MANY BIDDERS FOR GRAND RAPIDS CLUB

OWNER ANNIS DICKERING WITH PROSPECTIVE BUYERS.

DEAL MAY BE CLOSED SOON

"Aggie" Grant Would Purchase Team Besides Several Other Prominent Baseball Generals—Lowe and Gill in List of Purchasers.

Official "dope" season in baseball opens in-doy and will exist until the early cardon of players to Hot Springs to freshen up for the season and the departure of the majors to sunny Dixie.

There is very little stirring in the Central league but the fact that the league meeting, which will be held in South Bend, is not more than eight weeks off will bring Bert Annis, owner of the South Bend and Grand Rapids franchises, into some action before long. There are still seven or eight bidders who would like to secure the Grand Rapids club, but as they have yet limited their wishes with the kind of stuff Mr. Annis desires, he has been not worrying much in disposing of his Grand Rapids holdings.

Annis Must Sell.

However, recently President Carson instructed Mr. Annis that he would have to dispose of one franchise before many moons and it was expected that he would dispose of the Grand Rapids before the present date. But it is possible that something may be started in the proposition when "Aggie" Grant, who has been spending a few days in the Furniture City, leaves for Delaware, O. He is one of the strongest bidders for the club and has been working silently for some time in an effort to secure the Grand Rapids franchise from Mr. Annis.

Many Other Bidders.

Besides Grant there are several others who would jump at the chance of owning the Grand Rapids club. Lowe is immensely popular with the baseball fans in the Furniture City, has been talking baseball with Ceeker Anais ever since the club was secured for us last year and is anxious to secure it. Pat Gill is also willing to purchase the team.

With the approach of the meetings in New York of the joint committee of the National commission and the major leagues, as well as the major leagues and the national commission, the war talk is fading away and the general impression is gaining ground that the holding minors will have at least some of their demands granted. The minors have been asking for years to be recognized. Also it is admitted that they are in earnest and if trouble is to be prevented some equitable classification of leagues must be made.

In Bad Position.

The National Association of Minor Leagues is in a bad position because it has not lived up to its constitution. One of the provisions of the constitution is that the cities of a league must be within a certain distance of the title that leagues in classification in Class A. The Western and Southern leagues do not have the required population, yet they are classed with the Eastern and Pacific leagues and thereby have no right to draft from them. It is on this point that the national commission can step in and compel the minors to grant a special classification for these two leagues or else reduce the Western and Southern to Class A.

There are other knotty problems to be settled, such as the representation of the minors on the Eastern board, also on the national commission, but they are not serious enough to cause a war, it is believed, and the whole argument ought to be settled next month. The two batting leagues are tired of the present kind of association, and if they secure a change it is hardly likely that they will go back.

STUDEBAKER SCOUTS ON TOUR.

Going Over Probable Route of Glidden Event Next Year.

Donald McIntosh, driver of the Studebaker scout auto, now touring the states of the west and northwest with a view of deciding the route of 1909 Glidden tourists, has been besieged with requests to use his influence to have the route lie through this or that city.

Definite announcement of the American Automobile association to send the Glidden tourists west next summer has aroused wide interest on part of auto owners of the states likely to be traversed. The route of the cars last year was so circuitous as to be indefinite so that through cities north of the Mississippi river and in from the latter quarter that the real interest has been aroused.

Dubuque, Dubuque, Cedar Rapids, Des Moines and Milwaukee auto clubs have arranged to keep in close touch with the tourists are already enthusiastic and promise big receptions for the tourists in every instance.

The Studebaker car last week traversed portions of Wisconsin and Iowa. The party was given a warm reception in nearly every town and was everywhere assured of the kindliest feeling toward the Glidden tour. In 1907 the 1908 Glidden tour, a fortnight or last week's run was the lowering of the recess between Milwaukee, Wis., and Dubuque, Ia., by way of Janesville and Beloit, Wis., and Rockford, and Galena, Ill., a distance of 202 miles.

CENTRAL CLUBS SECURE STARS.

Pick of Southern Michigan League Players Are Drafted.

JACKSON, Mich., Nov. 28.—The promotion of drafts of ball players from the Southern Michigan league, by classes A and B, by the latest bulletin of J. H. Farrell, of Auburn, N. Y., the National association secretary, lets Saginaw, Tecumseh and Kalamazoo, further Saginaw's southpaw pitcher, Woodmansy, is drafted by Columbus of the American association to catcher Cadenas of the same team by Springfield, Ill., of the Three I league, Pitcher Stoneacker by Dayton in the Central league.

