BEMENT IS LEADER

EVANSVILLE MAN AT HEAD OF ORGANIZATION.

CENTRAL LEAGUE IN SESSION

Baseball Directors Meet at Anderson and Arrange for Season—Bingham and White in Contest for Office.

Special to The South Bend Tribune.

Anderson, Ind., Feb. 5.—G. A. Bement, jr., of Evansville, Ind., will remain at the head of the Central Baseball league. This was decided on last night after the magnate had been in session at the Anderson hotel for nearly eight hours.

The voting for the presidency, begun at 8:15 o'clock, the two candidates being D. W. White, of Chicago, and Ed. Bingham, of Indianapolis. The first ballot gave each man four votes, South Bend, Evansville, Terre Haute and Marion supporting White, and Anderson, Fort Wayne, Dayton, O., and Wheeling, W. Va., favoring Bingham. As Bingham's supporters refused to yield to White the deadlock continued until just before the session adjourned, and it was deemed wise to keep Bement at the head of the organization.

Up to yesterday morning Bingham was looked upon as a sure winner, but a report that he was favorable to Watkins' scheme of shutting off the Central league from Sunday baseball killed his chances.

The complete list of officers elected is as follows:

Complete List of Officers.

President, pro tem—G. A. Bement, Evansville.

Vice President—C. W. Halderman, Marion.

Secretary and Treasurer—E. H. Smith, Terre Haute.

Directors—E. B. Doran, South Bend; Isaac Mauiner, Fort Wayne; McVey Lindsey, Anderson; W. W. Irwin, Wheeling, W. Va.; Henry Youngman, Dayton, O.; G. A. Bement, Evansville; E. H. Smith, Terre Haute; C. W. Halderman, Marion. All of the above gentlemen were present as was also B. F. Parkins, of Wheeling.

The league went into executive session at the Anderson hotel at 4 o'clock yesterday afternoon and immediately took up the discussion of a constitution and by-laws, which were adopted. Much discussion was given to the fining of a "penalty against clubs leaving the field after having entered a game and it was finally decided to fix the penalty at $25 fine and a forfeit of $100 of the gate receipts. The Spalding ball was adopted and will be used exclusively.

Wheeling Not Dropped.

Wheeling was not dropped from the circuit, the delegates from that city showing excellent backing.

Sheriff W. W. Irwin, of Wheeling, is one of the backers of the club and he is said to be still hopeful of holding the franchise. The promoters have leased a driving park located on an island just outside the city limits and there they propose to play their home games.

Several schedules were submitted to the magnates, but none were adopted, all were referred to President Bement, who will examine them and make a report at the next meeting, which will be held at Indianapolis on March 15.

The magnates went to Indianapolis last night and will remain there during the rest of the week to lobby for the baseball bill and its amendment. A meeting is being held in that city this afternoon.

Labor Leaders Threaten Trouble.

The Central league ran up against a stumbling block in the labor situation at Dayton, O., and for some time yesterday matters assumed a serious aspect. Gus Haas, leader of the Dayton street car employes' union and an organizer for the American Federation of Labor, threatening to use his power to bring about a boycott on every team in the league if the Dayton baseball park was not changed.

The matter came up before the magnates at the afternoon meeting and was finally settled by referring it to a board of arbitration composed of G. A. Bement, president of the league, and the national secretary of the American Federation of Labor.

A strike took place against the People's street railway at Dayton in 1901 and since then the railway has been on the unfair list. That railway controls the ball park, the baseball grounds at Dayton and in some circles it is said it owns the Dayton franchise and that all Manager Youngman is only its representative. The men of Dayton unions not only say the People's railway but on everything they can lay their hands on, from cigars to the ground they claim that stands in the way of the unfair list and Haas stated that every club from other cities that plays on these grounds will be accounted unfriendly and will be put on the same list.

McVey Lindsey, manager of the Anderson club, said seem to regard in the matter. He merely said "I told Youngman that something would have to be done over there or we'd have trouble."

W. C. Vandersun, who is well acquainted in Dayton, says that Haas is a leader in labor circles and a man who must be reckoned with. There are three railway systems in Dayton and will be put on the same list.

O'Neil Signs with Anderson.

Phil O'Neil was signed to catch for this city yesterday morning. South Bend expected to get him and made a flattering offer.

Mullin Surrenders Himself.

Pitcher Mullin, the former South Bend twirler, who is under indictment at Fort Wayne at the instance of President Mastery, of the Fort Wayne baseball club of the Central league, for obtaining money from the club under a guaranty that he had received none from any other club, appeared in the sheriff's office at Fort Wayne yesterday and filed a bond of $500 for his appearance in court when wanted. He has been deputized the sheriff for several weeks. He is under a three years' contract with Detroit for a salary of $11,000 for the period. He will go with the Detroits to Shreveport, La., to practice.

