FAST PITCHER SIGNS

DEVORE, OF PUEBLO, SECURED BY SOUTH BEND.

SAID TO EQUAL HOGG

New Twirler Comes from Same Place as Yankees' Star, and is Held to be as Good—Buffalo Wanted Him.

The South Bend club has secured the signature on a 1907 contract of Charles A. Devore, of Pueblo, Col., who is said to be a wonder for a youth in the pitching line and who was secured by the local club, just in time, for Buffalo and Galveston both had lines out for the young man. Though he has never worked in any league he has been speeding them over for the first class semi-pro teams in the Centennial state, playing last year with Trinidad, where he gained a reputation that extended to the gulf of Mexico and to the eastern shores of Lake Erie.

Pueblo will be disappointed if the Devore doesn't make good, for the people out that way hold Hogg, of the Highlanders, as an example of the kind of ball players they turn out, and the dope artists of the Rockies even think Devore has a hokus on Griffith's man. He is said to have better speed, better control and better curves than all, or needs a practice and coaching and a little experience among the real live men—the kind we are going to have here next summer.

Devore is described, according to the Denver papers, which have been touting the youngster, like in the fashion that "Cousin George" Tebeau neglected to harpoon the wonder, as he failed to hook Hogg when the latter was over the mountains for the C. A. teams. In 1905, Tebeau, "Cousin George" Truly George was down on some other good ones who were brought to his notice by the papers of that country, and now when someone gets one fixed for him, the Pueblo papers say that Truly George seems to be a personal non grata to the Denverites.

How the western whirlwind was secured must remain a state secret for the time being, perhaps, but it is known if the true inwardness of the matter were brought to light, that Clarice is a peach—there can be no doubt that he is a comer, and if he proves as good as Hogg, a pennant pole may as well be ordered now.

Worcester Writer Wakes.

A correspondent down in Worcester, Mass., has been aroused by the cold spell and sends out a special to the effect that Barney Dreyfuss has offered to trade Shannon for John Anderson and Charlie Hickman, of the Washington team. Shannon is said to be able to the news sent out from this city a week or two ago that "Doc" Anderson has been bought by Pittsburg. Of course if Barney could no-hit Anderson into the deal, making a trade, especially when Beaumont has declined to play ball, he might be content. But you've got a picture of Wild Joe as the fall guy in a Hot-Sale transaction, if he is. Shannon, probably will not be seen on the Prairie cliffs, and the Worcester man would have been better posted had he read the daily papers.

Pittsburg, Pa., Jan. 28.—Through a misfortune to assess the report was started here yesterday that Barney Dreyfuss, of the Pittsburg Pirates, was after John Anderson, of the Washington team, of the American league. As a matter of fact, the man mean is Shannon, of Worcester, of the Boston team, of the Central league, and there was no necessity for any excitement over the matter.

CUTTING DOWN CONFLICTS.

Major Leagues Have Trouble in Arranging Schedules.

Cleveland, O., Jan. 28.—The president of the two major baseball leagues at a session lasting all yesterday afternoon and last evening and until late this morning were unable to unravel all the tangles in the schedule. When Ban Johnson and Harry Pulliam adjourned they had eliminated all except 25 of the conflicting dates in the two schedules and the prospects are they will devote a couple more days to the task of reducing these to the minimum.

Chicago and Cincinnati have the most conflicting dates are in Chicago and most of them come on Sundays. Some trouble is also experienced with the schedules of the two leagues in reference to the Boston and Philadelphia New York dates also are demanding much of the attention of the two magnates. As all the bother dates were arranged at the meeting of the national commission in Cincinnati, these were not disturbed.

Ban Johnson estimates first met it was found that there were 85 conflicting dates. After working over them for two hours a second set of schedules was drafted in which 19 of the conflicts were eliminated.

Pulliam would not discuss the schedule at all. "The result of our labors will be reported to the magnates first," he said.

The two magnates held a conference with the Ohio and Pennsylvania league officers Robert McRoy, secretary, took his place in wrestling with the schedules.

It is positive that the baseball season will open April 11. The Cleveland Indians will open April 19 with Detroit and then go to St. Louis. The schedules as arranged here will be submitted to the league magnates Feb. 21 in New York city.

