TWO GAMES TO-DAY

GREENS AND STOGIES IN A DOUBLE HEADER.

GREENS SAFE IN THIRD

South Bend and Wheeling Players Rested Yesterday While Rain Flooded Diamond—Late Baseball News of Interest.

Central League Standing.

	Won.	Lost.	Pct.
Marion	44	28	.611
Fort Wayne	44	29	.603
South Bend	42	34	.553
Evansville	38	33	.543
Wheeling	34	41	.453
Dayton	33	40	.452
Grand Rapids	32	44	.421
Terre Haute	27	46	.370

Friday's Results.

South Bend-Wheeling, rain.
Marion, 5; Evansville, 2.
Grand Rapids, 3; Fort Wayne, 1.
Terre Haute, 7; Dayton, 1.

To-Day's Scheduled Games.

Wheeling at South Bend, two games.
Dayton at Terre Haute.
Marion at Evansville.
Grand Rapids at Fort Wayne.

Rain prevented yesterday's game between South Bend and Wheeling and because of this fact the Greens and Stogies are engaged in a double header this afternoon. The first game was scheduled to begin at 2 o'clock and the second contest ten minutes after the conclusion of the opening struggle. South Bend is working Schafer and Smith in the box while long John Poe and "Dummy" Rosson are slated for twirling act for the Stogies.

Although rain prevented yesterday's game and caused the Greens to remain stationary in the percentage table Evansville, however, ran up against a hard nut in the shape of the Marion Grimites and not only failed to crack it, but fell by the wayside and lost several points. So that South Bend is now firmly established for a few days at least in third place.

Fort Wayne Takes Tumble.

Fort Wayne was also up against a factor in the league struggle yesterday and although Big Cliff Curtis faced the Orphans and held them down to three hits in six innings, the top-notchers lost and took possession of second place, being forced to give way to Marion. As usual Fort Wayne blames the loss of the contest to the umpire and has filed a protest with President Bennett. The baby like action of Fort Wayne in crying and in offering excuses for the loss of games is disgusting.

If appearances are not deceiving Fort Wayne will do well to finish in second place this year. He failed to distinguish itself in the Hoosier state last year in first place. If they do they must fight South Bend and Marion. Wheeling moved up the ladder because of of rain yesterday and is now fast one point ahead of Dayton.

Tieman Out of the Game.

The declaring off of Friday's game was welcomed by the players of both South Bend and Wheeling. They have been playing steadily for weeks and the unlooked for rest will put new life and ginger in the teams. Tieman will be out of the game for about a week because of his injured hand and this will make it necessary for "Eddie" Coffey to desert the left garden and don the pad and mask. During Tieman's absence from the game, Anderson will play left field and Smith and Baum will take care of catching.

"King" Hogan on Deck.

"King" Hogan, had his trouble this morning in trying to get the diamond at Springbrook park in shape for this afternoon. He was obliged to get rid of about 100 gallons of water and to cover the mud ponds back of third and second with an immense quantity of sawdust. "King" is a professional in his line and is known through the middle west as one of the best groundkeepers in the business. "King" can also do a turn with the indicator and if he should be transferred to Marion or Michigan, Henry has known "King" at least they should know him. He is posted on all the baseball topics of the day and can tell anything worth repeating about the stars and former lights of the National game. If you don't know "King" look for a tall, thin man built somewhat after the style of "Sunny Jim" Fox, of the Senators and if he has on a brown shirt, that's him.

Stogies Manager is Ill.

Manager Blumenberg, of the Stogies, left for Wheeling yesterday because of illness. He has been succeeded by H. W. Robinson.

Changes at Terre Haute.

Next week will likely see several changes in the Terre Haute team. The first of these will be a new man behind the bat. His name is Street and he has been bought from Hopkinsville, Ky. He is a fast, a heavy slugger and can play an all-round game all the time. Richardson will be sent to second and Beecher will take his old position out in the garden. "Buck" Conner is the best addition Terre Haute has made to the team since the desertion of Lou Walters and Rudy Kling and Louie Smith can thank "Aggie" Grady for his kindness in loaning the slugging first baseman to the Hoosiers.

