEGIN PRACTICE TO-DAY

Manager Lowe, of Grand Rapids Club, May Arrange for Indoor Work if Winter Weather Continues.

Grand Rapids, Mich., April 4.—The advance guard of the Grand Rapids baseball team blew in with the last flakes of the winter snow, which fell last night, and four men now make up Bobby Lowe's squad. All of these are new men to the fans and their work and appearance will be watched with interest.

First to arrive was Fred Betts, the big outfielder secured from Albany of the New York State league. The others are Infielder Tacks O'Brien and Catcher Breens, both of Cleveland, and Catcher Morse, of Fenwville, Mich. "Lefty" Guyer broke the record which he had held even since he started playing here for being the first arrival.

Betts looks to bet in fine shape, weighing only 178 pounds, in spite of the rounds he has made. But the fact is, he did weigh about 190 a few years ago, but he has been training constantly and is now in the best of condition. He made a great record in the New York State league last year and ought to have a good season here. Breens is a big Cleveland boy, the man who was seen in action in a few games with the Dayton club. He is heavier than Betts but declares that he will knock off a little weight before the opening of the schedule season. With Dayton he batted .234 in 104 games last season.

Breens is light in comparison with those two, weighing but 147 pounds. He played with the Ashland team of the Northern Ohio Trolley league last season. Pitcher Morse came in from Fenwville where he played with the Manufacturers last season. Lowe has given no orders as to work yet, but it is likely if the present weather keeps up he will make arrangements for training the team at the Olympic club rooms. Lowe figures on getting the team started at real practice by today at least.

OUTLAWS AFTER FRANK WESSEL

Wheeling Infielder Thinks of Flying Organized Ball.

Frank Wessel of the Wheeling Central league club, has been offered the short field job on the Washington Union league outlaw club. Telegrams have been sent to the player, but so far no answer has been received. Manager Arthur A. Irwin, of the Washington club, is very anxious to land Wessel. He saw him in several games in the Central league last summer, and was impressed with his fast fielding ability. The only thing that would lose out for Wessel would be his weak hitting or the past two seasons.

An effort was made to confirm the above at Wheeling, but when Wessel was seen he refused to talk, saying at first, through practically admitting that an offer had been made. It has been the intention of the Wheeling management to place him with the Scranton team of the New York State league, but if he jumps to the outlaw league, he will be lost to the Wheeling club. It is claimed by the outlaws that players who are not signed up for the coming season can jump and not be blacklisted, and this is said to be having an effect on some players who dread the blacklist above all things.

BESCHER SIGNS AT DAYTON.

Bayless is Also in Fold of Bade Myer's Club.

Dayton, O., April 4.—Manager Bade Myer drew up "Jiggs" Bescher's contract yesterday morning and in the afternoon the big gardner tacked his name to the document. He was the last holdout. Every holdoer is now enrolled on the club's roster.

Bescher sets an increase over his 1907 salary. He went into the game late last year.

All the Vets are on hand excepting Pitcher Brietenstein. He has been under contract since last winter, however, and will roll in within a few days.

Bayless, the crack outfielder from Wheeling, of whom so much is expected, has arrived and is in good shape. With his arrival Bade's family is almost complete, Hindall and Brietenich being the only ones who have not yet answered the roll call. Tracy Johns is the one he failed to sign his contract, but that matter will be adjusted at an early date.

Released from Toledo Club.

Toledo, O., April 4.—Pitcher Lloyd was the first recruit of the Armour squad to get the axe on the clubs arrival here last night. Lloyd came for Roanoke, where he will play in the West Virginia league. The Mud Hens will make their initial appearance here to-morrow against the Boston Americans.

Schedule is Adopted.

Pana, Ill., April 4.—The Eastern Illinois league met here yesterday and adopted its playing schedule for the season. The opening date are on May 15th, with Carbonville at Pana, Mattoon at Vincennes, Terre Haute at Vincennes, and Paris at Danville. The season is to close on Sept 17.

Hendricks Signs Fred Curtis.

Fort Wayne, Ind., April 4.—Manager Jack Hendricks, of the local Central league team, has signed Fred Curtis as a candidate for an outfield position. He was tried out by Clark Griffith, for the New York Americans last year, but he had a sore arm and did not have an opportunity to show.