M'KEERY TO LEAVE BOARD.

Chief Finds that Business Reasons Will Prevent Serving.

It was announced to-day that Chief McKeery has tendered his resignation as a member of the local ball club's board of directors and that the resignation, which has been accepted at the urgent request of the chief, will be accepted and will take effect after the board's next meeting. Business reasons are assigned as the cause of the resignation.

The directors and stockholders as well as the general public will regret the retirement of Chief McKeery from the board as a good member and a booster, who would have no stone unturned to do his part in building up a team.

Who his successor will be is not yet known, and Secretary Dorsa says he has not an idea who will take his place.

NORTHERN LEAGUE TO MEET.

President Price Calls Annual at Calumet Feb. 4.

Calumet, Mich., Jan. 29.—President Price, of the Northern Copper Country Baseball league, has issued a call for the annual meeting, which will be held in Calumet on Feb. 4. Plans will then be outlined for next season. It is anticipated that the Copper Country and Mountain will apply for franchises, but the circuit will remain as before; that is, including only six teams. It is understood that satisfactory arrangements have been made with the Calumet club for its place. Efforts will be made to devise a plan whereby the clubs can be held to a strict accounting of salaries and the $1,100 limit will be rigidly enforced.

DONLIN WANTS BILL SETTLED.

Giants' Outfielder Refuses to Sign Unless Hospital Expenses Are Paid.

New York, Jan. 28.—A determined outfielder of the Giants, threatens to withhold his signature from the 1907 contract unless the doctor's bill for last year is paid by the club. Mike Donlin, who was ankle in a game last season and the club officials saw him carried on their own shoulders and carried on all the business part of the contract.

Donlin's salary was paid while he was laid up, but he says the club insists that he shall pay the doctor's bills, which amount to so much that "Mike" refuses to settle saying that he was hurt in the performance of his duty and that it is the duty of the club and the duty of the New York management to settle.

WILL RAISE MONEY TO-DAY.

Evansville Fans Panic Up the Necessary Money.

Evansville, Ind., Jan. 28.—Local baseball fans declare that the needed money will be raised to-day to keep the Central league franchise in this city. Of the $4,000 necessary to insure the park and start the season, $3,000 has been raised. Local capitalists stand ready to buy the park from the Indianapolis Sunny company that refused to play here last year, if the league comes and city treasurer and will issue it to the baseball club.

Player Moore Awarded Salary.

The Birmingham club in the Southern league saved Player Moore salary from April 15 to 28, when the season opened, until his release on April 28, 1905, according to a decision announced by the national baseball commission. The player had claimed that the commission from an adverse ruling of the national board of minor leagues, and his appeal is sustained, the commission declaring him entitled to 24 days' pay.

One light is reliable.

MISS BIRDIE KERN, OF ST. LOUIS, WILL DEFEND TITLE OF CHAMPION

St. Louis, Mo., Jan. 28.—Is Miss Birdie Kern this city claims to have the best woman bowler in all the world. She is the pretty 19-year-old daughter of Martin Kern, himself once a winner of the world's championship against Frank Rossknecht, of Cincinnati, and a contest between these two is expected to be a feature of the national tournament tentatively set for April.

Miss Kern has averaged over 175 in 12 games lately, and 200 scores are so common with her that the guys are solicitous to them. Mrs. Rossknecht has made as high as 190, so far, but her average is not so high.

If the championship for women is to be decided, Miss Kern's father says a suitable stake must be up. Mrs. Rossknecht says she does not want to put up any money, but will meet the fan half way. Mrs. Rossknecht is the champion, declaring Miss Kern, and the National Bowling congress officialdom now holds a hand in the matter and say they will arrange in some way so the contest can be pulled off.

Miss Kern is a typical American girl, she is fond of outdoor sports as well as of gymnasium work. She is a dancer, a good swimmer and a fine horse woman. She is also a romantic miss at times regularly, and aims to keep in tipping physical condition all the time.

At the same time she is a graduate of business college, after completing her high school course. She is accomplished in the ways and graces of society, and can sit down to a piano and charm you with the beautiful music of the masters.

But it is in bowling that she is a partner star, and she is enthusiastic in telling of its advantages and pleasures.

For the readers of The Tribune Miss Kern has written a story about her success at bowling which will be published to-morrow.