Lou Walters has gone to his home at Collinsville, Ill., to wait until President Smith decides to lift the blacklist from his suspended members of the Terre Haute baseball team. Walters is drawing a salary from the Hoosiers and is disappointed for the regular draft price of $200 and returning Kling to the local team, as he is needed there.

Capt. Beecher, of Terre Haute, is badly injured. He injured his ankle Thursday while sliding to second.

Central Has Good Pitchers.

Some mighty fine pitchers are being developed in the Central league, of which Curtis of Fort Wayne is one of the best. He is the only one that has let his opponents down with a hit during a game. John Poe, of Wheeling, is also strong. Minor is the leader of the Evansville bunch. In Ferguson, Baum Mohr and Schafer and South South Bend has a winning quartette and undoubtedly the best staff in the circuit. Marion has none that can be called world-beaters. Patterson is probably the best. Dayton has star performers in Bennett and Hoff. Bennett and Hoffert of the Wanderers were the salvations of winners. Terre Haute has a promising youngster in Grubb and an extra good twirler in Reed. Fort Wayne has another good one in Curtis. Wheeling has Poe and Rosson and should up by direct Rapids is worthy of a number. A number of the other twirlers are shaking brilliant ball at times, but their work is not regular and cannot be depended upon.

Maurice Sears Free Players.

President Maurice, of Fort Wayne, received a letter from Harry Sears that he would leave Los Angeles July 15 for Fort Wayne. Maurice has also received a message from "Cy" Young stating that he would be ready to report for duty and a ticket was sent him at once.

Ben Koehler Wins Fame.

Ben Koehler, the winning babe as a baseball player at Atlanta, Ga., and according to the Journal of Commerce is the best hitter and one of the fastest outfielders in the Southern league. The circumstances of July 14 states that his team was in a tight place on that day July 15 and that he was rewarded by the fans with a shower of quarters, halves and dollars and that when the reporters left the stand, he was still receiving the shower of change.

Yesterday's Central League Games.

Yesterday's Central league games were as follows:

At Fort Wayne	R	H	E
Fort Wayne	0	0	1
Grand Rapids	3	6	2

Batteries—Curtis and Arthur; Powell and O'Neil.

At Evansville	R	H	E
Evansville	2	6	1
Marion	5	8	1

Batteries—Bosler, Wiles and Crook; Merriman and Jeanup.

At Terre Haute	R	H	E
T. Haute	7	8	0
Dayton	1	6	1

Batteries—Reed and Richardson; Mullen and Tebo.

Baseball News in Brief.

Montreal yesterday acquired the Eastern league franchise of the Worcester baseball club. The team will start on Monday as the Montreal team.

Umpire Jack Haskell, the best umpire in the American association, has quit his job because he had fined $25 by President Hickey for not showing up at Columbus, O. He says he did not go there because he was sick in bed.

The Springfield baseball club has released four players, McCormick, shortstop; Donahue, third baseman; Wenig, pitcher and right fielder, and Willis, pitcher. "Mike" Burke, an old player from Vincennes, Ind., who was released by Terre Haute before the season opened has been signed and will play in the infield.

President Sutton, of the Western league last night notified First Baseman Kennedy of the St. Louis club that he was suspended for three days for his conduct in Sioux City, July 14. Chief Sutton has also notified Manager Hickman of the Rockford club of the Three I league that any further attempt at violence toward league umpires by spectators at Rockford will mean forfeiture of that city's franchise without further notice.

Attending Auto Races.

Several South Bend people are at Elkhart to-day attending the automobile races. D. A. Westbury is one of the lucky ones.

