SCHAEFFER WILL DO

THE LAD PITCHES GOOD BALL

Local Season Opened With Joliet Defeating Greens by Score of 8 to 4—Masters in Poor Form—New Men are Too Slow.

The baseball season of 1901 opened in South Bend yesterday afternoon with the Greens trailing in debut, the visitors being warned by the Joliet, Ill., team, which club piled up eight runs to the locals' four.

For an opening date the day could not have been more auspicious, Elbel's band could not have rendered more pleasing music and there could not have been more enthusiastic fans in the crowd than were present yesterday. The Greens, however, as a team did not show up in good shape, but as Manager Grant was experimenting with five new men, it was not expected that the nine would create a sensation in the matter of brilliant playing. Of the new men, only one, made a favorable impression and that one was Schaeffer, a young man, of this city, who has been pitching amateur ball on prairie lots for the past two years. He demonstrated in the five innings of yesterday's game, and held the big "Blind" men down to three hits, struck out three batsmen and only gave two bases on balls. If yesterday's work can be taken as a criterion of what he can do, then Schaeffer will in all probability stick with the Greens. His delivery is deceptive and sharp, the ball not putting forth any apparent effort in wrapping the "twenties," "tenders" and curves around the batter's nerve. We, were told by a gentleman who manages Fred Gorgen Tebeau, when Schaeffer walked to the box and Joliet didn't.

Efforts of Stevenson.

Stevenson, in left field, had one chance and the way he went after it, reminded the spectators of a Tybe, but it was his batting that brought him into prominence. He made two hits and his hitting of yesterday's game, and held the big "Blind" men down to three hits, struck out three batsmen and only gave two bases on balls. If yesterday's work can be taken as a criterion of what he can do, then Schaeffer will in all probability stick with the Greens. Efforts of Stevenson.

Stevenson, in left field, had one chance and the way he went after it, reminded the spectators of a Tybe, but it was his batting that brought him into prominence. He made two hits and his hitting of yesterday's game, and his team-mates, Stevenson to-day will probably return to his home way down in Ohio.

Vogt, at third base, although he did not show up especially strong at the bat, proved third base in very fine style, getting under high fouls with ease. He did not, however, get in front of line hits as he should. A little more practice, and Vogt will make the country little team. Good luck prophesy that he will come, as a good man, at least another trial will do no harm.

Ben Kocher played to right and distinguished himself by making a fine catch over the foul line. He could not, though, find the ball when at bat.

Maddox was clearly out of shape, not being able to locate the plate or to keep the sphere out of the batter's line. His wildness in the first and fifth innings cost the game.

All of the old men, Grant, Coffey, Arndt, Dwyer and Hryan showed up in electrical shape, especially Grant and Dwyer. Arndt at first base will be a power of strength as soon as he becomes acquainted with his new position.

Joliet scored three runs in the first inning, four wild pitches and two bases on balls allowing it. Lennon, P. Lennon and McPartland to score. A hit by Morgan, a base on balls to McPartland and a wild throw by Grant gave the men home in the third. In the eighth, Vogt's error of Lynn's hit, a single by P. Lennon and a double by Grady gave the visitors three more runs.

The Greens Score.

The Greens scored two in the third. Maddox reached first on a base on balls, Grant hitting to center and Arndt getting double. In the eighth, Dwyer reached first on McPartland's error, Grant hit over short and Dwyer scored. The summary:

CHICAGO WAS EASY.

Notre Dame Students Defeat Prof. Stagg's Base Ball Team.

(Special to The South Bend Tribune.)

Chicago, May 6.—Notre Dame defeated the Chicago university by base ball team Saturday in very department of the game and on a one-sided contest in hollow style. Chicago started well, taking lead of two runs in the opening inning, but like Prof. Stagg's relay team, the pace was too fast and the maroon as soon trailing in the dust.

The Notre Dame students played excellent ball, taking advantage of every opportunity and putting forth any best efforts until the very end of the game. Chalmers was not hit as free as the score might indicate, but in hits came at opportune times, thus doing a great deal of damage. Unfortunately for Chicago their five hits were badly scattered. Chicago team was not in condition to play ball against Notre Dame nine to be the hard-hitting aggregation she has met in season.
