WILL MEET CHICAGO

SOUTH BEND BOWLERS TO PLAY CRACK TEAM.

CONTEST SATURDAY NIGHT

Commercial-Athletic Club and Western Bowling Journal Ten Pin Knights Will Open Local Season—Williamson's Score.

High class bowling with the crack Western Bowling Journal team, of Chicago, playing the experts of the Commercial-Athletic club is the attraction for South Bend's ten pin followers next Saturday night. The contest will take place on the new Barton & Hull alleys on East Jefferson street and will be witnessed by a large crowd.

The games will be the first of a series to be bowled between Chicago and South Bend teams during the coming winter. The Chicago Five will include W. V. Thompson, Frank L. Pardelogu, Steve Gerogz, E. B. Hull and Gustav Burkhart. The club accompanied by John G. Hommer, president of the Western Bowler's Journal company and Charles Wilson, will arrive in South Bend Saturday afternoon and will stop at the Oliver hotel. After the contest, the bowlers of both teams will be banqueted by Will C. Barton. The Commercial-Athletic club will be selected to-morrow night.

Automatic Pin Setter Invented.

From Germany comes information of an automatic pin setter that should be a boon to a bowling alley. No longer will the bowler be compelled to yell at the pin boy, "Clear out that dead wood," or "Get No. 6 on the spot." Then, too, the alley owners should welcome the innovation in this age of labor saving machinery.

In brief, the invention consists of a box placed over the pin position, through which the pins are supposed to be wired, the bottoms being about one inch from the floor. When the ball is by bowled, it flies through the alley fairly fast. Hung thus, they oscillate freely. When the angle resulting from oscillation reaches the point where the pin would fall, a catch, which holds the edge of a heavy iron bar, is released and the pin is jerked into the box. When a strike is made the pins disappear instantly.

From the pin box, wires run along the left of the alley, to the bowler's position. As each pin is lifted from the alley, a corresponding pin at the foul line drops, thus showing to the scorer the pins remaining. To return the balls, a simple device is arranged. A slow ball drops into a groove, inclined to the right, into a small shaft, where, on this longest catches it. By a mechanism, the ball is raised to the foul line, the ball is raised, to the ball rack and returned to the bowler. A fast ball will run up an incline and return of its own momentum. The pins are returned to their position by throwing the lever on the left into place.

Williamson Rolls 227 Score.

Edward Williamson holds the early season high score for bowling. He looks into the game yesterday and without intentions of rolling more than an ordinary score, shot ball after ball down the Barton & Hull alleys until he had a total of 227 pins scored in ten frames. Williamson's mark betters Martin Carskadon's score by 16 pins.

Bowlers Getting into Form.

Although the weather has been rather warm South Bend's small army of bowlers is getting into shape for the season. All of last year's cracks will probably be in the game again this year and there will be a lively effort of the knights of the ten pins to duplicate Sam Robinson's 258 score and to pass Holland's work of 248, both of which were made on the Commercial-Athletic club alleys. Other high scores made at this club last season were as follows:

Sam Turner	243
Charles Crockett	242
Dr. D. Chamblin	241
Warner	241
Emil Schinke	236
Gale Davis	233
T. F. Moredock	232
W. L. Kiser	232
W. W. Schneider	247
W. J. Hunter	245
M. Lintelberger	243
Dr. W. D. Chaffee	242

The Turners have already rounded into fair form and last week a team composed of Richard Gerhardt, William Hagen, George Keisling, F. Moser and C. S. Obee, rolled 851.

The Senators and the Pet de clubs will get together for a series of games scheduled in November. The former team is made up of H. C. "Harry" Ginsbrecht, Richard Gerhardt, C. Trimmer and C. S. Obee while the latter organization is composed of Harry Arndt, Edward Kent, John Mountain, George Oliack and James Weech.

LOOKS BAD FOR MICHIGAN.

Return of Heston and Gregory Causes Comment Among Football Men.

The return of Center Gregory and Half Back Heston to the University of Michigan football squad, in the circumstances extant, has been a disgrace to their alma mater before the world, and, while few will believe that the appearances indicate the true state of affairs, the Californians have certainly dealt the management of their team a blow for which no possible brilliancy on the gridiron can ever compensate.

A few days prior to the opening practice season the two players announced to the world that they would not return to the university another year, giving as the cause a Sensitive desire to escape the attentions of reporters. They even went so far as to place their probable profits at 10 per agtent and second to years in be offered. Instead, however, they waited about Detroit and Ann Arbor until the arrival of Coach Yost, with whom they went immediately into star chamber session.

Still the horrible uncertainty continued, although the players certainly supposed to have been moved by Yost's argument and made with him a trip to Ann Arbor.

Men Manager Baird, who controls the finances of the institution's athletics, was called in, and there was another attempt at persuasion. For a time the players deliberated. Then suddenly and quietly as the Arabs they folded their tents and decked for the practice camp at Lexington.

