BIG PRICE FOR DEL

NEW YORK WANTS STAR BATTER AND FIELDER.

TEN THOUSAND DOLLARS

American League Team Anxious to Secure Services of Washington Baseball Player and Retain George Davis.

New York, March 18.—The New York American league club is so anxious to secure the services of Outfielder Delehanty from the Washington club that local magnates are willing to pay the $10,000 Delehanty owes the New York Nationals, and will then pay an additional bonus to the Washingtons, at the same time assuming the player's contract at a salary of $4,500 for the coming season. In other words, the New York Americans stand ready to put up close to $15,000 for Delehanty's services, without releasing "Lefty" Davis.

Delehanty has positively stated that he will not play ball in Washington, and will retire if he cannot play with the New York Nationals or Americans.

Delehanty belongs to the American league until he is released, so that he cannot do business with any club outside of that organization. George Davis' case is precisely the same. The New York Americans are still trying to effect a deal with the Washington American Jack Dunn, who wanted to play Davis, and President Pulliam of the National league says that Davis, if he does not play with Brush's club, no doubt will be should receive a favorable verdict from the courts as to the legality of his 1901 contract with the local National league club, which he jumped to go with Comiskey.

President Ban Johnson visited the new American league grounds yesterday to decide several questions in doubt. In order to avoid a short left-field fence it was decided before staking out the diamond to secure some measurements on the polo grounds. So several surveyors, with steel tape lines, visited the National league grounds and measured the distance from third base to the foul post "up the alley" in left field, finding that it was just 281 feet. They were not discovered until the job had been completed. This information gave Business Manager Gavin an excellent idea on how to proceed at the new park, and before spadeful of the playing field was practically staked out.

PLAYERS AT EVANSVILLE.

Bennett Secures Services of Jacobs From Davenport.

Evansville, Ind., March 19.—Mike Jacobs will play ball in Evansville this season. He has arrived in the city and will start training. The national board of arbitration awarded Jacobs to Davenport. Mr. Bennett bought his release two weeks ago.

Milwaukee had a claim on Jacobs as owing to the numerous changes he made from one city to another last season, he thought he was free from Davenport and signed the contract sent him by the American association club. Manager Hayes, of the Iowa team, filed his claim for the big infielder before the board of arbitrators and later sold his contract to Mr. Bennett. Jacobs will begin his drills at the home of Jacobs so far as the next seven months is concerned.

Jacobs has been in the business for several seasons. He became more prominent than ever before last year while with Davenport. A representative of the Chicago National league team saw his play and he was given a trial by the big league club. He spent of two weeks with the Chicago Nationals and finished the season at Kansas City. He was known for his hitting, being a slugger of the first water. He is also fast on his feet and knows the game as well as any minor league player in the country. When he gets to stinging the balls down through the infield the players have a way of stopping safely and his hitting has about won the pennant for the clubs with which he was working.

His award to Evansville will make the team much stronger than it has seemed before although no doubt has never existed as to the quality of the men signed. The fans were enthusiastic Monday over his arrival.

Monday morning Joseph Percival, outfielder, made arrangements to play with the local team. Percival is the lad who made a good showing for Ireland for Kennedy at the beginning of last year. He showed that he had the stuff but believed all the other players told him and his training season was one of trials. He was kept for a few days after the season opened and then released. The players remember A. him all through the summer and frequently urged Bennett to sign him for this year, declaring him to be a good mark.

Transportation has been sent all of the players under contract and they will all be in the city by the last of the week. Tom McKinley, the catcher from Belle Vernon, Pa., the home of little Jimmy Kuhn, is on the way from Pipeburg.

Jack Bonner, the second baseman, is booked for this week. By the close of the week the colony will be in a thriving condition and the park will be a busy place morning and afternoon.

CHALLENGER MOVED SMOOTHLY

Yacht Afloat Confirms Previous Good Opinions.

Glasgow, March 18.—The pontoons on which Shamrock III. was launched Tuesday were removed yesterday at Inverness. The yacht afloat confirms the previous good opinions of her. The doubts as to whether she would turn on the exceedingly short keel were partially allayed.

She came accurately to the bow floating marks, and under her counter the water just lapped the first wedge. While in motion it was remarked that the shallower curved somersetty and steady. The spars have been brought from Denny's yard and will be stepped today.

Mr. Fife has adopted a high, narrow, tapering mast, which is a marked departure for Britishers. Lighter than any previous boat, and the lightest and most possess the same characteristic, presenting a great advantage in reducing windage. The mainmast and topmast, which are in one, are shorter than those of Shamrock II.

