BABES TAKE THIRD

SPRINGFIELD FINDS WILLIAMS EASY AND WINS 9 TO 1.

GET ONE RUN OFF FIVE HITS

Bluebirds Slam Out Plenty of Singles in Third Inning, but Single Tally is the Fatal Result.

The Tribune's Special Service.

Springfield, O., July 30.—Springfield took the last game of the series from South Bend here yesterday afternoon by the score of 9 to 1. Pitcher Tom Williams, of the visitors, was not in his best form and was hit hard by the locals when his mates runs. Lajeunesse spotted off the star play of the day when he stole home from third while Williams held the ball. Umpire Fitzpatrick was away off but his decisions affected both sides. Merryman was in good form most of the time.

Five hits were made by the Bluebirds in the third inning when they threatened to pound Merryman out of the box but scored only one run. Houser singled and Grant hit so left but Houser was caught at third on the throw-in. Williams then singled and Hayworth in the same stand, scoring Grant, and Mooney then bunted, beating out the ball when no one covered first base. Hayworth hit a fly to Collins but Williams was caught at the plate trying to bring the tally home.

In the locals fourth Osteen walked and Donahue was safe on his sacrifice. Lajeunesse was passed and Dickey hit to Williams who forced Osteen at home but Kelly hit to Hayworth and Donahue was safe on the throw-in and Fromer doubled, and four runs scored.

In the fifth Donahue singled followed by Lajeunesse with a one bagger. Frankie Dickey hit safely and Kelly was forced out and Lajeunesse raced to third bases, whence he stole home.

In the sixth, Collins doubled and Fromer tripled the Dummy scoring when McGraw hit to Williams.

In the eighth Collins doubled as did Fromer but the Dummy went to third on an out and came home on a hit to Heath. The score:

South Bend.	A.B.	R.	H.	SB.	PO.	A.	E.
Heath, ss.	4	0	0	0	1	3	0

MAY LET FERGUSON GO.

Rumored That Giants Will Release Pitcher Because of Wildness.

New York, July 30.—It is rumored that Cecil Ferguson, the big blonde pitcher whom McGraw bought from Louisville last year and who was with the South Bend team of the Central League, is to be sent back to the minors.

Ferguson has pitched four games this year, winning three and losing one, and has shown great form in all his games. He lost the one game to Brooklyn, but lost through his own fault.

Ferguson has not been worked more because he has not been able to get control of the ball, and McGraw is afraid to put him in a game when he shows up poorly in the warm-ups.

ARE FIGHTERS OVERWEIGHT?

Stated That Britt and Nelson Will Scale More Than 135.

San Francisco, July 30.—While Battling Nelson and his manager, Billy Nolan, have been clamoring loudly that Joe Gans reduce his weight to a point below the lightweight limit, 133 pounds ringside, it is an open secret that Nelson and Britt may enter the ring Wednesday night with 135 pounds.

Neither man is said to be at the limit fixed by the conditions of the bout. It is thought unnecessary may be made that Britt and Nelson will be overweight. The men are said to be in excellent condition, however, and the men are trying hard to cut off weight.

On his merits it would appear that Nelson should win, and it is thought that he will remain an odds on favorite, even if he should be a little overweight. A few pound lots were laid last night at 10 to 8 and as Britt moved was very shy it is backed 10 to 6 will be the ringside price.

Gleason Breaks Record.

Fargo, N. D., July 30.—Four and one half seconds were clipped off the world's auto record for a mile on the half mile track at the Fargo International Fair yesterday afternoon, the time being 1:16.2-5. He made three miles in 3:51, breaking his own record on a half mile track by 12 seconds.

No Betting at Cleveland.

Cleveland, O., July 30.—The 22d grand circuit meeting is promised an auspicious opening at Glenville race track to-day, although after a conference between Colonel Chief of Police Kennedy and the racing officials it is given out that no pool selling on the races will be allowed.

