## S. S. CROFOOT DIES AFTER OPERATIONS

Operations are Unsuccessful  
for Prominent Young Man.  
Dies at Age of 19 Years—  
Eli Cos Passes Away.

Shannon Schuyler Crofoot, 717 E. Grove st., died Friday afternoon at St. Joseph's hospital after a several months' illness caused by an operation. On March 20 Mr. Crofoot underwent an operation for appendicitis. Following this operation it was necessary for him to undergo another operation which resulted in his death. He was born in this city June 11, 1895, and was past 19 years of age. He has practically been a resident of Mishawaka his entire life time excepting a few months spent at Elkhart, Ind., with relatives. He is survived by his mother, Mrs. Lulu Crofoot, 717 E. Grove st.; three brothers and sisters, Hazel, Isabelle, Rana, George, Henry at home and Millard of Elkhart, Ind.

The funeral will be held Sunday afternoon from the residence. Rev. Dr. Loren M. Edwards of the Methodist Memorial church of this city will have charge of the funeral. Burial will be in the Ferrisville cemetery, south of the city.

Eli Cox, 624 Short st., died Friday afternoon at 4:35 after a several months' illness of complications. He was born in this state in 1858 and was past 56 years of age. He is survived by his wife, Mrs. Mary Cox, and two sons, Clyde and Arthur of Anderson, Ind. He was a member of the Knights of Pythias lodge.

The funeral will be held Sunday afternoon at 2 o'clock from the residence. The pastor of the Baptist church will officiate. Burial will be in the City cemetery. The Knights of Pythias will have charge of the funeral services.

## EVE OF FOURTH IS BIG NIGHT IN CITY

Much Noise and Excitement  
ushers in Biggest Holiday  
in the Year.

Friday night in Mishawaka was the gayest, the brightest and the busiest in the history of the city. Besides being the eve of the Fourth the thousands of artisans had their pay checks in their pockets, and after paying their weekly bills had sufficient left with which to treat their families—and themselves. Paterfamilias was in the best of humor in anticipation of today's holiday, and after a throw away and for the nonce every one was immensely happy. Comparatively few went over to South Bend to do their shopping, and consequently the streets were crowded to capacity, as were the stores and play houses. It was a gay tout ensemble. The Woolen company's band discoursed a splendid program of patriotic airs at the four corners under the able leadership of Bandmaster F. D. Thayer. It is claimed, and justly, for Mishawaka, that it is the best lighted city in the country, and Friday night it seemed as if every light in the city was turned on. The ubiquitous small boy began the celebration around dusk; he bought fire crackers with a prodigality born of the occasion. It may be said that Mishawaka celebrated the Fourth twelve hours ahead of time. The spirit of camaraderie everywhere evident was catching. In all Mishawaka might feel proud of itself.

## BIG INCREASE IN POSTAL BUSINESS

Several Hundred Dollars More  
Business Past Quarter Than  
Corresponding Quarter of  
1913.

Postmaster John A. Herzog is working might and main. During the past quarter, which is given as the busiest in the year, an increase in the business of the postoffice in this city amounted to \$1,534.19 over the corresponding quarter of last year. The business for the quarter closing June 30 amounted to \$12,289.01 while for the same quarter last year the business amounted to \$10,755.82 showing a splendid and substantial increase for the business of the department in this city.

Mr. Herzog stated that he was well pleased with the way Mishawakans are showing their appreciation of the postal service in Mishawaka by their cooperation and assistance. The parcel post department is partly responsible for the increase business, as from this end, new friends are being secured daily. The department at Washington is also doing everything in its power to increase the business and service of this department, by aiding the postmaster with all kinds of printed and advertising matter, showing the preference, in this department, for use by the public. Just recently a pamphlet was issued by the department showing the advantages the farmer can secure in his shipments of poultry products by parcel post. It was shown that the farmer with the parcel post is able to reach and market products that will bring far greater profit than locally owing to over production in one community. In the pamphlet, detail information is given how to ship eggs with safety.

