CHICAGO LEADS IN BIG HOME CROWDS

FIGURES SHOW SEASON TO BE GREATEST IN HISTORY.

TIGERS BEST ROAD CARD

Detroit Team Plays to More Admissions Out in Provinces Than Any Other Club in American League —Other Baseball Dope.

The greatest baseball season in the history of the major leagues has closed, 7,246,854 persons witnessing the combined games of the National and American leagues. These figures are computed after careful compilation, and secured from each individual club. For the first time since 1901, the first year of the invasion of the east by the American league, the Nationals outdrew their rivals.

The grand total of the National league was 3,624,948, while the American drew 3,611,906, showing 13,042 difference in the Nationals favor. In 1907, the American league outdrew the National by 495,371, which shows an increase for the old league of 397,105, the American league having a total increase of 114,266 over 1907. New York was the National's bright spot, and careful estimates place the figures at 910,000, an average of 15,000 per game, or one-fourth of the total of the league. Chicago was second, with 665,000, Pittsburg third, with 420,000, and Philadelphia being third, with a total of 420,000.

The Chicago White Sox led the American league, with a grand total of 1,000,000, the Tigers being second with the grand total of 910,847, this being the greatest season the Browns ever had.

Every National league club increased its attendance over 1907, and the American league showed increases, Boston, St. Louis, Cleveland, Washington and Detroit. Chicago, Athletics and New York falling off. The royal rooters of Boston were undoubtedly responsible for the increased figures.

The Chicago National proved to be the best drawing team on the road, making an average of 8,437. The New York Giants were second, with 8,000, though when they compared 8,135 Detroit was the second road team in the American league, with an average of 7,847 to a game. Cleveland was second, with an average of 7,802. The combined attendance in Boston, New York, Philadelphia, Chicago and Washington was better than the combined Sums of Chicago, St. Louis, Detroit, Cincinnati, Cleveland and Pittsburg.

The eastern clubs of the American league drew 2,112,816 to the eastern cities' total of 1,497,862, while the eastern cities of the National league drew 1,858,020 to the western cities' total of 1,766,928. Detroit's popularity in Indiana increased the western figures at least one-third.

The smallest crowd of the season was at the Athletics' grounds on Oct. 3, when 300 paid to see the game. The largest crowd was at the Polo grounds during the season, 30,000 tremendous rooters at the 22 games played between the Giants and Cubs. In eleven games at Chicago, 100,000 attended, while in 11 games at Pittsburg 105,000 turned out. These figures do not include world's championship or exhibition games, and are, of course, unofficial.

BONE ARTISTS AT NOTRE DAME.

Coach Plaga's Warriors Tackle Hard Team on Cartier.

The varsity were yesterday from a final drill for the P and S game which is being played on Cartier field this afternoon. The varsity lineup at the start was as follows: Moriarty, left end; Ryan, left tackle; Mullen, left guard; Lytsch, center; Falvey, right guard; Dean, right tackle; Mathews, right end; Dwyer, quarter; McDonald, left half; Rust, right half; Miller, full back. At least 35 of the varsity men will appear before the contest is concluded.

The running of signals comprised the greater part of the work out yesterday, Coach Plaga using 21 men in the varsity lineup. Reynolds worked at left half for the varsity during the break, also going to the aid of the day before, appeared at right guard, alternating in that position with Duffy. Two teams were lined up for about five minutes in the scrimmage, but the work consisted mainly of an exchange of signals. Coach Plaga is looking for the regulars and Tullbrook appears to fit the seconds.

The Ohio Northern game scheduled for a week from to-day has been moved up to Saturday, Oct. 31, on account of the student recital which starts Thursday night and ends Saturday morning.

PACKEY M'FARLAND MUST WAIT.

Nelson Declares He Will Not Fight for a Year.

BOSTON, Mass., Oct. 24.—"Packey McFarland will not get a fight with me until I have finished writing my autobiography," declared Battling Nelson, light-weight champion of the world, on his arrival here yesterday. "I thought that I might take in Packey for a six round setto in Cincinnati, but I changed my mind while on the matter and decided that I shall retain bacon as soon as I have finished my theatrical engagements and resume work on the story of my life. I have had many demands for the book and believe that I can make more money out of it than I can out of boxing."

Several local promoters started diboring with Nelson for a fight with McFarland as soon as he arrived and his statement was the result of the effort. Promoter Lew Rickard, who was instrumental in bringing about the decisive defeats Lavigne and Gans at New York Wednesday night.

Nelson declared that his autobiography would require another year's work, which means that McFarland and the other lightweight contenders will have to keep on battling the period-raiers until the Dane completes what he styles his greatest literary work.

Speedy Full Back Will Lead Northwestern This Season.

CHICAGO, Oct. 24.—After two years of inactivity, Northwestern university is in contest with Beloit to-day prepared to re-enter the football arena somewhat uncertain of its strength.

The outcome of the game was looked

TWO HARVARD LEADERS, CAPT. BURR AND HEAD COACH, WENDELL

Capt. Burr, left, Coach Wendell, right.

BY COACH WENDELL.

CAMBRIDGE, Mass., Oct. 24.—The prospects for a winning football team at Cambridge this year is on the whole not bright. This is on account of the raw material, the result of the policy followed the last three years and to the fact that nine of the 11 men on last year's team were graduated. Harvard has lost Burr, who is the only "H" man on the squad.

To offset this the coaching this year, the whole team, the whole spirit, is ideal. Coach Haughton has a wonderful grasp of the game and he has taken hold of his job as experienced man to work with, together with the help of five blackboard talks and close companionship they have instilled their own spirit, enthusiasm and zeal into the men themselves, with the result that the men are in good spirits, are eager and the whole development is far ahead of the development of other teams at this time of the season.