BUILDING BUSINESS BLOCK

A. C. Wagner Putting Up Store Room—Is Leased to Photographer.

Ground was broken yesterday for the construction of a two story brick business block on North Main street on the site occupied by the new city hall. The building will be erected by John C. Wagner, proprietor of the Union house and will be used by William M. Peoples, a well known operator, formerly connected with the D. O. Hogue studio, who will open a photograph gallery in the store room in the fall. The upper floor will be used for residence purposes. A well arranged flat will be built. The building will be 32 by 80 feet and will cost about $7,000. Howard T. Disney has the contract for erecting the structure. It is to be completed by Sept. 1.

BRICK YARD GONE.

Changes on East Navarre Street an Improvement to the City.

Haven't had much to say about the new addition platted by Hammond and Whitcomb on the ground formerly occupied by the Oliver brick yard, because the ground was rough and covered with sheds, machinery and brick piles, but now the sheds are all down, the machinery nearly all removed, and in a few days the brick piles will be out of sight.

Marion Boulevard has been graded from Marion street along the river to the city park, St. Joseph street is being graded from Marion street to Lincoln park, where the old brick kiln was. Navarre street has been graded and the brick piles have all been taken away and the old brick yard is being transformed.

The improvement most noticed after in Chicago from the lake to south branch canals. If one could secure such frontage in the same condition as the other streets it would be considered a great bargain. In future years the same thing will be true of those big frontage Lenox park and Marion boulevard along the river. The first frontage will be sold and for less than ground on adjoining streets. Arrangements are being made for the erection of a large business by Mr. Hammond and others and a few more lots are sold prices will be advanced. Prices now range from $1,000 to $1,500. As these lots are from four to six blocks from the city hall they are material bargains and are sure to increase in value.

Will Preach in Lapaz.

Rev. O. Hagfeldt, of this city, will occupy the Swedish Baptist pulpit in Laporte Sunday. The church at that place is without a pastor. Mr. Hagfeldt will preach there the third Sunday of each month, thus giving the Lapportans the administrations of a pastor.

THE SCORE IN TO-DAY'S CENTRAL LEAGUE GAME

	1	2	3	4	5	6	7	8	9	10	11	12	T.
SOUTH BEND—	0	1	4	1	0	4	0	1	0	0

ERRORS—	0	0	0	0	0	0	0	0	0	0			
WHEELING—	0	0	0	0	0	6	0	0	2				
HITS—	1	0	0	0	0	6	1	1	2	0			
ERRORS—	0	2	0	0	2	0	0	0	0	0			

FISH HAVE THEIR FUN.

Rolling Bees of Various Varieties in Missouri.

Lincoln, Neb., July 15.—Nebraska fishermen are to make a yearly pilgrimage to the fine fishing grounds of Missouri, say that the buffalo, the redhorse and the sucker have been having a fine time this summer, indulging in rolling bees. It is distinctively a western sight, and one fishermen find worth telling about.

When the dogwood blossoms appear on the hills in the springtime is a signal taken as a signal by these big fellows to hunt the shallows and rill. Their antics are peculiar, and for all the world resemble those of the inexplicant hog in his wallowings. They lie first on one side, then on the other, and in the shallow water keep up a deal of a splashing. They seem to enjoy the warm sunshine fully as much as the pockets do. They continue for days, until spawning time comes, when they creep away to their nests and become very sluggish.

At these rolling bees the fish manifest an utter disregard for human observers. It is possible to get very close to them. For a hundred yards or more along the shore the water will be given over to them. They keep the water murky with their floundering, but by creeping close one can see them enjoying their sun bath.

Frequently one of the red horses will raise his huge equine-looking head out of the water, turn his tail until the two extreme meet, as though doing his best to scratch his nest with his caudal fin. He can never just make both ends meet, but he will flop over and try it on the other side with the same result. It is a curiosity of nature which some of the amateur fishermen attempt to explain.

The heat does sign of hostility seem the fish darting away into the deeps like wild hogs. There is nothing slugish about their movements at those times.

After the "land lubbering" time great catches are often made. The fishermen can quickly up with boats and net. The craft are out in the stream, one remaining stationary at the appointed place, holding one end of the trammel while the other floats down, laying out the trammel as it goes. When the net is fully out the occupant of the craft pull for the shore taking the side of the net with them. A drive in the result and hundreds of pounds of big fish are caught in the net. This the report, but the redhorse and the black buffalo, when cut into steaks fresh from the pure, cold waters of the mountain streams make a dish not to be despised.