For the increase business of the department and overcrowded conditions of the working force the department headquarters at Washington have granted Postmaster Herzog another carrier for the extreme west end of the city. The new carrier which will go on as soon as the arrangements for end of the city and at the office are completed will be mounted. The office here was given an additional appropriation to care for the extra expense of providing the new mounted outfit.

As Saturday is a holiday for the postoffice department there will be only one mail delivery. The office will close at 10 o'clock for general delivery.

Several of the employees of the department in this city are enjoying vacations. Otto Kelly, carrier for route five and Allen Arata are having their vacations now. William B. Robbins is substituting for Kelly while Frank Nix is acting for Charles Butts who was recently married. Mr. Nix will be the new carrier.

**PLAY GERGAGZ.**  
The Mishawaka city team will contest a strong squad Sunday afternoon at the north side ball park when they will play the South Bend Gergazs. The Gergazs are said to be one of the strongest teams in South Bend and have the reputation of being one of the best semi-pros in the northern part of the state. The Mishawaka squad and the Benders met several weeks ago at the north side ball park.

**ENTERTAIN FRIENDS.**  
Leonard Chamberlin, 212 W. Sixth st., on Thursday evening entertained 12 of his lady and gentlemen friends at his home. The chief features of the evening were violin duets, musical selections and singing. A fine luncheon was served.

**BUYS INTEREST IN SHOP.**  
Harry Doll of the Vinson barber shop has purchased a third interest in the White Palace of C. Whetstein. The shop will now be known as Compton, Hayes & Doll.

**CLEVELAND, O., July 3.**—Jay Kirk of the Cleveland American association team and formerly of the Boston Nationals, left for Detroit to play first base for the Naps.

**APPEAL TO STATE TAX COMMISSIONERS SOON.**  
If Plans Fail Appeal Will Be Filed Monday by City and Chamber of Progress—Hearing Will be in July.

An appeal to the state tax commission will be filed soon by the attorney for the Mishawaka Chamber of Progress and the city. The decision made recently by the St. Joseph county board of review to have the franchises of the Northern Indiana Gas Co. and the Chicago, South Bend and Northern Indiana Street Railway Co. placed on the tax duplicate. Up until noon Friday the attorneys for the gas company failed to file their appeal although it is understood that the attorneys for the railway company would file some time Friday.

The appeal will be presented by the two prominent bodies of Mishawaka who have been pushing the proposition and will be signed by Mayor Ralph W. Gaylor, City Atty. Ralph Jernegan, F. M. Barrows, president of the Mishawaka Chamber of Progress and Atty. Isaac Kane Parks appearing in the case in the interest of the Mishawaka Chamber of Progress. The reasons given for the appeal are that the assessment fixed on by the board of review was not high enough and to secure that the rights of the city will be fully protected.

The Chamber of Progress is planning for a big meeting to be held next Monday evening at the Hotel Mishawaka when the question of the appeal and other matters relating to the tax duplicate will be discussed. It is expected that there will be several addresses and it was stated Friday morning by one of the officials that all citizens interested in the movement were invited to be present and ask any questions regarding the matter. It is the way it is thought that a thorough knowledge of what the city and the Chamber of Progress are doing for the citizens of Mishawaka in the attempt to have the franchises of public utilities placed on the tax duplicate of the city will be of great benefit to the public will come up at the meeting. Following the business session a smoker will be enjoyed.

It has been stated that such a feeling has been aroused among various prominent members of the Chamber of Progress in regard to the movement that when the board of tax commissioners hold session at Indianapolis July 13, a large delegation of members will be present at the hearing.

Both the city and the Chamber of Progress are determined to carry through the movement they have started, an no time or expense will be spared in pushing the case.

**POPULAR SINGER HERE.**  
Jack Begley of Chicago is in the city and will open three days of entertainment at the Century theater tonight. Mr. Begley has been here on several previous engagements, and during that time succeeded in making himself a favorite with the audience. Many of the local theatergoers will be pleased to learn of his return engagement.

