CITY WILL BE HOST TO POLISH ALLIANCE

EXPECT 3,000 VISITORS AT MEETING IN JULY.

BIG ATHLETIC TOURNAMENT

Committees Appointed to Arrange for Entertainment of Turners at National Convention—Membership Shows Large Growth.

South Bend will be host to about 3,000 Poles at the general convention in this city in July of the Polish Turners' National alliance. The convention will be in session several days and will bring to South Bend prominent Poles from all parts of the country. Arrangements for entertaining the visitors are now being made by committees.

In addition to the business sessions of the convention, an athletic tournament will be a feature. According to present plans, the convention will open on Saturday, July 1, and will continue until the following Wednesday. The athletic events will be held July 3 and 4, probably at Springbrook park.

The convention will be a notable event in Polish circles. The national alliance has 100 branches scattered in every city in the country with any number of Polish residents. During the past few years, the alliance has grown several hundred per cent and the national membership includes many thousands. The organization is strong in athletic particular attention being paid, however, to athletics.

Committees Are Named.

Committees to take charge of various features of the convention arrangements have been appointed and have begun their work. Preliminary plans have been made, directed by the committees under the direction of the local central committee. This committee is composed of L. Kolasi, chairman; S. J. Chalmiński, assistant chairman; B. J. Kaiser, recording secretary; A. Rozgiewicz, assistant secretary; J. Rozgiewicz, treasurer, and M. Kitkowski, J. A. Beczkiewicz, F. Nizegolski, R. Szulczewski, F. Jarosiewski, C. Nowak, M. Strumiński, J. Rytowski, L. M. Mocha, K. Wituski and V. Rosewicz.

The committee is composed of members of the local organizations of Polish Turners, M. R. and B. B. No. 1. General direction of arrangements for the convention will be in charge of this committee, which will be assisted by subsidiary committees.

Committees have also been appointed, composed of S. J. Chalmiński, chairman; L. B. Beczkiewicz, B. J. Kaiser and V. Rosewicz. The programme committee includes M. Kitkowski, J. Rozgiewicz, J. Rytowski and a committee on music, consisting of Jowicz, J. Wozniak, A. Zawiesa and J. Rozgiewicz.

Big Athletic Tournament.

A big athletic tournament is expected to be one of the most interesting features of the convention. Many teams are expected to compete. The committee has been busy with holding the meet at Springbrook park and the committee feels encouraged in the prospect of securing the park owing to the fact the South Bend Central league baseball team will play away from home July 3 and 4. Several teams have already signified their intention in the event is expected to be keen.

Interest in the sports will also be added to by the fact all records made in the tournament will be sent to the central athletic board of the Polish Turners. The records will stand as official in the alliance and will be a spur to contestants to put forth their best efforts.

Springbrook park will provide ample facilities for the athletic tournament. The athletic programme, in the event the park is secured. The meet is expected to attract a large crowd and the seating accommodations at the park make it especially adapted for the purpose.

Expect Foreign Visitors.

The plans of the committee provide for making July 4 the big day of the convention. Being the national holiday, the attractions of the convention will doubtless draw immense crowds.

In addition to delegations from nearby alliance in this country, a number of representatives of foreign nests are expected from Russia, Poland, Germany and Austria, a large number of invitations having been sent out to prominent foreign members, by the committee in charge of the alliance in Chicago.

South Bend entertained the convention of the alliance in 1904, but the order has grown several hundred per cent since that time. An elaborate souvenir programme will be issued for the convention, the work on which is under way by the press committee.

Visiting priests will be in the city to assist in the celebration of masses. Elaborate plans are being laid for celebration of masses on Sunday, during the convention.

PAUL BURMASTER SUES WHEAT KING

Dr. Paul Burmaster, head of Anti-Gambling league, who has sued "Wheat King" James Patten, of Chicago.

ADD FINAL DETAIL OF STUDEBAKER MERGER

Property Worth Many Millions is Transferred to New Company.

The final details in the merger of the Studebaker Bros. Manufacturing company, of South Bend, in the new holding company known as the Studebaker corporation, which has been incorporated in New Jersey for $41,500,000, were taken yesterday, when the property of the old company was transferred to the new and the old passed out of existence.

The assets of Studebaker vehicle factories were deeded to the Studebaker corporation, which is the property of the company, including the Auditorium theater and other real estate, in South Bend and Chicago, was transferred to the Studebaker Vehicle corporation, also a new New Jersey corporation.

The two deeds were filed for record with Recorder Noah C. Latham, accompanying the release of a $1,000,000 mortgage against the old Studebaker Bros. Manufacturing company held by the Mercantile Trust & Savings company, of Chicago.

Although property estimated to be worth fully $25,000,000 was transferred, the aggregate consideration named in the three deeds was only $1.

Transfer of the various South Bend properties, including the plant of the passing of the Studebaker Bros. Manufacturing company and in the future the business will be operated in the name of the Studebaker corporation. The Studebaker Vehicle company, an $8,000,000 corporation will own the Auditorium theater, the Studebaker store buildings at Michigan street and Jefferson boulevard, occupied by the Wenderoth & McGill company, block of buildings occupied by the Houseman & Hess company, on Michigan street, Y. M. C. A. home building, South Main street, other real estate on South Lafayette, Tutt, Sample and North Taylor streets, as well as accounts due the old company by the Lamb-Fish Lumber company. The Auditorium theater, the Studebaker building and Studebaker theater, in Chicago, to the new company.

New Fence at Postoffice.

An ornamental iron fence is being erected along the east side of the post office. The contract for the work was let to Charles Bentley, who will also erect a number of hitching racks at the rear of the postoffice.

The real estate and home builders' addition of The Tribune to be issued April 8 will offer an unusual opportunity for advertising the wholesale and retail lumber interests of South Bend with a view to receiving more trade in Michigan and Indiana. 1172

CHARLES D. HILLES BECOMES PRESIDENT'S SECRETARY APRIL 4

WASHINGTON, March 10.—It has been announced at the White house that Hon. Charles D. Hilles, assistant secretary of the treasury, will succeed Mr. Norton as secretary to the president on April 4. In reply to inquiries Mr. Norton stated that on April 5 he would become vice-president of the First National bank, of New York. Each guest at a luncheon given by President Taft yesterday found a card bearing the above note at his place as he sat down at the table. The guests were the newspapermen regularly stationed at the white house and others who have seen service at one time or another at the summer capital at Beverly, Mass. The luncheon was given to introduce Mr. Norton, Mr. Hilles, the new secretary to the president. After the luncheon President Taft came in and held a little impromptu talk which most of the newspaper men in the press gallery were invited. The nomination of Robert C. Bafley, now assistant secretary of the treasury, to succeed Mr. Hilles as assistant secretary of the treasury, succeeding Mr. Hilles, probably will be sent to the senate soon. Mr. Hilles is about 40 years old and comes officially from Ohio, but was appointed assistant secretary of the treasury from Connecticut, where he was conducting a boys' school. He has been highly regarded by Mr. Taft ever since he entered the government service and possesses the friendship of influential members of congress. The president has employed this frequently or temporarily numerous