FIRE IN PECK'S SHOE STORE

Electricity Plays Havoc With Window Display During Storm.

During the storm last night a short circuit was caused in the electric apparatus connected with the display windows of the R. R. Peck shoe store and the result was a night conflagration. The fire was confined entirely to the display windows. A still alarm to the central station and later an alarm from box 14 sent in by Chief Grant called out the department. The blaze was promptly extinguished with a chemical grenade. The loss to the display was about $150 and to the building, which is owned by Kiser & Westervelt, about $25. The firemen had to break in the front glass window in the door to gain entrance to the store.

LOCAL ACTORS LEAVE CITY

South Benders to Take Part in Winter Minstrel Shows.

Ben Morehouse, a well known local minstrel man, has gone to Schenectady for Rensselaer, N. Y., where he will join the Gordon minstrels for a winter engagement. Ben will appear in base solos and old man specialties.

Billy Weaver, who has won many laurels for club swinging left yesterday for Portsmouth, O., to join the Al G. Field minstrels. The company will tour Australia this year.

Columbia Fruit Jars

Are superior to all others on the market. They are made of clear tank first glass and have glass covers that are strong and handsome. They are simple and convenient and can be easily sealed without a rubber ring or screw wrench.

Columbia fruit jars are made in pints, quarts and half gallons and packed in substantial boxes of one dozen each. For sale at

H. Bilsky's Hardware Store.

Disarming Scheme.

Sam—Teas' Ah was jer' tickin' to dick dat feed fresh.

Remus—Dat Ah heard yo' bettin' Sim in a good-natured way det he couldn't stand on his hair.

Sam—Oh, dat was a trick. Er man on his stood on his hair all de ranchin' wuz drop out on his pocket an' Ah'd hab him harmless.

SouthBend

South Bend, population 50,000, the largest city in the extreme northern part of Indiana and the capital of St. Joseph county, is situated on the St. Joseph river, one of the most picturesque inland streams in America, six miles south of the Indiana-Michigan line. It is regarded as one of the cleanest, best paved cities in the country.

It has seven steam railways, five street railways, an electric interurban system to adjacent territory and is one of the focal points for manufacturing, general business or residence in the world. South Bend is 88 miles east of Chicago and within a day's ride of New York city. Manufacturers seeking a location should carefully investigate South Bend and its manifold advantages before arriving at a decision. With over 150 manufacturing establishments, the product of none of which goes to all parts of the civilized world, South Bend is one of the best advertised cities in the universe. It is a stamp of merit for goods to bear the name of South Bend. Here are a few of the many notable features of South Bend:

Population 50,000.
Good newspapers.
Rural mail routes.
Free kindergarten.
A business society.
A $75,000 city hall.
A beautiful climate.
Beautiful residences.
Good transportation.
A $100,000 county jail.
An artificial ice plant.
A $250,000 opera house.
Four express companies.
Sixty-four cities and towns.
Reasonable city taxation.
Over 500 business houses.
A new postoffice building.
A teachers' training school.
Several miles of river front.
Two well-equipped hospitals.
Two local telephone systems.
Over 20 different nationalities.
A $75,000 government building.
Two loan and trust companies.
The world's largest top work.
Two national banks and one savings bank.
Eight square miles of territory.
Greatest water and electric power.
Over 110 miles of public streets.
Long distance telephone service.
The world's largest vehicle plant.
A handsome $25,000 public library.
Night and Sunday electric service.
Six building and loan associations.
Annual pay roll of over $1,000,000.
Real estate valuation of $18,000,000.
Mortgage loan valuation of $10,000,000.
Metropolitan police ambulance system.
Two national banks and one savings bank.
Sixteen miles of modern street car lines.
One of the world's largest shirt factories.
One company, Indiana national guard.
Over 30 miles of underground sewerage.
The world's largest clover huller plant.
Unsurpassed features as a business center.
A splendid surrounding agricultural region.
Over 25 fraternal and benevolent societies.
Extensive gas and electric lighting system.
The Gainswolf fire and police alarm system.
Forty-eight passenger trains, nearly 30 daily.
Thirty miles of paved public thoroughfares.
The world's largest sewing machine case plant.
Unrivaled facilities as a manufacturing center.
Young Men's Christian association building.
Unsurpassed qualifications as a place of residence.
One of the largest watch factories in the country.
The factories aggregating about $25,000,000 annually.
Two telegraph companies—Western Union and Postal.
Interurban District Telegraph company's messenger service.
The largest paper box factory in Indiana and one of the largest in the west.
Two G. A. R. posts, one Sheridan and two W. R. C., one of Sons of Veterans.
Two of the handsomest theaters in the west of 1,200 and 1,400 seating capacity.
Population of about 300,000 reached by electric railway service of which South Bend is the center.
Sixty-two strawboard mills employing pure water for domestic, factory and fire protection purposes.
Many civic, commercial, social, educational and fraternal societies, including a large number of home social organizations.
Fourteen hotels of various grades and prices, the Oliver, erected at a cost of $600,000, being one of the finest and most modern in the United States.
A paid fire department of eight companies, forty-five men, the best fire department in the world, Sandusca excepted private factory fire departments.
Connection by one of the best electric railways in America with Mishawaka, distance 5.000, four miles away; Elkhart, 15,000, 15 miles distant; Goshen, 18,000, 26 miles away; Niles, Mich., 7,000, 16 miles distant.
Seven railroads—the Grand Rapids & Michigan Southern, Grand Trunk Western, Michigan Central, Indiana, Illinois & Iowa, Indiana Northern, Vandalia and the Chicago & South Bend.
Thirteen public and a number of parochial schools, all of high order, the celebrated University of Notre Dame for men, the world-famed St. Mary's academy for women, and a commercial college.
Over 150 manufacturing establishments of various sizes, some the largest in the world, manufacturing plows, wagons, clover hullers, gloves, paper, tops, shirts, sewing machine parts, black books, bicycles, baking powder, bluing, beds, bar and office furniture, bee supplies, electrical appliances, street sprinklers, wood and paper boxes, brick, cement, brooms, confectionery, cigars, barrels, cultivators, dairy, dental, drug, feed mills, flour, harness, harrows, machinery, tax, lathes, underwear, lumber, tombstones, mattresses, proprietary medicines, linseed oil, varnish, pulleys, rubber stamps, sash, blinds, doors, sewer pipe, stoves, steel ranges, steel range, malleable steel castings, steel castings, tanks, tents, tools, vehicles, fabrics, leather, lubricated steel goods, pharmaceutical goods, ice plows, stoves, cigar boxes, electric, gas drills, roofing, automobiles, watches, etc. Nearly all the South Bend factories work the entire year.

TO HAVE VOTING CONTEST

Big Feature of Fete of All Nations—Fantasies May Come.

The executive committee in charge of the Fete of All Nations, a novel and refined amusement enterprise, to be given in South Bend the week of July 27 for the benefit of the Orphans' home held a meeting this morning in the fete headquarters and decided to conduct a voting contest in the Japanese village for the most beautiful Japanese maiden. Sixteen ladies dressed in oriental garb will be the full equipment to select from.

Thursday a big parade will be given in which many South Bend organizations will participate. The Lumber Dealers' association has been invited also. The Elks will turn out in uniforms. Saturday, the last day of the big event, will be South Bend and Mishawaka day and promises to be the largest day of the week. Mayor Pogarty has sent letters to all the manufacturers in the two cities asking them to close on this occasion.

The big boom car will travel over the interurban lines this evening.

GOETZ'S Mirella Jr.
CRAB L. GOETZ, MANUFACTURER.
A TEN CENT SMOKE FOR 5 Cents
At all First-Class Cigar Stores.
