NEWS OF MISHAWAKA

LIGHTNING AND WATER DO DAMAGE.

WORST STORM IN YEARS

In the Churches—Brief Society Mention—A. C. A. Baseball Clubs—Grays Defeat Mussels—Personal and Local Notes.

BUREAU OF THE TRIBUNE, No. 219 S. MAIN ST., MISHAWAKA, IND., APRIL 13.

Mishawaka experienced a severe electrical and rain storm Sunday morning and in the evening was witnessed one of the worst cloud bursts this section has experienced in many years. Accompanying the rain came lightning and both did considerable damage. About 4 o'clock a black cloud overspread the city and in half an hour thereafter fell in sheets. The heavens seep hold with electricity and the bolts shooting earthward were dangerously near. Lightning struck many places both morning and evening.

The Mamth barn southeast of Mishawaka was struck about 7 o'clock and an alarm was given but the department could not reach the place with water and returned. The hired man was on hand with water in a bucket and as the sparks fell on the hay in the loft he put it out. The rain extinguished the blaze on the roof. The damage was slight. The spire of St. Joseph's Catholic church was struck twice one in the morning and again at night. The electricity ran down the residence of A. L. Nettleton at the corner of Lincoln and Lawrence streets was struck in the evening, the bolt entering the roof and following electric wires which were burned off. A blaze was started in some clothing in the garret and a scuttling was splintered. Miss Irene Nettleton was standing near and was partially shocked. Had the family been absent the house might have burned to the ground. Councilman James Nettleton established the blaze. The exact amount of damage has not been determined.

The barn of Jacob Snyder, north east of Mishawaka was struck by lightning in the morning storm and his best horse was killed and the structure damaged. The residence of Amos Dalzle, on Seventh streets was struck by lightning in the morning and damaged to quite an extent. No one was injured. The home of Ora Vandiboeck, on West Fourth street was also struck but was not badly damaged. The barn on the A. Gernhart dairy farm on East Second street was struck in the morning but little damage was done. The cattle were wonderfully frightened. In each case where lightning struck the electric light wires ran in a channel and burnt off. Mary McCrary of the Kontzman farm, north east of Mishawaka while feeding hogs Sunday morning was struck by lightning and was rendered unconscious. He was not seriously injured however. A large number of residences and tenements were burned out and the electrical display was very beautiful.

Not only did lightning do damage but the water did more and a number of washouts are reported. On East Joseph street the foundations just completed for a brick building for A. E. Kuhn were badly damaged the east wall being entirely demolished in a weak one. Other buildings suffered on the north side and the ground was washed from under cement walks in a number of localities. The water rose to a depth of several feet west over the yards and flooded the walks. The cellar of the Primmer restaurant on Joseph and Bridge streets was flooded and this morning in the basement a foot of water was still in it. In Mishawaka the sewers were choked in a large number of cellars were flooded and at Main and Ninth streets it is most necessary for people to use boats to get out from their homes. Many residents state that the deluge of Sunday was the worst ever experienced in this city. It is reported that a barn north of Mishawaka was struck by lightning Sunday evening and burned to the ground.

Nothing of the kind has been seen in the city before. Laughter and fun of the clean sort. This favorite comedy will appear at the Century theater, Monday, April 20.
