WILL BEGIN EARLY

WHITE SOX TO START FOR TRAINING QUARTERS.

ARRANGE EXHIBITION DATES

Several Central League Teams Get Prestige Games With Chicago Americans—Comiskey Is Confident.

Chicago, Feb. 22.—Charley Comiskey's White Sox have been ordered to be ready March 1 to start to the southern training quarters. It did not take the leader of the south side baseball organization long to get his plans framed up when he once started on them. He returned Wednesday night from West Baden, Ind., and immediately got busy with Charley Fredricks in mapping out the trip, although much of the itinerary was already fixed.

Two weeks will be spent by the team in the balmy air of New Orleans and the bulk of the hard work of the spring training will be done there. During the two weeks there will be four games played if the weather permits. The games will be put on the two Saturdays and two Sundays of the stay there. As it is expected all the boys will be in pretty good shape for the opening game of the season, immediate start will be made up the line.

Some good time has been secured for the trip toward the American league circuit and the White Sox leader expects to have a team of ball players in regard to which he will be placed will be taken in at the gate before the team is paraded out for the first game of the long pennant chase.

The Chicago Americans will play March 17, 18, 24 and 25, and with any sort of favorable weather the games there should draw good crowds. There will be a six-day gap in between these games and the first game of the trip, at Grand Rapids, March 31 and April 1 the White Sox are slated to play in Memphis, where the New York Giants are to take their spring training constitutional. The team, however, will not "Bunny" in Memphis, however. There will be some more open time before the next regular game is played. April 7 and 8 will be filled out with games in Louisville, these dates starting more speedy stands the city of Louisville in good stead. April 9 and 10 the team will show at Dayton, O., and the two following days, April 11 and 12, the speedy Central leaguers of Springfield, O., will be the opponents.

The last stand of the busy trip will be made at Grand Rapids, two games having been scheduled a long time ago when John Ganzel's team there. This will wind up the exhibition games as arranged now and the men should be in good shape to step over to Detroit and take these out of the three games that are scheduled there as an opener of the American league race.

Comiskey is confident enough of his team this year, although there are some experiments. But he thinks there is going to be some general strengthening among the old men.

NEWS OF THE DIAMOND.

Lajoie Would Not Modify Foul-Strike Rule.

Manager La Joie, of the Cleveland American league team, does not look with much favor upon the suggestion of Charley Griffith and Jimmy Callahan in reference to modifying the foul strike rule. This statement is considerable of a surprise as Larry was one of the strongest opponents the foul strike rule had two years ago.

Charles Murphy, of the Chicago Cubs, wants to see adopted a rule barring outfielder captains, as the captain coming to or near the bag delays the game, for he may have a bench capsule whose only duty it is to register kicks? Impose heavy fines on all players who "maul" the umpire and let the man on the bench have it out with his umpire. This would not delay the game. By whomever is the umpire, he would know who shall do the kicking for the entire team.

The baseball nine of the naval academy at Annapolis, Md., will be coached this season by Dr. G. Harris White, the pitcher of the American league team of Washington, D. C., and a graduate of Georgetown university, and a resident of Washington. He will commence work with the midshipmen on Monday, and will stay with them until the opening of the league season.

The National commission has been asked to compel Pitcher Allensong to repay money he is said to have borrowed from Manager Watkins while under reserve to the Indianapolis club, and Allensong has refused to do so, but he is the national commission an agency for the collection of bad debts?

It was announced at Calumet, Mich., last night that the Copper Country baseball league will be enlarged this season to include Duluth, Superior, Hancock and Houghton, and preparing has been called to complete the plans and arrange a schedule.

Harry S. Wolverton, third baseman of the Boston Nationals, who was in Los Angeles, New York and Cincinnati, in company with Manager Selbold, has signed a contract to play here during the season of 1906. Wolverton will play first base.

Outfielder Lumley is trying to get his release from Brooklyn as he can make the Cincinnati team. Lumley is a hard hitter and if he is hardly probable that Selbold will let him go.

Pitcher Jack Morrison was somewhat media playing manager in the Columbus team in the Copper Country baseball league. He let the pitchers in this organization alone.

Pitcher Mathewson will begin his training on March 1 at West Baden, Ind. They have a number of games scheduled in Illinois towns early in the month.

Patsy Donovan is 41 years old, but plays the game as lively as a boy of 21. Perhaps he is the secret of his long career on the diamond.

Mordecai Kittridge is coaching a college baseball team in South Carolina. He will return to Washington the first of the month.

CENTRAL LEAGUE GOSSIP.

