RUN WELL IN SLUSH

GOOD BRUSHES PULLED OFF ON SOFT SPEEDWAY.

ROTHA J. IS VICTOR

Local Paper Takes Measure of Strongboy From Chicago—Studebaker Horses are Not Brought Out for Racing.

In spite of the rather soft condition of the track on the Colfax avenue speedway the races held there yesterday were interesting and close, and horsemen are with regret to-day that the snow is disappearing. There was a big crowd along the speedway yesterday to see the races and there were enough close brushes to keep up their interest and to make the people forget that they were shivering in cold water.

The feature of the day was the match between Rotha J., J. C. Barrett's trotter, and Foyle's Chicago sprinter, Strongboy, the local horse winning in two heats out of three. The first heat seemed easy for the Barrett horse, but the second went to the visitor by a good margin, while the third was won by Rotha J. The local horse seems to have lost not a great deal of speed in the winter, and people seem to think that Strongboy has the better quality and would like to see another match.

No Studebaker Entries.

None of the Studebaker horses was on the track, the entries being scratched when the time came for the first event. Dan Cupid and Kilmer's new pacer, known as Doctor C-K., was lined up with Myers' Rodney, from whom the dental pacer took two straight heats. The C-K. horse was awarded the first heat, though the winner seemed to be in doubt as to what was done in the four heats run. Rex S. was not in the first heat, which was won by Abetter with Lothlight's Tony Hill second, and the Mishawaka horse third, Abetter being in the lead the second heat, when John Groff drove Abetter in just behind Tony. The latter dropped out in the third, which went to Rex. S. and in the fourth Rex S. was second to Tony Hill, Abetter coming close enough for the judges to see who it was.

Joe Sullivan, with his Cremore trotter, was given second place in the matinee, Myers and Foyle's Chicago winning the last two heats. Following are the results:

Victim Throws up Sponge to Stave Off Beating.

Milwaukee, Wis., Feb. 1—Charles Neary, of this city, defeated Dave Deehler here last night in the eighth round of what was to have been a 10-round fight. Neary gave his opponent a terrible beating and would have scored a knockout in a few seconds more if Deehler had not thrown a towel into the ring.

Both men fought hard from the tap of the first gong and the battle was one of the most interesting which the crowd at Schlitz park ever had witnessed. Deehler intend matters with the idea of knocking his opponent out, usually got the worst of the exchanges.

HACKENSCHMIDT DEFEATED.

Champion Does Work in 26 Minutes Which Should Have Taken Five.

Chicago, Feb. 1—Frank Gotch, the champion wrestler, taped and puffed 26 minutes last night in this city before he won the first fall of his match from Charles Hackenschmidt. It looked to those at the ringside as though the champion could end the bout inside of 5 minutes, but at some time on Hackenschmidt's second fall took 18 minutes, going to the champion on a toe hold and arm hold. The first fall was the result of a leg-and-arm hold and half Nelson.

GRANT GETS RAISE

MANAGER RE-ENGAGED AT A BOOST IN SALARY.

Livingston as Board—Cross and Bush Will Join the South Bend Team.

At the meeting of the directors of the local Central league club yesterday Manager Angus A. Grant was re-engaged, and a substantial increase made to his salary just to show him and the public how high he is held in the esteem of the club and how the club appreciates his efforts made during the winter to get together a team of lazy ball players. Abe Livingston was made a member of the board of directors to fill the vacancy caused by the resignation of Chief McWeeny.

Announcement was made to-day that the South Bend management has secured the services of Cross, the well known catcher, and Sherman Bush, from the Dayton club. The terms of the deal are not known, but it is stated that it has been the desire of Manager Grant to get the two men he has finally landed. The Dayton club, which has released Cross, it is said, will be played at first base, though he possibly will be used behind the bat occasionally. Bush is a regular position. Injur-

ies of the kind are not to be expected. Bush is well known throughout the league. He played a part of the time with Dayton last year, but he was with the Indianapolis club earlier in the season. There he gained fame as a killer, especially being there with the lonely home run. Differences existed between the Indianapolis manager McGann, which is the reason for his release to Walker to take his place. Neither has been his been signed yet.