From the Tecumseh club, Springfield, Ill., of the Three I league, takes Pitcher Hoffman, Kalamazoo goes to the Central league takes Pitcher Beck, Kalamazoo loses Pitcher Method to draft by Indianapolis of the American association, and Recondhauser Bell of Kalamazoo, Pitcher Lanning loses Outfielder Hodge to Saginaw by draft to Springfield, Bay City loses Pitcher Slaire to Oakland, Cal., by draft, which is again promulgated, though the money has already been received by Bay City club in this case. Pitcher Slaire is a southpaw, and also causing a draft after Bell, of Kalamazoo, Pitcher Hoffman, who was evidently received at Auburn ahead of Springfield. But Springfield was also beaten in a draft to Method, the Springfield draft being disallowed by Farrell.

GOOD UMPIRES ARE SCARCE.

Double System Will Not Be Adopted in National League.

CHICAGO, Nov. 28.—There will be seven umpires in the National league next season, President Pulliam having passed up his plans to have referees for each game because of the scarcity of reliable men. The American league will have the double umpire system in 1909, and President Pulliam will watch the work of the seven of the men who will comprise his staff.

The latest umpire signed by the National league is S. P. Cusack, who has officiated in the Western association and the Eastern league. Cusack is a Chicagoan and was highly recommended to Pulliam by managers and players who live in this city. Last season, the Western association umpire, so the engagement of Cusack gives them one more arbitrator, provided Jimmy Johnstone does not resign or get the hook.

THREE RECORDS ARE BROKEN.

During Motorcycle Drivers Make Fast Time in West.

By Associated Press.

LOS ANGELES, Cal., Nov. 30.—Fred Hicks's motor cycle turned the Acot Park oval yesterday in 33 seconds for one mile, which is one second faster than the world's record of 34 seconds that he already holds.

The flying standing start to made the first mile in 1:42, which was another world's record, and for five miles he had another to his credit in 4:38.

George Haybeck rode 10 miles in 9:40, which is another world's record.

RECORD HOLDERS TO COMPETE.

Olympian Stars Will Take Part in Athletic Carnival.

By Associated Press.

NEW YORK, Nov. 30.—The athletic carnival of the Amateur Athletic union will be held at Madison square garden to-night and Tuesday night. Among the entrants are included are many world's, American and Olympic record holders.

Two events stand out prominently in the minds of the fans, the 1 mile and the five mile runs. Bellars, Kiesel, Dickson, Bonhag, Lee, Collins, Bailey and Cohn will compete.

TEAM TO HOLD PRACTICE.

St. Floryan Indoor Team Will Meet Active Turners.

Manager Lemke of the St. Floryan Indoor baseball team, is preparing his team for the big game with the Active Turners, Thursday evening. The team has had received new uniforms and will practice in the suits at the "gym" on West Naghe street this evening. The uniforms were bought from the Chicago Cubs last season and are dark blue with white trimmings.

To Organize O-P League.

TOLEDO, O., Nov. 30.—It is learned here that the Ohio-Pennsylvania league, which is composed of Toledo, Canton and Akron, is to organize a second financial basis when the magnates meet in Pittsburg on the 5th. Ohio Bill Hoffman, president of the league, and President Frederick Herman and it is likely a new president will be chosen. A new salary limit will be fixed.

Lovett to Manage Bay City.

TOLEDO, O., Nov. 30.—Tommy Lovett, of Toledo, who has played shortstop for two seasons on the Bay City club, of the Southern Michigan league, was yesterday offered the management of that club. Lovett will accept the offer providing the salary can be satisfactorily arranged.

The People's Studio.

SHIFTY TOMMY BURNS MATCHED TO BATTLE JACK JOHNSON SOON

SUMMARY SATURDAY SPORT

FOOTBALL.

Army eleven defeated Navy, 6 to 4, in a brilliant game on Franklin field, Philadelphia, Saturday before 50,000 people. Army scored one touchdown, Navy thousand are the game, which was witnessed by prominent members of the cabinet, the army and navy.

BASEBALL.

President Comiskey and party return from the northern woods after a harvest of game and fish, Comiskey said he is sure that he will build one of the best base ball parks in the country soon as present lease expires.

