JUST AN EVEN BREAK

SOUTH BEND LOSES LAST GAME TO SPRINGFIELD.

INFANTS HIT HALLMAN

Local Southpaw Has Ascension in the Seventh and Loses Contest—Grantites Unable to Solve Meryman.

The Tribune's Special Service.

Springfield, O., May 24.—South Bend and Springfield broke even on the series here. Springfield took the final game yesterday by the score of 7 to 1. A change in the line-up of the Infants had the desired result.

Notwithstanding the victory of yesterday Manager Hendricks, under orders of the directors of the club, has signed and traded men in order to strengthen the team. The change will take place at once. Heisman has been traded for Davy Pickett, the old left fielder with Dayton, who is a strong hitter when he is in shape and will be used regularly in the field.

Lynch of Evansville has been purchased for short, Cotteo being unable to play the fielding game that is asked for. Frame of Indianapolis is to be used on the bench. Cotteo, Lynch and Boyd Chamberlain, the catcher, have reported for pitching duty. It is expected that this will strengthen the pitching staff authoritatively.

These are not the only changes to be made, however, Manager Hendricks is trying to find a new hitter fairly well, but they are playing too raggedly. That club has enough hitters, but is now after a few good fielders, to close up the weak spots in the team and make them like a stone wall. When this is done the club will be complete.

Hallman Has Ascension.

Notwithstanding the changes, the game yesterday was a pretty contest. The Infants and Grantites each made four errors, but none of them was especially costly to the Infants, while some made by the Grantites counted in the scoring.

Hallman, who was changed his batting order playing Bolden at the head and calling Collins down to seventh place. This change acted as a stimulant especially in respect to the locals stick work. They piled up enough hits to win if the visitors had behaved in the matter of errors.

Hallman took his position on the mound for South Bend and pitched phenomenal ball up to the seventh inning, when he took an ascension skyward and assisted by poor support from his teammates allowed the home team to tie the score. The Indian southpaw from South Bend seemed to be unable to control the ball in that inning. In fact he was very wild several times. He hit two, walked two and threw the ball wild, all of which were costly mistakes. This is the only inning he was hit hard and yet he hit his rival and his defeat simply showed that he was out of form as he is considered as one of the best southpaws in the league.

He was opposed by Meryman, the man whom South Bend defeated twice in the early part of the season. He is the smart, big he was too much for Grant's sluggers in this contest. He allowed but seven hits, which were badly scattered. In the fifth inning he was hit hard, Grantites succeeding in coaxing with two singles off Meryman the visitors managed to get two scores, the only one of the game. The score:

Seen by the Fan.

Grant and Johnson both got errors. Umpire Fleffler is giving satisfaction.

Although they moved Collins down on the batting list he made two clean singles.

Gutzeit was the man Hallman hated to see come to bat. He got a two and a three bagger.

Richardson is doing some fine work behind the bat. He kept the locals from stealing a base yesterday.

Frank and Johnson got busy with the stick yesterday. The former made three nice singles, while Johnson got one hit, a double.

Pickett is still handling on the sphere. He seems to be very anxious to fatten his batting average and for the past four games has his .500 or better.

WISE BEATS GANZELOIOS.

Grand Rapids Unable to Solve Veteran's Delivery.

The Tribune's Special Service.

Dayton, O., May 24.—Wise was a puzzle to the Ganzeloios yesterday and after losing seven straight games the Tentacles were able to put Grand Rapids down a peg. In eight innings the visitors scored three runs and made a hole. Outside of his wildness he pitched very effectively. Sloan runs by Conzett and Paskert were the features. The score:

CENTRAL LEAGUE GOSSIP.

Dayton Anxious to Make Kushk a Regular Veteran.

Kushk, the South Bend shortstop, has made a hit with the fans of Dayton and the management of the "Veterans" is anxious to put South Bend's release the youngster or sell him. Manager Gilbert has not said whether he will let Kushk go or not, but he will have no trouble in getting a good price for this youngster.

Frank Crosa, who was injured a few days ago in a game with Springfield, is quite ill for a few weeks. His hands is in bad condition.

Managers Hendricks, Cassel, Bryan and Boyle are said to favor the relative merits of the Central League and Ohio State League. Hendricks is reported as claiming that several teams in the league are overstocking on all every club.

Mr. Dodd, secretary of the Twenty Years' Club, has received the position and turned his stock over to the other stockholders. He has left that city, which is the reason for his resignation. The officers for the "Tots" have ordered Manager Boyle to make a change in the line-up of the winning combination. He will go at it by behind the bat, gifted with an intuitive knowledge of the fine points of the game, each of these coachers has grown a capable coach in bringing out the best points in young players and exposing the weaknesses of battery men. Chance has been credited with the best record of the trio as the batter his .352 in 71 games, which is considered good in these days of weak-hitting catchers.