**LOAN COMPANY MOVES OFFICE.**  
The Mishawaka Building & Loan association have moved the office of the secretary, J. A. McMichael, from the Masonic building on N. Main st. to 111 S. Church st.

**HARRY DOLL OF THE VINSON BARBER SHOP** has purchased a third interest in the White Palace of C. Whetstein. The shop will now be known as Compton, Hayes & Doll.

**CHOR TO MEET.**  
A meeting of the choir of the First Christian church will be held tonight.

**EXPECT SETTLEMENT OF M'GILL STRIKE.**  
Committee Will Meet With Furniture Man Today—Explains His Stand.

Settlement of the strike now on in the new building of the J. P. McGill Co. is looked for this morning when a committee appointed by the Central Labor union met in a meeting Friday night will meet J. P. McGill at 10 o'clock.

At an open meeting of the Building Trades council, in Central Labor hall, Friday, the entire matter was threshed over with Mr. McGill, who appeared and gave his side of the story. The fault seems to lie at the door of the contractors, according to an opinion at the meeting, who double-crossed Mr. McGill and put non-union men on the construction jobs, when union men had been specified and thus secured cheaper labor.

Mr. McGill said that he had always been in favor of the unions and would do everything in his power to bring about a settlement of the matter.

Following the meeting of Building Trades council, the Central Labor union delegates went into executive session and appointed the committee to meet Mrs. McGill. The committee named included Pres. Edward Gardner, B. Bender and William Schermann. They will report back to the Central body.

**CAR LEAVES TRACK.**  
A broken flange caused a Lake Shore freight car to leave the track near the Michigan st. crossing early Friday morning, crashing into the crossing planks and then turn over on its side. The car broke its couplings and for a moment was feared it would tear into nearby buildings. It however stopped when it turned over causing no further damage.

**CLEVELAND, O., July 3.**—Jay Kirk of the Cleveland American association team and formerly of the Boston Nationals, left for Detroit to play first base for the Naps.

## JUNE WAS GOOD IN ACTUAL SALES

Chicago Reports a Gain in Six  
Months in Dry Goods—Cotton  
in Demand.

NEW YORK, July 3.—Bradstreet's report Saturday will say:

"Good to excellent crop reports, quiet distributive trade and dull or depressed industry and manufacture are the salient features in this week's advices. Owing to the improvement shown by cotton during June, reported promptly in these columns, added to continued good weather for corn, oats and winter wheat, the general crop advices are the best of the year, or indeed, for many years past.

June was a good month in actual sales, especially in dry goods, wearing apparel, groceries and millinery, and Chicago, it might be noted, reports a gain of 3 per cent in dry goods trade for six months, while New York reports only a small decrease. Industry has tended to quiet in preparation for the semi-annual shut-downs. New wool has been actively bought, raw silk imports have broken all records for the fiscal year and a slight improvement is noted in the Pacific coast lumber trade.

Iron and steel remain on short time with buying broadening only slowly and cotton goods production affected by high cost of cotton, shows increased restriction. Collections this week are rather slow, though crop movements may tend to improve this. Owing to the quickened movement of winter wheat to market money is in earlier and heavier demand for crop moving purposes and currency shipments to the country are increasing.

While retail trade has been increased in some parts of the country by holiday wants, in other sections it has been reduced by cool or rainy weather and incidentally there is a disposition to await clearance sales which are becoming general.

Bearish influences ruled the cotton market this week and the market slid off rapidly on the bearish government report on Wednesday and the reports of copious rains on Thursday.

Business failures for the week ending July 2 were 243 which compares with 280 last week, 194 in the like week of 1913, 170 in 1912, 150 in 1911 and 182 in 1910.

## THOUSANDS VISIT CHAPEL IN VIENNA

Take Last Look at Archduke and  
Wife as They Lay in  
State.

