MISHAWAKA'S SOCIAL, BUSINESS AND GENERAL NEWS

CITIZENS THINK WALKS WIDE ENOUGH

ONE HUNDRED PETITIONS TO HAVE ACTION RESCINDED.

CONSIDERABLE BUSINESS

Resolutions are passed at Morning Meeting of Board of Public Works —E. G. Eberhart Makes Opening Address.

E. G. Eberhart, A. D. Warner, W. G. Eberhart, J. F. Hollister, C. L. Ostrander, W. R. Hosford and F. X. Ganser appeared before the board of public works this morning to object to the passing of a ordinance for the widening of side walks on Second street from Merrifield to Logan streets.

E. G. Eberhart was the first spokesman and stated that the reason why the property owners objected to the widening of the walks was first because there was no necessity of them being widened. In South Bend where the population is five times as great, the walks are only five feet wide. Second, people do not make paths along the walks because they are crowded off. They walk on the lawn and destroy the grass. Third, he said that street people are improving their lawns people respect the improvement and do not walk on the grass. This is found to be true in several instances on Second street. Third. One of the most vital reasons why walks should not be widened was that if it was and if the improvement was made many trees would be damaged and others removed entirely. In closing he read the names of 95 property owners representing 100 properties or nearly all between Merrifield avenue and Logan street who are opposed to the widening of the walks of the aforesaid reasons.

City Attorney W. O. O'Neil, in explaining the action of the board said that it was represented by prominent citizens that the walks were not widened. The board did not desire to pass an ordinance that would damage property or detract from the beauty of the city.

It is generally believed that the action of the board will be rescinded or modified.

Cranill superintendent of the water works and electrical department appeared and recommend fire alarm boxes be placed as follows: No. 17, Byrkit and Third streets; 18, Swigart and Third streets; 27, Logan and Second streets; 28, Alabama and Second streets; 44 Webster and Jefferson and 54, Marion and Dodge streets.

Rev. W. H. McCaskey, D. D., of Winona Lake, Delivers Two Excellent Sermons at First Presbyterian Church.

The East Mishawaka M. E. Sunday school met Sunday afternoon in the Edward garage. The school grew to 86 from 55 and a most interesting session was enjoyed. A new class for young people was organized.

The Sunday school has made arrangements for a social a week from Wednesday evening when it is hoped that all will attend and get acquainted.

The growth of the school has made it necessary to erect a large building to accomodate the growing Sunday school. Mr. Ganser, that a prominent resident of Mishawaka, is interested in the new building. This resident suggested that two good lots be secured in the east end and one lot to be on a corner that a commodious building be erected on the second lot.