Chuck Griffith is reported to have signed with Cincinnati and Jack Ryan is reported to that he will have an interest in the Cubs.

Dan Burque, of Charter Oliver's stable of Marathon is the Pacers here at Oakland, is left at the post. Crossing winning by a head.

Twenty Pay wins the Mount Wilson handicap at Los Angeles from Von Popoli.

Alexander and Wright, Americans, are reported to have signed with Cincinnati, in the doubles at Bethesda.

BOXING CLUB MAY BE STARTED SOON

EFFORTS BEING MADE TO REVIVE SPORT IN SOUTH BEND.

Chicago Promoters Said to Back Proposition With View of Drawing Crowds From Windy City.

Followers of the stuffed mitt game may have the opportunity of witnessing several important boxing bouts in South Bend during the winter months according to reports received to-day from Chicago.

When Joe Galligan and Nick Santon, both representatives of the boxing game, appeared in the clever little sketch at the Indiana last week they attracted considerable interest among the fans of this city. It is said that Nate Lewis, manager of Galligan and a score of other pugilists, will make efforts to organize a boxing club in South Bend and is in possession that Galligan may consider the matter whether for the firm show. If has been learned that a boxing club has been held in South Bend and the promoters feel confident that the game would be a winning proposition, providing the contests were properly managed. The fans of this city and the boxers would attract large delegations from Chicago as the train service, both steam and electric is excellent.

Providing bouts are held in South Bend, the bights will be limited to 10 and 12 rounds. Those interested in the revival of the game are awaiting for hear from the Chicago parties who will probably promote the shows.

KELLY STARTS ACTIVE WORK.

Will Prepare for Clash With Papke in Los Angeles.

LOS ANGELES, Cal., Nov. 30.—Billy Kelly, the Chicago middle-weight, is in Los Angeles ready to fight Billy Papke, Kelly was Papke's champion-ship "demise" at Colma Tuesday, this figures that he can do the trick in less time than it took Ketchel, Kelly's training to-day. He has secured quarters at Jack Doyle's Verdugo Canyon, a quarter of a mile from the arena of the Griffith Athletic club, where the Battle will be fought on a 20 round battle on the night of December 15.

Papke-Ketchel bout hasn't left the bad of tastes in the mouths of some of the fans, Kelly said, it is a mystery to be wondered at. The way the Illinois Thunderbolt battered the Michigan man to pieces caused both a shock and a sensation, and Kelly said he will be ready to take action of the starting reversal of Papke, his utter inability to fight or protect himself, and the ease with which Ketchel regained his title last Thanksgiving.

It has been intimated in many circles that Ketchel did not find it so easy to make the weight for this fight as it was admitted by Joe O'Connor that he had to do to meet Papke, and that in the course of a few months at the least he will be in the heavyweight division. Endowed by nature with the frame of a heavy-weight, Ketchel naturally take on weight and it will occasion no surprise to hear that he is matched in the higher class.

EXCURSIONS ARE PLENTY.

All Roads Bid for Business to Chicago Stock Show.

Good opportunity is given South Benders to attend the live stock show in the International amphitheater, Chicago, this week, both steam and electric roads offering special rates. The Lake Shore and Michigan Southern started selling low fare tickets Sunday, a rate of $2.65 for the round trip being given both ways. The South Shore route, more familiarly the Chicago, Lake Shore and South Bend, will also sell low fare tickets while the exhibition is in progress. Special service is promised.

All excursion tickets are effective from Nov. 29 to 5 with a week's extension of time if desired.

DANCE HALLS CLOSED; MUST OBEY THE ORDER

Saturday Night Balls Not Permitted Where Liquor is Sold.

Not a dance hall where liquor is sold was in operation Saturday night, according to Chief of Police James McSweeny, who said his order to close the dance halls in which liquor is sold. McSweeny stated to-day that these places are closed for good and that Saturday night dancing is a thing of the past in the dance halls of this city. The places where it is claimed liquor is illegally sold will be suppressed and the law must be strictly lived up to in the future.

THREE NOTRE DAME STARS GIVEN BERTH

MILLER, VAUGHN AND DOLAN PICKED FOR STATE TEAM.

HARGRAVE GETS QUARTER

Gritty Wabash Player Chosen Over Dan Hamilton for Directing Position—Thomas and Goebel are Selected to Hold Ends.