VIENNA, July 3.—Mourning thousands passed before the bodies of the Archduke Francis Ferdinand and his wife as they lay in state in the chapel of the Hofburg. It was a scene of the utmost solemnity. The caskets rested upon an elevated catafalque entirely covered with gold brocade with a swinging canopy.

The little room was heavy with incense and candles burned dimly on the four sides of the dais. At the foot of the catafalque were cushions bearing the archduke's crown and the archducal two-pointed hat, a plumed military hat, the archduke's sword and all his decorations. At the foot of the coffin of the duchess reposed her orders, a pair of long white gloves and her fan, in accordance with the Austrian custom.

The chairs had been removed from the chapel, and the walls were draped entirely in black.

The guards about the Serbian legation were doubled because it was feared that the funeral ceremonies of the day would arouse feeling to such a pitch that anti-slavic mobs might attempt to make bloody reprisals for the assassinations.

Early in the afternoon the bodies were removed from the Hofburg and shipped to Amstettin in Lower Austria where they will be buried at midnight tonight upon the grounds of the late Archduke's castle. The burial ceremonies in the dead of night upon the lonely acres surrounding the ancient castle will be an event of unusual impressiveness.

## CARRANZA TOLD TO HURRY REPLY TO MEDIATORS

(CONTINUED FROM PAGE ONE.)  
be elected on Sunday. He stated that all arrangements for the election in territory controlled by the government had been completed and that Pedro Lascurain and Gen. Velasco, who defended Torreón against Gen. Villa, would be the only candidates. Alcocer desired Gen. Huerta would not be a candidate. Senor Lascurain was minister of foreign relations in the cabinet of Pres. Madero, and served a few hours as provisional president before Huerta succeeded him. He is understood to have been a leading candidate for the mediators and American delegates at Niagara Falls when they were canvassing for a compromise candidate to succeed Huerta in case the constitutionalists would accept a "neutral."

## MEXICANS PREPARE TO LEAVE.

NIAGARA FALLS, Ont., July 3.—No longer delegates to a peace conference, but merely prominent lawyers marked for constitutionalist revenge if they return to Mexico City, Senors Rabasa, Rodriguez and Elguero prepared to leave the mediation headquarters today. Rabasa went with his family to visit friends in Buffalo for the day, before going to New York.

Rodriguez with his family went to New York. Elguero and his suite will proceed to Montreal tonight. Exile is the only future to which Rabasa and Elguero look forward. Rabasa is charged by leaders of the revolution with having been instrumental in bringing about the downfall of Madero. As a wealthy land owner and a lawyer whose interests are identified with those of the wealthy aristocrats of the south, he expected no mercy from any of the constitutionalist chiefs. His own position, and the fact that he is the son of a Spaniard to whom the rebels are particularly hostile, have induced him to settle up his affairs at home and prepare for a long stay abroad with his sons and daughters.

**CHIEF OF POLICE QUILTS**  
Harvey O. Carr Buys Orange Grove in Florida.

GRAND RAPIDS, Mich., July 3.—Harvey O. Carr, for many years secretary of the International Police Chiefs' association, resigned as chief of the Grand Rapids police department today. Mr. Carr has purchased an orange grove in Florida and will go there to live. Albert A. Carroll, former sheriff, is expected to succeed Mr. Carr as chief of police.

**TWO AVIATORS IN FALL**  
One is Killed and the Other Mortally Wounded.

RHEIMS, France, July 3.—A double aerial tragedy occurred at the Rheims flying field today when Corporal Godrop of the French army was killed and Corporal Miral was mortally injured. They both were flying in the same machine when it fell from a height of 800 feet.

**LEGAL ADVISER IS DEAD**  
TOKIO, July 3.—Henry Willard Denison, legal adviser of the Japanese department of foreign affairs, died today as a result of a stroke of paralysis suffered a week ago. He was 93 years old and had been connected with the Japanese government since 1880. Mr. Denison was born at Build Hall, Ver.
