"Buck" Connors Gets Three Safe Singles, One a "Two Sacker in the Ninth Inning—Cy" Alberts in Box.

The Tribune's Special Service.

TERRE HAUTE, Ind., May 11.—The Bronchos made a game effort to pull yesterday's game out of the fire, but fell short by one man in the ninth inning and lost 8 to 7. Myers pitched his first game as a Broncho and did about as poorly as could be expected. He was touched up for 10 hits, issued five free passes, and made one error.

In the ninth inning with the score 8 to 3 against them, the visitors showed likely mettle for starting in to make five runs. Watson singled and Wells and Myers each drew free tickets. Cranco was out, but Krogh single scored Watson. Wells was caught. Wheeler was safe on Somerott's error, scoring Wells. Connors got his third hit, a two sacker, scoring Myers and Krog. Wheeler was caught trying to come home. Koehler went out.

In the first inning Wells bunched up four, a quartette in the first and four more in the seventh. Myers was touched up for three hits in the first and he made one error and gave two bases on balls. Wells made one error by Wells, a sacrifice and two hits, which netted four runs. Myers took another ride with the Wright brothers in the eighth, when he gave five hits and Wells made one error for the second. Four runs were scored.

The Terre Hauts made one in the first on a single by Krog and a double by Wheeler. Connors put in a timely hit in the third. Two bases on balls, and hit by pitcher, and Connors' single gave the visitors two more runs. Krog gave of the last tossing for the Tots and Connors smashing two bagger was made off "Cy" delivery. WINS RAGGED GAME BY SCORE OF 16-1

NOTRE DAME SLUGGERS DEFEAT OLIVET COLLEGE TEAM.

Capt. Kelley Makes Eight Change in Batting Order and Scheme Works Well—Official Averages.

In a ragged game in which the visitors pounded the ball to all corners of the field Notre Dame defeated Olivet yesterday by a score of 16 to 1. Olivet came with the reputation of having a strong team and the "varsity was expecting a close contest. But the gold and blue players landed at will on the first two pitchers that the Olivetites sent into the box. To add to the heavy hitting the visitors seemed possessed by stage fright and went completely up in the air in the second inning. In the fourth Du Pee went into the box and held the "varsity down in good style. It is thought if he had been put on the slab in the first part of the game the visitors a good exhibition would have been seen.

Capt. Kelley made a slight change in the batting order yesterday before the game, which looks good. Connolly had been batting well down the list, but yesterday he was placed in the leadoff spot. Connolly filled the block Colombo's place in the batting order. This seemed to work well as "Gene" drew three bases on balls and lined out a pretty hit. Quinlan is getting his share of the hits and is getting many fast makes him a good man to sacrifice with men on bases.

After the game last night the batting averages of the gold and blue players were compiled. Kelley's men made a good showing with an average over .300 with Williams second with an average almost as good. Six men are batting over the .300 mark and the rest are heading close to that mark.

Capt. Kelley is holding batting practice this afternoon. Although the men have been hitting hard lately it is because they have been up against weak pitchers. As the team will have a long trip next week the captain wants his men in good condition as possible. The score:

Olivet . . . 0 0 0 0 0 0 0 0 1—1 3 5

He was accompanied by his wife whom he hauls in a little buggy. Straw is known as "Jack" and "Jack" Bonne of 126. The couple went to the Studebaker repository where they were presented with a Studebaker Junior wagon and the couple left for the east. Straw said he would be remember now that the road was a Studebaker wagon. They started from Rochester, N. Y., and claim they will receive a $12,000 bet and a diamond medal if they make $1,000 miles before Sept. 30, 1911. They will visit foreign countries on the trip.

The Anderson Tobacco company, distributors of Bull Durham smoking tobacco, will give $5 in cash to the home player getting the longest hit with a ball on the home ground. The Anderson company will also give a $5 ball and any ball hit on the fly that disappears must have a tremendous blow behind it. Tot Baseball Lovers Hand Means to Louis Sensing Who Approved Megul Tries to Get Injunction Against Paper.

President F. R. Carson, of the Central league is one of the boosters for a big crowd on the opening day Friday. "Boost the game for all it is worth," said the doctor. "We ought to have a fine showing at the opener Friday. It should be an easy matter to beat the opening day record set either Wheeling, Zanesville, Evansville, or Terre Haute. The largest attendance was at Evansville where nearly 2,500 persons paid to see the game. We ought to pass that mark easily."

There is no friction among the patrons of the Bronchos this year and this ought to help some. At Terre Haute all kinds of trouble is brewing. The next thing to a boycott has been declared on Louis Smith, owner of the Tots in Sunday's issue of one of the Terre Haute papers. Smith's letter was placed on the grade and treated unmercifully.