THREE STARS OF THE NOTRE DAME CLUB.

Catcher Murray. Capt. McNerney.

Pitcher Pierce.

Captain McNerney, second baseman, Catcher Murray and Pitcher Pierce are three of the Notre Dame men who will be connected with a Notre Dame ball team. The former two are playing with Dayton this year and are wanted by league managers. Pierce has had little experience, but is a very promising pitcher. All are good bets for some American association club.

Tuohist, the clever center fielder with Dayton, has been playing a little ball since Welsh has had to catch on account of injuries.

Cassel made the longest home run of the season in the Central.

Manager Harvey is said to be playing star ball with the Veterans. He is a big hitting ball.

An Evansville scribe says that Cincinnati has Boston beat and Cincinnati and that there is no reason why the "Reds" should win so many games from the "Little Bears." Wait until they meet South Bend and Grand Rapids again, Mr. Writer.

Manager Harvey of Canton manager is negotiating for a new pitcher, a southpaw from a team in one of the major leagues. It appears that the "Reds" are going to try to fix up a team that will be able to finish in a good fashion. They will have enough players to win.

After looking the situation all over and consulting with the officials of the Central League, Manager Harvey says that Dayton will be strengthened by a few more changes in his line-up. He will stick to a while, but not often enough to give him a chance to stitch out of last place and he wants to be in the pennant race.

PLAYERS QUIT SOBBING.

Umpires Are Giving Satisfaction and Will Stick.

President Chenoweth's prediction a few weeks ago that the umpires of the Central league would give satisfaction to the players found that the officials were going to be right in showing them that they were in charge of the field, seems to have proven true.

There is not an umpire in the league who is not giving satisfaction all around and they continue to receive fewer kicks as the season advances. Coffey is better received than the rest and in fact had no trouble when the schedule opened. He made correct decisions and has given the players no cause to kick. He is sure to score he will not allow that sort of stuff.

Fleffler gives the players to understand right from the start that he means business and although he has had to put a few men off the field he has not had to him he is getting along better now.

Wheelock started out at Grand Rapids and gave general satisfaction but when he started around the circuit he found the players were not willing to bring at him and they have not stuck yet. But Wheelock is traveling fine rapidly and will be all right in a few weeks. Pfeiffer has had trouble ever since the league began, but Dr. Carson says he is a good umpire and he will stick to the game. He is liked and by the players they will unbosom only use his "umps" as they should.

INDIANS LOSE SCALPS.

Notre Dame Pounds Out Victory from Nebraskans.

Notre Dame defeated the Nebraska Indians by the score of 4 to 3 at Carlisle yesterday. The game was hard fought, but the red men were handicapped and outbatted. The Indians pounded sensational ball for four innings, but went to pieces in the fifth. McCarthy evened the score in the fifth by knocking a home run when two men were on bases. The score:

The Magic Lenses baseball club will play the Tossetti team at 3 o'clock Sunday afternoon on the south end diamond.

The familiar and popular blue covered city directory will be issued as usual this year and will be better than ever.

TRIO OF WELL KNOWN "BIG MITT" PLAYERS

Three old-time catchers of the American league are Ollie Ochrochongers, of Philadelphia; Jim Hoffman, of New York, and Eddie McFarland, of Chicago. Possessed by years of activity behind the bat, gifted with an intuitive knowledge of the fine points of the game, each of these coachers has grown a capable coach in bringing out the best points in young players and exposing the weaknesses of battery men. Chance has been credited with the best record of the trio as the batter his .352 in 71 games, which is considered good in these days of weak-hitting catchers.

FIGHTING FOR LEAD

GRAND RAPIDS AND SOUTH BEND MEET AT SPRINGBROOK.

MANAGERS ARE CONFIDENT

Both Clubs Will Work Hard to Win Every Game of the Series of Four Which Starts To-Day.

The big game is on.

The greatest baseball battle that has taken place since the Central league opened this season is being witnessed by a good crowd at Springbrook park this afternoon.

It is the one that opens the series of four in which the team will be given a chance to see whether Grand Rapids or South Bend is the strongest team in the league. They are at the top, but play for supremacy. Assembly is the title when half the series is ended and the final results are put either team on the top round, which is the position being fought for.

Rain early this morning threatened to spoil the grounds so that there could be no game to-day, but the sky cleared up before noon and the sun shone brightly. Manager Harvey of Grand Rapids is so confident he has it in his better shape for playing than as of the time had so far gone. It is an ideal afternoon for baseball and the fight should be a hot one.

Both teams arrived in the city between 10 and 11 o'clock this morning. Grantites drifted into Secretary Doran's office about 10 o'clock this morning and the Gansaloids arrived shortly after noon. Both are in fine condition. Manager Gray says his players are in fair shape at present and will be better before the end of the argument against Grand Rapids.