Persons making purchases of Tribune advertisers will confer a favor upon the paper by stating to the dealer that such purchase are the result of the advertisers' announcement in The Tribune.

OUTBURSTS OF EVERETT TRUE.

FIRST TO ARRIVE

PITCHER GUYN EXPECTS NARLY THIRTY ZANESVILLE FOLKS TO WORK.

Manager Hogan Expects Nearly Thirty Recruits and Practice Will Be Started Monday—Park Ready

Zanesville, O., April 4—Manager Hogan reigned last evening from Indianapolis and brought with him Hawkard Guyn, a pitcher of considerable experience and ability.

Guyn was purchased from the Boston Americans and is one of the few stars which the major leagues ever release. Hogan bought him outright and paid a neat sum for his release. The new pitcher is brawny, of pensand winning caliber, and the fans welcome him heartily to Zanesville.

Other players will commence to drift in to-day and to-Monday. There will be a large bunch assembled. When the Zanesville team takes the first time on the diamond Monday a bunch of about 30 athletes will enter into competition for positions on the red lidded team. The 14 who wear the new Zanesville uniforms will be a hard bunch to beat as well as a lucky one, as Zanesville will have a team that is right. Now is the time for the fans to get on the wagon. This is not a hint for the fans already adorning the vehicle, but for those who still linger by the ave.

Pitcher Guyn is a Texan, hailing from Waco, Texas, of the Texas league. At the end of the season he was drafted by the Boston Americans. He is the first of the Zanesville squad to report.

The members of the building and grounds committee met yesterday afternoon and went to the ball park. There they found the improvements going on in a thoroughly satisfactory way and rapidly approaching a state of completion. The fans will not know the old park when the dire-ness finish their building and grading.

BROCK MAKES GOOD SHOWING.

Cleveland Boxer Stops Ten Rounds with George Memgic.

Los Angeles, Cal., April 4—George Memgic, and Phil Brock, of Cleveland, fought 10 rounds before the Pacific Athletic club last night. The result was a surprise, Brock making a good showing for the 10 rounds, and only losing to a draw if a decision had been rendered. In point of cleverness Brock showed up the best advantage.

GOTCH IS WINNER

"HACK" QUITS AFTER TWO HOURS OF WRESTLING.

Huge Crowd Fills Dexter Park Pavilion to Witness Big Match—But Considered Slow.

Chicago, April 4.—Frank Gotch, the American champion, defeated George Hackenschmidt, the world's champion for the world's wrestling title after one of the greatest mat contests in the history of the Dexter Park pavilion last night. The men had fought on the mat for more than two hours when the "Russian Lion" quit the match. Gotch secured his famous half nelson and pinned with the foreigner, and when he had the latter on the floor he made him quit.

After a siege of 20 minutes Hack got both hands on the back of Gotch's head and tried to pull him off his feet, but Gotch's quick duck of his head spoiled the effort. Hack made full attempts to pull Frank's leg, but the latter was too shifty.

The bout was called at the end of 2 minutes. During the next minute Hack dropped to his knees and tried to grasp Gotch by the ankles, but he was not quick enough. The lower hands and again worked his thumb on George's eye, and did it so quickly that Gotch was forced to release his hold and call time to "cut it out." Hack again appealed to the referee who took the hold and told him to continue.

Hack made his first play for Hack's legs after they had been at it 18 minutes, but was unsuccessful. Hack made another short rush but Frank was cool as ever. Then Gotch got what appeared like a firm leg hold but was not strong enough to retain it. Hack wriggled free and showed his clutch throwing Hack's cheek.

At the end of 40 minutes they were up from a fall and the crowd settled down to see a long drawn out contest. Hack finding that he could make no headway or get Frank on his knees tried to pull the latter off his feet by locking his American wrestle. He either was not strong enough or due to preparation caused his hands to slip. All his attempts to lift Gotch failed and were frustrated by Gotch's speed.

Just before the expiration of the hour Hack made another rush, forcing Frank to the ropes, but he was too slow to hold him. Hack had shown to merit at the end of the hour and Gotch was called to the scales. About this time the spectators began scoot-ding where and how Hack got his reputation as a world bearer. They also wondered what had become of his terrible full nelson and his immense strength, as up until this time Gotch had shown conclusively he was stronger than his opponent.

