

FISH MAKES NEW HIGH GAME SCORE

Bardeen Bowler Gets Count of 275—Last Ball Bad One.

A new high score record for the current season was established by Fish of the Bardeens, in the United league Friday, the tall southpaw knocking 'em dead for a 275 count. He struck in the first game, spared in the second and went the route with the exception of the last ball, which was a trifle skinny that got but five.

It was an exceptional week for high scores as our roll of honor contains the largest roster of the season. The 202 class was the largest, for which nine players qualified, while six players made the grade in the 212 class. There were three games better than 240 and a half dozen who reached 230 or better.

The complete roster of players is appended below:

Players	League	Score
Fish, United	202	275
Jackson, Big Four	202	270
Van Kirk, City	202	269
Woodruff, City	202	268

Hibberd, All-Club	202	205

FROM THE POOL LINE.

The George Cutter team is leading three leagues, the City, Big Four and the United.

Bill Judy surprised himself and league friends by joining the roll of honor this week. Keep it up.

The Swastikas won their first game of the season after 11 trials in the Commercial league.

Pop Miller is sporting a new ball, showing 127, 97 and 134. It will be used on fishing trips next summer as anchor.

The Bardeens rolled a fine series in the United league last week, showing 2881 and landed them in a three-cornered tie for second place.

As a hard luck team the Orpheum Atlatboys take the grapes. They showed 934 in the City league last week and lost by four pins and a fine chance to get out of the maiden class.

No league has a closer race than the Commercial where three clubs are tied for first place while the next three clubs are within two games of the leaders.

Mr. Handicap is playing havoc in the West Side league where four figures are the rule rather than the exception.

After three vain attempts the Antlers' league got under way last week and the reorganization has given it the favor of a regular league.

FIVE PLAYERS TURN IN TWIN CENTURY SCORES

Violent attacks on the pins on the various circuits brought good results in the double century averages, five players making the grade this week, in which Van Kirk tied the way. He came near qualifying twice and only lacked one pin in the other effort.

The players making 200 averages are as follows:

Players	League	Score
Van Kirk, Big Four	202	275
Rasopovich, United	202	269
Sharkley, United	202	268
Fish, United	202	267
Glass, Oiler	202	266

DE ORO LOSES SECOND GAME TO GEORGE MOORE

CHICAGO, Feb. 4.—Alfredo De Oro lost his second game in two starts in the three-cushion billiard tournament Saturday when George Moore of New York beat him 50 to 47 in 74 innings. At one stage the champion was 12 points ahead.

Moore succeeded in regaining the lead and running four straight near the finish which gave him 40, managed to get the final point needed to win. Charlie McCourt defeated Hugh Heal, 50 to 41, in the 70 innings.

Don't say you saw it in the newspaper. Say News-Times.

Playing the Field

By JACK VELOCK.

International News Service Sports Editor.

NEW YORK, Feb. 3.—Dode Paskert, recently traded to the Cubs by the Phillies for Fred Williams, is a marvel among outfielders of the major leagues.

At the age of 36, Paskert still ranks as one of the speediest gardeners in the big show, which is unusual for a player of his years.

The average outfielder begins to "lose his legs" after he passes 30. The nimbleness that enabled him to cover "acres" of ground when he first won his spurs begins to disappear, and he shows plainly that he is slowing up.

Not so with Paskert. He has always ranked as one of the fleetest of outfielders, and though he is several steps slower than he used to be, he can still cover ground with the average fielder.

Many baseball writers gave Fred Mitchell the laugh when he made the deal for Paskert, allowing a young player like Williams to get away from the Cub fold. But Mitchell contends that he profited by the swap, and if Paskert has a good year he will probably be vindicated.

Mitch needed a right-hand hitter for the Cub outfield, and there are few fielders with Paskert's ability

and experience who could do the Cub's good good.

Paskert began playing professional baseball in 1904 with the Dayton club of the Central league. After three years at Dayton he spent a season at Atlanta and then came to the Cincinnati Reds in 1907. He was a member of the Redville aggregation for four years and has worn a Philly uniform for seven seasons. That he is still good enough to attract the eye of a manager who is stretching every point to assemble a championship club is a tribute to his staying qualities.

GLAD HE'S TRADED.

Al Mamaux, who figured in the recent trade between the Pirates and Dodgers, is glad to become a member of the Brooklyn club. He was quoted recently as saying that he felt sure of having a good year, and expressed the hope that "Uncle Robby" will send him against the Pirates as often as possible.

Mamaux was the lowest ranking pitcher in the National league last season in the matter of effectiveness, but he is only 24 years old and has many years ahead of him as a pitcher.

HUNS ORGANIZE SLAVERY ARMY

Escaped Belgian Tells of Fearful Cruelties Northern France is Suffering.

OTTAWA, Ont., Feb. 4.—A London dispatch to the Ottawa agency of Reuters, Ltd., says it has received from a trustworthy Belgian citizen, who has just reached London from the German military zone at Valenciennes, an account of terrible conditions existing in the occupied districts of France, from which virtually no news ever reached England. For obvious reasons it could not be stated how this man escaped. He still bore traces of a heavy blow on the jaw and showed Reuter's representative a handful of natural teeth which had been knocked out by the butt end of a German guard's rifle. He said:

"The Germans have organized a slavery army in the occupied zone of northern France. When I left St. Amant, a few weeks ago conditions were unbearable. All the men between the ages of 17 and 50 had been taken away. Unmarried women under 40 are obliged to work in the fields while girls from 12 to 14 must collect acorns and nettles."

All Under Armed Guards.

"Everywhere you meet civilians working under armed guards. Every one wears a brassard showing the town he comes from. Some wear brassards around the leg showing they tried to escape. I saw an old man with a large cross painted on his back. I knew what that signified. If you refuse to work you are fined; if you refuse to pay the fine you are imprisoned; if you refuse a second time you are sent to Germany from where one seldom gets back alive."

Besides civilian prisoners, the Germans have great numbers of war prisoners behind the lines, working under terrible conditions. The English are especially badly treated. All want food, but the sufferings of the Russians owing to lack of food are awful. It was while I was endeavoring to give a starving Russian a little of my own small supply of food that the German knocked out my teeth."

The informant told how domestic clocks and lamps are broken up for copper, mattresses are ripped for wool and sacks and clothes are seized. Farmers and peasants must declare everything.

Shoot Child Seeking Bread.

"I have seen people dragged to prison," said the refugee, "for hiding a pound of potatoes. Hiding an egg involves a fine of five marks. One woman was deported to Germany for keeping three pigeons. Another was sentenced to 14 months for hiding an Alsatian refugee. The refugee was immediately killed by a non-commissioned officer, who struck another woman with such violence that she became deaf. A little girl was shot dead without warning because she crossed the Franco-Belgian frontier for bread."

The Belgian disclosed dates and the names of persons in all cases.

"Wherever you turn your eyes the same tragedy is everywhere—starvation, slavery and untold brutality," he concluded.