ONLY ACTIVE ATHLETE IN THREE WORLD'S SERIES

GEORGE DAVIS, STAR SHORTSTOP OF CHICAGO WHITE SOX.

Chicago, July 30.—Ball players consider it a rare privilege to participate in a single series for the world's championship. A few have had fortunate enough to take part in two such struggles, but what of the athlete who qualifies in three and still stands ready for the fourth?

If you think this is a record to be proud of, then tip your hat to George Davis, veteran shortstop of the Chicago White Sox. He is the only active player who has done it.

It was 14 years ago that Davis first heard the call "play ball" in the first game of the series between Cleveland and Boston for the world's championship. He was playing shortstop for Cleveland. He had been playing a year or two in the big league and was accounted a star among such diamond horses as Tucker, Kelly, Bennett, Nash, McAleer and Cy Young.

Cleveland did not cop the series, but all the games were closely contested, and Davis came out of the fray with the reputation that he has kept handed with care ever since.

Ten years later he was found playing with New York when that club clashed with Connie Mack's Athletics team in the Temple cup games. Manager McGraw's Giants had no notion of accepting the offers of the Baltimore mobs. New York captured the championship with the Athletics minus of Rusie and Meeth, Davis was one of the Giants who had his share of glorious and more ignoble moments. Davis played the game of his life.

And everybody remembers the Chicago White Sox of 1906. It was the most notable world's series ever played, and the veteran shortstop studied the White Sox infield and gathered everything that came his way. He had done 14 years ago for Cleveland.

COUNTY ROADS BEHIND

ST. JOSEPH CALLED LAGGARD COMPARED TO OTHERS.

FARMER'S AUTO TO COME

Several Firms at Work Designing Vehicle for Practical Use in the Country—Rural Mail Service Helps.

Motor Age, an automobile publication has recently declared that Indiana had more miles of good roads than any state in the union. More than 4,500 miles of Indiana roads are undergoing improvement during 1907 and the cost will approximate $8,000,000.

The extension of rural free delivery and the growth of the automobile industry are the main factors behind the improvement. The farmer's automobile is soon to become a practical proposition, in the prediction. Several firms are working on this type of machine. It will be a heavier vehicle than the average runabout, will have about 14 horse power and will not be built to smash speed records but will have good carrying capacity and will cost about $750. A number of farmers in this county part of the state have seen machines and the list will soon sort further differences upon the roads of that vicinity.

St. Joseph county is the laggard of all the counties in the state," says a Lafayette dispatch to the Journal. "It is the only township in the county where intelligent road making is practiced and the township is not only supplied with good gravel but it is put into the roads in a way that makes it last and endures. The roads of Union and Center townships are miserable and the southern part of Penn and nearly the whole of Madison are all but impassable in bad weather. On a recent motoring trip of the county commissioners gravel was hauled and spread, crushed stone, a thing which not one in ten in Tippecanoe township, Morgan county, $25,000 worth of rock stone road is under construction. In Wells county, of which Bluffton is the county seat, 31 miles of new road are being built and 31 miles of old road. In Allen county for 79 miles more are on file.

"The Gilsdon tourists praised the Indiana roads but they did not refer to St. Joseph county, they were talking about the roads in Michigan, Illinois, around Michigan City and Otis. Laporte and Porter counties are way ahead of us on road building. Motorists are working out a route from Fort Wayne to Chicago by way of Laporte and Gary, the new route is to Whiting Beach and Porter counties have become so popular.

"St. Joseph county should have at least one good road and was road and one good north and south. Elkhart county, the adjoining county, has voted for by taxation upon a petition of 50 or more property owners and voters of the township in which the proposed road is to be located.

"Tippecanoe county, the city has volunteered to prepare the first petition upon the subject, and furnish instructions free to the parties who will take the initiative.

M'FARLAND AND YANGER SIGN.

Weight is Set and Malachy Hogan Chosen to Referee Bout.