Probably the American's speed and clever footwork was something new to him. At any rate, he did not come up to expectations.

FRENCH CAR IN BAKERSFIELD.

Route to San Francisco is Decided and Machine Continues.

Bakersfield, Cal., April 4.—The car in the New York to Paris automobile race arrived here at 10 20 last night. The car will lay here until 8 o'clock this morning. The route north from San Francisco has been informally decided.

The trip to Seattle will be made by the way of Portland, Oregon, and from the ship to Paris will then be made. Next winter the car will be shipped from Paris to Seattle, thence to Alaska, ending the race finally at Vladivostok next year. The car should have been in Seattle when Chicago was reached, but it is now considerably behind its original schedule.

WILL MAKE FIFTH MEETING.

Gans and Nelson to Exchange Wallops Again.

San Francisco, April 4.—Joe Gans and Battling Nelson were matched last night for a fight to take place some time in May before Jack Gleason's club. Gans agrees to make 133 pounds ringside. Nelson will fight at catch-weights.

To Referee Coast Battle.

San Francisco, April 4.—Jack Welch has been chosen referee for the 20-round fight between "Packer" McFarland, the Chicago boxer, and Jimmy Britt, which will be decided here one week from to-day.

READY FOR SOX CAME

MANAGER GRANT GIVES TOILERS FINAL INSTRUCTIONS.

PLAY SPIRO'S TO-MORROW

South Bend Central League Club Will Battle Fast Independent Team in First Practice Contest—Players Arrive.

WHITE SOX.		SOUTH BEND.
Donahue	c.	Cote
Dougherty	p.	Foy
Jones	c. f.	Krop
Parent	l. f.	Kocher-Crow
Donahue	1. b.	Hayworth
Sullivan	2. b.	Shoen-Thomas
Sullivan	3. b.	Grant
Davis	s.	Grant
Altrock	p.	Alberts
Owen	p.	Martin
Walsh	p.	Koehler
Walsh	p.	Kinney

Prepare for some baseball game, folks, because the White Sox will invade South Bend Monday.

Manager Grant has given his sparring partners final instructions for the big battle and he believes that he will have Fielder Jones and his brave bunch of pirates on the hot end of a 10-round.

That seems a strange prediction to make but when "Agate" learned of the score of the game played yesterday between the Sox and Bade Myer's Independents he decided that his aggregation would not be trimmed in such a manner. The Sox came here yesterday with several of his boiler, were out to Springbrook park bright and early this morning and the warm rays of the sun made the day inviting for practice.

Then with the joyful information that Bade Myer's team had defeated the Sox another big leaguer, yet renewed vigor into the practice. True to the prediction made yesterday in The Tribune that the jovial Benjamin would probably be signed by the Sox within two or three days, Kocher was signed up yesterday and has already reported for practice.

Kocher Has Good "Rep."

There is an interesting story connected with Kocher's reputation on the diamond and much could be written concerning his past work with clubs in the big leagues. However, Manager Grant belongs the distinction of having first given the lad a chance in professional baseball. In 1901 Grant picked Kocher up from the amateur ranks of South Bend players and after a year under Grant's direction he developed to be a top notcher.

Last season he played in the outfield for the Sox and made good. He is a fast man, and, although he had a poor year in batting, he fielded wonderfully. He was regarded as one of the most capable players in that league and his record shows that he is far from being a dead one. In 148 games played last year he made 150 hits, stole 34 bases without his return to South Bend and it is probable that he will work in the infield presumably in the short infield.

The White Sox celebrated Donohue day yesterday by winning a well played game from the Independents by a score of 7 to 1. The weather was a fright for a ball game, but the players performed as well as they could have done if the thermometer had not been down near the freezing point. No errors were made by either team, and the pitching was good for the conditions that prevailed.

The hitting was light on both sides, but the Sox got in eight good safeties, in spite of the fact that they had to bat against a fast pitcher who without any chance to practice for almost a week.

Sox to Cincinnati.

Manager Jones took his men on to Cincinnati last night and they will open up with the Reds this afternoon at League park, gazing the ground there is all right and the weather man has promised a fair day for it.

Several hundred Dayton fans turned out, in spite of the pickle atmosphere. The grand stand afforded the least desirable seats, and the left field bleachers facing the sun, looked the best to-day.