Now there are few who believe that a monetary argument influenced the players to return to the fold. Their action, it is assumed, however, fail to affect the numerous Michigan men opportunity to consider the unfortunate position which it presents. The fact that both men have traveled most of the way across a continent to attend the university has also combined to make the question an embarrassing one.—Detroit Tribune.

FUTURITY FOR TO-DAY.

Twenty Thousand Dollar Event Scheduling at Lexington.

Lexington, Ky., Oct. 6.—The annual meeting of the Kentucky Thoroughbred Breeders' association will opening to-day, with what should prove the best card of the meeting weather permitting.

The great $20,000 Kentucky Futurity for 2-year-olds is on the card for to-day. The classic has been held for an even decade, as follows:

Year.	Winner	Time
1893—Ora Wilkes		2:14½
1894—Beuzetta		2:14½
1895—Oakland Baron		2:16½
1896—Rose Croix		2:14
1897—Thorn		2:13½
1898—Peter the Great		2:12½
1899—Borulma		2:11½
1900—Fereno		2:08¾
1901—Peter Sterling		2:11½
1902—Sidis Jay		2:14¾

The race on form should be between Sidis's Pride and Borulma, and if the latter is beaten there will have been trotted three heats better than 2:12. It remains, however, to be seen if any of the colts held over specially for the race will make good.

The champion pacer, Prince Alert, is also billed to go against his mark of 1:57, and for the first time since the rule barring hopples went into effect, the specialists will waive it, to permit the prince's exhibition. It is thought the champion will be able to 1:58 with the wind should he, he goes without it be well full nonetheless.

Lou Dillon will endeavor to beat 2:00 on Wednesday.

McGOVERN CANNOT MEET BRIGGS

Brief News of the Fighters and the Pugilistic World.

Terry McGovern will not be able to do any more fighting for several weeks owing to an injury to his left hand which he sustained in his fight with Billy Wills at Philadelphia on Saturday. McGovern was to have met Jimmy Briggs at Boston to-night, but this "go" has been called off. McGovern, expects to be able to meet Briggs by Oct. 20.

James J. Corbett picks "young" Corbett for the lucre when he meets Eddie Hanlon.

George Gardner, the light heavyweight champion of the world, is now on his way to San Francisco, where he is to meet Bob Fitzsimmons Nov. 21. He is now two pounds below the stipulated weight, 158 pounds.

The proposed battle between Jack Munroe and Jack McCormick, scheduled for Philadelphia last night, did not take place. McCormick flunked out of the match at the last moment, claiming that there was not enough money in the house to induce him to don the gloves.

BIG BILLIARD TOURNAMENT.

Movement on Foot to Bring World's Greatest Players Together.

A movement is on foot to bring together the best amateur billiard players in America and Europe in two tournaments, one to be held in this country and the other in Europe, probably Paris.

The tournament, if arranged, will be the first of its kind in the history of the game and will be conducted under the auspices of the American Billiard Tournament Association of New York, Mulin, of Cleveland, and Kellogg, of Texas, formerly, of Chicago.

Besides the world's championship (it is a class a tourney may be held in Chicago.

Prize money to the amount of $1,000 will be hung up for the big tourney and valuable trophies for the class a affair.

POWER DON'T WANT PLACE.

Pittsburg Man Not Candidate For Central League Presidency.

Charles B. Power, mentioned by Indiana papers of Fort Wayne, as a possible successor of G. W. Bennett, jr., as president of the Central league, is not a candidate for that office. He is now at Pittsburg where he is interested in the theatrical business. Power was the leader of the old Interstate league in its palmy days and was mentioned as a possible candidate for the Central league presidency, in case Charles D. White, of Chicago, should not accept the office. Mr. White has proved to be the right man to lead the Central by Power's reckoning, his name has been dropped with favor by all the magnates of the organization.

MUST PAY FOR THE SUPPER.

Exciting Game of Indoor Baseball at Commercial-Athletic Club.

An exciting game of indoor baseball is expected at the Commercial-Athletic club this evening when Capt. A. E. Barbier's Athletics will meet Capt. A. E. Murdock's All Stars. A game between the two clubs last week resulted in a victory for the Athletics, but at the time Capt. Murdock and his men claimed the game and to-night the losing team will be obliged to pay for an oyster supper for the winners.

Indoor baseball promises to be one of the popular pastimes at the Commercial-Athletic club this winter and it is understood that not less than a half dozen nines will be organized and a series of matched games for the championship of the club will be played.

THE FIDDLER WAS SCRATCHED.

Alleged "Ringer" Let Out of Yesterday's Racing at Morris Park.

Morris Park, N. Y., Oct. 6.—The Fiddler, the alleged "ringer," was scratched from the second race at Morris Park yesterday on suggestion of the stewards of the Jockey club, who have begun an investigation.

Honest turf men scout the idea of a "ringer."

The Fiddler as he stood here yesterday answered the turf guide description of the horse according to contract horsemen. So far there is no development which tends to strengthen the belief that The Fiddler is a "ringer."

James L. Kerschaw is Dead.

New York, Oct. 6.—The death of James Lorillard Kerschaw at his home at Hempstead, L. I., yesterday