Terre Haute Team Fast.

A dispatch from Terre Haute, says: "Manager Lou Walters of the Terre Haute Central league baseball team has ordered his men to report for active practice in this city April 1 and he expects to have the team in condition to play shortly after the men arrive.

With the exception of one or two players, all the contracts were out have been signed and returned and the make-up of Terre Haute is assured. The men are fast and Terre Haute hopes to play a prominent winning team all season. The old men who have returned are the best of last year's aggregation and the new players are the stars of the minor leagues in the west and middle west.

"Numerous practice games are to be played before the season opens. Home games will be played here and two at Decatur, Ill., with the Three I league team."

POLO FOR SOUTH BEND.

City May Be Represented in League in Process of Organization.

South Bend will probably be represented with a first-class team in a roller polo league next winter. The circuit of the proposed league will include South Bend, Grand Rapids, Mich., Toledo, O., Chicago, Fort Wayne, Elkhart and Goshen.

Edward Dupont, secretary and treasurer of the South Bend Athletic association is the promoter of the league and if the scheme pans out he will be successful in his undertaking. He was intention to get a franchise in the Western Polo league but inasmuch as all the present franchises will be renewed and all the teams will remain in the Western, with the possible exception of Indianapolis, there is little hope for South Bend.

Marion has the call on the vacancy that will be created by Indianapolis withdrawing in the event the league of large cities is organized with Indianapolis in the circuit.

So Doran proposes to organize the third league and take in the cities that one not get into the Western. They are considered as good polo cities as those in the league. The only disadvantage is that they did not get in on the ground floor.

Polo team do not think it probable that Chicago could be induced to enter the league. If Chicago has polo, it will be in the league with Indianapolis, Cincinnati, Columbus and Cleveland.

In case Mr. Doran is successful in his undertaking South Bend will provide a place for games by building a $1,200 or $1,500 rink, such as the teams at Elwood, Richmond, Muncie and Anderson have. Although these cities are much smaller than South Bend the game has been a big financial success.

BALTIMORE TO FIGHT JOHNSON.

Baseball Stockholders Will Go into the Courts.

Baltimore, Md., Feb. 5.—The stockholders of the Baltimore club will fight Ban Johnson in the courts for the Baltimore franchise.

A meeting has been called to devise ways and means to prevent what the stockholders term downright robbery by the American league in transferring the franchise awarded to this city for a term of 14 years to New York or any where else at the expiration of two years.

Suit will be pressed with a view of getting a decision that the franchise has been illegally taken from this city.

WILLIAMS IS RETAINED.

Famous Football Coach Will Remain at Minnesota.

Minneapolis, Minn., Feb. 5.—Dr. Henry L. Williams will be athletic director at the University of Minnesota for three more years. After a prolonged conference the athletic board of control drew up the contract, which is practically a renewal of the old one.

As football coach for the last three years Dr. Williams has done wonderful work, his teams having lost only three games in as many years. Williams has the unanimous support of the student body, and great satisfaction is felt at the renewal of the contract.

Bantam Champions are Training.

Harry Forbes, of Chicago, and Andrew Tokell, of London, champions of the bantamweight divisions of their respective countries, have commenced active training for their battle on Feb. 17 before the Metropolitan Athletic club of Detroit, which will decide the championship of the world in that class.

University Loses Star Athlete.

Chicago, Feb. 5.—Fred Molony, the star hurdler of the University of Chicago, has left the university for Mexico with Walter Kennedy, who is superintendent of a large rubber plantation there.

Will Enter Chicago Meet.

Manager Dolan, of Notre Dame, left this morning for Chicago with six men to enter the Fred regatta meet. Capt. Kelley, Dolan, Kehoe, Ziegler and Draper were in the party.

Major Thomas is Dying.

Lexington, Ky., Feb. 5.—Major Harvey G. Thomas, the pioneer turfman of America, is dying at his home in this city.

Richmond, 5; Anderson, 1.

Richmond, Ind., Feb. 5.—Richmond defeated Anderson at roller polo last night by a score of 5 to 1.

Basket Ball at University.

The Brownson ball basket ball team defeated Corby hall in a practice game last night by a score of 17 to 4.

Important Notice.

Resolutions upon any subject passed by clubs, societies, unions, fraternal bodies or other organizations publication of which is desired in The Tribune will be charged to such organization at regular reading matter rates.

