PREPARE FOR U. OF M. GAME SATURDAY

NOTRE DAME SENT THROUGH STRENUOUS PRACTICE.

SPEEDY DRILL MONDAY

Phil ock and Kelly Out of Line-up But Expected to Be in First-class Condition for Michigan.

Owner Charles Somers, of the Naps, has signed every one of his players for next year. Lajoie, Turner and others, have contracts which have not expired. The others have signed, so the list is complete. Contracts are usually signed later in the year, but the talk of a third league has made the Amer. A. officials unwo hostile for contracts.

Coach Longman started celebrating Notre Dame's defeat Saturday yesterday with one of the most stringent signal drills of the season on Cartier field. He had his warriors racing up and down the field for over two hours in their first real preparation for the Michigan game. As a result of the M. A. C. contest Notre Dame used all the trick plays and formations she possessed, and the players will learn a whole new code to spring on the Wolverines. The personnel of the team that will oppose the Ann Arborites will be the same as played against the Aggies.

The defeat seemed to have a sobering effect on members of the squad, and the signal practice yesterday was the snappiest and one of the speediest seen on Cartier field this season. The soggy condition of the field did not seem to bother the men and three teams ran through the drills. The old stars were given a rest and a new set of stock-like position, and fumbles even in the newer formations were few and far between. The game at Lansing was the first hard contest of the year for the Notre Dame players and weaknesses in their playing which had heretofore not been discovered. The coach methed by the display and gave the men individual instruction on the correction of their errors. The new plays that were given to the second combination were worked to perfection.

Philbrook and Kelly, on was expected, were both out of the line-up. Philbrook watched the practice from the side lines and said that he would be able to take his place in the line-up inage to-morrow or Thursday. Kelly is attending classes with his arm in sling. He is optimistic, however, and expresses hope of being able to start the game Saturday.

The excursion tickets for the trip to Michigan City Saturday will come from the press and will be on sale sometime to-day or to-morrow. The rate is $1.40 for the round trip.

CHICAGOAN HAS SCHEME TO OUTWIT SCALPERS

By Cub Fans Plan Regular Patrons Fare Best.

CHICAGO, Nov. 1.—H. H. Ashander, who attended every Cub game in this city, but who was unable to secure a world series ticket, except at exorbitant prices from gamblers, has suggested a plan that might solve the problem and give regular patrons of the game at least an even chance with the scalpers. He suggests that a coupon be attached to each reserved ticket sold in the major leagues during the entire season, and that these be presented at the ticket offices along with the request for tickets.

The National commission would thus know it was dealing with a regular supporter of the game. This would prevent the wholesale buying of the tempt were made to prevent the sale blocks of tickets being handed out to gamblers to dispose of at exorbitant prices, while regular patrons were turned down. President Murphy is strong for the idea advanced by Mr. Ashander and has ordered the issuance of coupons attached to all tickets at his park this season.

Regular patrons of the west side park fared very badly in the world's series. Their money and requests for tickets were returned and they were compelled to pay three to five times the ordinary price to scalp ticgambler who held nearly all the tickets.

FIELD OF 20 RIDERS.

Second of Six Day Bicycle Race Sees Contestants Bunched.

By Associated Press.

BOSTON, Mass., Nov. 1.—With the original field of 24 riders narrowed to 20, the second day of the six-day bicycle race at the Boston arena saw the contestants so closely bunched that not even the expert followers of the sport would venture to pick the winner. Thus far no riding has developed that sprinting with the exception of elimination through surrender of the prizes, Jimmy Lawson, Fred West, Fred Krebs and Norman Anderson.

At the end of the first day's racing the foreign combinations had each covered 23 miles, and one lap. Hehir and Lawson, Krebs and West, Ryan Fogler and Collins, John and Marcus Bedell, Demara and Williams, Wiley and Lawrence, Wright and Palmer, Thomas and McCarthy.

Walker and Milnes have covered 22 miles, and Schiler and Johns 22 miles, seven laps.

Welchonce, Train Dispatcher.

A letter was received by the sporting editor of The Tribune this morning from Harry Welchonce, almost premier hitter of the Central league. "Walli" says he is "back on the job again" as train dispatcher for B. & O. R. Railroad company and next to the pleasure of knowing the averages of the Central league he sends "his best" to "the boys."

Injuries Result in Death.

By Associated Press.

MASSILON, O., Nov. 1.—George Kemp, the 14-year-old son of Mr. and Mrs. John Kemp, died here yesterday as the result of injuries received in a football game. The lad was carried from the game complaining of pains in his head but was able to work until two days ago.