Chicago, July 30.—Packie McFarland and Sonny Yanger signed articles yesterday for their go before the St. Joe Athletic club of Fort Wayne, Sonny Gilmore and Jack Curley having signed for the bout last week. As to the weight, Malachy Hogan was chosen as referee, both men having named him as officer.

The bout will take place Aug. 29, and McFarland will do his training at Gilmore's gymnasium.

Open at Dayton.

The hard luck champions will open the season at Dayton with the Yeggs there and then a return to Springfield for a nine day series opening Friday.

Moffit Out of the Game.

Elmer Moffit, the former South Bend pitcher, is out of the game on account of illness and is resting at Toronto.

LOCAL NAGS TO RUN

SOUTH BEND HORSES IN MEET AT KALAMAZOO.

Charles Hubbard and Billy Woodland Entered in Opening Day Events.

The Tribune's Special Service.

Kalamazoo, Mich., July 30.—Kalamazoo's mid-summer race meeting, which promises to be the best ever pulled off in the city, begins this afternoon. Three good races are carded this afternoon and there are two South Bend horses entered.

Charles Hubbard, the well known black gelding, has been entered in the 2:19 L.A. Verle purse test and will strive for a share of the $1,000 offered. Billy Woodland, owned by Ed. Wickham, of South Bend, is the same race. Beacon Parker, the Niles gelding, has a 2:14 T. J. Dyerman filly with a mark of 2:12¼. In the 2:30 class Ed. Nichols has a big field headed by Sudekoker horse, Billy Woodland.

Charley Hubbard has been stepping in the Kalamazoo park and Charley Hubbard is unquestionably tickled at the prospect of getting in on the division of the money. Hubbard started eight times last year and won six times and then going into the 2:12 class stepping first money at Pontiac and third at Kalamazoo, twice, Grand Rapids and Detroit.

Several South Bend horsemen will attend the races at Kazoo this week.

Open at Dayton.

The hard luck champions will open the season at Dayton with the Yeggs there and then a return to Springfield a nine day series opening Friday.

POOR WALDO.

FLIES AGAINST WIND.

Airship Crew Demonstrates How Berlin Could be Destroyed.

Berlin, July 30.—By a spectacular flight in which the mastery of wind was achieved, a military airship demonstrated yesterday the practicability of aerial warfare.

Hovering the city with a crew of six aeronauts and carrying rapid firing guns and a quantity of explosives, the airship was operating under perfect control. When its occupants had dropped mock bombs into the royal palace and the magnificent museum lining the Lustgarten and Unter den Linden, the airship darted away at a speed equal to the wind at the rate of 25 miles an hour.

Thousands cheered while the military airship performed evolutions at a lively height. Emperor William and Chancellor Von Bulow were especially pleased with the result of the experiment. The emperor expressed great satisfaction.

As a result, it is anticipated here that Germany will be the first to use aerial warfare—the most menacing peril known to modern civilization.

When the airship made its appearance over the city the thoroughfares were lined with people and sacred portals.

Above the roofs of the city and the endless expanse of upturned faces, the aerial navigators sailed with perfect ease and security.

And the paper notes which they raised from the sky been charged with nitro-glycerine, dynamite or other high explosives the magnificent city would have been razed to the ground in a short space of time.

The Berlin Post says: "Been enemies in the crown, the royal palace could have been blown to atoms, the king and the royal retinue slaughtered and the palace guard powerless to prevent the disaster.

"Here was crisp sweep of wind in the face of the airship, but the opposing element only slightly retarded the speed of the sky demon.

"Swooping down upon bird of prey, it lately winged its route high above the city and swooped down like a vulture. With equal swiftness it again mounted to a higher level, soared, retrieved and sailed through the atmosphere at will.

"The cargo of air-borne dynamite gives the operator of the airship the right to the powerful side of the heavens.

Col. Wagner facetiously remarked after the flight that in future international partitions will be more regard for the aerial progress of aerial navigation continues.