This decrease, which is principally in the topmast, is made up by the increased length of the boom, which means that will give the desired height with the valuable feature of not being based in the yacht's measurement under the New York Yacht Club rules.

LYNCH TO CUT SQUAD.

Baseball Players Out at Notre Dame University.

Coach Lynch is giving the baseball men their final work out before weeding out the squad Saturday. So many men have shown up well that he is very undecided as to who he will keep for the Toledo series but as the 30 men now on the list is too large a squad to try out in the practice games the number will have to be considerably pressed before the season begins.

Gage is now practically sure of keeping second this season. His fielding work has improved wonderfully and the team could not ask for a better thing everything that comes his way. He and Shaughnessy are batting the fields and the team will have a lot of strong men at stick work. Burns may be tried in the field and it now looks as if Sherry would be used at short as Lynch is working him at this position.

Geoghegan has less chances for second since Gage's brace and may be able to land the place. Higgins is out from time to time and they is considerable speculation as to whether he will play or not.

The grounds at Carrier field are receiving attention now and will be in shape for the Toledo series. Grant, Arndt, and Shafer, of South Bend, practiced with the Varsity this morning.

The local track meet is being held at Notre Dame this afternoon. Coach Holland is watching the men closely as he expects to land some good material for the Varsity. Medals will be given to the winners of the various events.

ADVOCATES SUNDAY BALL.

Rev. Hugh Spencer Williams Gives an Opinion.

Memphis, Tenn., March 19.—Rev. H. H. Williams, of the fashionable Cumberland Presbyterian church, of Memphis, has come out squarely in favor of Sunday baseball. To a Memphis interviewer he said:

"It affords a recreation to a large number of people. It is not an immoral form of recreation. It gives people a chance to stretch themselves, to raise their bodies, to inhale the pure air. In a manner it allows the people to worship God in a natural way. I see no harm in it. I am in favor of the varieties of those outdoor attractions which a benevolent Creator would never have provided if He had not intended that they should be enjoyed.

PULLIAN RETURNS ADVANCE.

National League President Gets Check From Angus.

Cincinnati, O., March 19.—President August Herrman, of the Cincinnati baseball club, has received a check for $1,500 from President Pulliam, of the National league. This is the amount that was paid to Outfielder Crawford as advance money in his signed to play with the Cincinnati club this season. In accordance with the peace compact all advance money is to be returned. The check comes from President August, of the Detroit American league club.

LADIES LIKE THE STYLES

Ellsworth's Millinery Opening Draws Immense Crowds.

The annual spring opening of millinery at Ellsworth's commenced today and is attracting unusual interest with the ladies. The display is in the rear of the store on the first floor, and the decorations of the room together with the 1,000 trimmed hats make a decidedly pretty picture. The hats are beautiful creations of lace, flowers and ornaments, many of them being models direct from Paris. In particular, which was admired by the ladies, was a beautiful hat "Fred Paris." It is of white straw braid, trimmed with small pink roses and ribbons. While the shape is odd the peculiar feature is that every lady trying it on looks charming. A full line of Phipps & Atchinson and Gage tailored hats are shown exclusively at Ellsworth's. Fruits and foliage as trimming will be very stylish.

JOSHUA ROBERTS TO LECTURE

Grand Rapids Man to Speak at First Baptist Church.

An interesting lecture will be given at the First Baptist church Friday evening under the auspices of the B. Y. P. U. of the First Baptist church by Rev. Joshua Roberts, of Grand Rapids, Mich.

Mr. Roberts has traveled extensively in Egypt and Palestine and will give the results of his observations of the land where the Lord walked and talked with His followers.

Mica and Asbestos Mines.

Mel. Charles M. Travis, of Crawfordville, is in the city this week selling stock for the Pine Mountain Mica & Asbestos Co. This company is now commencing work on the plant to prepare the mica and asbestos for market, and already large manufacturing concerns are corresponding with the company for the products. It is estimated that the three asbestos mines there are worth more than the entire capitalization of the company. The mines are to be operated the year next. The stock is now 65 cents a share, but have ordered advances to 80 cents. It looks like one of the safest and best investments for capital now offered. The officers and directors of the company except well known conservative. Honest Mattoon men, such as M. B. Wilson, president of the Capital National bank, of Indianapolis, and John Shaw, Andrew Kaiser, W. E. McKee, Ad. Crawford, R. C. Schmidt and others. Travis is secretary of the company may be seen at the office of Attorney J. P. Creed in Dean block. Several of per capitalists have taken stock in this company.