FOUR GREAT ATHLETICS ENTERED IN NATIONAL INDOOR CHAMPIONSHIPS

NEW YORK, Nov. 1.—After looking over the list of top flight athletes who will start in the national indoor championships now on, it seems as though many metropolitan champions will be left at home when the gun fires the meet is over. The out of town entry is the best ever received in the history of the A. A. U. and the men will bring together the most representative set of athletes seen in New York for years. Thirty-two events are on the card and the best of the world's athletic world from the north, east, south and west will face the starter to try for championship honors. The colleges for the first time seem to be taking great interest in this meeting. Yale, Harvard, Pennsylvania, Princeton, Cornell, Dartmouth and Michigan sending men, and the answering ones say they will not be surprised if the college men upset the chances of the Olympic stars, Shepard, Paul, Kiviat and Irish-American A. C. Among the stars entered in the different events are the famous Melvin Sheppard, Harry Giesing the N. Y. A. C. crack; Frank Sauer, the western 5 mile champion, Abeseman, the Swedish 5 mile and 2 mile champion, Kiviat, the sensational New Yorker, Wilton Paull, the former intercollegiate champion, Martin Sheridan, the world's most famous athlete, and Ralph Hose, the great shot put champion. The indoor championships this year will be one of the best meetings ever held, and many new records will undoubtedly be made.

SPORT FEATURES CHANGED BY AUTO

USED TO ADVANTAGE IN HUNTING EXPEDITIONS.

Nimrod May Travel Many Miles to the Woods and Return the Same Day.

The automobile, which has revolutionized so many features of business and sporting life during the last few years, seems to go on in its conquest of ancient customs. One of the latest of outdoor life to feel the effects of the automobile's superiority over methods employed in former days is hunting. And the advantage of the motor-driven vehicle in this line of sport seems to be as numerous as in other fields of endeavor into which the automobile has been introduced.

In the conquest of big game the automobile has solved the problem of transportation far better than has been the case with any contrivance heretofore used. The game may be easily carried on the rear part of the machine without any inconvenience, if the hunter cares to continue in his search. If not, it may be rushed back to camp or to the hunter's home just as fast as a human being is getting to and from.

In getting to and from the territory where game is to be found, the advantage can be best measured by the ratio of speed between the horse, the former method of travel, and the automobile. The speed of a pair of long and tireless horses by season or even by foot through rural districts seems times necessitating several days time spent in getting to and from the hunting grounds, which makes the average hunting automobile is a far different operation than the average machine the rear being entirely covered with special tents and other devices for sleeping, tackle tents and other necessities of hunting and camping life.

In the big roads of the north the automobile has solved the problem of travel. It has always been aware of the or a hardship on horseback or in the buggy, but the automobile finds little difficulty in this regard. Equipped with heavy tires the machine travels over these big roads far better than man or beast has been able to travel before. The same is true regarding the inferior roads found in the thickest sections of the lower country.

NELSON A "HAS BEEN."

Dame Has Lost His Knock-out Punch.

By Associated Press.

SAN FRANCISCO, Nov. 1.—While Nelson appeared of his old form boxing in tactics, and kept after Lavigne from the start, he clearly demonstrated that he is to be classed with the fighters who cannot come back. Several times he had the local boy worried but the Dane could not gather the force to send home a knock-out blow.

SAN FRANCISCO, Nov. 1.—Battling Nelson and Aston LaGrave fought a 15-round draw last night before the Broadway Athletic club.

Colored Walker Hits South Bend.

The colored pedestrian, Charles Henry Porter, reported on his way from Portland to Chicago and to Indiana Saturday, arrived in South Bend Saturday afternoon. Porter, the walker is on a return trip, having succeeded to Portland from Chicago and last earlier in the year.

MOTORCYCLE TRIP ENDS.

Volney E. Davis Covers 10,400 Miles in Crossing Continent Twice.

By Associated Press.

SAN FRANCISCO, Nov. 1.—At the end of a 10,400 mile journey from this city to New York and return on a motorcycle Volney E. Davis, a member of the San Francisco Motorcycle club, arrived here Sunday after 183 days on the road. He was met 50 miles outside the city by a large delegation of his fellow members, who escorted him to headquarters.

Davis is said to be the first man to cross the continent on a motorcycle. He left this city on Feb. 18 and took the southern route, passing through the southern part of Mexico and arriving in New York in 52 days over a 4,200-mile course.

The trail back led along the river to river route, which included a run into Canada. Twenty-six states were traversed. The return trip was made in a day's travel was 183 miles, between Toledo, O., and South Bend, Ind.