The representatives of this paper have erected their own press stand and will be able to give the fans with the game from that road. This paper shows the progress of the game on its front window. Smith is trying to get an injunction to prevent the paper from giving the results during the past week the attendance has been good. The Tots are playing good ball and have won a majority of their games on the road. They will come home in an enviable position in the race if they continue to beat the life out of the opposing team for the opening game. The schedule makers had Grant's King connection with the Bronchos in mind when they put Evansville over for the opening game of the season in South Bend.

TREK CAR NEARING CITY.

Franklin Machine Travels to St. Louis From Syracuse, N. Y.

A trek car sent out by the Franklin Automobile company from Syracuse, N. Y. last week and which has traveled thousands of miles since the start, is expected to reach South Bend tomorrow. The car reached St. Louis yesterday and will go to Chicago and thence to South Bend. The car's route has been via Philadelphia, Washington, Pittsburg, Cincinnati, Terre Haute and St. Louis.

Telegrams have been sent to the local agency, the Otis Motor Car company, each day of the trip. Six hundred and thirty-five miles were made on the trip without a stop of the engine. The tool box has been sealed and the seal has not yet been broken. The telegram received last night by N. E. Otis, Franklin agent, is as follows:

"St. Louis, Mo., May 10.

MEET MISHAWAKA HIGH.

South Bend Team Plays at Springbrook—Baseball Practice Drags.

South Bend High baseball team is playing Mishawaka High this afternoon at Springbrook park. Edgren is performing the slab duties. Cassidy being saved for the game with Laporte Saturday. The team is lined up as follows: Roswell, shortstop; Whitaker, center field; Carson, third base; Cassidy, first base; Cripe left field; Kirby, right field; Wolf, second base; Hupp, right field. Edgren, Roswell and Hupp will be used Saturday to test that Whitaker will catch, Kirby willing to save himself for the meet Saturday. Cassidy will do the pitching against Laporte. Coach Kirby are devoting themselves entirely to track work this week. The practice of Lapoe's field tacks may and go, many of the men reporting, but two or three days a week, Wolf, Edgren, and Kirby are getting the only ones to appear considering the weather conditions. It is telling to be a pitching sub, by far the best game of any on the team, fielding brilliantly and hitting well. The game at Nappanee was the first game of the season for the boys, it looks in three seasons and if the team do not get together soon it will not be the last this spring, it is feared.

S.S.S.
BEST SPRING TONIC

Every one should take a tonic in the Spring; our systems require it. The change in the seasons produces a like change in our bodies, and more is required of the blood, from which source we receive physical nourishment and strength, at this particular time than at any other.

Almost every one feels bad in the Spring. Some have no particular sickness, but are debilitated, run-down and weak, and their systems are in a general state of disorder. This deranged condition of the health is due to weak, anaemic blood; the circulation is infected with impurities which have diminished its natural nourishing powers, and the body is suffering from deficient blood nutriment. The refuse and impurities which naturally accumulate in our systems are not properly expelled in Winter, because those members whose duty it is to perform this work of drainage do not receive sufficient stimulation from outdoor exercise, and therefore grow dull and sluggish in their action; nor is the skin as active in eliminating waste matters in cold weather because the pores are not so open as in warm seasons.

These Winter accumulations pollute the blood and largely destroy its nutritive qualities, and when Spring comes, and everything takes on new life, and we change our method of living, the circulation is so weakened that it is unable to supply the increased demands of the system. Then we suffer from weakness, nervousness, loss of appetite, lassitude, etc. There is a constant worn-out feeling, sleep is not refreshing, and we do not feel able to perform the ordinary duties of daily life. This disordered condition demands the use of a tonic, and it should be one which has the additional qualities of a first class blood purifier, for to restore health and strength the blood must be pure.

The healthful botanical ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they build up and strengthen every portion of the body, make it the best of all Spring tonics. S. S. S. is Nature's medicine, free from strong mineral mixtures and made entirely of the healing, cleansing juices and extracts of roots, herbs and barks; a safe and pleasant tonic for persons of any age.

S. S. S. is not only the best Spring tonic, but its ability and worth as a genuine blood purifier is universally recognized. It builds up the depleted system in the true way, by purifying the blood and supplying an increased amount of nourishment to every portion of the body. S. S. S. removes all accumulations from the circulation, enriches and purifies the blood and overcomes the unpleasant physical ailments that always come with Spring. It rids the body of that tired feeling, improves the appetite, reinvigorates every fibre and tissue of the body, and imparts healthful energy to all who are run-down. The body cannot be strong and well if the blood is weak or impure, and no tonic should be used which does not thoroughly cleanse the circulation. If you select S. S. S. as your tonic this Spring you will experience better results and more vigorous health than ever before, because it will make your blood "just right." Insist on getting S. S. S., there is no other "just as good."

PRETTY GOOD EVIDENCE.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and I was run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. From 139 pounds to 168 is pretty good evidence of merit on the part of S. S. S., and as to my appetite, it is superb. My general health and condition are wonderfully built up, and I do not hesitate to give S. S. S. the credit for it.