"Dan" Lally Will Play Outfield For Dayton.

Dan Lally, the famous old baseball player, has been signed to play an outfield position on the Dayton club. He has seen service in many leagues and still has ability to play several more years. For the past several years he has played with the Nashville, Tenn., and Fort Orleans, La., teams of the Southern league. It is understood that Lally will draw the highest salary of any man on the Dayton team. He can certainly hold down the youngsters who sign with the Dayton club.

Secretary Herbert, of the Dayton club, has received a communication from Davy Pickett, the Vera left fielder, who states that he has been confined to his home for the past three weeks as a result of being injured in a fall on the ice. He says his head struck on the roll and his affairs were taken to the old fellow's noggin. Lefty hopes to be out in a few days and will be in good condition when the time for the opening of the championship contest.

A prominent Dayton business man has offered to give the baseball team a trip to Havana if they win the pennant in the position of a large silver loving cup if their team is second place. Such a man as this certainly helps to boost baseball in a city.

Pitcher Ewing is now head and shoulders ahead of competition with a telegraph pole, while trying to catch a fly yesterday afternoon in the Lake Shore yards. The boys could not overcome the desire of a little baseball practice.

Manager Rob Ketil, who has been sick with the grippe fever in Columbus, O., for about a week, has been taken to a hospital where every effort to bring him through and in good condition for the opening of the season will be made.

Pitcher Elmer Stiles will not play with the Grand Rapids aggregation this year. Guinet cannot afford to pay the salary he asks and he has sent Stiles word he is ready to look a new berth. Several managers of the Central league club have their eye on him.

NEWS OF THE PUGILISTS.

Gans Makes Another Proposition to Britt.

Joe Gans last night sent the following communication to the San Francisco newspapers: "I have one more proposition to make to Britt. I want to fight him and I leave it to the public if it is not fair. Let the fire and police departments give a special permit from the mayor and run the show. If Britt wins he can take all of the fighter's share and lower is more fair. If I win I will give all of my share to the charities of the above named departments."

Tommy Nolan has sent word to the Britts that they must give him $2,500 by March 1, or there will be no return match of Nelson and Britt. Nolan claims the amount is Nelson's share of the fighting purse. Nolan says he has the legal end sewed up, though the Dane was double-crossed by the Californian on the picture deal. Up-to-date Nolan has stood pat on his word; he has talked a great deal about what he means to do if every word he said—and that is more than he has done in a lot of other times—is carried out.

Fred Cooley, the sparring partner who nearly put Jeffries out cut with a right swing to the jaw at Toledo, for which he was discharged, is going to training and will challenge O'Brien for the lightweight title. "I am ready for the deserved men to the ring," says Cooley, "but his jaw is the vulnerable spot. He can't hit as hard as I can, but he's a whole lot clever than I am. I expect to learn discretion by fighting anybody willing to take me on. I'm willing to fight any man I can to meet me, I shall try to atone for his treatment of me while I was his sparring partner."

Jimmie Britt is very angry over Joe Gans's proposition to fight without the fight, which the lady boxer claims, isn't "fixed" to be enough Britt to dump his friends and backers "down the spout." Gans says Britt feared over $2,000 by the fake. Gans is a fighter, Britt says. Then lightweight fighters must get together and fix up a deal on "round-and-round" his sitting pal.

Benny Yanger has gone into retirement. The boxing Tommy Murphy gave him was sufficient to send him to the old lumber yard for a long rest. That boy Murphy certainly is a wonder. He is a lot of other things or who had taken his measure in decisive fashion and he time will come when Murphy will be able to get revenge for that.

The fighting game is so dead in England that Owen Moran, the clever little lad who knocked out Abe Attell, is trying to break in London. It is almost

HOW WILLIE HOPPE WON THE WORLD'S CHAMPIONSHIP.

Willie Hoppe, the winner of the championship at 18.2 balk line billiards, game with Vignaux, the great French billiardist, before a camera, for the readers of The Tribune.

The picture shows a difficult through manse with the cue and object balls almost touching.

BERNING MAY BE INFLUENCED NOT TO BECOME OUTLAW.

JIMMY BERNING.

President Murphy, of the Chicago National league club, is trying to induce Jimmy Berning, the brilliant but erratic outfielder, to join his team, but again decided to become an "outlaw." He claims he was given "the cold shoulder" by the Cubs, and Berning's brother-in-law said he will not if it was necessary for him to be kept out. President Murphy has taken on Behring's case up with the Wisconsin commission and has asked that commission to intervene. He will result in great injury to him. "I shall do everything in my power to keep Berning from outlawing himself," says Murphy. "He is a brilliant player, but easily influenced."