Hard Luck at Evansville.

The Gansaloids did not have the best of luck on the trip on account of illness. It appears that one of the reasons for South Bend's defeat at Evansville was the illness of several of the local players. Cousins was out of the game, Ward was not in shape, others were affected and were used because there were not enough substitutes. The weather at Evansville was the cause of the sickness.

After going to Springfield the boys recovered and played better ball. Manager Gray is confident of winning for the four days' session with the northerners. Manager Grant said this morning that he was satisfied with the showing his warriors made on the trip considering their condition and thinks now they will get down to business and win the pennant.

The Gansaloids are in the pink of condition according to Manager Gantel. He says his team is in shape to play better ball than it has been before and they will be able to make a good showing in the series.

Williams Pitches To-Day.

For the first time in several days Manager Harvey will put a pitcher in the mound for South Bend this afternoon. Manager Grant said this morning that Williams is in good shape and he looks to him to win the opening game with the locals. Williams is a southpaw and is considered as good as Manager Williams and if he is in shape he will be used. He will probably win the game to-day. He has always been a hoodoo to the northerners. The rest of the line-up will be as usual with Johnson at short and Frame at second.

Gantel has not announced what pitcher he will use, but it will probably be Warner. This man has not worked for several days and it is believed that Gantel has been saving him for the opening game against South Bend. Warner is one of the best in the city and every game of the series and if he breaks even will be satisfied, but would like to come out ahead.

But he is not the only man to work for the home team. Manager Harvey is going to try every trick he knows to defeat the leaders and the fans in this city expect to see a good game.

For the game Sunday it is expected that a large contingent of baseball enthusiasts from out of the city will attend. The pennant race of the league has created interest all over northern Indiana and Southern Michigan.

SOUTH BEND HORSES RACE.

Dr. Carson's Captain M. Establishes Record at Kalamazoo.

Captain M., the handsome stallion owned by Dr. Frank Carson, of South Bend, broke the record for the last half mile on the Recreation park track at Kalamazoo, Mich., Tuesday morning in a race malines held by training horses.

The men had been training their animals prior to the opening of the Michigan Short Ship Racing circuit and had been working out every day. Captain M. is a fast and game horse and what speed they were going to make this season, Captain M. made the half mile in 1:05½. He is a pacer and one of the most promising animals in the Michigan circuit this season.

Two other South Bend horses made good showings. Major Woodland, a pacer owned by Col. Stutsman, made the last half of a mile in 1:06 and Jack Hawthorne, a trotter owned by John Silversith, made the mile in 2:24 and the last half in 1:11.

All of these marks are good ones for so early in the season, as the horsemen have been working their bold startings until the latter part of June. The trainers are of the opinion that the South Bend animals will be making a much better showing when they are ready to be entered.

TURF NEWS IN GENERAL.

Chicago Horsemen Want to Hold a Race Meeting.

Now that the trouble between the Western Jockey club and the American Turf association has been practically patched up, the horsemen of Chicago are beginning to talk of giving a race meeting. If they cannot get the Jockey club to come to Joliet or some other town near home.

James R. Keene won his third two-year-old stakes when his Sunol came at New York yesterday, when his son of Iron Brush took first in the Manhattan stakes. This animal was second to Sunol in the 1 and 1 with Sweet Briar at 7 to 5.

Wing Ting, filly owned by J. S. Hawkins & Co., easily won the Juvenile stake at Louisville yesterday. Lady Ting made the track record for five and a half furlongs.

The blue covered city directory, the one which has been issued from The Tribune office for many years, has made a reputation for itself. Among the best business men, will be issued as usual this year and is the book all business men should have.

MEN'S LIVINGSTON

AN EXPERT WATCHMAKER.

Skilled Workman From the Old Country Who Understands His Business.

Watch repairing is difficult and tedious work. A watchmaker who doesn't thoroughly understand his trade can do lots of harm to a valuable timepiece.

I have spent many the best watch repairer in South Bend. A man born and raised in Norway, apprenticed when a boy in Christiania, he learned his trade in the best watch repairing establishments of Swiss and German manufacture.

After learning the trade, as it is taught only in the old country, and 12 years of practical experience in Europe I opened my own watch repairing store.

That is why the simple mechanism of an Elgin, Waltham or any American watch is a puzzle to me, and I am the most valuable time-piece in in safe hands here.

If you are interested—have an expensive, complicated watch or clock that needs a good, reliable repairer, call in and I will show you some of the difficult work he has done.

QUALITY, STYLE AND DURABILITY

Go with every purchase of a Studebaker or Vehicle or Harness. In choosing your Doctor, Lawyer or Architect, you get the best talent to be had. The same rule should apply in selecting a vehicle. We are not doctors or lawyers but as architects of vehicles we have no superiors, if equals. Call or telephone.