INDIANAPOLIS, Nov. 30.—In selecting an All-State football team from the Indiana colleges the Star says:

With the dropping of the curtain on the state football season, the respective critics studied the form and picked the men whom they thought were the best in their positions. Probably few of the followers of the game made the same selections. Each could picked more of his own men than the form seemed to warrant, which is but natural, but those who made their selections impartially were often unable to agree on several of the positions.

The Star presents its annual selection of men whom it thinks would form the strongest combination. Possibly a coach who had all of the footballers in the state thrown together would make different selections, but this team is picked in nearly all cases with a view to selecting the men who played the best game in their respective positions.

While the state season could not be called a brilliant one, it was very satisfactory. The new game proved more interesting than the old and on account of the change in the game it was in the pounding fact. There was only a fair average of men of large experience, but many of the new comers showed talent to an unusual degree.

Captain Miller of Notre Dame, is selected for center because of his long experience and knowledge of the game. He is not only firm and steady in passing the ball but a great man to get into the open field play. Miller has had two years at Notre Dame, Wabash, Butler, of Butler, and Lindley, of Purdue, all of whom are excellent men.

Dolan, of Notre Dame, and Dutter, of Indiana, have played guard for two years and are selected for the guard positions. Both are tackles and excellent ones, but a state team can be rounded out better by putting them next to the center than by confining them to the tackle positions, where there are other very capable men.

Dolan for Guard.

Dolan and Dutter are powerful men, charge well, can break through the line and tackle in the open field. They are almost as fast as many of the lighter players and at guard will be able to do more damage than positions which otherwise would be only ordinarily well filled.

At tackle, even after Dolan and Dutter are eliminated, there are several men who are worthy of consideration. Probably the best tackle in the state is Gipe, of Wabash. Although he is not an exceptionally strong man, he is a powerful player either offensively or defensively. Gipe, of the Wabash-Notre Dame game stamped him as one of the greatest tackles the state ever had and it is doubtful if there is his equal in the west.

Vaughn, of Wabash, is selected for other tackle position because of his strength, versatility and intuitive knowledge of the game. He is a great tackler, too strong to be held by the ordinary tackle and a man who gets into almost every play. His team mate, Hargrave, and Kaiser, of Butler, Purdue, are great tackles and almost good enough for any team.

Thomas Greatest Punter.

Thomas, of Butler, is given one of the end positions, not so much because he is a great player in that position, but because there are no available ends for any team. Without doubt he is the best punter in the state. He is the only one, in fact, who gets height with distance.

Hamilton, who played the position between Goebel, of Purdue, Birdell, of Indiana, and Burns, of Wabash. Goebel has the brunt of the defense for Purdue and, besides being a hard tackler, can receive a forward pass. Birdell played only one game at end for Indiana, the game with the Illinois-Purdue game, was out of the play a great part of the season. Burns was a hard tackler, but hardly as well suite as the others. Dobbins, of Wabash, is a good end, but, because of injuries in the state, has been out of the game nearly all season.

Hargrave, of Wabash, Hamilton, of Notre Dame, and Cunningham, of Indiana, are selected for quarter back, but Hargrave, of Wabash, is not only handles the team well, but is easily the best man in the state at fast and a man who can pick an opening with great ability. Hamilton, of Purdue, is picked for the other quarter because of his long and experience at Purdue, but has all of the latter's natural attainments. His defensive work is exceptionally good. Colbert, of Wabash, and Reel, of Purdue, are close seconds to these men. Possibly in some ways they are not them.

Vaughn, of Wabash, is the natural selection at full back. Although this was his first year in intercollegiate football, he showed that he is one of the best defensive players in the state and equally powerful in backing up the line.

FOOTBALL PLAYERS ARE SHOT.

Hunters Demand Pigskin Then Fire Bullets Into Squad.

LATTIMER, Pa., Nov. 30.—Angered at their demand that one football be kicking into the air that they might shoot at it, two college, the hunters who appeared from the woods starting the football field yesterday afternoon, fired into the players of the Scranton high school team, who were engaged in a scrimmage.

All the players but Daniel Burke and Joseph Gallagher escaped, the latter being so badly wounded that their recovery is doubtful. Gallagher, with his stepfather, Jack Scanlon, Charles and Joe Goodlitz, all of Hazelton, were arrested as the shooters and held without bail.

A NEAT GLOVE if perfect in fit and correct in shade will do more to "dress up" your general appearance than any other article of haberdashery. Select yours according to the color of your new suit and the effect will be a thorough satisfaction with the small investment represented. We have the best makes—excellent values at $1.50.