WARSAW TO GET KNIGHTS

Four Thousand Templars to Meet at Winona Lake in May.

The Tribune's Special Service.

Warsaw, Ind., Feb. 22.—The first large gathering of importance to take place at Winona lake the opening season in the annual conclave of the Grand commandery, Knights Templar, to be held on May 29, 31 and June 1. Dr. L. B. Weimer, Perry Smith, Dr. J. M. Bash, W. H. Kingery, William Conrad, J. H. Jones and J. F. Gill conferred with Manager Rowe Wednesday and the programme for the conclave was outlined. The assembly management promised to co-operate with the knights in making the occasion a success in every way possible.

The local committee is making arrangements to take care of 4,000 visitors from all sections of Indiana and it is expected that fully that number will be in attendance. The visitors of the conclave will be a parade through the streets of this city, in which all visiting knights will participate.

Y. M. C. A. BUILDING PLANS

South Benders Go to Ohio in Interest of New Home.

Christopher Piasecnski, president of the board of directors, and Secretary F. A. Messmer, of the local Y. M. C. A., left this morning for Toledo, O., to meet with a building committee, and give special attention to the new building to that city. For the purpose of seeing if anything of value has been omitted in the new plans for the magnificent building which will be erected here. They will be met there by General Secretary Starting, of Cleveland, O., and the secretary of the Dayton, O., association, who desire to consult the local men. The Toledo building is said to be both the newest and finest in the state of Ohio, and this visit will mark the close of an investigation, that seeks to know the best and embody all of the best points in the local building enterprise.

SENIORS PRESENT FLAG.

Appropriate Exercises are Held at Notre Dame.

The senior class of the University of Notre Dame presented the university with a fine 35 foot American flag Thursday afternoon. It has been the custom for several years for the senior class to present a flag on Washington's birthday. A fine programme was rendered in the following order: Overture, Notre Dame orchestra; song, Notre Dame Glee club; oration, John A. Mulroy; chorus, students; presentation of flag, John F. Shay, president senior class; response, Rev. Rev. John Cavanaugh, C. S. C., president of Notre Dame university; overture, Notre Dame orchestra; song, Notre Dame Glee club; poem, Charles O'Donnell; "America," audience.

Plain Words on Catarrh Cures
Just at this time of the year the newspapers are filled with advertisements of Catarrh cures of one kind or another. In all probability every one of them can be found on sale in our store. But we cannot guarantee these various remedies; of course, they may be meritorious—as to that we cannot say.
We buy them from the manufacturers, and certainly would not sell them if we thought they were in any way injurious.
There is one Catarrh cure we know all about, and that Catarrh cure we back up with our reputation as pharmacists, and with our bona-fide guarantee.
That remedy is Rexall Mucu-Tone.
We know how Rexall Mucu-Tone is made, what medicines are used in compounding it, and the scrupulous care with which it is manufactured, and we know that it is an honest, meritorious remedy, that has cured thousands of chronic sufferers from Catarrh.
The very first dose of Mucu-Tone will brace you up, will give you new strength and hope, will convince you that at last you have found a medicine that goes right to the spot and does the work for which it is intended; and with each succeeding dose you will feel better and better, stronger and stronger.
You will regain your appetite, will find yourself eating heartily, and will feel that your food is doing you good.
You will note an increase of blood.
Your hands and feet will be warm, instead of cold and clammy.
Your nerves will become steady.
You will sleep soundly, and you will get up in the morning wonderfully refreshed and despondency will be a thing of the past; and besides, Rexall Mucu-Tone will accomplish all this in an astonishingly short time.
It makes no difference whether you are just beginning to feel badly or whether you have suffered for years—we say Mucu-Tone will cure you—just try us out on this statement. If it does not do all that we have claimed for it, we will immediately refund your money. You can get a large trial bottle for 50 cents.
A REASON
Oftentimes you run across a local concern which has a regular plumbing department, an oil department, and so on, all of which dovetail together and build the house. This is just what The United Drug Company is doing for you in the medicine line. They have cut down profits; they manufacture Rexall Remedies for ever 200 retail druggists. These druggists are the only ones who can buy our goods from The United Drug Company and the price.
Could The United Drug Company, of which we are a member, afford to make one poor medicine in that line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you thought a Rexall preparation would not do for you what we claim it will, would you buy anything of the kind? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, tell our customers to refund your money if they do not benefit you.
