BOWLING--BASEBALL--TRACK AND SPORT OF SEASON

DETROIT ALLEYS LIGHTNING FAST

RECORD SCORES FOR FIRST TWO DAYS OF BOWLING.

HIGH INDIVIDUAL MARKS

Outside Teams Begin to Roll on Schedule—Pin Knights Go Into 2,000 Class in Five-man Events.

DETROIT, Mich., March 1.—First attacks on the pins in the minor events were made last night, two individuals bowling a 200 average in the singles, while three pairs ran beyond 1,150 in the doubles.

Otto Wahl, a Cleveland expert, turned in the final score of 624, beating all tournament records for big scores on opening days. John Gruber, a fellow workman of his, shooting 623 on the same squad. Wahl's great score was made possible through a 217 game in the window, which beat the best previous here for a single game by two pins.

Mowat and Johnson, two Detroiters, went into the temporary lead in the doubles with 1,166. This is better than any other opening day's score, but Grater and Kerker, two Clevelanders, Cleveland landed two of its three entries past the 1,160 mark.

Madison, Wis., scored heavily last night, the five men attack yielding a total of 2,912 in the opening of the university town, 1912 in the middle giving the Badgers a couple of records. The team got in 921 and 921 in the series with their four figure total. Carl Lundquist rolled the high man mark, 211 in one and 413 in the series.

Now that the 14 alleys have been thoroughly broken in by the two squads of five man teams, it is expected that the scores will begin to come. The drive for the 2,000 mark will be accompanied by bowling critics and it is predicted that more new records will be established during this journey.

While the political situation has not developed to the point of the announcement of opinion among those here that St. Louis will be the favorite in the awarding of the next tournament, it is also thought there is a good chance of more than the prominent cities being in the contest.

HOSEA SINER SIGNS.

Player Who Tried to Beat Out Owen Bush Now With Boston.

The Tribune's Special Service.

SULLIVAN, Ind., March 1.—Hosea Siner, star ball player of this city, received word to-day from Manager Lake, of the Boston National league team, to report at St. Louis, March 14. The western members will meet the eastern squad there and proceed to Hot Springs, Ark., for the spring training. Siner was tried out with South Bend in the Central league in 1907 but had the bad luck to be opposed by Owen Bush for the shortstop position. Siner was released and proved a sensation. Bush went to Indianapolis and later to the Detroit American league club. Siner came back to Sullivan in the Trolley league and was tried out by the Cubs last season. He played several games with the Boston club and well enough to be reserved.

LEAGUE MEETING MARCH 14

Date Definitely Set—"Billy" Hayes Signs Brooks Contract.

The league meeting will be held March 14. The date was selected today by President Carson and it is thought will be agreeable to all parties. Dayton, O., is the place of the meeting and that city is now surrounded by water, the flood of the Miami river. Much difficulty was experienced with the flood at the Zanesville meeting and it is hoped the opportunity will not be had at Dayton.

"Billy" Hayes, a South Bend boy, has several years of pitching experience, but who has never broken into the big league, signed a contract with Brooks control. Hayes assisted in working out the pitchers and catchers last spring and made a good impression.

BALL PLAYER RELEASED.

Prisoner in Atlanta Penitentiary Pardoned by President Taft.

By Associated Press.

ATLANTA, Ga., March 1.—After serving 14 years in the federal prison for the murder of his wife, Thomas Taylor of Washington, D. C., once a star in the National baseball league, last night was granted his freedom in the receipt of a pardon signed by President Taft. He left at noon for Washington.

The president's action followed the receipt of a petition started by "Kid" Esbardat, of the New York American and signed by all the leading ball players in the United States.

Gasper's Brother Breaks in.

KEWANEE, Ill., March 1.—Outfielder Edward Gasper of Kinsler, brother of Pitcher Harry Gasper, of the Cincinnati Reds, signed to-day with Kewanee's Central association team. Gasper played independent ball last year.

Latham Remain Amateur.

DETROIT, Mich., March 1.—The combined efforts of Jennings and Navin have failed to induce Latham, the Michigan University capital star, to join the Tigers. He does not fancy professionalism.

HOW COLLEGE CREWS AND BASEBALL TEAMS PREPARE FOR CONTESTS OF COMING SEASON

PHILADELPHIA, Pa., March 1.—Courtesy and trainers of various colleges are attacking the problem of preparing the athletes of their respective institutions into condition for the coming season, which promises to be one which will require the turning out of nothing but the best men possible. Two sports which will demand most of the time of the trainers are rowing and baseball. The trainers are spying the candidates for the big college crews through all sorts of stunts in the gym in an endeavor to place a team on the Cambridge course that will bring the college and capture the intercollegiate championship pennant. Numerous young Samsons have responded eagerly to the calls of their coaches and captains for timber to add to the university's freshmen and varsity crews. Rowing is no child's play, and the making up a varsity crew, from the material available, is a task which requires in addition to all else, a knowledge of human nature not so essential in other branches of athletic activity. From the successful candidate to substitute ability is demanded but training, months, even years, of hard training, and the sacrifice of many things required from the outlook of the athletic association a financial outlay upon which there is not a cent revenue. The upper picture illustrates the methods used by the trainers of Harvard, Yale and several other colleges in testing the mettle of candidates for the varsity and freshmen crews. In the lower illustration is shown a unique apparatus used in testing the eye of the college baseball teams.

