MAUTNER IS ANGRY

GRAND RAPIDS-FORT WAYNE MAGNATE MAKES THREATS.

CONNORS' DEAL HANGS FIRE

Wolverine City May Lose Sunday Central League Games if Baseball Park Question is not Quickly Settled.

The "Buck" Connors deal still hangs fire and there is not the slightest chance of South Bend and Grand Rapids magnates making a settlement. This naturally leaves the matter for Secretary Farrell, of the National association, to decide.

That Mautner has no idea of dropping his fight is shown by his announcement at Grand Rapids yesterday that Connors would play first base for the Wolverine club. In the meantime "Angie" Grant is all smiles and is playing away on his winter dudes. He has no fear that Connors will not be wearing the local uniform this year and when talking in regard to the matter he states that Connors never had a release from South Bend. Even had Grant promised Connors a release, the statement rests on his word as much as it is necessary for the president of the club to pass the blue envelope.

Mautner is showing his angry and unreasonable side to the fullest. He stated yesterday that the "Parnell City" would have to do without Sunday baseball if the street car people continued to demand $125 for the use of the baseball park. If the street car people stick to their guns and demand a rental of $50 per Sunday, we will not try to play Sunday baseball in Grand Rapids," he stated. "We must have full treatment on our Sundays. Every week the playing of one game would not be worth the trouble and we will be willing to give us an even split on the total receipts, including grandstand, for our Sunday dates and we are thinking seriously of making such arrangements."

No definite statement has made his first announcement regarding the men he has signed for this year and the list is almost as long as that of Wolverine. The players signed and reserved are as follows:

Pitchers—Hyde, Horn, Killian, Miller, Millar, of last year's team; George Nelson, of Little Valley, N. Y., Carl Pulpie, Jack Compton, of Hoskins, O., Amos Rusie, of Indianapolis, Ind., Harry Bowling Green, O., Wilmot, of Canal Fulton, O., and Warner.

Catchers—Kahoe, of St. Louis, Jimmie Ward, Cleveland, Connors, Fox, Dopiy of Greenfield, O., Fox, Gilligan, Morrissey, Christian Nies, of Little Valley, N. Y., Henry Perry, of Howell, Mich., W. H. Shearbrooks, of Massillon, O., Old Winger, of Grand Rapids.

Infielders—Bliss, Hoffman, Jennings, H. Martin, of Grand Rapids.

Outfielders—Burke, Hackett, "Lefty" Geyer, H. McBride, William Milroy, Ed. Stover, Captain Dennis.

Rise of Frank Roth.

The recent exchange of players made by the Indianapolis American association club, as the Indianapolis American Association team, recalls the fact that Frank Roth, the catcher secured by Indianapolis was only a few years ago a prominent player on the Saginaw, Mich., team and was with that organization when Brannahan brought the aggregation to South Bend to do battle with "Dan" Grant's Greens. Roth was a fine catcher and batter and lost as long as he was able to stop the curves of the now famous New York utility man and in every game gave signs of having ability to make good. Roth was released by Saginaw and the latter series Roth broke into minor league ball and finally landed at Philadelphia.

Of the Manistee team several are still in the game and some of the boys who are playing with the Grand Rapids team played in playing independent ball in northern Michigan and Brennahan—well every fan knows what he is doing for the New York crowd.

The most popular member of the Saginaw team while Roth was there was Jack Fitzsimmons, who finished his active base-ball career in this city. The active first baseman, always fell of "gloom" ran up against continued bad luck while playing in Saginaw and while filing a position at Macon, Iowa, he committed suicide. Few fans will forget "Pitz" with his black sweater whirling over his head as he sped in from the outfield to take a throw from second to third or from third to the plate.

Griger Has Interesting Relic.

Lew Griger has an relic of Elkhart, Ind., the ball pitched by Stivetts when he struck out Wagner, clinching the pennant for Boston. Griger was there and saw the ball sent over the plate when Pat Dougherty struck out for the finish of the series with New York last fall. "Others may tell about having souvenirs of the world's series, I have both of them, and there they are." One was covered with blood stains, as Dineen's finger was bleeding when he pitched the last ball to Wagner, the other balloons of money he could have a good time with if he could have those souvenirs from the great celebrity.