U. OF M. STILL SORE

"STAGG'S BIG STICK" LATEST SETS NOIRE.

Secession Uppermost in Minds of Students at Ann Arbor—Regents and Senate Left to Fight.

Ann Arbor, Mich., Jan. 29.—Big nine, big cabs or big four? All seems in doubt out of Michigan, and still the sentiment of the university is in favor of withdrawal for Michigan.

Stagg's "big stick" interview, in which he is quoted as saying that if Michigan withdraws Chicago will never play Michigan again, has resented by those who were inclined to be favorable to the progress new arrangement. It is there is anything Michigan students do not like it is to have Michigan placed in a position of even appearing to be dictated to by Stagg or any other man outside of Michigan, and that interview helped the cause of the secession.

A party of athletes and leaders in the council of the athletic association fought hatchet stood up the situation and being a scholar of Chicago.

Said one of the most prominent officials, "Stagg's big stick, or whatever it is, had only the effect of three universities. Put it in the hands of the democratic senators and it will do the job all right. Then the senates must be called upon to do the work at it and Michigan is opposed to it."

As Michigan has a game with Pennsylvania on Nov. 16 and one with Vanderbilt on Nov. 23 for next fall, it would be a hard game with Chicago Nov. 9. It will take Wisconsin two or three seasons to build up a satisfactory team. Minnesota is so far away that it is not anticipated to play Ann Harvard or Pennsylvania.

The students are now laying low and letting the senate and faculty issue with the regents on the question of withdrawal. Dr. Angell, Prof. Cooley, Prof. Cross, Sawyer and Professor Lawton, members of the faculty, and Regents White and Kanson have not been seen for an expression. The sentiments can well afford to let the senate fight it out.

GIRL LEAVES THE CITY.

Irene Perkins Cannot be Located by the Police.

County Agent C. W. Whitehead, of Benton Harbor, Mich., came here yesterday to locate Irene Perkins, who recently from the home provided for her near Niles, Mich. Miss Perkins is 17 years old and was a charge of the state, having been an inmate of the industrial school for girls at Adrian, Mich.

The girl was enticed away from home, it is alleged, by a South Bend man who became alarmed and it is believed now has left for Chicago.

Members of the local police force have been advised to be on the lookout for a tall, slender girl. Miss Perkins left here a few days ago, it is said, for parts unknown, but has found while in this city.

If Miss Perkins is located she will be returned to the industrial home under Mr. Whitehead's care.

Society Wedding at Goshen.

The Tribune's Special Service.

Goshen, Ind., Jan. 28.—One of the most elaborate society weddings given in Goshen in a long time is announced for this evening. The ceremony will be performed at 8 o'clock, when Miss May Belle Jenkinson, daughter of Mrs. Belle Noble Jenkinson, and Mr. Clyde Henry Davis, son of Charles A. Davis, a lumber merchant, will be married.

Catholic Club Gets Game.

An indoor baseball game between two picked nines from Indiana club members assembled for Place hall on Sunday afternoon, and Wednesday evening in the same place. Following the contest the players and members of the club and their ladies who witness the game will be served with a lunch.

HUTCHINSON IN BAD

KANSAS CLUB ALLEGED TO HAVE TAMPERED WITH PRICE.

WHEELING SEEKS REVENGE

Ignorance of Baseball Supposed to be Cause of Weakness' Break—Ted Will Manage Stogies in 1907.

The Wheeling club is seeking vengeance on the Hutchinson, Kan., club for alleged tampering with their star outfielder with a view of getting him to jump the Wheeling contract and manage the Hutchinson team from the bench. There is a heavy fine attached to such procedure among clubs under the national agreement, but it looks as though ignorance of the rules of baseball was responsible for the Kansas club's break more than any willful desire to go against the customs of the game.

The Hutchinson club offered Wheeling $100 for the outfielder but the bid was turned down, the Stogie management saying that $100 might be considered nearly the value of Teddy. The Kansas people then said they would put up that amount, but before the deal could be closed they hired the West Virginia magnates that they had secured the services of Price, who would manage their team from the bench, apparently thinking this was all that was necessary.