LAWSON BUYS SMELTER.

Boston Financier in Big Deal Has Good Backing.

Prescott, Ariz., July 30.—Thomas Lawson, of Boston, now owns the Humboldt Smelter near Prescott, having secured possession on July 8 of all but 25,000 shares of the capital stock of the Consolidated Arizona Smelting company. To a Boston representative of the Journal Mr. Lawson said that the deal was one of secrecy but would not be long so. The deal has been pending for several months and was negotiated by George Middleton, a stockholder in the Smelter.

John L. Elliott, president of the company is in Boston and an option on his stock was secured by cable. The intention is said to be to inaugurate a gigantic flotation scheme and secure capital for the development of the mines, the development of various copper properties owned by the company. Because the Humboldt plant, the company owns and operating the Dessota, Blue Bell, Tuscumbia, Hillside, Senator, Yellow Jacket and the Zonia mine in Coconino county.

The present capacity of the smelter is 15,000 tons per month and the enlargement will be to 30,000 tons per month, or $14,000,000. It is understood that Mr. Lawson proposes to make this smelter the largest in the country and with the mines that the company operates to develop an enterprise equal to the amalgamated. The company is capitalized at $17,000,000.

Gov. Glenn to Speak in Brooklyn.

New York, July 30.—Gov. R. B. Glenn, of North Carolina, is to be one of the chief orators at the annual dinner of the Brooklyn democratic club at the Brighton Beach hotel, on Aug. 3.

AUTHOR IS DEAD.

Col. Will S. Hays Wrote "Mollie Darling."

Louisville, Ky., July 30.—Many a sigh of tender recollection went up all over the country the other day when the death of Col. Will S. Hays at his home in Louisville was announced.

Who of the older generation does not recall the simple melody and the homely, touching words in Col. Hay's famous song, "Mollie, Darling?" Twenty

COL. WILL S. HAYS.

or 35 years ago it was far and away the most popular song in existence. More than 2,000,000 copies of it were sold. Who does not recall the lines:

"Tell me, darling, that you love me;
Hasty may you ever be.
When you're dreaming, Mollie, darling,
Who is the dream of your soul?"

Col. Hays wrote many of these and many a song, both words and music, but none ever approached in popularity the plaintive "Mollie, Darling." Here is the first stanza and chorus:

"Tell me, tell me, Mollie, darling,
Tell me, do you love me?
Say, I love you, Mollie, darling;
You are all the world to me.
Oh, tell me, darling, that you love me!
Put your little hand in mine.
Tell me, tell me, Mollie, darling,
Say that you will give me thine.
Refrain:
Mollie, sweet, sweet, dearest,
Look up, darling, tell me this:
Say, do you love me, Mollie, darling?
Let your answer be a kiss."

GATES GOING TO EUROPE.

Financier and Party Will Tour Old Countries.

New York, July 30.—John W. Gates, the financier, and his son, Charles G. Gates, sailed for England to-day. They are accompanied by the two Mrs. Gates and Gwen L. Wells, a member of the old firm and former head of the Chicago office.

Mr. Gates and his party will tour Europe in automobiles, and toward the end of August they will go to Switzerland, where they will be met by the famous shooting boy of the Marquis De Beauvaies, where it is expected a stay of two months will be made. The return home will be made about the end of October.

STAMP COLLECTORS MEET

American Philatelic Association Holds Convention at Pike's Peak.

New York, July 30.—On the top of Pike's peak, Colorado, more than 14,000 feet above sea level, the leading organization of the stamp collectors of America, the American Philatelic Association, begin its convention today. There are two tickets for officers, one headed by John M. Luff, of New York, and the other by Eugene Dobbin, of Pittsburg.

Changes His Position.

James A. Jones, who has been connected with the Walk-Over shoe store since it opened in South Bend, has resigned his position to take the management of the Newark shoe store at 135 West Washington street. Mr. Jones assumed the charge of the Newark store yesterday morning.