RECOVERING FROM A SERIOUS INJURY

Mrs. Gordon Murray Will Leave St. Joseph Hospital in Few Days.

Mrs Gordon Murray, who has been a patient in St. Joseph hospital for the past 10 weeks, will be able to leave the institution in a few days, it is thought, and will return to her home in Nappanee, Ind. Mrs. Murray was badly injured, when her hair caught in the machinery of a steam drill in the Nappanee Novelty Company plant and asked by her husband, and she was brought to St. Joseph hospital for treatment. Her injuries were very severe, her scalp being almost entirely torn from her head.

The surgeons made a graft ten square inches of skin from Mrs. Murray's body to her scalp, after the attempt to graft skin from the body of another person proved unsuccessful. Mrs. Murray will be disfigured for life, as the effects of the misfortune, although she will bear its marks, the rest of her life. The grafting in the operation was considered a delicate affair and the success attained is gratifying to the hospital authorities.

TO MEET "BILLY" SUNDAY

Committee to See Evangelist at Danville, Ill., Next Week.

A paper of Rabbit Abraham Cronbach on "The Problem of Evil," read several weeks ago before the Ministerial association, was discussed by the ministers at a regular meeting Monday at the Y. M. C. A. Next Monday morning Rev. Frank Hartman, of the Methodist church, will read a paper, "The Preacher in Politics."

The committee delegated to meet Rev. William E. Sunday is making arrangements to meet the evangelist at Danville, Ill., next week.

Southpaw Married.

ST. LOUIS, Mo., March 1.—Albert "Lefty" Leifield, Pittsburg's world champion southpaw pitcher, and Miss Charlotte Schlier, sweetheart of his childhood, were married this morning by the Rev. Otto S. Hoop, pastor of the Church of Our Lady of Perpetual Help. The bridegroom's mother and Doughty left immediately for Chicago, keeping secret where they will pass their honeymoon.

CIRCUIT SPARKS.

Johnny Fisher has been officially added to the roster of the Louisville American association club.

Aggie Grant is after Carl Cavalieri, former Notre Dame pitcher. He has been with the Cubs and also in his home at Fort Wayne, but has received no reply.

Chick Stahl and Tom McCarthy are the two most noted ball players, next to Ty Cobb, who will be with the Detroit Tigers again in 1910 in Indiana this season when he will pitch for the Indianapolis American association club.

Jackie Zeider, Auburn, Ind., and Otto Johnson, Covington, Ind., are two of the idleliest ball boys, well known and graduated from that region. Zeider is from San Francisco and Johnson from Portland, Ore. Zeider is with the Pittsburgs, with the Chicago American association club and Johnson will try to catch third base with the New York American league club.

HERE IS THE PROOF

That the best body-building and strengthening tonic for

Delicate Children

—is—

Vinol

"My 9 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength."—Mrs. W. H. GILMORE, Durand, Mich.

"My two children, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a special tonic for delicate children."—Mrs. C. ALLEN, New Bedford, Mass.

Vinol builds up healthy flesh and makes this little limbs round and plump. Children love to take it.

We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

THE HERPES COMES OUT

Frequently Shows Itself in the Same Place Every Winter.

The herpes very frequently shows itself only in the winter time and in identically the same spot every year. When it comes out a little pimpled should be at once applied, and this annoying eruption will quickly disappear. Nothing is better for the malady which has cured thousands of the worst cases of eczema and eradicated facial and other disfigurements of years' standing. The pernicious itching attending eczema is stopped with the first application of Resinol, and its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, barber's itch, scalp troubles, chafes, etc., an overnight application only, a small quantity being required, effect a cure. Those who use pomade for these minor skin troubles should insist upon having the genuine Resinol ointment packages recently adopted—most such pseds. Both the 50-cent each—and the regular $1 for may be obtained at Chas. Cooney & Co.'s and other leading druggists.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 25 West Twenty-fifth Street, New York City.

Handling Telephones.

In holding a telephone a person naturally takes the transmitter in the right hand and places the receiver to the left ear with the other. In passing the instrument to another person the hands should be crossed, thus extending the transmitter and receiver to the right and left hands, respectively, and obviating the inconvenience and possible breakage occasioned by the other person's attempt to change from both hands at the same time.—Popular Mechanics.
