

MONEY TO LOAN!

We are seeing a great number of new faces in our office these days. We know the reason—do you? We are South Bend's Credit System which enables them to secure money in a safe and private manner. Call at our office and let us explain our modern method of loaning money. If we cannot save you money we will not expect your business or Influence Loans at Furniture, Linen Shops, Farming Implements, Growing Crops or Second Mortgages on Real Estate.