Dr. Carson received a protest against the action of the Hutchinson club from the Wheeling people to-day, and it looks as though there will be a disciplinary sanctation, who may assess a fine against the Jayhawkers, or perhaps forgive them entirely, for it is evident they aren't Joseph in all the inside ways of the game. Price, Wheeling's manager, is a good one, but Hutchinson bunch actually had the nerve to try to take one of the best of the Panhandle line of the club behind on hand when the Saints were in Kansas City.

Price to Manage Wheeling.

With this piece of news comes the information that Ted Sullivan, Wheeling's Price will manage the Stogies next summer, Mr. Irwin failing to fall for Pop Shriver's requests for a raise of $150 per month. Pop wanted the money because he was to be out a month for his services as player and manager, and when Mr. Irwin received from the stogie he turned down the offer and opened negotiations with Price, who was willing to accept salary of the job at $150 every 30 days. Price is now in Enid, Oklahoma.

Shriver thinks that if the reports were true that Jack Hendricks was falling down $400 a month he ought to get nearly that much.

MINNIE M. IS WORSTED.

Horse Representing Dental Firm Runs Best on Snow.

Minnie M., Clement Studebaker's fast little mare, went down in defeat for the first time this every season during the snow, on Colfax avenue yesterday afternoon, Feb. 2, at 2 o'clock, when Miss May Belle Jenkinson, daughter of Mrs. Belle Noble Jenkinson, and Mr. Clyde Henry Davis, son of Charles A. Davis, a lumber merchant, will be married.

Catholic Club Gets Game.

An indoor baseball game between two picked nines from Indiana club members assembled for Place hall on Sunday afternoon, and Wednesday evening in the same place. Following the contest the players and members of the club and their ladies who witness the game will be served with a lunch.

RAILROAD THAT WILL COMPETE WITH PANAMA CANAL IS NOW OPEN FOR BUSINESS

BY FRANK G. ROBERTS.

Salina Cruz, Mexico, Jan. 29.—When Gen. Porfirio Diaz, president of the republic of Mexico, and Sir Weetman Pearson, last week Wednesday noon, finally superintended the unloading of the first car of freight from the steamship Ventura and saw it loaded into a freight car ready to be transported over night across the Isthmus of Tehuantepec to the Tehuantepec National railroad to Coatzacoalcos ready for embarkment by steamer to New York, they commercially brought San Francisco and the Gulf of Mexico port of Salina Cruz, Mexico, on the Pacific, the two points is 16,053 miles, while that via the Isthmus of Tehuantepec practically an all-water route, is only 5,000 miles.

The great Tehuantepec highway from one extremity of the northern hemisphere to the other, the competitor of the Panama canal, was opened to the traffic of the world and the trade which was been in the mind of Hernando Cortez almost 400 years ago commenced.

Jan. 23, eight years before the possible completion of the Panama canal, there was opened from one ocean to the other, the Tehuantepec railroad, commenced by the Indians, but on a makeshift pending the opening of the Panama, but but continued to be actively and attractively complete with the intention that the Panama canal shall have been developed to its greatest extent.

Thirty-five millions of dollars gold, have already been expended in perfecting the project, and the Panama canal will be expended before all is completed.

A land-locked, deep harbor and almost ideal harbor has been built into the Pacific ocean at Salina Cruz, Mexico, and wharves and docks have been constructed and equipped that shipping for years to come have been provided for. Upon these has been erected the most important modern docking machinery. The whole length of the road is 192 miles, 96 miles from each ocean to the other, as the crow flies, is 192 miles.

Contemplating the freight that yesterday or the day before was lifted from the docks of San Francisco, Port Porfirio, Mexico, or the wharf, will be taken from the freight cars and deposited in the hold of the vessel bound for New York or Liverpool with all the ease that the freight dockers docking the Pacific ocean operate.

In the summer is fulfilled the dream of years, when in the 1520's was assure that ocean would meet ocean across the Isthmus of Tehuantepec, that he asked for and received from Charles the Fifth, the grant of the land on the Isthmus. This land is now known as Las Marquesanas, or the estates of the marquis. Cortez having prior to the time of the land grant been made the marquis of the Valley of Oaxaca.

COMPARATIVE DISTANCES.