Manuel pitched three innings for the Sox, and Frank Roessler was seen once more in working order. Owen started the game and worked four innings and then Manuel went in for three innings and then Roessler finished up. The Dayton pitchers were Rowan, E. Kingsley and Ewing.

The Sox scored in the second, and held the lead safe all the way. Parent made the first run. Hahn scored in the second. Six came home in the third and Donohue made the final run in the second.

Grogan made the only run for the Reds. He scored in the fourth. Two hits, a sacrifice and a double steal, brought in the run.

TO PLAY THE SPIRO CLUB.

Team Will Hook Up To-morrow Afternoon at Springbrook.

For the first time this season baseball fans in South Bend will have the pleasure of seeing Manager Grant's recruits in action when the South Bend team will stack up against the Spiro club at Springbrook park to-morrow afternoon.

The game will be called at the usual hour and an admission of but 25 cents will be charged to any seat in the park. The Spiro club is said to be in fine condition and is liable to give Grant's men a good run to earn the decision.

BARRY TO MEET LANGFORD.

Fighters Sign for Bout at Boston Next Tuesday.

Boston, Mass., April 4.—Jim Barry, the giant heavy-weight of Chicago, has called off his match with Joe Jeannette and will take on Sam Langford, his old rival, in the 12 round windup before the Armory A. A. next Tuesday night. These athletes have clashed on four different occasions, and in each case the battling has been of the rough-and-ready type that has made the fans on edge from start to finish.

This date had originally been given Young Loughrey, the Marty Haldane but the Chicago lightweight asked for more time in which to prepare for the bout. The bout will be staged in three weeks.

HYLAND TO BATTLE SULLIVAN

"Fighting Dick" to Take on Washington Boxer.

Chicago, April 4.—"Fighting Dick" Hyland, the coast lightweight, who was cheated out of a bout with Freddie Welsh at Milwaukee last Monday night, has signed to meet Young Britton on the eve of the battle, will start for Baltimore to-day to prepare for a contest with Kid Sullivan. Al Herford, who formerly handled Joe Gans and Jack Hyland, is match with Sullivan, and the pugnacious westerner says he will have no trouble in stopping the Washington fighter.

Fights Held at Kenosha.

Kenosha, Wis., April 4.—Eddie McGoverty, of Oshkosh, defeated Jack Dougnall, of Chicago, in an eight round bout held before the Kenosha Athletic club last night. "Young" Brock, of Milwaukee, and "Young" Brock, of Chicago fought six rounds to a draw. Johnny Gardner, of Milwaukee, knocked out "Kid" Peters, of Chicago, in the fourth round.

FEW MINUTES HE HAD SPENT.

Statistician's Passion for Figures Got Him into Trouble.

He is one of those persons with a mad passion for figuring out "How much," "How long," etc., and was waiting for his wife, who was adjusting her hat before the mirror. They were going to the theater, and had ten minutes to catch their train. Presently a sparkle came into his eye, and he fished a pencil and paper from his pocket. That kind of man always has a pencil and paper, even in his evening clothes.

"Do you know," he said presently, looking up at his wife, who had finished adjusting her hat, that I figure, basing my figures on observation, that a girl from six to ten spends an average of seven minutes a day before her mirror; from 10 to 15, a quarter of an hour; from 15 to 20, 22 minutes. A woman of 70 will have spent 5,852 hours, or eight solid months, counting day and night. Now, a woman of your age has spent—"

"Never mind what I've spent," she said coldly, removing her hat. "You have spent 15 minutes figuring it out, and we have missed that train."—Sunday Magazine.

Sad-Colored Food.

Now that it has been discovered, or rediscovered, by an eminent physician that the colors of food have much to do with the appetite, a woman in town who is known for her novel entertainments is going to give a dinner at which the dishes will be bright and cheerful to look at. There will be no overdone roasts at this repast. A London economic expert, preaching along the Pittsburg doctor's lines, says: Persons naturally avoid sombre-colored food. As an instance, a man will come home to dinner after a grayish-colored, overdone leg of mutton before him. He won't touch it. It is not the meat, but the color, which has turned him against the food. The same man will see a piece of red, underdone beef, and he fancies it at once. He is actuated by the color.

How Red Herrings Came.

