DO IT NOW

I have a number of nice, large, level lots facing South Main st., upon which I will build a dwelling house to suit purchaser. I do not require the entire price of the lot in cash but will accept one-half its price and take the balance upon monthly payments, upon any other terms agreeable to the purchaser. A street car will soon through this section of the city, within the next two years and property near by will receive the benefit of the very increased value. This is the best opportunity yet offered to secure a home in an attractive locality where values are still low and I will be pleased to explain the matter more in detail to any persons who may be interested.

NEWS OF MISHAWAKA

LETTER OF REV. CHARLES STUER IS HEARTILY ENDORSED.

COMMENTS BY CITY CLERGY

Manufacturers Are Willing to Cooperate in Cleaning the Place and Bringing About a Better Order of Things.

BOARD OF TRADE OFFICE, No. 114 N. MAIN ST., TUESDAY, MISHAWAKA, IND., APRIL 24.

A communication by Rev. Charles Stuer, pastor of St. Joseph church, in the Tribune last evening, in which the chief of police and other officers of the law were criticised, has received much favorable comment among business men, manufacturers, business men and citizens generally. The fearlessness of this popular priest in the cause of right-eousness has made him many friends who admirers admire him more, the police have begun to reconsider, the handwriting on the wall, and people believe that a sentiment will be noticed as that will result in the enforcement of the law either by the present chief of police, or, if he refuses to do his duty, by some one in his place.

Rev. F. A. Laskin, pastor of the First Baptist church, was greatly interested in the letter and the attitude taken by Father Stuer, of course, when him later congratulated Father Stuer on his stand and assuring him that he would be with him in any undertaking to assist in bringing about law and order and force the saloonkeepers of this city to realize that there are other interested buyers and to suppress the practice of gambling as rampant here.

Rev. Hough, Cady Hill, pastor of the First Presbyterian church, said he heartily endorsed the letter of Father Stuer. He said it put the conditions existing in the southwest part of the city mildly. It is hardly safe for a woman to go to certain districts of the city after dark, he said, and he is insulted. On a recent Sunday he saw a number of young men come from one of the boulevard resorts and all were intoxicated. A young lady claimed to be a member of his church approached him for her to lead. The young men all but struck her. Mr. Wilson said he spoke more as a resident than as a minister when he said that the condition of affairs in the southwest part of town should be done away with. He is with Father Stuer in any movement that would better conditions, he said.

Rev. Henry Hooster, pastor of St. Peter's Lutheran church, said that he indorsed the attitude of Rev. Father Stuer. He said he was pleased to see it recognized that things were getting worse and that something should be done to cleanse the city of the evil and lawlessness now existing.

Rev. C. W. Smith, pastor of the First Christian church, after reading the Stuer communication in The Tribune was so pleased with its sentiments and the attitude taken by the priest that he said he would indorse it. He would be one of two ministers or of two citizens to circulate a petition to have the chief removed, if the chief did not do his duty. Mr. Barney said he would circulate a petition. Stuer is to be for city participation.

Rev. W. S. Houlton, pastor of the Methodist Episcopal church, said he heartily endorsed the letter of Rev. Father Stuer. He said he had been told for some time that the chief of police had not been doing his duty and that the citizens as a whole should take some action in the matter. Houlton said he would be with Stuer in bettering conditions in Mishawaka.

A number of manufacturers who were seen thought the letter of Father Stuer about right. One said he greatly admired the courage of the priest. He thought the laws and ordinances should either be enforced or repealed. If the mayor, chief of police and the council would not see to the enforcement of the law then the governor should be asked to do so.

Another manufacturer said that Father Stuer did not point it strong enough or did not reach high enough in municipal affairs to bring about the enforcement of the law. He greatly admired the pastor of St. Joe church. He said he was willing to do all in his power to help him in bettering the lawless condition of affairs. He said: "I will give $10 and time to assist in a movement that will go toward suppressing the evil." He said the city attorney should be asked to see that the laws are enforced, the board of public safety, or committee on police, which has not met so far as I know, since Mayor Beardsley took office, should take this into the matter be up to the council as a whole to handle the matter. The officers from the highest to the lowest are now open to just criticism, he said, and it is time to do something. I predict that if the present conditions continue and the enforcement of the law is pushed upon gamblers within 60 days someone will be shot or some one will be dangerously hurt or killed. The chief of police should be on the men operating gambling dens and the men who run slot machines or arrests will be made. There is no reason why the city should be made a resort of a number of the saloon keepers in Mishawaka are arrested simply more than the licensed ones be taken from them."

This same manufacturer said he was with any movement and he would lend his assistance financially and other wise to see lawlessness suppressed. Other manufacturers spoke along the same line. Business men generally, the city when asked, said that Father Stuer's letter was "good," is so certain line. They reminded a representative of The Tribune that only last week a man was arrested for a row down town saloon and that another was arrested for being placed in opposition in the city.