Other players signed so far have been inked as follows: Kinney Johnson, catcher; Owen Miller, M. A. Fisher, shortstop; Jake Livingston, outfield, third base; E. L. Dickson, first fielder; Emil Yaeckel, C. Kesselhuen, Charles Deiner, pitchers; Carl Conginger, "Rudy" Ackenmyer, first base.

STATE TITLE WANTED

VARSITY ROOTERS THINK NINE HAS CHAMPIONSHIP CALIBER.

INTEREST IN M. A. C. MEET

Fans Anxious to See What the Track Team Can do and Draper's Men Another Show Their Ability.

The close of the second week of indoor baseball practice finds Notre Dame's prospects steadily improving. Leaving the state championship jinks like a jobl which can be done again this year, and the rooters also believe that the inside will be able to make a favorable showing against any college team in the west.

Three of last year's varsity men started in work Monday, and three or four more new candidates who were numbered by class work have managed to put in an appearance also. The squad has a membership now of 26.

Coach Lou Criner is giving individual attention to each man of promise, and the pitchers and catchers come in for special attention from him. The players are gradually improving on foul, batting and catching.

Interest in "Aggie" Meet.

Interest in the indoor meet centered on the coming meet with Michigan "Aggies" which is to be held here Feb. 15. Notre Dame has not had a meet of this kind at home for two years, the last one being with Purdue, and on the other hand the rooters want to see what they are capable of.

Smithgall is recovering from a sprained ankle and is able to practice in a limited way, but it is thought he will not be ready for a meet for a time. The famous twins here, Kasper and Jim Keach are becoming formidable in the sprints, while Graham, Miller, O'Leary and Hickey are showing close in the runs. Woods and Barry are showing up well in the pole vault, 10 feet, and in the pole vault and jumps Boyle and McDonough are coming close to the high marks of the gymnasium.

ORDER OF OWLS GROWING

New Nests Being Instituted—Progress on Big Cities.

Indications of constantly increasing growth of the Order of Owls were manifest at a regular meeting of the South Bend nest Friday evening. A charter was voted to Bristol, Tenn., which was organized Jan. 27 by Archer Clark. A dispensation for a charter was voted to Lafayette, Ky., which will be instituted next Thursday. Progress reports were read from organizers in other fields. The membership contest between the two sides continues to be for the claim to be taken in some.

One candidate presented himself for initiation, but after hearing what he could of a discussion going on the committee on the part of the candidate, he withdrew and left a candidate, a well known man with a reputation for his blasphemy and cursing, disappeared. Two applicants were elected to membership. Preparations are being made for initiation of Dowagiac, Mich., next Thursday night and at Elkhart, Ind., next Wednesday night was accepted. The delegations of local Owls will attend in each instance.

A special meeting was called for next Wednesday night back to confer for initiatory work.

CHINA'S NEW YEAR FEB. 12

Celestials Disappointed in Inability to Celebrate Property.

The Chinese expect to celebrate New Year's Day Feb. 12, though it is not probable that there will be much doing in South Bend as there are few of the race. Celestials at home and abroad make New Year's the great day of the year, and the local Chinamen are disappointed at the inability to celebrate properly. However they will receive gifts from their friends in the foreign kingdom and in the country and have already sent a number of gifts. The day will not be entirely forgotten.

WHY TERRY TURNER, SHORT, HAS ASKED SALARY RAISE.

MRS. RENA B. MATHEW-TURNER.

This is a striking picture of the "Chesty" Chesty Terry Turner, the famous Cleveland "Indian" boy, showing who is as good as the "Chief" when it comes to an increase in salary. She was Miss Rena B. Mathew, of North Bristol, O., and was an actress in the "Dream of Tuxedo" company. She is now Mrs. Terry Turner, and is a sister-in-law of the famous player at Columbus after a romantic courtship, began a year ago, when Terry first saw her in a ball game. The photo shows the bride in her wedding dress and a wooden toy in "Babes of Toyland."

"The Civil War," by Thos. M. Lebaris.

Miller's band of 20 men will give one of its popular concerts at the Oliver opera house Feb. 16, Sunday evening. One of the special features will be the reproduction of "The Civil War," assisted by Capt. Falkner and Lieuts. Calvert and Kendall and Co. F, of the Indiana national guard. A grand realistic tone picture of the recent calamitous events between the north and south, showing the battle of Gettysburg, scene of the varying scenes and incidents, and making a true music panorama, through its various movements, from beginning to end.