As a general thing in former years the problem was to develop a line forward to an understanding where the backfield would be. This year the backfield is the problem, the line is a lot of blackboard talks and close companionship they have instilled their own spirit, enthusiasm and zeal into the men themselves, with the result that the men are in good spirits, are eager and the whole development is far ahead of the development of other teams at this time of the season.

As a general thing in former years the problem was to develop a line forward to an understanding where the backfield would be. This year the backfield is the problem, the line is a lot of coaching, but they are workers. Sprague is a wonderful kicker, sending beautiful spirals with speed behind them and 50 yards with great regularity.

Neither Dana nor Dunn is quite fast enough to be a dangerous runner, but they are strong and a good team is expected. The Stronghearts intended playing the Howard Parks, but the Howard Parks, on account of that game, the Stronghearts were taken on instead.

Would Draft Holycross.

President Stalbaucher, of the Evansville team, is authority for the statement that Evansville would draft Holycross from the Northern Michigan league. It will be remembered that Wheeling sent Holycross to Evansville, and Stalbaucher has signed with Bill Dillbridge's team in Michigan.

Dartmouth is showing remarkable strength this year, and this is largely due to Capt. Kennedy, who is a fine punter in every way, and is doing his ability to handle the team.

Stronghearts Get Game.

The Stronghearts will meet the Mishawaka eleven, on the former's gridiron Sunday afternoon at 3 o'clock. Both teams are strong and a good game is expected. The Stronghearts intended playing the Howard Parks, but the Howard Parks, on account of that game, the Stronghearts were taken on instead.

INDIANA HORSES HAVE GREAT YEAR

PAST SEASON A RECORD BREAKER FOR HOOSIER DRIVERS.

CARSON'S PACER STARS

Dr. C. K. Owned by Central League President, Starts in Seven Races and Win Six—Minnie B. Makes Good Showing at Meetings.

Horses owned by Indiana racing enthusiasts had a record breaking season on the big circuit and around courses this year. For many years they have taken front rank among the money winners, but this season they have scattered all track records over a race held horses entered from Indiana are regarded as real contenders from the mere fact that they are from Indiana.

Again South Bend was represented this past season at the Grand circuit and smaller meetings by Harry M. Hoffman. He has retired from a very successful summer. He had from 16 to 18 horses to his stable during the summer months, and proved in its string was Minnie B., owned by Clement Studebaker, jr., and Dr. C. K., owned by the Central League President of the Central league. The promising Carson pacer was entered in seven races during the season and won six which establishes a record unequaled in the state from young pacers.

Carson's Pacer Has Future.

Prominent horsemen who have seen Dr. C. K. race this year are of the opinion that the horse has a brilliant future for next season. It is possible that Dr. C. K. will be sold, as he has had several good offers. Minnie M. the Carson pacer, made a good showing as well at the big meetings at Columbus, Kalamazoo, Detroit and Lexington. While the mare was being shipped to the Lexington meeting she was seized with colic and was taken off the transport car to another car. Despite the fact she was very lame, she dropped the last heat of the race in 2 24-4. Those who watched her "go" at Lexington make wonderful predictions for her future.

Allen Winter, recently sold by M. H. Bourdon, of Indianapolis, to Andrew Orr and Dr. J. F. Clark, Miami Kerr candidate for sheriff was present. Thomas Jeffersbaugh and Robert McKnight township candidates, were in attendance.

TALBOT STRUCK JURY HELD TO BE LEGAL

Special Judge Harry B. Tuthill, of Michigan City, Makes Decision.

Judge Harry B. Tuthill, of Michigan City, 2nd, special judge in the Joseph H. Talbot disbarment case decided yesterday that the proper procedure had been followed in the drawing and striking of a special jury in by this case and the jury so struck some time ago will stand. Instructions were given the jury commissioners to select a panel of 16 jurors, these extra men to be on hand at the opening of the Talbot case Monday.

The argument by the attorneys of the committee was that the jury was struck before the setting of the case contrary to the meaning of the statute. Attorneys for the defendant claim the case should be adjourned that he would come to South Bend about 8:00 a. m. on the day set for the commencement of the trial. It is probable the case will be started at that time and that it will be tried in the circuit court here.

It is thought that some time will be consumed in the selection of a jury, the number for the extra panel having the suggestion of the attorneys on the other side increased to 16.

DEATH RECORD IS LOW.

Only Three Persons Expired From Typhoid Fever.

Only three deaths have resulted from typhoid fever within the past two months and 12 cases of the threatening disease have been reported to the health authorities.

This is an unusually low mortality, according to Dr. J. H. Kessler, secretary of the city board of health, who says reports filed by other health officials throughout the state show that one death has resulted out of every four cases of the disease.

The Man for Whom I Plan

The coat designed for the six foot man won't look the same on the shop who is a foot shorter. The ideal pattern for the slender man will look ridiculous on his fat friend. I study you and select the pattern to blend with your personality. There's no made-up stock to influence my advice one way or another. By correct arrangement of stripes I can add to your height. I can make you appear more slender by choosing a pattern which will "outlin" the waist. Men who care cannot afford to overlook these possibilities in Renfranz tailoring.

TEMPERANCE

"WE cannot afford to surrender that good old word temperance to those who either do not know the real meaning of the word, or else wilfully pervert its meaning."—*Rev. W. A. Wasson*

Many make the mistake of confounding temperence with total abstinence and prohibition.

TEMPERANCE does not mean absolutely depriving yourself of a thing, but the exercise of moderation and judgment in its use.