Fuss for the Fans.

"By the action of the American association in deposing J. Ed. Collins a premium has been placed on rowdyism in the association. Chicago, Milwaukee, Minneapolis and St. Paul, Kansas City and Toledo, too, will be in line for favors," says Ed. Bingham in the Indianapolis News.

"The American association this year 'baseball Officer' will be served. Indianapolis, Columbus and Minneapolis are looking for some hot stuff."

Harry McIntyre, Bart Cook and Otto Jantzen, three Michigan players, have signed with Memphis Italian league and Little Rock respectively.

Catcher Jack Ryan, of the Kansas City American association baseball club has been sold to the Columbus American association club.

EXCELLENT CARD OF RACES.

Good Finishes in First Division in Free-For-All Pace.

The first division of the free-for-all pace furnished the best sport for the spectators at yesterday's snow racing matinee on Colfax avenue yesterday afternoon. The event was one of the best races of the season and was in doubt up to the final heat when Oscar repeated his performance of the second heat and clinched the victory.

The finishes were all close and exciting. Robert Lee, owned and driven by Col. George M. Studebaker, won the first heat with H. D. Johnson's Oscar second and Dr. John Donahoe's Wilkes Gentry straggling up the rear. The next two heats were taken by Oscar, Gentry taking second and Lee third.

The fifth, had an easy time in winning the second division of the free-for-all as Oscar the champion free-for-all steeple Bobbie Burns and Jack Kilby, in a walk. The free-for-all trot went to Slovenia with Riley Wilkes second and Hubbard third. The latter finished ahead of the former in both heats but was set back to third place for running.

The 2:30 pace developed into a fight between Abertor and Tonester, and the final heat was postponed until next week. Johnnie O was scratched and Minnesota replaced after the second heat because of a squabble about the ownership of the latter between Col. Studebaker, of this city, and Minnesota, Inc., F. H. Benning's owner, taking the first Abertor the second and Tonester the third.

For some reason four heads were run in the 2:30 class, Ben Hur, Minnesota, L. Mack's foal (Swagg), Miss Chief M., according to the judges won the first two heats and to their surprise, the Tonesters came down the path a length and a half ahead of the field in the third heat. The judges had not had Paul Gossard (driving Surface by taking Dedrick). Payson, the Dowagiac horse sent to this city by C. S. Hubbard did not start in the event but will be entered in the races of Tuesday.

Results of the free-for-all pace follows:

The jubilee for yesterday's events was Charles Dedrick and Alex Wright, of this city, and M. Kodgers, of Mishawaka. The latter has a string of horses that are fast and game. The Dedrick stable claims that the pacers would beat their mark in the second circuit.

Next Tuesday's races will be attended by the largest crowd ever assembled in South Bend for a like event. The weather man has promised a fine day, weather, Kitchen and chicken will be unusually large.

RACE THROUGH THE SURF.

High Tide at Ormond, Fla., Interferes with Auto Contests.

Ormond, Fla., Jan. 28.—The only race was run yesterday in the automobile contest on the beach, the disaster that the most will be over for a week to come. The last mile and a-quarter trial of the race to be had for the cup, which was not finished, with the exception of the fifty-mile race, which was decided yesterday while the tide was high and the cars were forced into the surf.

Walter Christie won the event, Barney Oldfield was a close second the wrong past, too instead of racing and finishing the course, he was forced to stop and finally tried to push his car up the five cylinders working. Wednesday in the Five-Tonner Lozier, the commutator through rushing along through salt water. This happened while he was in the lead about the six-mile mark.

Mr. Christie had a broken battery wire at about the same point and while stopping to repair it lost 20 minutes in all. He had to be assisted out of the sand by a team of horses. The time for first 25 miles was 26:34, 10 minutes of which were lost by his accidents, and his time was for the last 25 miles 26:43 2-5, a total of 1:31:22 2-5.
