"Tis an ill wind."

Whether the wind is ill, or well, shoes are bound to show during the March weather. If they are bound to show, let's have them show in style. Fancy visiting tops for ladies, as well as for gentlemen's shoes, are the latest fashions in the market. There has never been made a more beautiful shoe than this new spring top. It is a showy shoe, indeed. The shoe is fancy but nothing about it shows the price.