The first red herring was accidentally produced in England many years ago by a fisherman, who, having a supply of fresh herring, hung them up in a smoky shed to dry and then forgot all about them. When he looked at them some time after he found that they had changed in color. The king, to whom the fishes were presented, was so interested that he gave permission to the fisherman to establish them around the country as strange monsters.

WHICH DID YOU ENJOY THE MORE—

Dancing in the street to the music of a handy gardy as a kid.

OR, swaggling to the strains of a waltz when you got to "going out?"

In the Auto World.

Don't attempt to feed any streak of lightning.

A motor car company in Lansing, Mich., reports as an indication of the season's trade that it has already received orders for 500 more cars than it has received last year. It has also been compelled to increase its facilities for production.

A rumor that the Winton company of Cleveland, O., would market an eight cylinder car next season is unfounded.

Besides having driven automobiles over 42,000 miles, Charles J. Glidden claims to have written over 200,000 words of motoring matter for one Boston, Mass., newspaper.

Of the 1908 Ford touring cars, 10 are entered in the coming A. A. A. Glidden tour. "The consensus of opinion," says one of the Studebaker representatives "seems to favor an enduring test of some kind, and the Glidden tour is, perhaps, the most satisfactory one that has been undertaken. Incidentally, some of the faults which developed in the rules of the 1906-7 tours will, from experience, be eliminated in the tour of the coming season. Nothing will be left to chance, and the Studebaker cars will be put in our care, and I feel certain that they will make as good a showing as they have shown in every contest in which we have entered."

Britain's climate, where rainy and foggy weather is the rule rather than the exception, has resulted in the development of sightseeing motor vehicles with metal panels and drop windows. Persons who tried to introduce American "rubber-backed" seats found that the weather made them stand idle in the garage for months.

The issue of the Automobile, a New York and Chicago publication of March 26, contains an illustrated description of the glass windshield invented by Carl Weiss, of Rochester. The Century Motor Car company is manufacturing the device, and expects to try complimentary terms of the invention, which is regarded by automobile owners as one of the best on the market.

IS ON LONG TRAMP

CARL W. COUNTRYMAN TO COVER HE UNITED STATES.

Will Arrive Here in Corduroy Suit and Participate in Two Big Local Events.

Carl W. Countryman, of Chicago, a lecturer of considerable reputation who will speak here, started last week for a two years' tramp. He will circumnavigate the United States. He will walk around the entire country, first through Indiana, Michigan, Ohio, Pennsylvania, New York and New

CARL W. COUNTRYMAN.

England and then south along the Atlantic seaboard west to California, north to Washington and east along the Canadian border.

Mr. Countryman is an entertainer as well as a lecturer and expects to appear on many platforms as travels. He has adopted an entire suit of corduroy for his tour. He will arrive here and appear at the members' meeting at the Y. M. C. A. building this evening and will be at the tent meeting this afternoon at 3:30 o'clock at the First M. E. church, when his subject will be "The High Mark."

The evening before Mr. Countryman will appear in his adopted costume.

Put Your "Help Wanted" Ads in "The Tribune." They will then bring satisfactory results, and you do not have to wait long to know it. Call Bell or Home Phone 275, or take your ad to the nearest drug store.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Lydia E. Pinkham's Vegetable Compound for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of the mucous membrane of the female. It also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption), backache, nervous prostration, etc. It is not no good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Mandrake root, and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, M. D., of Jefferson Med. Coll., Philadelphia; Prof. John King, M. D., of Cincinnati; Prof. John Scott, M. D., of Louisville; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of other physicians in their several "Medical Institutes." The Golden Medical Discovery is the Weakness of Women's Hope. Dr. Pierce's Favorite Prescription is the strongest tonic for the weak, nervous, sleepless, hysterical, "blue" and despondent women. Dr. Pierce's Pellets are the smallest, easiest, most perfect of all laxatives. A glance at this published formula will show that Dr. Pierce's Pellets are unsurpassed for poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable, being a valuable remedy in itself in the cure of all stomach as well as pulmonary, throat and lung affections. There is the highest medical authority for its use in all such cases. Dr. Pierce's Pellets cure constipation, biliousness, sick headache, torpid liver and its sale and publication. A booklet of extracts from eminent medical authorities, endorsing its therapeutic qualities, sent free. Address Dr. R. V. Pierce, Buffalo, N. Y.