BASKETBALL PLANS AT Y. M. C. A. PROGRESSING

Twenty-one Candidates for Teams Already Registered.

The Y. M. C. A. basketball league will be in operation by the middle of November, plans for the organization being pushed rapidly by Physical Director Miller. Twenty-one members of the association have already registered for the various teams, and the teams. All that is required for an association member who wishes to make a team in the league is registration with physical director the suits and basketball is being provided by the association. Every man will be given a chance, and the teams will be kept intact for the entire season of six from.

"Kid" Farmer Earns Decision.

By Associated Press.

MEMPHIS, Tenn., Nov. 1.—"Kid" Farmer, of Peoria, Ill., won the decision over Frankie White in their bout before the Phoenix Athletic club last night, five six rounds of fast fighting. Up to the fourth round the bout was even, with neither man gaining in this round, Farmer landed a stinging blow to the jaw and White went to the mat. In the next Farmer floored his man almost as well and at the beginning of the sixth with White all but out, the referee stepped the fight.

Coffey Prospective Manager.

Eddie Coffey is being touted around the circuit for a managerial berth, and Wheeling and Zanesville are said to be after him. One thing is pretty certain, and that is that Eddie will not be a Stag during the 1911 season.

Saylor Gains Decision.

PEORIA, Ill., Nov. 1.—"Kid" Saylor, of Indianapolis, was given a newspaper decision over Harry Dolanigan, of Pekin, here last night. Saylor had the advantage of the fight at all stages of the game.

After the second operation on his left hand which has been over at Rochester, New York, Jack Johnson, the Galveston speed marvel, will again be able to play ball. The wound had been closed in such a manner that upon its healing it would have been impossible for Sweeney to strike with his hand.

SON KILLED, BUT,—

VICKSBURG, Miss., Nov. 1.—Despite the fact that his son met death in football practice, Rev. Dr. E. Hull Gunn, rector of Natchez Trinity Episcopal church, is convinced that the game is all right. In fact, he believes that football is a much better game than it was last year.

The minister's son was caught in a scrimmage while practicing in the reserve yard for a game with Jefferson Military college, and his skull was fractured. Rev. Dr. Gunn said today that the boy's death was a simple accident, that football should not be blamed for it.

X-RAY SHOWS BUSH HAS BROKEN ANKLE

FORMER BENDER LAID UP FOR REPAIRS.

Has Been Playing With Injured Limb —Will be Back in Game in 1911.

DETROIT, Mich., Nov. 1.—Shortstop Owen Bush, star of the Detroit infield, has a broken ankle. The fact was discovered to-day when the injured limb was placed under an X-ray.

Bush was compelled to leave the Detroit line-up for awhile this fall. Manager Jennings allowed him to return at Bush's own solicitation. The ankle did not improve, and after the season closed the limb pained. Bush whenever he moved. Experts are treating the ankle, and say Bush will be laid up for a year at least.

The Detroit team left last night for a barnstorming tour of Cuba. Herman Schaefer being invited to take Bush's place.

Y. M. C. A. Classes in Indoor Meet.

The Monday, Thursday and Tuesday, Friday dumbbelling classes of the Y. M. C. A. evening school will hold an indoor meet Wednesday night. The Monday, Thursday contestants will wear white and their opponents, red ribbons.

The list of events will include pool and billiard games, indoor baseball, basketball and relay race. The first three will be for teams. There are 4 members in each class.

The meet will be the first of a series to be arranged throughout the fall and winter terms for the different classes of the evening school.

Medical Treatment Free

Is there any doubt in your mind about that tired feeling, as to the nature of that little cough, that restless, nervous and weak condition, that gloomy despondent feeling, that little bit of fever at times, the flushed face, etc., etc. Is it not well to remember that old adage: A stitch or two in time, etc. In the above picture the patients are shown taking Oxyoline treatment. Here the remedy is taken into the lungs and thus directly into the blood. Oxyoline is the greatest blood purefier known to-day. It is nature's own remedy. Not new in its composition, but a new way of taking it into the system. It is richer in Ozone, than the pine clad mountain tops and is in many respects far better than a change of climate.

MY FREE OFFER

If you find that your energies are wanting, that you get easily tired, that at times you are weak, nervous and excitable, if you have sore lungs, bronchitis, asthma, or catarrh, Dr. Leedy, in the Merchants Bank Building, 214 South Michigan Street, invites you to come and take Oxyoline treatment for one week absolutely free. Oxyoline is a blood purifier, a nerve strengthener, a tissue builder. I know of no argument more convincing than to say: come and try it one week at my expense. In so doing you place yourself under no obligation to me. I want you to become acquainted with Oxyoline.