Renfranz Tailoring is Not Cut and Dried

There's nothing to hinder me from giving you the right cloth and the right style. I can use my judgment and add to your inches where advisable by an arrangement of stripes, or vary the proportions to add to your appearance. For I have no made-up garments which I must sell. I won't try to persuade you to take a plaid when a stripe would be the right pattern for your particular style. I am only willing but well to fit your personality as well as your figure.

Your interests are prime considerations in Renfranz Tailoring. $20 up.

Beautiful Hair From a Home-Made Tonic

Every woman desires beautiful hair and good taste is just as much a necessary adjunct to the toilet as is soap or tooth powder. But good hair tonics are expensive. Here is a recipe for a home made hair tonic that will stop all hair or scalp troubles and will produce good results. Mix 1 ounce of Bay Rum, 1 half a pint of water, add to mixture 1 ounce glycerine, shake well together. If you prefer you can use a pint of imported Bay rum instead of the alcohol and water. This mixture will cleanse the scalp from dandruff and stimulate the hair to grow. Any woman who appreciates the value of beautiful hair will be pleased with the above. It can be mixed in any drug store. Any druggist will sell you the Bay Rum, alcohol and water or bay rum.

Livingston's

DR. LEEDY

Did you ever have that tired feeling, lack of energy, headache, backache, loss of memory, dizziness, constipation, irregular or scanty appetite, sleep of nervousness, bad dreams, cold feet, cold hands and feet, flushing at the back of body, irregular kidney action, cough, bronchial asthma, tightness of chest, difficulty of breathing, disordered periods, pain in the pelvic viscera, etc., etc.?

For if You Have

You should know that it often results from an insufficient supply of Oxygen in the blood, which is necessary for the formation of carbon dioxide, which is at once a deodorizer, disinfectant and cleanser of the blood, in an active oxidant poison, destroying Ca in and clearing the way for consumption, rheumatism, nyuria, functional disorder, menstrual disorders, chronic kidney action, sleeplessness, asthma, bronchitis, catarrh, etc., etc., and rendering the system susceptible to a multitude of acute troubles, many of which poison or later become a reality.

Now What is the Treatment?

The Oxygoline Machine. What is it? It is an electrical appliance that manufactures OZONE, which is converted into nascent gas, known as Oxygoline. Oxygoline is a combination of rarified vitalized air, rich in ozone as it exists on the mountain tops, together with vapor rich, such as Pine, Eucalyptus, Ext. Ajin is inhaled and promotes the constitutional effect of the aromatic power of the mouth and lungs and the glandular secretions combined.

Read My Free Offer

To each new or beginning patient, I will give one month free treatment, including X-ray and treatment, and if I cannot cure you of the trouble whatever for any serious condition, but will charge you for the month actually I use. After the first month my charges are reasonable and consistent with the circumstances of all.

Read What Other Doctors Say About the Oxyoline Treatment

Dr. J. M. Nelles, Canton, Ill., writes:

"Dear Doctor: Your Oxyoline Machine enables me to speak positively as to the curative effects in insomnia, hysteria, asthma, bronchitis, the condition incident to the menopause, and many other forms of functional and organic disease involving the nervous system, blood and respiratory organs.

"I do not wish to convey the impression that my experience is unusually striking in its most satisfactory form of medication of which I have any knowledge.

The following is an extract from a paper read by the late Dr. William D. Noel, of Chicago:

"I have treated in the bad climate of Chicago 865 cases of consumption and 204 of that number made complete recovery. No case of consumption should be treated in Chicago, or any other place where the inherent health and tone was pronounced cured who had any symptoms of the disease left. Of this number many were in a very advanced stage and nearly all were under unfavorable home conditions. I do not wish to convey the impression that I make the claim that Oxygoline is a specific for consumption, but I do claim that it is the most efficacious remedy known to me that will cure in an advanced stage of disintegration. But I do claim that it is the most equal in the early stages of consumption. It must be conceded that the most favorable conditions of open air treatment have never produced such results."

Remember the Address

Remember the address and the offer of one month treatment free. I do not wish to cure you, but to make you free from treatment because I think you are satisfied with the benefit you get for the treatment. But I make no offer of a cure of good faith to the sick and afflicted. Come to see me in a treatment, which you may not have tried, and hoping to get a class of cases that have tried many other treatments and are more or less discouraged.