	Via Tehuantepec.	Via Panama.
New York to San Francisco	4,502	4,127
New York to Port Angeles	4,647	4,262
New York to Sitka	4,347	7,546
New York to Honolulu	5,479	8,268
New York to Manila	7,437	8,618
New York to Yokohama	7,437	11,211
New York to Hong Kong	7,437	11,211
New York to Melbourne	11,965	11,471
New York to Sydney	9,245	9,818
New York to Honolulu	4,544	7,185
New York to Panama	2,000	4,127
New York to Guayaquil	2,000	4,288
New Orleans to Manila	5,527	8,983
New Orleans to Honolulu	3,569	6,171
Liverpool to Honolulu	8,886	10,678
Liverpool to Yokohama	8,252	10,678

from New York to San Francisco by the Panama canal is 4,127 miles, by the Tehuantepec is 4,502 miles, the Panama 4,625 miles and the latter 4,127, the average saving in distance is about 1,500 miles. The ordinary freight steamer makes about 10 miles an hour, or 240 miles a day. It will take a steamer about 20 days to make through the canal and the freight here two days to cross the isthmus, in charge of the docking, unloading and re-loading, leaving still four days to the advantage of the Tehuantepec.

Piles Sufferer

Saved From an Operation By a Half Box of the Pyramid Pile Cure. You Can Try It Free.

"I cannot help writing to you about your wonderful cure for piles. When I first felt the pain I was in fear I should be put of going through an operation. But I thought I would give your remedies a trial. I am so happy that I did for I am cured and only used half a box. Write this for humanity's sake. I had piles ever since the year 1891. I wish you could publish my letter in every the bulletin paper for I am well known in the Marine Corps. Use my name the best way you know how. Thanking you for your good advice. I am yours respectfully, Sergeant Barracks, U. S. M. Training Station, San Francisco, Cal.

What should induce this United States seaman to write us in this manner? Why should he take the time to write a disease which had tortured him for fifteen years? Mr. Forte was positively unknown to us until he wrote for the sample of our wonderful remedy.

Possibly you too are driven nearly to madness with piles and have thought an operation the only cure. Let us urge you before going to this expense and suffering and submitting to the humiliation, write us to-day for the Pyramid Pile Cure. It is painless. It Cures. Its action is immediate and relief is sure. The reputation of its makers is a guarantee of its freedom from harmful ingredients. There is nothing "just as good" or "just as cheap" which will work upon the fevered tissues, bring new life to the bowel and make life a thing worth living.

The sample we send you contains enough to convince you of its merit. It only costs a trifle to try it. Get it to-day and see what wonderful results this simple remedy will bring. It costs you nothing to try. Pyramid Drug Co., 19 Pyramid Bldg., Marshall, Mich.

WANTS ELECTION RESULTS

American Federation Compiling Statistics—Central Labor Union Meets.

The Central Labor union met in regular session Monday evening. Credentials of a delegate from Electrical Workers' union, No. 132, were accepted and the delegate was obligated and seated.

Numerous communications were presented and disposed of by referring to committees.

A communication from Samuel Gompers, president of the American Federation of Labor, asked that a tabulated statement be furnished, as soon as can be ascertained as to the results of the last campaign from a labor standpoint, whether it be on the congressmen, senators, governors or legislators, up to whether or not they were favorable to organized labor and pledged to the interests, also a tabulated statement of the number of men who were elected who were in political parties. The secretary was instructed to furnish the desired information.

The committee on label reported that it had visited the stores in the city of labeled goods for sale in business hours. All unions were requested to furnish a list of houses having such goods on sale, together with any other information they may deem desirable for publication in such pamphlet.

The committee submitted a report with reference to the financial condition of the union, which was found to be satisfactory.

The label question was discussed at length with the result that it was decided to push labels more than ever in the fall.

Case is Continued.

The case of S. Wolf, charged with obtaining money under false pretenses, was continued in the justice court of J. W. Klich yesterday until Wednesday afternoon at 2 o'clock. Mr. Wolf was held under bonds of $200.

Choral Club Meets.

The Choral club met last evening and began work on Sullivan's "Golden Legend," which will be sung at the May music festival.

Persons making purchases of Tribune advertisers will confer a favor upon the latter by stating whether or not such purchases are the result of the advertisers' announcement in The Tribune. 1317