Dr. D. E. Cummins' ground floor dental parlors. 17

BANQUET FOR LAWYERS.

St. Joseph County Bar Association Has Feast at Oliver Hotel.

The third annual banquet of the St. Joseph County Bar association was held at the Oliver hotel last night. The event was the most successful ever held by the city bar, it is said.

The menu was served in 10 courses as follows:

Oysters Cocktail
Subpoenas
Bouillon en Cup
Filet of Trout, a la Andersen
Mignon
Cucumbers Possum Ball Association
Sweetbreads Plaintiff Trial Set
Petit Pois
Champagne
Breast of Turkey—a la Plaintiff
Fried Sweet Potatoes Flagsteds
Defendant Punch
Chicken Salad—Argument
Neapolitan Ice Cream
Mixed Testimony
Rebuttal Cheese Hot-Blast
Coffee—Dismissed
Cigars

The toasts responding were as follows: Annual address of president, Hon. Frank Anderson; "Anecdotes of the Bar," Hon. Timothy E. Howard; "The Common Law," Stuart McKibben; "A Plea for the Amendment of the Statutes for Change of Venue," Hon. Louise Hubbard; "An Ethical Theme," Hon. Willis A. Hughes; "The Lawyer," Charles P. Drummond.

The arrangements for the repast were made by a committee composed of Judge Frank Funk, Judge Frank P. Geyl, Frank Dunnebacke and others, who had for about 25. The officers of the bar association for the ensuing year are: Hon. Louise Hubbard, president; Miller Gay, secretary, David Rich, treasurer.

Long Flight of Albatross.

An albatross has been known to follow a ship for two months without ever being seen to alight.

Come and try a pound of our candy at our special sale of home-made sweets, 10 and 15 cents per pound at Philadelphia Candy store, 116 N. Michigan street. 5c2

Wall Street Report.

New York, Feb. 5.—Wall street—The market opened active and higher all around. Reading was dealt in in thousand share lots after an advance of ¼ and opening sales of Rite were made at an advance of ⅛ over yesterday. Amalgamated rose ⅜ on the transfer of 3,200 shares and St. Paul rose ⅜ on the transfer of 1,000 shares. Later the market was broad and business well distributed. In a few minutes yesterday St. Paul and Amalgamated, the profit taking sales were large enough to cause a reaction. Other leading stocks held steadily, especially the coal era. Chicago Great Western preferred was the only weak spot, it fell 1 point, as did Cleveland, C. C. & St. Louis, Wisconsin Central, General Electric and Ice preferred. Northwestern declined a point, Anaconda ⅛ and St. Joseph & Grand Island first preferred 2½. Brooklyn Transit advanced to 76 before 11 o'clock.

Ladies' deep flounce, lace trimmed skirt, trimmed with fancy bowknot pattern Nottingham lace	$1.98
Ladies' lace trimmed pants, 25c for	25c
Fine muslin embroidery trimmed nightgowns, special value	98c

FOURNIER, WHO IS TO RIDE MILE IN FORTY SECONDS.

Henri Fournier, France's famous chaffeur who is in this country, is arranging several big auto races among them one with W. K. Vanderbilt, jr. to be run between France in the great international auto race. Fournier announces his intention to make a dash of a mile in 40 seconds and feels confident that he can perform the feat. He expects to fly over a long course at the rate of 106 miles an hour.

"The automobile of the future will be much simpler in construction than the automobile of to-day," said Mr. Fournier recently. "In its evolution much of the mechanism now deemed essential will be eliminated. At present a man must either himself be a good mechanic or have one constantly at hand, in order to take care of his machine. The simplifying of the construction of the motor will naturally reduce the chances of breakdowns and lessen the resulting expense of making repairs.

"I am sanguine that high grade automobiles will ever be kept at a much lower cost than now, for good workmanship and first-class material are always expensive. Whatever may be saved by simplifying the mechanism will be devoted to the adornment of the machine or increasing the luxury of its appointments. When the first Pullman cars were built it seemed as though it would be impossible to make them more elegant and convenient. Now these first Pullmans are regarded as little better than the ordinary passenger coaches.

"So with the automobiles. Not only will the manufacturers be able to provide it with more efficient makers, upholsterers and wagon builders will bend their energies to give to the vehicle of the future a much more attractive and elegant appearance.

"In the matter of speed and safety we may confidently expect marked improvements. Owing to the danger attending fast riding in cities, and the restrictions placed upon drivers by law, high speed in automobiles for street use is not necessary. A machine that will do 30 miles an hour is fast enough for all except racing purposes. Until the country roads are improved, very high speed cannot be maintained for any length of time."