WHY IS IT?

WOODCHUCK AS PROPHET

According to the Old Sign There Will be Six Weeks More of Winter.

If the prophetic woodchuck is to be relied upon there will be six more weeks of winter for according to tradition if the little animal sees his shadow upon making his weather observance upon Feb. 2 he immediately crawls back into his hole and sleeps for six weeks. If, on the contrary, he does not see his shadow he stays off his downtown and drinks shoot like a true Mitten. This means that winter is nearly over.

This old sign which has been handed down from generation to generation and many people believe in it as sincerely as their grandfathers did.

The ground hog, or woodchuck, if he did make his observation to-day saw his shadow and the people who have been waiting for his annual appearance before ordering a new supply of fuel can do so safely with the wood chucks assurance that it will be needed.

LETTER TO CLUBS

APPEAL MADE BY MRS. DECKER TO INDIANA WOMEN.

Document Read Before Progress Ladies at the General Meeting.

The Progress club met this afternoon at 2:15 sharp in the club rooms in the Metzitte. One of the features of the meeting was the reading of a letter which Mrs. Sarah Platt Decker, of Denver, Col., president of the General Federation of Womens' Clubs, has written relative to the club fight recently waged in this state. Under date of Jan. 14, 1907, Mrs. Decker writes as follows:

"I have received through the secretary of the general federation, Mrs. John D. Sherman, a protest from the delegate to the general federation held in Muncie, Nov. 22, 1906, addressed to the board of directors of the General Federation of Womens' Clubs. I have submitted a statement to the board of directors of the situation with reference to the action of the executive committee of the general federation. The written vote of the board of directors is as follows: 'Twelve support the action of the executive committee; one (Mrs. Sherman) wishes the matter to be deferred for further consideration. For myself, I have given careful consideration to the action of the membership committee of the general federation, and my own opinion is that the action taken by the executive committee was the wise one. I feel that we should be very careful in dealing with the Indiana situation, lest we should make a glorious girl fined with the veritable spirit of the hour of a united, happy, loyal company whose union shall mean a mighty preserve for all that makes for right-ness upbuilding of a great state.

"Very Sincerely Yours,

"Sarah Platt Decker."

Mrs. Sarah P. Kinney, of Valparaiso, president of the Indiana Ethic Federation of Clubs, has written the following letter to Indiana Women's Clubs which was also read at this afternoon's meeting:

"To the Club Women of Indiana:—

"Dear Friends: Knowing the distributed, confused, unsettled and discouraged feeling existing in some of the clubs of the state, and fearing that all our clubs are interested and anxious to know the outcome of the trouble in this matter, I have decided to send a printed copy to every club on our list asking the officers of each club as speedily as convenient to convey this decision to their members at their next club meeting, but also through their secretaries, I am requesting each one in the state of women is to urge them to rally to the support of our state. Let us take for our motto the Decker call to us 'The great state of Indiana needs the thousand of its club daughters.'

"Cannot, will not, every woman, in the state determined to make it a part of her duty to respond to that call, and make it a tenthousand state federation for our report at the biennial at Boston, in June, 1907?

"Yours sincerely,

"Sarah P. Kinney."

A BRAINY CHILD.

Wise Mother Proves the Value of Grape-Nuts in Rearing Children.

There is no surer test of real knowledge than the ability to impart information with our own eyes and other senses.

"Having been raised to believe that oatmeal not exist without meat, but biscuit and coffee for breakfast, I was skeptical at first about the value of Grape-Nuts.

"But little girl as well as myself had indigestion all the time and I could not understand why.

"Among other things, attracted by the advertisements concerning Grape-Nuts, I decided to try them to see if whether it would afford nourishment for my child. I was soon convinced my little girl.

"In a short time after changing from heavy food to breakfast and supper to Grape-Nuts, she had no more headaches, no more constipation, no more pains of the back of the head, at the top of her also in 4 feet high, weighs 41 lbs. is in the 5th grade and in every way is a fine healthy child.

"Little Grape-Nuts, has been raised on Grape-Nuts, eats it for two meals each day, is very large for his age and fine looking." Name given by Postum Co., Battle Creek, Mich.
